ment of bills incurred and remaining unpaid at the close of the fiscal year ending May thirty-first, one thousand nine hundred and forty-one," by providing specifically for the expenses of the State Council of Defense for the maintenance of a nautical school.

Whereupon,

The SPEAKER, in the presence of the House, signed the same.

QUESTION OF INFORMATION

Mr. BAKER. Mr. Speaker, I arise to a question of information.

The SPEAKER. The gentleman from Allegheny will state his question of information.

Mr. BAKER. Mr. Speaker, I desire to know whether it is permissible for a member of this House to think out loud as to what he thinks of the Senate of Pennsylvania. After looking at this clock and remembering the concurrent resolution, I would like to think out loud for just a few moments.

The SPEAKER. The gentleman can think in silence as far as the Senate is concerned.

Mr. BAKER. You can still think, Mr. Speaker?

The SPEAKER. The gentleman can.

With the information that the Senate has passed the same without amendment.

PERMISSION TO ADDRESS HOUSE

Mr. BONEY asked and obtained unanimous consent to address the House.

Mr. Speaker, I desire to report on House Bill 62, of which I was sponsor, and I desire to submit this memo of my reaction to the report, and ask that it be spread upon the Journal of the House.

I am pleased with the action of the Committee in defeating House Bill 62. The fact that I was sponsor does not necessarily mean I was in favor of the measure. Bill was introduced on recommendation of the Department of Public Instruction, but at no time did I subscribe to the belief that the drastic provisions of the bill were necessary in order that the schools of Pennsylvania could do their part in National Defense.

CONDOLENCE RESOLUTION

Mr. McDERMOTT offered a resolution which was twice read, considered and adopted as follows:

In the House of Representatives, April 10, 1942.

Whereas, the House of Representatives just learned of the sudden passing of the Reverend J. Charles Rausch, father of the Honorable Paul C. Rausch, a member of this house, who died at the age of seventy-five years in the City of Allentown; and

Whereas, The Reverend J. Charles Rausch was one of the most distinguished clergymen of the Commonwealth of Pennsylvania who, for the past thirty years, served as pastor of the St. Luke's Lutheran Church in Allentown; and

Whereas, Reverend Rausch was an educator of great distinction, having been Superintendent of Buildings of Muhlenberg College for the past ten years, as well as a member of the Board of Education of the City of Allentown, and a member of the Board of Trustees of Muhlenberg College. In his capacity as an educator, he formulated many policies which today are recognized as having raised Muhlenberg College into its present high status among the universities of Pennsylvania; and

Whereas, Reverend Rausch devoted his life to the spiritual elevation of his parishioners, as well as to that of all the citizens of the City of Allentown; be it therefore

Resolved, That the House of Representatives pauses in its deliberations to pay tribute to the memory of this distinguished clergyman of the Commonwealth of Pennsylvania; and be it further

Resolved, That the Chief Clerk of the House be directed to transmit a copy of this resolution to the family of the deceased conveying thereby the profound sympathy of the members of the House to them in their great bereavement.

SENATE MESSAGE

SENATE ADOPTS CONFERENCE COMMITTEE REPORT ON SENATE BILL No. 46

The Clerk of the Senate being introduced, informed that the Senate has adopted the report of the Committee of Conference on the subject of the difference existing between the two Houses on Senate Bill numbered and entitled as follows:

SENATE BILL No. 46.

RESIGNATION

The SPEAKER laid before the House a communication which was read by the Clerk as follows:

April 10, 1942.

Honorable Elmer Kilroy
Speaker, House of Representatives
Harrisburg, Pennsylvania

Dear Mr. Speaker:

I herewith tender my resignation as a Member of the General Assembly for the 20th District Philadelphia. This resignation to become effective April 11, 1942.

Since there appears to be little likelihood of there being any further legislative business during the balance of my term, I have accepted a position with the Army Air Corps which will take me out of the State of Pennsylvania for the duration of the war.

I should hesitate to leave the General Assembly for any reason less compelling than work in connection with the National Defense, for I shall not only miss the legislative work, but also the pleasant companionship of my associates.

With best wishes for you and the other members of the General Assembly, I am

Sincerely yours,
(Signed) JAMES RUSSELL ROONEY.

RESOLUTION

HEROES OF BATAAN

Messrs. HERSCH and DUFFY offered a resolution and asked unanimous consent for its immediate consideration.

The resolution was twice read, considered and adopted as follows:

In the House of Representatives, April 10, 1942.

Whereas, The history of our Nation is replete with the heroic achievements of our soldiers when engaged in a struggle to protect the ideals and institutions we all cherish; and

Whereas, Prior to the outbreak of the present war, we were pictured abroad as a nation which had grown sluggish and unable to fight with the new weapons of war; and

Whereas, A determined band of Filipino and American soldiers on the Island of Bataan withstood the savage inslaughts of Japanese forces numerically superior and well armed and provisioned for months, in an epic stand which rivals the glorious achievements of our heroes of the past; and

Whereas, By their example, they demonstrated to the world that the American soldier can fight, will fight and shall ultimately prevail; and

Whereas, We shall long remember and always note their great accomplishment under the most terrible of all handicaps, and remembering turn to ashes the taste of their hollow victory in the mouths of the Japanese hordes; be it therefore

Resolved, That the House of Representatives pays tribute to these, our heroes on Bataan, and vows with the citizens of this Commonwealth and those of our Nation, that they shall be soon avenged.

SENATE MESSAGE

CONFERENCE COMMITTEE ON SENATE BILL No. 41 DISCHARGED

The Clerk of the Senate being introduced, informed that the Senate has discharged its Committee of Conference on the subject of differences existing between the two houses and that the Senate insists on its nonconcurrence in the amendments made and insisted upon by the House to Senate Bill No. 41, entitled:

An Act to further amend the act approved the fifth day of December, one thousand nine hundred and thirty-six

(P. L. 2897, 1937), entitled "An act establishing a system of unemployment compensation to be administered by the Department of Labor and Industry and its existing and newly created agencies, with personnel (with certain exceptions) selected on a civil service basis, requiring employers to keep records and make reports and certain employers to pay contributions based on payrolls to provide moneys for the payment of compensation to certain unemployed persons, providing procedure and administrative details for the determination, payment and collection of such contributions and the payment of such compensation, providing for cooperation with the Federal Government and its agencies, creating certain special funds in the custody of the State Treasurer and prescribing penalties," changing the provisions thereof and the rights, obligations and procedure thereunder.

HOUSE CONFERENCE COMMITTEE ON SENATE BILL No. 41 DISCHARGED

Mr. REUBEN E. COHEN. Mr. Speaker, we have just been informed that the Senate has insisted upon its original bill, Senate Bill 41, commonly known as Unemployment Compensation Bill. They have also informed us that they have discharged their Committee of Conference.

As a member of the Committee of Conference on the part of this House I now wish to report to you, Mr. Speaker, and to the members of the House that we were unable to agree with the Senate conferees, and I therefore, move that the Committee of Conference on the part of the House be discharged.

The motion was agreed to.

On the question,

Will the House recede from its amendments nonconcurred in by the Senate?

Mr. REUBEN E. COHEN. I should like at this time, Mr. Speaker, and members of the House, very briefly to state my position and what I think the position of many members of this House is or should be on this legislation. It would be foolish to repeat ancient history. We know that in the regular 1941 session the Governor, as the third or fourth item on his list of things that he hoped we might accomplish for Pennsylvania, called for liberalization of the Unemployment Compensation Law.

It would be foolish to repeat the stories of the regular session of 1941 and the tremendous effort of the Governor and his party to liberalize Unemployment Compensation benefits by raising the minimum from seven dollars and fifty cents to eight dollars and allowing the maximum benefits to remain at fifteen dollars.

After quite a bit of work last year the bill died in conference. There was no such thing as liberalization in the bill that the Senate insisted upon at that time, and the bill died.

Apparently the Governor felt that there should be liberalization of Unemployment Compensation—at least I thought so, when it was included in the call for this Special Session, which was to have been called for the purpose of enacting a great deal of emergency legislation, vital legislation. I felt rather good that the Governor saw fit to call for the liberalization of the Unemployment Compensation Law again, and I hoped that possibly the preachings on this side of the House in the last session might have taken some root and that the Governor was ready to have enacted some liberalization of the Pennsylvania law.

There was introduced some time ago in this House by the gentleman from Lackawanna, Mr. O'Neill and myself a liberal Unemployment Compensation bill, and another bill on the same subject was introduced in the Senate. The Senate passed its bill and sent it over to the House. The House passed its bill and sent it over to the Senate for their consideration, which it did not get.

The matter also became the subject of a great deal of controversy and conference. I had anticipated that all the controversy had taken place before the bill finally came up for vote so that the differences between the two houses might be decided in advance and that we might not have had to appoint conference committee and keep this House in session beyond the time appointed for its final adjournment.

However, despite all the arrangements that had been made, despite all the promises that had been made and despite the continual receding from positions that this House took in the passage of House Bill 18, the Republican party's representatives, who are not Members of this House, insisted upon a position of compromise and deliberation which stated very flatly, "It's either the Senate bill or its nothing at all."

An examination of the Senate bill gives us the following great liberalization—the term "great" is use advisedly: the minimum payment of seven dollars and fifty cents to be increased to eight dollars, the maximum payments of fifteen dollars are to be increased to eighteen dollars, the number of benefit weeks is to be increased from thirteen to sixteen, and the payments to those persons who fall between the minimum and the maximum is to remain at fifty per cent as the law now stands.

There are some other administrative changes that do not mean a great deal to the administration of this law, and on those points there was no disagreement between the two houses. The only disagreement was as to what was a liberal bill. Therefore let us briefly take the figures and see whether there is any such thing as liberalization in the bill which we have before us for consideration, the Senate bill.

The least number of persons who benefit under the act are those who receive the minimum and those who receive the maximum, so that to those comparatively few people there are some benefits, but by and large to the greatest number of people in Pennsylvania who for some reason or other are separated from their employment in times like these, through no fault on their part for that unemployment, and for possibly eighty per cent of the workers in Pennsylvania there is no liberalization—there is I would say little liberalization, because the fifty per cent of the weekly wage benefit remains the same. The House bill was sixty per cent, and there was no disagreement when this House voted unanimously two weeks ago to liberalize the law to that extent, so that we find the Members of this House on both sides compelled to take the position that, not to get half a loaf, but to get one-tenth possibly of a loaf we must accept the Senate bill. We find that on the matter of liberalization the men on the other side of this House—I do not like to make this indictment, but the fault certainly was not with the Democratic party; the fault must lie somewhere and it is because there is no leadership in the Republican party and no leadership in the state government; certainly there is no guidance or leadership from the Governor's office, so

that the indictment must fall on that party, that party which insisted not once, but twice on liberalization—made it a part of its program, thought it enough of an emergency to put it up to the Special Session of this Legislature and then came out with a liberalization program which is at least seven per cent lower than what this House unanimously agreed on several weeks ago. We are now put in a position where we must accept that or nothing at all.

I am beginning to feel that maybe the best progress is slow progress. I think the progress we have made is too small. Persons who go on unemployment relief and receive benefits under the unemployment act are persons who receive at best only a small portion of their usual earnings, and they are met, of course, with a situation where the cost of living has risen measurably—it has risen measurably since 1936, when the seven dollars and fifty cents to fifteen dollar scale was first put into effect. To say that eighteen dollars is liberal today is only window dressing, so that when we are asked to vote on a liberal bill, and are given a bill which is distinctly not liberal, we are voting for a sham.

As I said before, possibly slow progress is the best progress. It is my hope that possibly a little later on in other sessions that those in power may see the light, that those in power may have been told by the will of their constituents in November that this might have been one of the things that caused them to consider carefully in not voting for a person who does not vote for a more liberal program.

Organized labor in Pennsylvania is not satisfied. Organized labor takes the view that we will have to take something rather than get nothing. The people of Pennsylvania are going to be fooled by this window dressing, because they are going to be told that the benefits to the minimum are going to be raised three weeks, and they are not going to be able to take the time to examine the complicated formula for unemployment compensation benefits, so that possibly to the great majority of the people the lack of real liberalization will not be apparent soon.

We hope that by the time this may or may not help them in their deliberations as to what party or what program they would care to support, that they might understand. At any event what we have got now is almost nothing.

This House was unanimous a few weeks ago in at least saying, and I think they meant it, that they wanted a bill. This as one of the conferees, I am sorry to tell you is the bill. It is almost an apology for a bill, but that is what we have to offer you at this time. We may have more to offer you the next time, but I want you to feel that we have been, I think, somewhat imposed upon because our unanimous will and opinion in this House was that we should give more benefits. The only point of real controversy on House Bill 18 when it passed was that partial benefits had no place in the bill, and every Member on the other side of this House voted for that bill with a mental reservation, a resolve against partial benefits. Partial benefits disappeared from the discussion of the bill sometime ago.

We then proceeded to the next matter of controversy, and it disappeared. Consideration of the measure proceeded paragraph by paragraph and section by section, and your House conferees, then acting unofficially retreated until finally this morning, despite the fact that we were told that some of our schedules were really fine, were really good, we were told the compromise we were to be offered, as the result of all the conferring and deliberations of your representatives on the conference committee, despite our pleadings, and our requests amounted to taking the will of the other house as expressed in Senate Bill 41.

That bill is no bargain, that bill is not liberal, that bill is almost no good, but it is a little bit, and I for one am willing to take it, hoping that possibly the education we have all received in the discussions on this measure will lead to a better understanding of it by the Members at the next session, and whether it be this particular body or other persons acting in its stead, at least we may have some little light that may ignite and give us the bonfire of liberalization that I think the subject requires.

Mr. Speaker, I, therefore, request that this House do now recede from its amendments to Senate Bill 41.

Mr. WALTER E. ROSE. Mr. Speaker, I have listened with a great deal of personal interest to the remarks of the gentleman from Philadelphia, Mr. Cohen, because I know how very deep his interest is in this subject, and I know how keenly he feels his disappointment that he did not get more of the provisions he wanted. I on behalf, I believe, of the Members on this side of the House gratefully accept the favor which he has bestowed on us by not blaming the Members on this side of the House for his disappointment.

However, it must be remembered that although he has given us a personal tribute, or a commendation for our willingness to be more liberal than the terms of the present bill, nevertheless he did include in his remarks an indictment against the party, and as members of that party that indictment affects us just as much as it affects other members of the party.

I think the gentleman is correct, I think the Governor is correct, I think the newspapers have been correct and I think all have been correct when we say it is the view of the Republican party that unemployment compensation benefits should be liberalized. There seems not to have been any dispute about this before except in the manner as to how they were to be liberalized, and in this we can expect some points of difference. I may be a little more liberal than somebody else, I may be less liberal than somebody else. Nevertheless I would ask them to respect my views as I must respect their views.

The words of the gentleman were reserved. I know he was acting under restraint when he veiled the persons whom he was attempting to blame for the lack of greater liberalization. I say that it is not my place to defend some other individual in the party but I do say that as a Member of the House of Representatives I respect the opinion of any other Member of this House or any Member on the other side of the Legislative body. Even if I disagree with them I must respect the motives under which they acted.

One of the points of interest to the Members on the other side of the Conference Committee, and when I say "the other side," I mean on the part of the Senate, was their fear that this fund would be completely wiped out within a short period after the termination of the war. We had to deal only with estimates; we were unable to tell how many men are going to come from

the war or know how many of them will be entitled under this bill to payment of unemployment compensation benefits. The estimates run as high as two million persons. Two million times two hundred dollars is four hundred million dollars in one year, and that would wipe out the fund.

These men were acting for protection of those men who are receiving, as was mentioned on the floor of the House the other day, only three cents an hour for their work, without any limitation on the maximum of days per week, or the number of hours a day, or the number of minutes an hour they must work. I think they ought to be commended on their caution in this regard. It is much more important to them that they have enough left in this fund at the close of the war to tide over the readjustment period which must necessarily follow that war than they are in increasing the benefits to a scale more than the rise in the cost of living.

These maximum payments are increased approximately twenty per cent; the cost of living on the average, I think, has not been in excess of twenty per cent, and while I do not by any means want to be placed in the position of being misunderstood that I think this is what most of the men in Pennsylvania should have gotten, I do say that we are to be respected in granting at least this much when the cost of living has probably not exceeded this amount.

The gentleman from Philadelphia has admitted that this is a step in the right direction. His only complaint, and I agree with him in quite a substantial number of items, as he himself will say, is that they are only receiving ten per cent of what they should get. Maybe I disagree with his fractions, but I agree that liberalization is necessary in our State.

If we are taking a step in the right direction, I say that even though it is disappointing in the amount of speed, direction is always more important than speed. Slow progress is and always has been the more enduring progress. It is better to have gone not quite far enough this time than to have gone overboard, gone so far that we must come back another time and take a backward step. It is better, Mr. Speaker, that we go along and offer some liberalization, however slight, in order that we can study the development and determine its effect upon the fund.

It will only be a question of a few months, when the Legislature will be back in regular session and not in extraordinary session, considering these same questions, and considering them with the benefit of the experience gained by the liberalization made in this present law.

If I may differ flatly with one statement made by the gentleman from Philadelphia, I would like to point out that we did not, as he said, vote for the bill a few weeks ago with mental reservations against partial payments. That was not the position of the Members on this side in regard to the question of partial payments, but we did feel that the plan proposed by him and the effective day plan based on a five day work week was too radical and too dangerous to this fund, of which this body acts as a trustee for the benefit of the employes of the Commonwealth.

I repeat, and want it made clear that we are not against partial payments; we have supported a bill here this evening, and we have done it before, authorizing an appropriation for the study of payment of unemployment compensation for partial unemployment.

In closing I would like again to compliment the gentleman from Philadelphia on the reserve with which he approached the problem which I know which is very deep in his heart. He has worked on it a lot, he feels he has not been given a square deal, as he has said in a number of instances, but Mr. Speaker, the very fact that this time we are taking half a loaf rather than none, instead of doing as we did in the regular 1941 session and saying, "We want the whole loaf or none," to the detriment of the employes of Pennsylvania, indicates, Mr. Speaker, that we are making progress, and if I agree with the gentleman from Philadelphia that it is a little less than I had hoped for, still I insist it is progress and something for which the people of Pennsylvania will be thankful and for which we Members or our successors as Members of the Legislature will be thankful for the experience gained, and the increase secured in order to further liberalize by further amendments the Unemployment Compensation law.

Mr. REUBEN E. COHEN. Mr. Speaker, so that this debate may be well rounded in accordance with the rules, I am going to take just a few moments for rebuttal.

I am quite satisfied the gentleman from Cambria agrees with my conclusions. By agreeing with my conclusions he has clearly told us of the error in the position the Senate has taken on Senate Bill 41, as to the percentage of liberalization. The increase of maximum payment of twenty percent and possibly six percent for the minimum provides no percent for the eighty percent of the receivers between the minimum and the maximum. The plan that I offered called for and sought to set a standard of an approximately level twenty percent increase all the way down the line.

Also, Mr. Speaker, for the purpose of the record, I think it is important in my view to tell the Members of this House that by an agreement reached between the opposition and myself, a bill was introduced and passed which provided for a five thousand dollar appropriation for the purpose of studying partial benefit payments, a joint committee between the House and the Senate, an equal number from each house, to report back to the next session. There has been some thought that such a bill setting up such a committee and such an appropriation might not meet the constitutional test since the subject was not clearly within the call. It was the feeling of the persons who made the agreement, the Members of the other house and the Members of this House, that the appointment of a committee for the purpose of studying partials was definitely within the purview of the contentions between the parties, that rather than put such a provision in the bill itself we should have a separate bill, and not be compelled to reprint the Senate bill, thereby cause a great deal of additional expense and also possibly holding up this House in its adjournment. As the matter now stands we are going to pass the bill without any printing cost, which I believe the gentleman from Centre, Mr. Haines, will like very much.

At any rate our real intention was to have a bill setting up a commission that would be at least constitutional, that would express clearly the intent of this House and the Senate that we want to have a study made of the partial payment plan.

May I also say since I last spoke on this subject on the floor that a committee in the state of New York, headed by, I believe, Senator Ivens, who is the leader of the Republican Party in Albany, after a study of almost a year's time on the very same subject recently recommended to the Legislature in Albany that they increase their benefits as we were seeking to do. I believe they will decide on sixteen or possibly eighteen, and they have also recommended as the best and fairest and simplest method of computing partial payments the effective day theory set forth in House Bill 18.

However, I am perfectly willing to wait eight or nine months when I know that a study will reveal by an overwhelming preponderance that such a plan is practical and feasible, and I hope when it gets here it will be adopted. I thank you.

Mr. LOVETT. Mr. Speaker, in the closing days of the session I realize we do not like to get up and take the time of the Members of the House who are sitting here patiently waiting for the hour to come when we may adjourn. However, we always find at the end of such a session that we have these very important measures before us. We do not have time to talk on these very important measures until the closing hours of the session.

I want to say that I sympathize with my good friend, Mr. Rose, on the other side of the House, who is trying at least to protect the interests of his party, which I find no fault in his doing, but I feel sorry for him. To the other Members of the House on this side, I want to say that they deserve a lot of credit for the position which they have taken on this particular measure.

If I understand my good friend from Philadelphia, Mr. Cohen, about eighty percent of the people who receive unemployment insurance will not receive any liberalization under this particular bill. Those are the people whom I am interested in and whom you men on the other side of this House are interested in, and about the only ones I see who are not interested, are the members of the Senate of Pennsylvania.

They say there are only a few of them but those few seem to be able to tell the many on this side what we shall do. I could not sit here tonight and vote for this bill without getting up and saying something in the interests of those people. I realize that we are fighting here for legislation to stop sabotage in Pennsylvania. In fact some of us bent over backwards and put amendments in the bill that we felt were not necessary for protection from sabotage. I maintain that the way to correct sabotage in our state is to treat all the people honestly, equally and fairly, and we would then need not feel any danger of sabotage, but, Mr. Speaker, when we, as members of the Legislature pass legislation that forgets eighty percent of those people, then I say to you we are not trying to protect our government when we do those things. I realize that you will say at this time, when men are working, when plants are working, there is not much unemployment, but I realize that the turnover to war production will cause some unemployment, and leave masses of those people who will be unemployed, possibly to fall into the category of those eighty percent who will not receive any benefits under this liberalized unemployment compensation law. I say to you again we must bow our heads and vote for this bill because the members of the Senate force us to vote for it.

QUESTION OF INFORMATION

Mr. LEVY. Mr. Speaker, I rise to a question of information.

The SPEAKER. The gentleman from Philadelphia will state his question of information.

Mr. LEVY. Mr. Speaker, do I understand now that the kissing game on unemployment compensation is over?

Mr. TURNER. Mr. Speaker, may I answer the gentleman's question?

The SPEAKER. The gentleman from Delaware may answer the question of the gentleman from Philadelphia.

Mr. TURNER. Mr. Speaker, if the gentleman from Philadelphia wants to know whether it is over I am willing to start something right here and now.

Mr. LEVY. Mr. Speaker, the only reason I asked the question was because I have been in the Assembly now for the past five or six or seven weeks, and I have heard nothing but unemployment compensation in relation to the Governor's office and the Senate.

The only thing I want to say is that I listened very carefully to the gentleman from Cambria, who on one hand attempts to say that he agrees with the Democratic majority and on the other hand attempts to defend his colleagues. The only thing I say, Mr. Speaker, is I hope by the next session of the Legislature Mr. Rose and the Republican members may be straightened out on this question and find out once and for all whether they are for liberalized unemployment compensation or just attempting to kid the people of the Commonwealth.

Mr. TURNER. Mr. Speaker, the gentleman from Philadelphia reminds me of the story of an old judge down south who was accustomed to imbibe all during the sessions of his court.

One day while sitting there with a bottle in his pocket and a long straw, he imbibed too freely. When court adjourned he came out and was having quite a time navigating. He went down to get his horse at the hitching post. When he got to the horse he picked up his saddle, and when he put the saddle on the horse he put it on the wrong way.

Some one said, "Judge, you put the saddle on the wrong way."

The Judge said "How the H--- did you know which way I was going?"

I have listened to this very interesting debate between our two young friends, and I think we should all compliment them on the fact that they have maintained a very high plane in this debate and throughout this session. I know we on the Republican side have been very proud of the gentleman from Cambria and the manner in which he has handled the subject.

This is an important question that is going to come back to haunt all of the Members of the Legislature in the future. It is going to be a continuing question, and as on other occasions when you have a lot of money in your pocket you want to spend it. The unfortunate thing about it is that while money is coming in very heavily at the present time, and everybody feels we should be liberal, there will come a time when the income will not be as great, when the fund will be lower and when the demands upon it will be greater. It is a lot easier to protest it now than to have a come-back.

One thought I would like to leave with the Members of the Legislature, and I hope they will consider and study it in the future,—I havent heard anyone say anything about it,—it is a very popular question, and I am surprised that many of you didn't think about it before, this being an election year and many of you being candidates, and that is that nobody has said anything about the man who pays this money; no one has said anything about those who pay into this fund, and I want to make a plea for the small business man and the employe who has continuous employment and who pays money in but who does not make much demand upon the fund, and who by the continuity of his business is able to keep all his people employed, so that there isn't much demand on the fund, yet all the time he is paying money into the fund.

I know from my own experience with my little group of employes, I do not know anybody who has less unemployment, but we have to pay quarterly into the fund; and there isn't anybody in my employ who gets any benefit out of it; the payments go to other employes who do have periods of unemployment. So when you do think about this fund and the payments into it, you should be thinking about the tremendous amount of money scattered about with which you could help our people, and it is proper that you should help them; you should be thinking of the taxpayer and the fellow who has to pay continually into this fund, because it plays an important part in the expense of operating a small business. Big business doesn't mind it. It is not the big employer who complains or raises any question about payment of unemployment compensation. It is nothing to them, and they think nothing about it. But the thousands of small business men who under the Pennsylvania Law, must pay this money—because it applies to those who employ less than eight, which is the same provision as the Federal law—those are the people who feel the brunt of unemployment compensation payments, so I leave a little bequest to the House of 1943, and may I say "I give and bequeath to you consideration for the small employer, the employer who has continuity of employment, the small taxpayer of Pennsylvania."

Mr. WALTER E. ROSE. Mr. Speaker, in reply to the remarks made by some of the gentlemen on the other side of the House, which were in turn made in answer to some of the remarks made by me, I would like to point out one more time that the difference between their views, and our views is entirely one of estimates, one of figures, one of calculations. We have no statistics, Mr. Speaker, which can show that eighty percent of these employes will not be helped by this act. That is a guess. I think the figure is too high. I think it will help many more than twenty percent.

I further desire to say that this is an honest difference of opinion, and the views of either side are not to be held up as the perfect ones; neither the radical figure nor the compromise or cautious figure, if you prefer to call it that, is to be held up as being the perfect one.

I would like to make one more point in particular in reply to the gentleman from Philadelphia, Mr. Cohen, and that is he has in his debate referred to the unemployment compensation plan of another state, when we have always agreed that we must with the greatest of caution compare our plan with that of any other state, because of the difference in the economic makeup of the states. New York has a situation somewhat akin to ours but not entirely the same. It is not identical, and I might point out further that the gentleman neglected to mention that in the plan set forth by Mr. Ivens in New York the plan is based on a contribution by the employes of one percent to the fund. We do not have that; at present we are hoping to avoid ever having to have it. For this reason I say it is not fair to pick out one feature of some other plan and point out that we do not have it in Pennsylvania. We must apply all of the facts in each situation and get a composite picture in order to make a comparison. That is the purpose of our proceeding slowly in order that we may do that.

Lastly, Mr. Speaker, I would like to say to the gentleman from Philadelphia, Mr. Levy, that I am sorry that he is disappointed in that we have been indulging in a "kissing game." I am sorry that he prefers to adopt other tactics, but I believe that we as legislators would go a little bit farther and get more accomplished if we had a little bit more of the "kissing game" and a little less of name calling and verbal explosions by the Members as a result of their opinions and pent up emotions on the subjects in question.

If I need sympathy from anybody here it is not sympathy for defending my own views or my party's views for any of its actions. The only sympathy I ask, is if I am wrong in being so naive as to expect that we can some day have legislative discussion and debate without indulging in personal name calling. I think the progress that we have made is due to the fact that we have refrained from doing that. We have been as cooperative as we possibly could, and while it may have been little cooperation in the opinion of the gentlemen on the other side, still I would say that we would have no benefits if we had not kept our debate on the level of cooperation and avoided falling into the pitfalls of the 1941 session, when we lost everything because of the personal friction of the people involved in working out the bill. This progress is something we need not be ashamed of; we can be disappointed if we like, but we are going to have something when we come back in 1943 on which to base further comprehensive studies on unemployment compensation to the best interests of the employes of the state of Pennsylvania.

Mr. GALLAGHER. Mr. Speaker, I have had a throat condition for the past several weeks and had no intention to take the floor on this particular measure tonight. However, the Federal Government and the state government have from time to time come out in the public press and have told the people, particularly in the anthracite region, about all the things that they would like to do for our people back home. I believe the unemployment compensation bill which was passed by the House would have helped very much to remedy the condition in our field.

However, Mr. Speaker, we were particularly interested in the effective day plan because we have instances, even at the present time, no later than last week, where some of the old line collieries in the anthracite region have been idle for an entire week. They, of course, gave our people compensation for that particular week, but we have had a condition continually where collieries are working three or four or two days a week, and of course it is necessary because of market conditions that the coal companies and the men arrange their working time so that they may be able to fill the orders when the coal

companies get them. Of course, that condition brings about a curtailment of unemployment compensation to the people in the anthracite regions.

I say to you, Members of this House, that the men and women, particularly the men in the mines of the anthracite region, and organized labor in general in the State of Pennsylvania, would like at this time to pay a small tribute to one who has worked consistently, who has worked hard and who has spent many hours working on this bill. They would like to pay a little tribute to the gentleman from Philadelphia, who has not only during this special session given a lot of his time, but even in the last regular session contributed much of his time which he could have devoted to some other things that would possibly have been of more benefit to him in the days that are coming.

Mr. TARR. Mr. Speaker, I wish to rise at this time to say one word on this question. It seems to me that the society for mutual admiration has had the floor for some time and everyone has given credit to everyone else who has worked on the bill. If I presume rightly, we are in a couple of hours to go home and tell our constituents and those persons who are vitally interested in unemployment compensation that again the Senate has ruled out unemployment compensation in Pennsylvania.

I am not a candidate for election to the Senate of Pennsylvania. I never have been and I have never been a Member of that body. However, during the session of 1939, I went home after the session was over and said that we cannot do anything about unemployment compensation due to the fact that the Senate won't go along.

I come back to the session of 1942 and again we are faced with going back home and saying the same thing. Am I to believe from that, Mr. Speaker, that we in the House have no power over unemployment compensation? True, there is some small benefit to be derived from this bill but when it is all said we are again dragging a red herring across the path of those persons who need the protection of a good unemployment compensation act. I also heard someone talk about the rates of the small businessman. Unless I have been badly misinformed, Mr. Speaker, we have nothing to do with the setting of the rates to the contributors.

I am not going to take any more of the time of the House. I am just going to register in this manner my disapproval of this House stopping now and quitting and saying, "Well, the Senate of Pennsylvania is the only body big enough to deal with unemployment compensation and since they have so decided we will quit." I thank you.

Mr. TURNER. Mr. Speaker, I do not want to prolong the debate on the subject, but the gentleman from Fayette, Mr. Tarr, when he said he went home and told his constituents that the Senate of Pennsylvania was responsible for the breakdown of the unemployment compensation legislation in 1941, was deceiving the people of his county, because I distinctly remember that the Joint State Government Commission made a study, there were certain recommendations made by the Joint State Government Commission which they were embodied in a bill. It was believed that those twenty-two, I think it was, amendments, had the support of labor and had the support of some of the representatives in the Senate and that those twenty-two points would be embodied when it got over to the House.

The gentleman from Philadelphia, Mr. Cohen, did some fancy work on the bill and when it came back it did not look anything like the measure we had before. Therefore, it got into a deadlock between the House and the Senate. I don't know whether you can blame the Senate any more than you can blame the Democratic majority in this House. Each had its own views. One body was resting on the study made by a commission and on the recommendations which seemed to be agreed to. The other group had some other idea. When an irresistible force meets an immovable body you don't move. No one has the right to stand up and say the other fellow is wrong. That is just like the Quaker who said, "Everybody is crazy except me and thee, and sometimes I think thee is a little bit nutty."

Mr. TARR. Mr. Speaker, I understand the gentleman from Delaware to say the session of 1941. I believe the gentleman misunderstood me. I said the session of 1939. I believe that Mr. Turner will remember just which party was in control of the Joint State Government Commission in the session of 1941.

Mr. LOVETT. Mr. Speaker, in answer to the gentleman from Delaware, Mr. Turner, I just want to say it seems to me that it is not two irresistible objects; I think the House is going to recede, but it is the Senate we cannot move.

Mr. TURNER. Mr. Speaker, just to keep my young friend from Fayette, Mr. Tarr, from making any more statements that are wrong to his constitutents, I just recall that there was no unemployment compensation bill in the 1939 Session; it was in 1941 that that took place.

On the question recurring,

Will the House recede from its amendments nonconcurred in by the Senate?

CONFERENCE COMMITTEE ON SENATE BILL No. 35 DISCHARGED

Mr. BROWN. Mr. Speaker, I move that the Committee of Conference appointed on the part of the House on Senate Bill No. 35, be discharged as the committee was unable to reach an agreement.

The motion was agreed to.

Ordered, That the Clerk inform the Senate accordingly.

Mr. BROWN. Mr. Speaker, on behalf of the members of the House Committee we wish to express our appreciation to the sponsor of Senate Bill 35, Senator Tallman, who because of saving the time and expense of printing the bill, allowed the bill to go through as it is now presently drafted, which I think will be shown by the report of the Senate.

SENATE MESSAGES

CONFERENCE COMMITTEE ON SENATE BILL No. 35 DISCHARGED

The Clerk of the Senate being introduced, informed that the Senate has discharged its committee of conference on subject of differences existing between the two Houses, and that the Senate recedes from its nonconcurrence in the amendments made and insisted upon by the House to Senate Bill No. 35, entitled:

An Act authorizing the Department of Highways to construct replace or repair bridges in cities of the third class whether such bridges are owned and maintained by such cities or by the counties in which located which form connecting links on State highways necessary for National defense in cases where Federal funds and city or county funds are available for such purposes and authorizing the Secretary of Highways to enter into agreements with the proper Federal authorities and the authorities of cities of the third class or counties covering the construction replacement or repair of such bridges and making an appropriation

SENATE ADOPTS CONFERENCE COMMITTEE REPORT ON SENATE BILL No. 65

The Clerk of the Senate being introduced, informed that the Senate has adopted the report of the Committee of Conference on the subject of the difference existing between the two Houses on Senate Bill numbered and entitled as follows:

SENATE BILL No. 65.

An Act to amend section twenty-one as amended, of the act, approved the seventh day of June, one thousand nine hundred and fifteen (P. L. 900), entitled "An act to provide for the immediate registration of all births and deaths throughout the Commonwealth of Pennsylvania, by means of certificates of births and deaths, and burial or removal permits; requiring prompt returns to the Central Bureau of Vital Statistics, as required to be established by the State Department of Health; and, in order to secure prompt and faithful registration of births, marriages, deaths, and diseases of practitioners of medicine, and surgery, or midwives, nurses, and undertakers, and of all persons whose occupation is deemed to be of importance in obtaining complete registration of births, deaths, marriages, and diseases throughout the State, as provided in section ten of an act, entitled 'An act creating the Department of Health and defining its powers and duties,' approved the twenty-seventh day of April, nineteen hundred and five, and providing penalties for violations of this act," by further regulating the giving of certified copies of birth certificates to soldiers, sailors and marines and war nurses and their dependents

REPORT OF COMMITTEE OF CONFERENCE ON SENATE BILL No. 65

Mr. VAN ALLSBURG. Mr. Speaker, I desire to call up the report of the Committee of Conference on Senate Bill No. 65, Printer's No. 78.

The report was read by the Clerk as follows:

To the Members of the Senate and House of Representatives:

We, the undersigned, Committee of Conference on the part of the Senate and House of Representatives for the purpose of considering Senate Bill No. 65, entitled:

An Act to amend section twenty-one as amended of the act approved the seventh day of June one thousand nine hundred and fifteen (P. L. 900) entitled "An act to provide for the immediate registration of all births and deaths throughout the Commonwealth of Pennsylvania by means of certificates of births and deaths and burial or removal permits requiring prompt returns to the Central Bureau of Vital Statistics as required to be established by the State Department of Health and in order to secure prompt and faithful registration of births marriages deaths and diseases of practitioners of medicine and surgery or midwives nurses and undertakers and of all persons whose occupation is deemed to be of importance in obtaining complete registration of births deaths marriages and diseases throughout the State as provided in section ten of an act entitled 'An act creating the Department of Health and defining its powers and duties' approved the twenty-seventh day of April nineteen hundred and five and providing penalties for violations of this act" by further regulating the giving of certified copies of birth certificates to soldiers sailors and marines and war nurses.

CONGRATULATORY RESOLUTION

Messrs. McCLANAGHAN and MONKS offered a resolution which was twice read, considered and adopted as follows:

In the House of Representatives, April 10, 1942.

Whereas, It is true as the poet sings "that time waits for no man"; and

Whereas, It is equally as true that congressional apportionment was a problem which was solved only after the passage of considerable time; and

Whereas, The troubles of determining an equitable apportionment plan rested very heavily on one of the members of the committee designated to effect a solution to this problem, so that his brow became furrowed and his hair grew gray; and

Whereas, In spite of all the above, he is today just as young in spirit as he was a year ago, although today on his birthday he is exactly one year older; be it therefore

Resolved, That the House of Representatives congratulates the Honorable James H. Tate on his birthday, and wishes him many happy returns of the day; and be it further

Resolved, That the Chief Clerk transmit a copy of this resolution to the Honorable James H. Tate.

PERMISSION TO ADDRESS HOUSE

Mr. TAYLOR asked and obtained unanimous consent to address the House.

Mr. Speaker, Since many measures at this session have been concerned with National Defense Legislation, and my attention having been directed to the motion picture entitled "To the Shores of Tripoli," Produced by 20th Century-Fox Organization, with government sanction, at the United States Marine Base in San Diego, California; and this motion picture, made in Technicolor and designed to stimulate enlistment in the Marine Corps, an outstanding branch of our military forces;

I therefore desire to call to the attention of the Members of the House this motion picture which is now being shown in the various Motion Picture Theatres throughout the United States and is scheduled for presentation at the Colonial Theatre in Harrisburg beginning April 16th.

BILLS SIGNED BY SPEAKER

Bills numbered and entilted as follows having been prepared for presentation to the Governor, and the same being correct, the titles were publicly read as follows:

SENATE BILL No. 61.

An Act to add section one thousand one hundred and ten to the act, approved the twenty-fourth day of June, one thousand nine hundred and thirty-nine (P. L. 872) entitled "An act to consolidate, amend and revise the penal laws of the Commonwealth," by prescribing additional penalties in the case of the commission of larceny or robbery of things affected by priorities, rationing or other restrictions during time of war.

SENATE BILL No. 65.

An Act to amend section twenty-one as amended of the act approved the seventh day of June one thousand nine hundred and fifteen (P. L. 900) entitled "An act to provide for the immediate registration of all births and deaths throughout the Commonwealth of Pennsylvania by means of certificates of births and deaths and burial or removal permits requiring prompt returns to the Central Bureau of Vital Statistics as required to be established by the State Department of Health and in order to secure prompt and faithful registration of births marriages deaths and diseases of practitioners of medicine and surgery or midwives nurses and undertakers and of all persons whose occupation is deemed to be of importance in obtaining complete registration of births deaths marriages and diseases throughout the State as provided in section ten of an act entitled 'An act creating the Department of Health and defining its powers and duties' approved the twenty-seventh day of April nineteen hundred and five and providing penalties for violations of this act" by further regulating the giving of certified copies of birth certificates to soldiers sailors and marines and war nurses and their dependents

Whereupon,

The SPEAKER, in the presence of the House, signed the same.

RECESS

The SPEAKER. If there is no objection the Chair is about to declare a recess for fifteen minutes. Is there objection? The Chair hears none and a recess is declared.

AFTER RECESS

The time of recess having expired the House was called to order.

The SPEAKER. (Elmer Kilroy) in the Chair.

PARLIAMENTARY INQUIRY

Mr. BROWN. Mr. Speaker, I rise to a question of parliamentary inquiry.

The SPEAKER. The gentleman from Allegheny will state his question of parliamentary inquiry.

Mr. BROWN. Mr. Speaker, is the Special Session of the General Assembly convened by the Governor in 1942 still in session?

The SPEAKER. The House is still in session.

Mr. BROWN. Mr. Speaker, a further question of parliamentary inquiry.

The SPEAKER. The gentleman will proceed.

Mr. BROWN. Mr. Speaker, is the General Assembly still in session?

The SPEAKER. The Chair has no official notice in regard to the General Assembly, but the House is in session.

Mr. BROWN. I am sorry, Mr. Speaker, to press the question, but if the Speaker cannot answer the question, may I interrogate the majority floor leader?

The SPEAKER. Will the majority floor leader permit himself to be interrogated?

Mr. ACHTERMAN. I will, Mr. Speaker.

Mr. BROWN. Mr. Speaker, I would like to ask the majority floor leader, the gentleman from Monroe, Mr. Achterman; is the Special Session of 1942 still in session?

Mr. ACHTERMAN. In my opinion it is, Mr. Speaker.

Mr. BROWN. May I ask the gentleman a further question, Mr. Speaker, whether or not it is a fact that the Senate having found that the hour of four o'clock of the day set for adjournment had arrived, the Senate adjourned sine die?

Mr. ACHTERMAN. Unofficially, Mr. Brown, I am told that the Senate has left, but that is not surprising. The Senate has been wanting to quit for a month and a half.

Mr. BROWN. Mr. Speaker, a further question of parliamentary inquiry.

The SPEAKER. The gentleman will proceed.

Mr. BROWN. Mr. Speaker, if it is the fact that the Senate did find that the hour of four o'clock had arrived, the hour set for adjournment of this session sine die, and action was taken in the Senate to that effect, would the Special Session still be in session?

The SPEAKER. To whom is the gentleman addressing that question?

Mr. BROWN. The majority floor leader, Mr. Speaker.

Mr. ACHTERMAN. I beg pardon, Mr. Speaker, I thought the gentleman was raising a parliamentary question. Would he mind repeating the question?

Mr. BROWN. I am sorry, Mr. Speaker. I asked the gentleman from Monroe, if it is a fact that the Senate several hours ago having found that the hour of four o'clock of the day set for adjournment under the concurrent resolution had arrived, and the Senate did act on that resolution and did adjourn, would this Special Session still be in session and have the authority to transact any further business?

Mr. ACHTERMAN. Mr. Speaker, I think it is entirely within the province of this House to determine whether the hour to adjourn has arrived, and that I can say officially we have not found at the present time, so that as far as we are concerned the General Assembly is still in session.

CONSTITUTIONAL POINT OF ORDER

Mr. BROWN. Mr. Speaker, I rise to a constitutional point of order.

The SPEAKER. The gentleman will state his constitutional point of order.

Mr. BROWN. Mr. Speaker, I raise the question of constitutionality, that the General Assembly is not in session, the Senate having adjourned sine die, the hour of four o'clock having arrived, which was the hour set for adjournment by concurrent resolution.

QUESTION OF INFORMATION

Mr. ACHTERMAN. Mr. Speaker, I rise to a question of information.

The SPEAKER. The gentleman from Monroe will state his question of information.

Mr. ACHTERMAN. Mr. Speaker, has the hour of adjournment fixed by concurrent resolution arrived, in the opinion of the Chair?

The SPEAKER. The Speaker is not the time keeper of the House, and if the House determined that it was not four p. m. on the legislative day of April 10th, it was the business of the House and not that of the Chair.

Mr. ACHTERMAN. Does the Chair know whether the House has officially found that the official day and hour of adjournment has arrived?

The SPEAKER. The Chair has no knowledge that the House has found that the official hour of four o'clock has arrived.

Mr. ACHTERMAN. A further question of inquiry, Mr. Speaker.

The SPEAKER. The gentleman will proceed.

Mr. ACHTERMAN. Mr. Speaker, does not this House govern its time by the time shown on the clock at the rear of the hall?

The SPEAKER. That is correct.

Mr. ACHTERMAN. Mr. Speaker, do you know whether the House has officially found that that clock has indicated that the time to adjourn has arrived?

The SPEAKER. The Chair has no knowledge that the House has officially found that the hour of four o'clock has arrived.

Mr. ACHTERMAN. A further question of inquiry, Mr. Speaker.

The SPEAKER. The gentleman will proceed.

Mr. ACHTERMAN. Does the record of this House anywhere indicate that the House has so found, Mr. Speaker?

The SPEAKER. The records of the House do not indicate that the hour of adjournment has arrived.

For the information of the gentleman from Allegheny, Mr. Brown, the Chair is required to submit constitutional question to the House, which the Chair now does.

On the question,

Will the House sustain the Constitutional point of order?

Mr. GATES. After listening to the discussion of the Honorable Mr. Brown on the other side of the House, I would move that someone be appointed to turn the hands of the clock to four o'clock and that this House adjourn sine die.

The SPEAKER. For the information of the gentleman from Armstrong, Mr. Gates, there is a question before the House on the constitutionality of the House being in session.

Mr. GATES. I will withdraw my motion, Mr. Speaker.

The SPEAKER. The gentleman from Armstrong withdraws his motion.

On the question recurring,

Will the House sustain the constitutional point of order?

Mr. BROWN. Mr. Speaker, we all regret that in the Commonwealth of Pennsylvania in the General Assembly constitutional order has completely broken down, and we must hide our faces in shame when we know the causes of the breakdown of constitutional law and order. It is not permitted, of course, for me to discuss the causes of the breakdown, and I shall not, much as I would like to do so because with those causes we must tie up the breakdown.

I think every Member of this House knows that under the Constitution one branch cannot be in session if the other branch of the General Assembly has adjourned sine die. The General Assembly is composed of two branches, the lower house and the upper house, and if one part or one branch of the General Assembly is not in session, then the other part cannot be in session.

QUESTION OF INFORMATION

Mr. NAGEL. Mr. Speaker, I rise to a question of information.

The SPEAKER. The gentleman from Beaver will state his question of information.

Mr. NAGEL. Mr. Speaker, I would like to ask, —

The SPEAKER. Will the gentleman yield. The gentleman from Allegheny, Mr. Brown, has the floor. Will the gentleman permit himself to be interrogated?

Mr. BROWN. I shall be glad to do that, Mr. Speaker, or I shall be happy to yield at this point.

Mr. NAGEL. I do not ask the gentleman to yield, Mr. Speaker. I sought to ask a question that will clarify, if permitted.

The SPEAKER. The gentleman will proceed.

Mr. NAGEL. Mr. Speaker, does the gentleman have any official knowledge that the other branch of this General Assembly is not in session at this moment—official knowledge, official notice?

Mr. BROWN. May I ask again, if you ask me to yield, or are you interrogating me, Mr. Nagel?

Mr. NAGEL. I am interrogating the gentleman.

Mr. BROWN. The answer to that, of course, is this, that we have no notice on the record, because we were not here so that notice could go on the record, but there is a principle of law which is adhered to by all the courts of the land, what is known as judicial notice. We have legislative notice, which is not notice of record, but just as strong as if it were of record, because we know they are not there, and we know they have gone home.

We know that they were here and facing the fact that they had finished their business they said so and went home. We cannot imply. Why do I say we have nothing on record? How could you put anything on the record if we were not here to put anything on the record? We do have judicial notice.

Mr. NAGEL. Mr. Speaker, I should like to ask another question, if permitted. Is it not customary in this legislature when one house is about to adjourn they serve official notice on the other?

Mr. BROWN. That is correct, and that is the reason, Mr. Speaker, that the House under the Constitution, Article II Section fourteen, "shall not without the consent of the other house adjourn for more than three days, nor to any other place than that in which the two houses shall be sitting."

The reason I say that law and order have broken down and we cannot transact business is because of the fact that one branch has quit, and there is no place under the Constitution that gives authority to the other branch, much as we would like to, to transact business, because in order to be in session you must have both branches of the General Assembly present.

Mr. NAGEL. Mr. Speaker, I would state that as a Member of this House I do not at this moment know that the Senate is not in session.

Mr. BROWN. Mr. Speaker, I will continue my remarks, and in answer to the gentleman from Beaver, Mr. Nagel, maybe he went to bed too early.

We know we have a principle that I think is illustrated by the three monkeys, "See nothing, hear nothing, know nothing." I am not applying that to Mr. Nagel, of course, because he knows that I have the highest esteem for him, but we will have to put ourselves in that position in order to stand up here and say that we are unaware of the fact that the Senate has gone home.

I think it makes us all smile when we say we have no notice. We have all the notice in the world to my way of thinking.

Mr. Speaker, I raise this question because I feel that this House ought to show to the people of Pennsylvania that we are going to abide by the Constitution. We are not in any position to transact any business, we can send no messages to the Senate, the Senate can send no messages to us; we can send no committees to the Senate stating that our business is finished, nor can the Senate send messengers to us or to the Governor, and he cannot send messages back to both houses, so that it is absolutely foolish for us to transact any business.

Unfortunately there are certain provisions in the Con-

stitution of Pennsylvania and the Constitution of the United States that have to be carried out by virtue of the faith and the integrity of those people intrusted with carrying out those provisions. We have force behind certain provisions, the force of penalties, of imprisonment and fine. The General Assembly conducts its sessions without being amenable to any force; we are here to carry out our business entirely upon the integrity and the honor of the Members.

It seems to me, reluctant as I am, because I know there is unfinished business on the desk of the Speaker, but in view of the fact that we cannot transact business, that there is no way the General Assembly can be in session with only one house, we ought immediately to adjourn sine die.

I therefore, Mr. Speaker, renew the point of order that the transaction of business is unconstitutional.

Mr. ACHTERMAN. Mr. Speaker, with many of the sentiments expressed by the gentleman from Allegheny, Mr. Brown, I am in hearty accord, but so that the record may disclose to some extent what happened, may I review the events that transpired a short time ago. It seemed that at that time the business remaining between the House and the Senate consisted of conferences between two different committees, one on House Bill 58 and one on Senate Bill 60.

House Bill 58—and I feel that it is important that we mention this legislation—dealt with a subject that the Governor in his message and in his statements to the press had indicated was one of tremendous importance to the administration. It was important because of the fact that one of his departments was experiencing difficulties in normally functioning. He was having difficulty securing bids for supplies for the various departments and the various functions of the state. It was due mainly to the fact that the time elapsing between the effort to secure a bid and the securing of a bid was so great that under present conditions it was impossible to secure bids, or at least satisfactory bids, and he had expressed a desire that legislation be suspended or amended so that the government could function normally in Pennsylvania.

House Bill 58 would have given him that right. It was odd, Mr. Speaker, but apparently certain interests, desiring to promote themselves personally, saw fit to amend the bill to the end that they too might avoid certain restrictions placed upon them under the law so that they in some manner would be free to act as free agents in Pennsylvania.

It was for that reason that this House would not go along with the Senate amendments and the bill finally went to a conference committee. I happened to serve on that committee and I know I am violating no confidence when I say that they were at the point of trying to compromise.

That measure, of course, under existing conditions will die, and one of the expressed desires of the Governor of Pennsylvania will not be acted upon. It means, Mr. Speaker, that if the Governor was correct in his statement, then the normal functions of this Commonwealth will be delayed, that our government will be embarrassed, embarrassed by the action of the other house, because it was dilatory, because it refused to act on the business before the House.

The other measure, Senate Bill 60, was intended to relinquish and suspend the rules and to accelerate the movement of war products in Pennsylvania by truck. A report had been prepared by a conference committee. There was some doubt as to whether the measure might have passed as prepared, but that conference committee was still discussing the subject, and they believed—and again I am not violating any confidence—they believed they had finally arrived at a conclusion that might be acceptable to both houses. We were at the very point of determining whether or not the conference committee could prepare such a measure and substitute it for the report that was originally prepared. We had the printing problem. It meant that we were going to be tied up some two and a half or three hours more, so this House out of courtesy to the conference committee that was working proceeded to recess until they could complete their work.

The importance, Mr. Speaker, of Senate Bill 60 should be called to the attention of the citizens of this State. It is essential, absolutely essential, that war materials be moved as rapidly as possible to the seaboard to be sent to our fighting forces so that we can conduct this war efficiently and effectively, and laws that interfere with such process should immediately be suspended. There should be no doubt on that subject.

But what did the Senate do? They proceeded to move away from the subject. I haven't forgotten, just about two months ago someone was talking about the Singapore of state rights. The Singapore of state rights! The action of the Senate that occurred is indicative that they are moving away from the citadel of state rights, that they are moving away from the usual and regular democratic processes, that they wish to surrender the right or at least not to act upon the rights of a free people; that they want to demonstrate to Pennsylvania and to the world that they refuse to carry on the ordinary democratic processes and that they want to surrender their state rights. That in effect is what they are doing. They are breaking down, breaking down so that the Federal Government will be compelled to act. Then when they get into session again they will start crying about their state rights. That is the effect of the action, because after we had recessed to meet again we find that they arbitrarily and without notice to us of any kind whatsoever proceeded to determine that the hour of adjournment had arrived.

With the greatest display of bad temper, of ill manners and of bad breeding the Senate proceeded to ignore not only this House but to ignore the needs of this Commonwealth and the needs of our American government, and they proceeded to adjourn. Nothing startling or nothing surprising to me about that action, for I have known for a month and a half that they wanted to do that very thing. They have attempted it from all manner of approach. First of all, you remember the resolution they sent in here as a feeler to determine whether we would join with them in running away, they were not going to pay the per diem employes when we were in recess, intended to be followed by an adjournment resolution, although they knew they have not acted on the subjects before them.

Their temperament, their display of ill breeding was paramount with them from that time on, and they proceeded to walk away from those things that they know

they should have maturely considered and completely explored before they ever left us.

I am saying, Mr. Speaker, at least there is one branch of government, one house of the Legislature that has remained here constantly, working and endeavoring to carry on, to pass legislation that would be of benefit not only to this state but a help to the nation.

I am saying, Mr. Speaker, in relation to the constitutional question raised that it is our province and our province alone to determine whether the hour we have fixed for adjournment has arrived, and if we find that that hour has not arrived, then definitely we are in session, and not only is what the Senate has done illegal, but it is ill mannered. Of course, the question of whether it is ill mannered or not is not before this House. We will let the people of Pennsylvania determine that, but I am saying that we and we alone determine whether the hour has arrived, and we have not so determined, and as a consequence we are still definitely and positively in session, legally so, with the right to transact such business as we may see fit to transact, even though, Mr. Speaker, the Senate does not desire to exercise the prerogatives of a free people for which they were elected.

QUESTION OF INFORMATION

Mr. TURNER. Mr. Speaker, I rise to a question of information.

The SPEAKER. The gentleman from Delaware will state his question of information.

Mr. TURNER. Mr. Speaker, is there any business before this House to be transacted that is on the desk of the Speaker?

The SPEAKER. There is no business before this House to be transacted.

Mr. TURNER. Mr. Speaker, is there any calendar for today?

The SPEAKER. There is no calendar for today.

Mr. TURNER. The calendar having been completed, Mr. Speaker, during the early part of the session?

The SPEAKER. The calendar of April tenth has been completed.

Mr. TURNER. Insofar as the Speaker knows, unless there is something presented from the floor, there is no business before this House?

The SPEAKER. There is none.

Mr. TURNER. It therefore seems to me, Mr. Speaker, that this is sort of a tempest in a teapot in the sense that we are arguing an academic question that will be very interesting for the students of constitutional law and the students of parliamentary procedure.

I agree with the gentleman from Monroe, Mr. Achterman, and I disagree with the gentleman from Allegheny, Mr. Brown, in reference to the constitutional question. I believe if we were to permit that question to prevail, in view of our custom of years, with the clock having been turned back you would be setting dangerous precedent. I remember, I think it was in the 1941 session, we had the clock turned back about two or three days, in fact it was pretty hard for most of us to tell what day we went to bed and what day we got up. The only thing we remembered was when pay day came. Therefore, if the constitutional question raised by the gentleman from Allegheny, Mr. Brown, were to prevail and we were to say that because we cannot be adjourned or recessed for a period of more than three days without the consent of the other house, to argue that that infers that the Senate having adjourned sine die the session is over, might always in a controversy between the two houses permit one house to block the final pasage of much legislation, or concurrence in amendments to legislation that was essential, or even prevent the signing of bills by the Speaker of the House. Therefore, it seems to me it is stretching a technical and legal construction further than we have to stretch a rubber band these days.

It seem to me, Mr. Speaker, that there is a rump court in session back there.

Mr. BROWN. Mr. Speaker, may I ask the gentleman from Delaware, Mr. Turner, to yield for a moment at this point?

Mr. TURNER. I will yield, Mr. Speaker, but I would like to interrogate the gentleman from Allegheny, Mr. Brown, before I do.

Is it the purpose of the gentleman from Allegheny in gaining the floor to withdraw his question of constitutionality?

Mr. BROWN. No, Mr. Speaker.

Mr. TURNER. Then, Mr. Speaker, I will yield.

Mr. BROWN. Mr. Speaker, I wanted the record to show that the gentleman from Delaware called this a rump session. Will the gentleman call a conference between myself, the majority floor leader and the parliamentarian a rump session? I want the record to show this is all a rump session, the whole business.

Mr. TURNER. Mr. Speaker, the gentleman is mistaken. I did not call it a rump session. I said it was a rump court.

Mr. BROWN. Mr. Speaker, call it by any name you wish, it is a rump session after all.

Mr. TURNER. Mr. Speaker, the gentleman from Allegheny has been rumping around for several minutes and I think I ought to have a chance to rump a little bit.

The SPEAKER. The gentleman from Delaware will proceed.

Mr. TURNER. Mr. Speaker, of course I accord the gentleman from Monroe, Mr. Achterman, his right to have his own opinion and to place his own construction on the things that happened. But after all the Senate is the judge of its own actions, as the House would certainly insist up being the judge of its actions.

Last night there was a lot of bad temper, there was a lot of other bad things around here, and it is not therefore inconceivable that under all the circumstances existing that something would happen. Several senators came over here and there was a pretty heated conference going on. I was not invited in on it, and as it looked to me to be a place where there was going to be some trouble, I thought I would stay out of it. The Senate did not want us to recess, and again without any criticism of the leaders of this House in feeling that we should recess, we recessed until twelve o'clock. Officially we recessed for fifteen minutes, I think, or something like that, but as a practical matter we recessed until twelve o'clock.

Now the Senate wanted us to stay and finish up then. We did not think, at least the leadership in the House did

not think, we ought to stay then, that we ought to recess, and in that difference of opinion it seems to me lies no reason to excoriate the Senate and to hold them up for ridicule before the people of Pennsylvania, claiming they are unpatriotic. I might have my own views of our own procedure and my views for the necessity of legislation, which I regret did not pass. Nevertheless, that was the situation and they exercised their prerogative. But having on their part declared that the hour of four o'clock had arrived, as provided under the joint resolution which had been adopted by both houses, it does not seem to me that they can say to us we can only meet here and adjourn and that this Special Session of the General Assembly is over.

I urge all of you to vote "no" on this constitutional question, because I think we would be setting a very dangerous precedent for the future operation of the Legislature of Pennsylvania.

Mr. BROWN. Mr. Speaker, I desire to interrogate the gentleman from Delaware, Mr. Turner.

The SPEAKER. Will the gentleman from Delaware permit himself to be interrogated?

Mr. TURNER. I shall, Mr. Speaker.

Mr. BROWN. Mr. Speaker, having received the information from the gentleman's interrogation that there is no business before the House, would the gentleman feel that we could conduct business in the situation in which we find ourselves, if there were business to be conducted?

Mr. TURNER. Mr. Speaker, a side bar conference advises me there is no point in that question at this time, nevertheless I say I think we can transact business in so far as that business pertains to the business of the House and comes within the legislative day, and we have not found that we have reached four o'clock.

Mr. BROWN. Mr. Speaker, we could conduct business on purely House resolutions, I presume. We could not pass legislation.

Mr. TURNER. Mr. Speaker, I think if legislation were on our calendar before us for this legislative day we would have a right to transact that business.

Mr. BROWN. Mr Speaker, we could not notify the Senate of any bills that were being passed.

Mr. TURNER. That might be very true, Mr. Speaker. As a matter of procedure, having passed a bill, if it was necessary to message it to the Senate or to advise them that we passed it without amendment, or with amendment, or required signature, then of course as a practical matter there could be nothing done and it would fail as has often occurred in the past.

Mr. BROWN. Mr. Speaker, the gentleman just a few moments ago said he knew that we were around here for several days while one branch of the General Assembly had recessed. Does the gentleman know any time when any branch of the General assembly adjourned sine die without notice to and consent of the other branch?

Mr. TURNER Mr. Speaker, the gentleman misunderstood what I said. I did not say that we were around here for several days. I said in the 1941 session I remember that the clock had been turned back for some two or three days at one time. I think it ran over a week-end. But, Mr. Speaker, as far as adjournment sine die is concerned, no, never in my experience has the legislature adjourned sine die, with the Senate adjourning at a time or leaving the hall of the Senate ahead of the House.

Mr. BROWN. I thank the gentleman from Delaware, Mr. Turner. Mr. Speaker, I desire to interrogate the gentleman from Monroe, Mr. Achterman.

The SPEAKER. Will the gentleman from Monroe permit himself to be interrogated?

Mr. ACHTERMAN. I shall, Mr. Speaker.

Mr. BROWN. Mr. Speaker, assuming it to be a fact that the Senate did adjourn sine die a few hours ago, would the gentleman feel that we could transact business of the General Assembly if we had business to transact?

Mr. ACHTERMAN. Mr. Speaker, I would say no, we could not.

Mr. BROWN. Mr. Speaker, will the gentleman tell us whether or not had the Senate not adjourned we did have business to transact, that we should have transacted.

Mr. ACHTERMAN. Mr. Speaker, I am sorry I did not get the gentleman's question.

Mr. BROWN. Mr. Speaker, had the Senate not adjourned would we have had business to transact?

Mr. ACHTERMAN. That is correct, Mr. Speaker, we would have had business to transact.

Mr. BROWN. I thank the gentleman from Monroe. In view of the fact that there is no business before the House and no business to come before the House, I therefore—

Mr. TURNER. Mr. Speaker, may I ask the gentleman to yield so that I may place one statement on the record that I think will be of interest?

Mr. BROWN. I will yield, Mr. Speaker.

Mr. TURNER. Mr. Speaker, it has just been called to my attention, and I now recall, that in the 1939 session this House had adjourned before the committee from the Senate appeared before the House to advise us that the Senate was about to adjourn.

Mr. BROWN. Mr. Speaker, I desire to interrogate the gentleman from Delaware, Mr. Turner.

The SPEAKER. Will the gentleman from Delaware permit himself to be interrogated?

Mr. TURNER. I shall, Mr. Speaker.

Mr. BROWN. Mr. Speaker, my recollection is that we corrected that mistake too, did we not?

Mr. TURNER. I do not know how we could have, Mr. Speaker. I was in the Chair at the time but I do not think we had any chance to really correct the mistake.

QUESTION OF PARLIAMENTARY INQUIRY

Mr. BROWN. Mr. Speaker, I rise to a question of parliamentary inquiry.

The SPEAKER. The gentleman from Allegheny will state his question of parliamentary inquiry.

Mr. BROWN. Will the Speaker tell us whether or not if we had business to come before the House we could transact the business of the General Assembly?

The SPEAKER. Not business of the General Assembly.

CONSTITUTIONAL POINT OF ORDER WITHDRAWN

Mr. BROWN. Therefore, Mr. Speaker I withdraw my

question of constitutionality, you having already ruled on it indirectly.

The SPEAKER. The gentleman from Allegheny, Mr. Brown, withdraws his question of constitutionality with reference to conducting business of the House.

ADJOURNMENT SINE DIE

The SPEAKER. This being the day and hour fixed by concurrent resolution of the Senate and the House of Representatives as the time when the General Assembly shall adjourn sine die, I now declare this Special Session of the House of Representatives adjourned without day.

EXTRAORDINARY SESSION OF 1942

REASONS FOR PARDONS

GRANTED BY GOVERNOR FROM JANUARY 7, 1941 TO FEBRUARY 17, 1942

The Secretary to the Governor being introduced, presented a communication in writing from His Excellency the Governor, which was read as follows:

Commonwealth of Pennsylvania,
Governor's Office, Harrisburg, February 17, 1942.

To the Honorable, the House of Representatives of the Commonwealth of Pennsylvania:

I have the honor to present herewith the reasons for pardons granted by me from January 7, 1941, to date.

ARTHUR H. JAMES.

BOARD OF PARDONS

In re application of Matthew Barrow, D-1028, No. 4821, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Matthew Barrow, convicted of secretion of kidnapped person in the Court of Oyer and Terminer and Quarter Sessions of Bucks County on December 5, 1935, be commuted from 6 years to 5 years, 2 months and 13 days, expiring on February 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Bucks County on December 5, 1935 to Bill of Indictment No. 51 May Session, 1935 charging secretion of kidnapped person, and was thereupon sentenced by the Honorable Calvin S. Boyer, Judge, to a term of imprisonment of not less than 3 years nor more than 6 years in the Eastern State Penitentiary. This sentence to run concurrently with the unexpired portion of a sentence imposed upon him on October 25, 1923 ,in the Courts of Philadelphia County fr the crime of murder in the second degree. The sentence in this case was one of 6 to 12 years. The petitioner was received in the Eastern State Penitentiary on October 25, 1923, and was transferred to the Western State Penitentiary on June 12, 1925, from which institution he was paroled on November 25, 1929.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated ". . . Subject has maintained a good record of prison performance. He is employed as a pump tender on the farm. He has fulfilled his duties in a trustworthy manner. His attitude has been consistently cooperative and he does not hesitate to perform his duties for the best interest of the institution irrespective of the attitude of the other inmates. On his present position he remains at his post 24 hours a day he has never violated the confidence placed in him. His institutional performance merits consideration." The trial judge, the Honorable Calvin S. Boyer, in a communication to the Board of Pardons states: ". . . In view of the above sentence and the further fact that the defendant was originally committed to jail on February 18, 1935, I feel that in justice his maximum term should be treated as having begun on the date of commitment, February 18, 1935, instead of the date of sentence, December 5, 1935. Assuming that the Defendant's conduct during his imprisonment was good, I will say that I do not oppose the application." The present district attorney, Edward G. Biester, Esquire, has advised the Board that his office had no objection to the granting of a commutation in order to give the petitioner the benefit he served in jail awaiting trial.

The Board of Pardons having in mind the provision of an Act of Assembly, approved April 1937, is of the opinion that the petitioner is entitled to credit for the time spent in the county prison awaiting trial and sentence in default of bail, and therefore, recommends that the sentence be commuted from a maximum term of 6 years to a minimum term of 5 years, 2 months and 13 days, expiring on February 18, 1941, and applicant to remain on parole until December 5, 1941, which will allow him credit for a perid of 9 months and 17 days, the period spent in confinement in the Bucks County Prison while awaiting trial and sentence.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO.
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of David Berk, No. 5153, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that David Berk, convicted of operating automobile while under the influence of intoxicating liquor, assault and battery by auto, driving auto without a license in the Court of Quarter Sessions of Philadelphia County, on April 14, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County to Bills of Indictments Nos. 219 to 221 inclusive, charging operating automobile while under the influence of intoxicating liquor, assault and battery by automobile, driving automobile without a license on April 14, 1936, and was thereupon sentenced by the Honorable Robert E. Lam-

berton to a term of imprisonment for one year in the Philadelphia County Prison. After serving sixty days of this sentence, the Court reconsidered the sentence, and placed the applicant on probation for the balance of the term.

James W. Tracy, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the applicant had not been convicted of a heinous crime and that his record showed that he has not been in any difficulty since the time of the commission of the offense from which he now seeks relief. The trial judge, the Honorable Robert E. Lamberton, made no reply to a communication addressed to him by the Board of Pardons in reference to this matter.

The applicant is now engaged in the operation of a collection agency. He is desirous of obtaining a license as a private detective, which will permit him to add materially to his income, if such a license should be granted. The Board of Pardons after considering all of the facts is of the opinion that the petitioner is not criminally minded. He is now a self-respecting law-abiding citizen and is a credit to the community in which he resides.

The Board, therefore, recommends that a full and complete pardon be granted to this petitioner.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Frederick Bishop, C-8721, No. 1633 January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the sentences of Frederick Bishop, convicted of burglary in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County on March 2, 1933; and felonious possession and sale of drugs in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County on November 10 1937, be commuted on Bill No. 385 January Sessions, 1933 from a marimum term of 10 years to a minimum term of 5 years, 4 months and 11 days, expiring on March 10, 1941; and on Bill No. 296 November Sessions, 1937 from a minimum term of 1 year to a minimum term of 1 day, expiring on March 11, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Philadelphia County on March 2, 1933 on Bill of Indictment No. 385, January Sessions, 1933 for the crime of burglary, and was thereupon sentenced by the Honorable James Gay Gordon, Jr., to a term of imprisonment of not less than 2 years nor more than 10 years in the Eastern State Penitentiary. On November 10, 1937 the applicant was convicted in the Court of Philadelphia County on Bill of Indictment No. 296 November Sessions, 1937 for the crime of felonious possession and sale of drugs, and was thereupon sentenced to a term of imprisonment in the Philadelphia County Prison for one year. The applicant was returned to the Eastern State Penitentiary as a parole violator on November 10, 1937 where he has been confined until the present date.

An examination of the petitioner criminal history shows that he was not in any difficulty prior to the arrest, which resulted in his present sentence, and which he now seeks relief.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons states: ". . . Applicant's institutional record since his return from parole has been good. He attempted to improve himself by attending school for a period of 5 months where he studied academic work and made good progress. He has been employed in the kitchen since September 1938 and is considered to be a steady and industrious worker." The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons has stated:: " . . . I have no objection to any action you see fit to take." The assistant district attrney, James W. Tracey, Jr., Esquire, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of this petition. A parole plan has been provided for which ensures adequate sponsorship and bona fide employment.

The Board of Pardons, after reviewing all of the facts, is of the opinion that the petitioner has been sufficiently punished, and will, if released on parole, rehabilitate himself and thereby become a self-respecting and law-abiding citizen, and the Board, therefore, recommends that th maximum sentence on Bill No. 385 January Sessions, 1933 be commuted to a new minimum term of 5 years, 4 months and 11 days, expiring on March 10, 1941, and that the sentence of 1 year on Bill No. 296 November Sessions, 1937 be commuted to a minimum term of 1 day, expiring on March 11, 1941, and that the applicant remain on parole until October 29, 1945.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Jacob Earl Butler, D-1732, No. 4863, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Jacob Earl Butler, convicted of rape in the Court of Oyer and Terminer and Quarter Sessions of Franklin County, on September 21, 1936, be commuted from 5 years to 4 years and 5 months expiring on February 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Franklin County on September 21, 1936 to Bill of Indictment No. 7 October Sessions, 1936, charging rape, and was thereupon sentenced by the Honorable Watson R. Davidson, Judge, to pay a fine of $50.00 and costs of prosecution and to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated; ". . .This

inmate was transferred to Franklin County Prison on May 17, 1939. The Warden of that institution reports that his prison performance has been satisfactory. He states that he has sugar diabetes and he works whenever he is able. The Warden further states that he would recommend consideration if a suitable parole plan is provided." The trial judge, the Honorable Watson R. Davison, in a communication to the Board of Pardons has stated: ". . .That he did not oppose the application, if the Board sees it proper to commute his sentence because of his physical condition." The present district attorney, J. Glenn Benedict, Esquire, has advised the Board of Pardons that because of applicant's physical condiion his office had no objection to the granting of the petition. An investigation made by agents of the Board of Pardons reports that the petitioner is now in a precarious condition suffering from diabetes and that the applicant was transferred from the County Jail to the Chambersburg Hospital for treatment, and that his present physical condition is such that he requires care and treatment which can not be obtained at the County Jail. A letter has been filed with the Board from Dr. J. C. Hudson, M. D., in which he states: ". . . Mr. Butler was admitted to the Chambersburg Hospital where he was kept until October 11th. Most of this time his condition was critical, his diabetis complicated by an attack of pyele-nephretis. This combination of diseases is serious and I believe that he could improve the state of his health by a more careful diet, fresh air and sunlight, particularly, at home or in an institution better equipped than the Franklin County Jail for the care of the above diseases. During his admission to the hospital he was very near to death and as the physician to the jail I feel that he should be sent home or to an institution where he could be cared for properly."

The Board of Pardons after reviewing all of the facts is of the opinion that the petitioner is in a critical physical condition and that his life will be materially shortened because of the dsease from which he now suffers. The Board, therefore, is of the opinion that the sentence in this case should be commuted in order that the petitioner may receive adequate medical treatment, which will assist material in prolonging his life, and for this reason only recommends that the minimum sentence as imposed by the Court be commuted from a minimum sentence of 5 years to a minimum term of 4 years and 5 months, expiring on February 21, 1941, and that the applicant remain on parole until September 21, 1946.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of William Charles Casey, D-4595. No. 5138, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Charles Casey, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on January 19, 1940 to be computed from January 9, 1940 be commuted from 2 years to 1 year and 2 months expiring on March 9, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Montgomery County on January 19, 1940 to Bill of Indictment No. 165 November Sessions, 1939, charging robbery, and was thereupon sentenced on January 19, 1940 by the Honorable Harold G. Knight, Judge, to a term of imprisonment of not less than 2 years nor more than 4 years in the Eastern State Penitentiary. Sentence to be computed from January 9, 1940.

An examination of the criminal history shows on February 3, 1930 he was arrested by the authorities of Montgomery County, charging with breaking and entering. Sentence in this case was suspended. On December 12, 1938 at Ardmore, Pennsylvania, he was charged with disorderly conduct. This case was disposed by a local Justice of the Peace.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: ". . . This man has maintained a good record of prison performance. He attempted to improve himself by attending school for 6½ months, studied carpentry work and made good progress. He is employed as a laborer in the stone quarry outside the wall and is considered to be a good worker. He does not associate with any of the inmates, has maintained a quiet manner, and has demonstrated a good attitude. The trial judge, the Honorable Harold G. Knight, in a communication to the Board of Pardons has stated: ". . . I believe that drink is his trouble; when he is not drinking, he seems to be all right. I do not oppose clemency." The district attorney, Frederick B. Smillie, Esquire, in a communication advises the Board as follows: ". . . Whatever you see fit to do in this situation will be entirely satisfactory to this office." A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when the petitioner is released.

The Board of Pardons after reviewing all of the facts is of the opinion that the petitioner is not criminally minded, and that he will, if released on parole, become a self-respecting law-abiding citizen, and the Board therefore, recommends that the minimum sentence of imprisonment as imposed by the Court be commuted to 1 year and 2 months, expiring on March 9, 1941, and to remain on parole until January 9, 1944.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Thomas Cirucci, No. 5151, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas Cirucci, convicted of assault, armed with an offensive weapon with intent to rob, assault with intent to rob, robbery, being armed with an offensive weapon, conspiracy in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on June 4, 1928, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of Nolle Contendere to Bills of Indictments Nos. 1327 to 1337 inclusive, May Sessions, 1928, on June 4, 1928 for the crimes of assault, armed with an offensive weapon with intent to rob, assault with intent to rob, robbery, being armed wih an offensive weapon, conspiracy. The trail judge adjudged the applicant guilty and imposed a sentence of imprisonment of not less than 2 years nor more than 20 years in the Philadelphia County Prison.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that in view of all of the facts that the offense for which the petitioner seeks relief, happened in 1928, and because there was no other marks against him since that time, the district attorney's office had no objection to the granting of the petition. The trial judge, the Honorable James Gay Gordon, Jr., made no reply to a communication addressed to him by the Board of Pardons in this matter.

The petitioner was paroled from the Philadelphia County Prison on April 3, 1929, and he has since that date complied with all of the requirements of his parole, and has reported regularly to the probation department of the Philadelphia County Court at stated intervals. During the period of his parole he has been unable to secure employment, because of the conviction which stands against him. It is his intention to seek employment with the United States Government or with some defense industry, if his petition is granted. An investigation made by the Board of Pardons reports that the petitioner bears an excellent reputation in his community and is known as an honest, self-respecting law-abiding citizen.

The Board of Pardons after reviewing all of the facts is of the opinion that the petitioner has been sufficiently punished and that he is not criminally minded, and therefore, recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Ray Gardner, D-4568, No. 4432, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Ray Gardner, convicted of breaking and entering with intent to steal, larceny in the Court of Oyer and Terminer and Quarter Sessions of Tioga County on January 7, 1935 to be commuted from 2 years computed from January 7, 1940 to 1 year and 2 months expiring on March 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Tioga County on January 7, 1935, for the crimes of breaking and entering with intent to steal, larceny, and was thereupon sentenced to a term of imprisonment in the Eastern State Penitentiary for from 2 to 4 years. This sentence to be computed from the expiration of the unexpired parole period of a sentence which was imposed upon him in the Courts of Tioga County on December 7, 1926, for the crime of statutory rape, assault and battery with intent to rape, assault and battery. The sentence as imposed was for a term of from 5 to 10 years in the Eastern State Penitentiary. The petitioner was paroled on December 7, 1931. On January 7, 1935, he was sentenced to the Eastern State Penitentiary as a parole violator, and on January 8, 1940, he was discharged from further service on this sentence, and was reentered at the Eastern State Penitentiary on the present sentence from which he now seeks relief.

The Board of Trustees of the Eastern Penitentiary in a report to the Board of Pardons has stated: "* * * Applicant's institutional performance is of the ordinary type. He is employed as an electrician in the maintenance department and is considered to be a willing worker. He has maintained a good attitude and associates only with the men with whom he works. No unusual factors have been observed in this man's prison performance which would merit special consideration." The trial judge, the Honorable Thomas A. Crichton, in a communication under date of December 21, 1940, stated: "* * * In view of the fact that the applicant's offense resulted in his serving the full term of ten years under his former sentence, and fact that he applicant's offense resulted in his serving the full term of ten years under his former sentence, and in view of the fact that he has served about a year under the new sentence, in addition thereto, I would be satisfied if the pardon is granted." The trial district attorney, Charles M. Elliott, Esquire, made no reply to a communication addressed to him by the Board of Pardons, however, he did advise the investigator for the Board of Pardons under date of January 9, 1941, that he was absolutely opposed to the granting of clemency to the applicant. The Supervisor of Paroles has advised the Board that he had no objection to the granting of clemency if a suitable parole plan is obtained for the petitioner. No parole plan has been obtained in this case.

The Board of Pardons, after reviewing all of the facts, is of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen, and the Board, therefore, recommends that the minimum sentence of imprisonment be commuted to a minimum term of 1 year and 2 months, expiring on March 7, 1941, and that the applicant remain on parole until January 7, 1944. Subject however to the applicant obtaining a satisfactory parole plan before his release.

BOARD OF PARDONS

In re application of Allan N. Goberman, No. 5131, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Allan N. Goberman, convicted of perjury in the Court of Quarter Sessions of Lancaster County, on September 3, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was con-

victed in the Courts of Lancaster County on September 3, 1937, on Bill of Indictment No. 22 June Term, 1937, charging perjury, and was thereupon sentenced by the Honorable Oliver S. Schaeffer to pay a fine of $100 and costs of prosecution. The sentence of the Court was complied with.

The trial judge, the Honorable Oliver S. Schaeffer, in a communication to the Board of Pardons has stated: ". . . I am satisfied to have the Board of Pardons use its own discretion in this matter." The present district attorney, Karl L. Shirk, Esquire, appeared before the Board of Pardons and stated he had no objection to the granting of a pardon.

The applicant is engaged in the furniture business in the City of Lancaster. He has an investment of approximately $25,000.00. Because of this conviction on his record it has handicapped him to an extent in the transaction of his legitimate business. The granting of a pardon will permit him to obtain credit which will materially assist him in expanding his business and thereby increase his earnings which will permit more adequately to take care of his dependents.

The Board of Pardons is of the opinion that the applicant is not criminally minded. The offense which he now seeks relief, is the only one on his record. The Board, after due consideration is of the opinion that the applicant has been fully rehabilitated, and therefore, recommends the granting of a full and complete pardon.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of James H. Kamerling, D-4642, No. 3892, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of James H. Kamerling, convicted of robbery in the Quarter Sessions Court of Allegheny County on January 15, 1926; and for breaking and escaping penitentiary, robbery and felonious assault in the Quarter Sessions Court of Centre County on August 8, 1929, be commuted on Bill No. 128 September Term, 1929 from a minimum term of 8 years to a minimum term of 1 year and 2 months, expiring on March 15, 1941; and on Bill No. 129 September Term, 1929 from a minimum term of 10 years to a minimum term of 1 day, expiring on March 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for communtation of sentence pleaded guilty in the Courts of Allegheny County on January 15, 1926 on Bills of Indictments Nos. 123, 124, 125, 126, 127, and 1000 November Term, 1925, charging robbery, and was thereupon sentenced to a term of imprisonment of not less than 8 years nor more than 16 years in the Western State Penitentiary. The petitioner entered a plea of guilty to Bills of Indictments Nos. 128 and 129 September Term, 1929 in the Courts of Centre County, charging breaking and escaping penitentiary, robbery and felonious assault, and was thereupon sentenced to serve a term of not less than 8 years nor more than 16 years on Bill No. 128; and to a term of not less than 10 years nor more than 20 years on Bill No. 129. Sentence to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: ". . . The applicant was received at that institution on November 25, 1931, he was transferred from the Western State Penitentiary. On April 25, 1933 he was declared insane and transferred to the Farview State Hospital. He was returned from Farview State Hospital to this institution on September 19, 1935. Applicant's institutional behavior has been erratic. He is employed as a laborer in the yard detail and no factors have been noted in his institutional record which would warrant any special recommendation. He has an I. Q. of 102 and a mental age of 16 years. He has been tested by the Illinois Test." The Honorable Joseph M. Swearingan, Judge of Allegheny County, is now deceased. The president judge, The Honorable Ambrose B. Reid, made no reply to a communication addressed to him by the Board of Pardons. The Honorable M. Ward Fleming, trial judge, who presided in Centre County, made no reply to a communication addressed to him by the Board of Pardons. Ralph T. Bell, Esquire, assistant attorney, appeared before the Board of Pardons and stated his office had no objection to the granting of clemency, and the matter was one for the Board. The petitioner in this case has been confined since January 15, 1926, a period of about 15 years and 1 month. The original sentence was terminated by parole on January 15, 1940 when he was immediately reentered to serve the sentence imposed in Centre County. A parole plan has been obtained which provides adequate sponsorship and bonafide employment, if and when he is released.

The Board, after reviewing all of the facts, is of the opinion that the petitioner, will, if he is released on parole, become a self-respecting law-abiding citizen, and that he will in time rehabilitate himself.

The Board, therefore, recommends that the sentences of confinement as imposed by the Courts be commuted in the following manner: On Bill No. 128 September Term, 1929 from a minimum term of 8 years to a minimum term of 1 year and 2 months, expiring on March 15, 1941; and on Bill No. 129 September Term, 1929 from a minimum term of 10 years to a minimum term of 1 day, expiring on March 16, 1941, and that the petitioner remain on parole until March 16, 1961.

BOARD OF PARDONS

In re application of Joseph Kovack, C-7195, No. 4635 January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of Joseph Kovack, convicted of robbery, larcency, shooting with intent to kill in the Oyer and Terminer and Quarter Sessions Court of Schuylkill County on June 17, 1931, be commuted on Bill No. 469 from a minimum of 10 years to a minimum of 9 years, 9 months, expiring on March 17, 1941; on Bill No. 472 from a minimum of 1½ years to a minimum of 1 day, expiring on March 18, 1941; on Bill No. 547 from a minimum of 10 years to a minimum of 1 day, expiring on March 19, 1941; on Bill No. 548 from a minimum of 10 years to a minimum of 1 day, expiring on March 20, 1941; on Bill No. 549 from a minimum of

5 years to a minimum of 1 day, expiring on March 21, 1941; and on Bill No. 552 from a minimum of 5 years to a minimum of 1 day, expiring on March 22, 1941. (The sentences on Bills Nos. 471B, 551B, and 558B of 1½ to 3 years to run concurrently from date of imposition have already expired).

Our reasons for making this recommendation are as follows:

The applicant for Commutation of sentence pleaded guilty in the Courts of Schuylkill County on June 17, 1931 to Bills of Indictments Nos. 571B, 551B, 558B, 469, 547, 548, 549, 552, and 472 May Sessions, 1931, and was thereupon sentenced by the Honorable Roy P. Hicks to a term of imprisonment in the Eastern State Penitentiary. Sentences being imposed as follows: On Bills Nos. 471B, 551B, and 558B not less than 1½ years nor more than 3 years, sentences to run concurrently. On Bills Nos. 469, 547, and 548 not less than 10 years nor more than 20 years, sentences to run consecutively. On Bills Nos. 549 and 552 not less than 5 years nor more than 20 years, sentences to run consecutively. On Bill No. 472 not less than 1½ years nor more than 3 years, sentence to run consecutively with other consecutively sentences as imposed.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: ". . . Although this man's background prior to incarceration gives definite indication of instability, he has demonstrated remarkable improvement since he has been in the institution. He was formerly employed as a teacher and he improved himself academically while employed in that capacity. He now works in the woodworking department and he has exceptional ability at woodworking and cabinet making. He is very quiet and does not associate with any of the inmates. At times he is greatly depressed by the length of his sentence but he has not permitted it to interfere with his progress. The officials of the institution are impressed with this man's prison performance and judging from his mature judgment and demonstrated habits of thrift and industry it is our thought that he would probably make a successful adjustment." The present district attorney, Clarence A. Whitehouse, Esquire, in a communication to the Board of Pardons dated October 25, 1939, stated: ". . . From the information received in this case, the bad record and reputation of the applicant, we believe the application is without merit and we strenuously oppose the granting of clemency to Kovack." In a reply to a later communication addressed to the district Attorney's office under date of January 2, 1941, he states: ". . . In answer thereto we refer you to our previous letters wherein we state that we are strenuously opposed to the granting of clemency to Kovack." The trial judge, the Honorable Roy B. Hicks, made no reply to a communication addressed to him by the Board of Pardons. A parole plan has been obtained which provides the applicant with adequate sponsorship and bona fide employment, if and when he is released.

The Board of Pardons, after reviewing all of the facts, taking into consideration, the age of the petitioner at the time of his arrest and conviction are of the opinion that he has been sufficiently punished, and he will, if released on parole, become a self-respecting law-abiding citizen, and the Board, therefore, recommends that the sentences be commuted in the following manner: On Bill No. 469 from a minimum of 10 years to a minimum of 9 years and 9 months, expiring on March 17, 1941; on Bill No. 472 from a minimum of 1½ years to a minimum of 1 day, expiring on March 18, 1941; on Bill No. 547 from a minimum of 10 years to a minimum of 1 day, expiring on March 19, 1941; on Bill No. 548 from a minimum of 10 years to a minimum of 1 day, expiring on March 20, 1941; on Bill No. 549 from a minimum of 5 years to a minimum of 1 day expiring on March 21, 1941 and on Bill No. 552 from a minimum of 5 years to a minimum of 1 day, expiring on March 22, 1941, and to remain on parole until March 22, 1961. The sentences to Bills Nos. 471B, 551B, and 558B of 1½ to 3 years to run concurrently from date of imposition have already expired.

In re application of Edward T. Miller, No. 5150, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward T. Miller, convicted of embezzlement in the Court of Quarter Sessions of Clinton County, on September 20, 1938 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Clinton County on September 20, 1938 to Bill of Indictment No. 44, September Session, 1938, charging embezzlement, and was thereupon sentenced by the Honorable Harry M. Rimer, Judge, to a term of imprisonment of 18 months in the Clinton County Prison, and pay a fine of $500.00. The applicant was paroled from the Clinton County Prison on July 18, 1939, and discharged from parole on December 11, 1940.

The trial judge, the Honorable Harry M. Rimer, Judge, in a communication to the Board of Pardons has stated: ". . . I was unable to attend the hearing which resulted in his parole but recommended it and now heartily recommend the granting of this present application." B. L. Haag, Esquire, present district attorney, in a communication to the Board of Pardons has advised the Board: ". . . I have no objection to make to this application and feel that this defendant should be granted a pardon." Associate Judge Dunn of Clinton County, appeared before the Board of Pardons and stated that he was appearing with the knowledge and approval of the president judge of Clinton County and that the Court recommended the granting of the pardon and the remission of the fine. There is on file with the Board of Pardons a letter from the Clinton County Commissioners stating: ". . . It is their opinion that in view of the order of the Court paroling him, they have nothing further to do with collecting the fine and have no objections to the granting of a pardon to Mr. Miller."

The Board of Pardons after due consideration of all of the facts in this case are of the opinion that the petitioner has been sufficiently punished and that his application merits favorable consideration. The Board, therefore, recommends that a full and complete pardon be granted to the applicant and that the fine be remitted.

BOARD OF PARDONS

In re applicaion of Charles Mitnick, No. 5091, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Charles Mitnick, convicted of larceny, receiving stolen goods, entering with intent to commit a felony in the Court of Quarter Sessions of Philadelphia County, on June 23, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on June 23, 1930 to Bills of Indictments Nos. 730 to 736 inclusive, June Sessions, 1930, charging larceny, receiving stolen goods, entering railroad cars with intent to commit a felony, and was placed on probation by the Honorable Harry S. McDevitt, Judge, for a period of 20 years.

An examination of the criminal history in this case shows that the petitioner was sentenced on February 14, 1906 on Bill No. 195 February Sessions, 1906 to the Pennsylvania Industrial School for an indeterminate term for the crime of breaking and entering.

The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons has stated: ". . . I placed this man on probation for twenty years in 1930. The extenuating circumstances were such that I felt then that a long probation would probably keep him straight, and up to the present time it has had that effect. Prior thereto he had been arrested on two occasions for larceny and breaking and entering, and if the probation keeps him on the straight and narrow path, I see no reason for changing it." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the only point to be considered was whether the petitioner had served a sufficient length of time on parole. If the Board was of the opinion that he had served enough time, the district attorney's office would enter no objection. A letter was filed with the Board of Pardons by the Chief Probation Officer of the Philadelphia County Courts in which it is stated that the petitioner has complied with all of his requirements of his probation.

The petitioner is now engaged in the tailoring business. He is married and is the father of four children. He desires to have the conviction removed from his record, which will in part remove the stigma of the crimes from himself and the names of his dependents.

The Board of Pardons after considering all of the facts is of the opinion that he has fully rehabilitated himself, and the Board, therefore, recommends the granting of this petition.

In re application of Lawrence Albert Peters, No. 5149, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Lawrence Albert Peters, convicted of assault and battery in the Court of Quarter Sessions and General Jail Delivery of Allegheny County, on March 22, 1920, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Allegheny County on March 22, 1920 to Bill of Indictment No. 597 May Session, 1919, charging assault and battery, and was thereupon sentenced by the Honorable Haymaker, Judge, to pay a fine of $25.00, the costs of prosecution and placed on probation for a period of six months.

The trial judge is now deceased. The Honorable Ambrose B. Reid, President Judge, failed to reply to a communication addressed to him by the Board of Pardons in this matter. Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of this petition.

The petitioner has been employed as a police officer by the Baltimore and Ohio Railroad Company, in the City of Pittsburgh, Pennsylvania, for a period of eighteen years. He bears an excellent reputation in his community and is known as an upright, honest, self-respecting law- abiding citizen. The petitioner is desirous of obtaining a pardon, which will clear his record of the only offence committed during his lifetime. The granting of a pardon will assist him materially in his advancement.

The Board of Pardons is of the opinion that the petitioner has fully rehabilitated himself, and that the petition merits consideration, and for this reason, the Board, recommends a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Clarence A. Resh, B-6525, D-3275, No. 4862, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clarence A. Resh, convicted of larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Lancaster County on July 15, 1938 to be computed from July 2, 1938, be commuted from 3 years to 2 years and 8 months, expiring on March 2, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lancaster County to Bills of Indictments Nos. 43 and 45 June Sessions, 1938, and was on July 15, 1938 sentenced by the Honorable Benjamin R. Atlee, to a term of imprisonment of not less than 1½ years nor more than 3 years on each bill. Sentences to run consecutively making a total of 3 to 6 years in the Eastern State Penitentiary. Sentence to be computed from July 2, 1938.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: ". . . This inmate was transferred to Rockview on January 12, 1939. The authorities of that institution report that his record there is satisfactory. He has consistently maintained a cooperative attitude and he associates with a better type of inmate. He is employed as a clerk in the main office and is considered to be a good worker. He has attempted to improve himself by attending school in sign painting and earned his diploma. Rockview authorities state that they would probably recommend if he were being considered for parole." The present judge, the Honorable Oliver S. Schaeffer, in a communication to the Board of Pardons has stated: ". . . Inasmuch as his minimum term expires in July of this year, it seems that this party should wait until that time to be released on probation." The present district attorney, Karl L. Shirk, Esquire, appeared before the Board and stated that there was some merit to the application submitted by the petitioner, that he has already served two years and seven months of a three years' sentence and for which reason his office made no objection to the granting of the petition. A parole plan has been obtained which provides adequate sponsorship. Mr. Melvin Weirich, residing at 45 Brown Street, Middletown, Pennsylvania, has arranged to cooperate in rehabilitation and supervision to the application. He will find employment for the petitioner if he is released on parole.

The Board of Pardons after a review of all the facts is of the opinion that the petitioner has been sufficiently punished, and he will, if released, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the minimum sentence as imposed be commuted to a minimum term of 2 years and 8 months, expiring on March 2, 1941, and to remain on parole until July 2, 1944.

BOARD OF PARDONS

In re application of Henry Vincent Williams, D-2729, No. 4868, January Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Henry Vincent Williams, convicted of larceny, receiving stolen goods, felonious entry in the Court of Oyer and Terminer and Quarter Sessions of York County on December 13, 1937 be commuted from 4 years to 3 years and 3 months expiring on March 13, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of York County on December 13, 1937, to Bill of Indictment No. 68 October Sessions, 1937, charging larceny, receiving stolen goods, felonious entry, and was thereupon sentenced to a term of imprisonment of not less than 3 years nor more than 6 years on Bill No. 68 (first and second count), and to a term of not less than 1 year nor more than 2 years on Bill No. 68 (third Count), in the Eastern State Penitentiary by the Honorable Henry C. Niles Judge.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: ". . . This man's record in the Eastern State Penitentiary was satisfactory, he attended school for a period of 14 months, studied advertising, completed the course and received his International Correspondence School diploma. He was transferred to the York County Prison on August 3, 1939 and the officials of that institution report that his record is satisfactory. He has a very cooperative attitude and associates with a better type of inmate. He is employed as a clerk in the Warden's office and is considered to be a trusted worker. The Warden of the York County Prison states that he deserves consideration. The trial judge, the Honorable Henry C. Niles, is now deceased. The president judge of York County has advised the Board: ". . . If the Board feels that the defendant has really reformed I would place no opposition to leniency but his previous record of course is not good." The present district attorney had advised the Board he has no objection to the granting of clemency.

The Board of Pardons after reviewing all of the facts is of the opinion that the petitioner has been sufficiently punished, and he will, if released on parole, became a self-respecting law-abiding citizen. A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when he is released.

The Board, therefore, recommends that the minimum sentence as imposed by the Court be commuted to a minimum term of 3 years and 3 months, expiring on March 13, 1941, and that the applicant remain on parole until December 13, 1945.

BOARD OF PARDONS

In re application of Martin Stanley Antczak, B-2675, No. 2566, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Martin Stanley Antczak, convicted of robbery, receiving stolen goods, in the Oyer and Terminer Court of Allegheny County, on May 21, 1931, be commuted on Bill No. 14 from a maximum term of 10 years to a maximum term of 9 years and 9 months, expiring on February 21, 1941; on Bill No. 15 from a minimum term of 5 years to a minimum term of 1 day, expiring on February 22, 1941; and on Bill No. 16 from a minimum term of 10 years to a minimum term of 1 day, expiring on February 23, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded not guilty in the Courts of Allegheny County on Bills of Indictments Nos. 14, 15, and 16 March Sessions, 1931, charging robbery, receiving stolen goods. The jury returned a verdict of guilty and the applicant was thereupon sentenced on Bill No. 14 to a term of imprisonment of not less than 5 years nor more than 10 years; on Bill No. 15 to a term of imprisonment of not less than 5 years nor more than 10 years; and on Bill No. 16 to a term of imprisonment of not less than 10 years nor more than 20

years in the Western State Penitentiary. Sentences to be served consecutively

An examination of the record in this case shows that the applicant was arrested in the City of Pittsburgh in 1921 for which he was committed to the Allegheny County Workhouse for a period of 1 year. In San Bernardino, California on August 19, 1926 he was sentenced to pay a fine of $10. On August 19, 1927 he was charged with the crime of entering a building and was sentenced to 9 to 18 months in the Allegheny County Workhouse. He was arrested on two other occasions but was released.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) excellent institutional record (2) has made commendable progress in self-improvement (3) has served over 9½ years (4) sentences of both accomplices have been commuted." The trial judge, the Honorable Charles M. Culver, in a communication to the Board has stated in part as follows: ". . . If I were satisfied he has actually reformed and would lead the life of a law-abiding citizen, I certainly would not oppose his pardon. Therefore, whatever action is taken by the Board, will be satisfactory to me." Ralph T. Bell, Esquire, assistant district attorney, in a communication to the Board of Pardons has stated in part as follows: ". . . The matter of clemency is left to the discretion of your Honorable Pardon Board." A parole plan has been obtained which provides adequate sponsorship and bona fide employment to the petitioner, if, and when, he is released. The petitioner has been confined for a period of 9 years and 9 months, and the Board of Pardons, is of the opinion that, he will, if released on parole, become a self-respecting law-abiding citizen.

The Board, therefore, recommends the sentences of imprisonment be commuted to a maximum term of 9 years and 9 months, expiring on February 21, 1941 on Bill No. 14; on Bill No. 15 from a minimum term of 5 years to a minimum term of 1 day, expiring on February 22, 1941; and on Bill No. 16 from a minimum term of 10 years to a minimum term of 1 day expiring on February 23, 1941 and to remain on parole until February 23, 1961.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Lionel Francis Ayers, No. 5159A, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that Lionel Francis Ayers, convicted of burglary and larceny in the Court of Oyer and Terminer of Bradford County, on October 3, 1932, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded in the Courts of Bradford County on October 3, 1932 to Bills of Indictments Nos. 10 and 11 September Term, 1932, charging burglary and larceny, and was thereupon sentenced by the Honorable Charles M. Culver, to a term of imprisonment in the Eastern State Penitentiary of not less than 2½ years nor more than 5 years on Bill No. 10, and to a term of imprisonment of not less than 1 year nor more than 5 years on Bill No. 11. Sentences to run consecutively.

The petitioner was received in the Eastern State Penitentiary on October 4, 1932, and was confined therein until May 28, 1936, on which date he was released on parole.

The trial district attorney, William M. Rosenfield, Esquire, is no longer in office. The present district attorney, Edwin P. Young, Esquire in a communication addressed to the Board of Pardons under date of January 20, 1941, advises that the district attorney's office has no objection to the granting of the petition. The trial judge, the Honorable Charles M. Culver, advises the Board of Pardons under date of January 21, 1941, that he knew of no reason why a pardon should be granted. The Supervisor of Paroles has expressed no objection to the granting of this petition. The applicant has been on parole for approximately four years and nine months. During his entire parole period he has complied in every way with the requirements and restrictions placed upon him by the Board of Pardons. He has been steadily employed, and has become a self-respecting law-abiding citizen in the community in which he now resides.

The Board of Pardons, after a careful review of all of the facts and circumstances in this case, are of the opinion that the petitioner has been fully rehabilitated, and that the granting of the pardon will materially assist him in obtaining employment, where he will be more fully compensated for his labor, and the Board, therefore, recommends that a full and complete pardon be granted.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,

BOARD OF PARDONS

In re application of William Belecki, No. 5168, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Belecki, convicted of breaking and entering, larceny in the Court of Oyer and Terminer and Quarter Sessions of Erie County, on September 15, 1927, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Erie County on September 15, 1927 to Bill of Indictment No. 9 September Sessions, 1927, charging breaking and entering and larceny, and was committed by the Honorable U. P. Rossiter, Judge, to the Pennsylvania Industrial School. The petitioner was received at the Industrial School on September 17, 1927, where he was confined until October 1, 1928, on which date he was released on parole.

The trial judge, the Honorable U. P. Rossiter, is now deceased. The Honorable William E. Hirt, former president judge of Erie County, has expressed no objection to the granting of this petition. The present district attorney, Burton R. Laub, Esquire, expressed no objection to the granting of this prayer.

The applicant is a son of immigrant parentage. He entered the United States with his parents when he was at a tender age and now desires to become a citizen of the United States. He is married and is the father of two children. He has been steadily employed. Letters on file in the office of the Board of Pardons from the General Electric Company of Schenectady, New York signed by Mr. R. C. Reed, Supervisor, and from Monsignor L. A. McBride, Pastor of St. Ann's Church, Erie, Pennsylvania, and from Mr. A. M. Kunz, Deputy Prothonotary of Erie, Pennsylvania, attesting to the applicant's reputation.

The Board of Pardons, after a review of all of the facts, are of the opinion that the petitioner has completely rehabilitated himself, and that he will become involved in no further difficulties with the law. Because of the conviction, which remains on the petitioner's record, he cannot, under the present Naturalization Acts be admitted to citizenship, and for that reason he seeks a full and complete pardon. The granting of the pardon will materially aid the petitioner and may at a later date assist him in obtaining employment, which will be more profitable in its nature, and likewise, permit him to take care of his dependents more adequately. The Board, therefore, recommends that a full and complete pardon be granted.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR

The above recommendation is approved:

BOARD OF PARDONS

In re application of Fred Davis, D-4767, No. 5183, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Fred Davis, convicted of larceny, receiving stolen goods in the Court of Oyer and Terminer and Quarter sessions of Philadelphia County, on March 16, 1940 to be commuted from 1½ years computed from February 1, 1940 to 1 year, 1 month expiring on March 1, 1941.

Our reasons for making this recommendation are as follows:

The applicant for a commutation of sentence was convicted in the Courts of Philadelphia County on March 16, 1940 on Bill of Indictment No. 753 January Term, 1940, charging larceny, receiving stolen goods, and was sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 1½ years nor more than 3 years. Sentence to be computed from February 1, 1940.

The examination of the petition indicates that the applicant was in no difficulties with the law prior to the offense which he is now serving sentence.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons stated that his institutional record is satisfactory. The Honorable Harry S. McDevitt, trial judge, in a communication addressed to the Board of Pardons under date of February 3, 1941 stated in part as follows: "* * * I think I was exceedingly lenient in my sentence, but if you see fit to reduce it I have no objection to any action you take." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that the applicant has no prior record and that he was involved in no other larcenies and that the present case involved the larceny of a suit of clothes and that his office was satisfied to leave the entire matter in the hands of the Board of Pardons. A parole plan has been obtained which provides bona fide employment and adequate sponsorship to the petitioner, if and when released. The applicant has been confined for a period of about thirteen months, and the Board of Pardons is of the opinion that he has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen, and will make every effort to rehabilitate himself. The Board, therefore, recommends that the sentence of confinement be commuted in the following manner: from the minimum term of 18 months to a minimum term of 13 months—a period of 1 year and 1 month, expiring on March 1, 1941 and to remain on parole until February 1, 1943.

BOARD OF PARDONS

In re application of Paul S. Demeter, No. 5184, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Paul S. Demeter, convicted of breaking and entering in the Court of Quarter Sessions of Chester County, on January 28, 1932 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Chester County, charging breaking and entering, and was on January 28, 1932 sentenced to a term of imprisonment of not less than six months nor more than one year in the Eastern State Penitentiary.

The applicant was received at the penitentiary on January 28, 1932, and was continuously confind therein until July 28, 1932, on which date he was released on parole. The petitioner complied with all of the restrictions imposed upon him by the Board of Pardons, and was therefore discharged from parole on January 28, 1932. The applicant, since his release has been continuously employed. He is married and is a father of a child, aged two years. The applicant, after his release from the penitentiary, although employed daily, entered night school in order to further his academic education. He has completed his course and is eligible to take an examination for a master's plumbers certificate.

An examination of his record indicates that the petitioner was in no trouble prior to the offense which resulted in his conviction and from which he now seeks relief.

The trial judge, the Honorable W. Butler Windle, in a communication addressed to the Board of Pardons under date of January 21, 1941 stated that he had no objection to the granting of the petition. The present district attorney, Thomas C. Gawthrop, Esquire, in a communication to the Board of Pardons under date of January 28, 1941 advises that his office had no objection to the granting of the

petition. The Supervisor of Paroles had advised the Board of Pardons he had no objection to the granting of the petition.

The Board, after a careful review of all of the facts, are of the opinion that the petitioner has been fully rehabilitated, and that he now has become a self-respecting law-abiding citizen in the community in which he resides. The Board, is of a further opinion, that the granting of the petition will materially assist the applicant in obtaining employment, which will permit him to more adequately support his dependents. The Board, therefore, recommends that a full and complete pardon be granted.

BOARD OF PARDONS

In re application of William Peter Divello, No. 5170, February Session, 1941

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Peter Divello, convicted of larceny of an automobile and receiving stolen goods in the Court of Oyer and Terminer of Montgomery County, on September 18, 1929; and convicted of operating an automobile without consent of owner in the Court of Quarter Sessions of Delaware County on January 24, 1930 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Montgomery County on September 18, 1929 to Bill of Indictment No. 229 September Term, 1929, charging larceny of an automobile and receiving solen goods and was sentenced to pay a fine of two hundred ($200) dollars and placed on probation for a period of three months. On January 24, 1930, he entered a plea of guilty in Delaware County on Bill of Indictment No. 99 March Sessions, 1930, charging operating an automobile without consent of owner and was thereupon committed to the Pennsylvania Industrial School. On Bill No. 100 March Sessions, 1930, charging operation of automobile without consent of owner. Sentence was suspended. He was received at the Pennsylvania Industrial School on February 16, 1930, where he was confined therein until February 14, 1931.

The trial judge, the Honorable Harold G. Knight, in a communication addressed to the Board of Pardons under date of January 21, 1941 stated in part: "* * * If the young man has gone straight for six years, I am of the opinion that a pardon should be given him." Arthur W. Bean, Esquire, assistant district attorney, in a communication addressed to the Board of Pardons under date of January 23, 1941, advised that the district attorney's office opposed the granting of the petition.

The petitioner is married and resides with his wife in the City of Philadelphia. He has been steadily employed, and his record indicates that he has been in no difficulties with the law since his release from the Pennsylvania Industrial School. The petitioner recently took a Civil Service Examination for an appointment to the Philadelphia Fire Department. He successfully passed his examination and is now listed as No. 256 on the list of those eligible for appointment, and because of a Civil Service ruling, the petitioner cannot be appointed because of the conviction from which he now seeks relief.

The Board of Pardons, after a review of all of the facts, is of the opinion that the petitioner has been completely rehabilitated, and that he is now a self-respecting law-abiding citizen. The Board, therefore, is of the further opinion, that a full and complete pardon should be granted in order that this applicant can receive an appointment as a fireman in the City of Philadelphia, which will materially assist him in more adequately taking care of the needs of his family, and therefore, recommends the granting of a full and complete pardon.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Earl Bowman Long, B-7018, No. 4940, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Earl Bowman Long, convicted of statutory rape, accessory before the fact in abortion in the Court of Oyer and Terminer of Somerset County, on December 9, 1939, to be commuted from 2½ years be computed from July 26, 1939 to 1 year and 7 months, expiring on February 26, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Somerset County on Bill of Indictment No. 10 September Term, 1939, charging statutory rape, and was thereupon sentenced by the Honorable Norman T. Boose, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 2½ years nor more than 5 years. Sentence to be computed from July 26, 1939. He was also convicted on Bill No. 9 September Term, 1939, charging accessory before the fact in abortion, and was thereupon sentenced by the Honorable Norman T. Boose, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 1½ years nor more than 3 years. This sentence to be computed from July 26, 1939 and to run concurrently with the sentence imposed on December 9, 1939.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated: "* * * If this inmate were eligible for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record (3) cooperative inmate." The trial judge, the Honorable Norman T. Boose, in a communication to the Board of Pardons has stated in part as follows: "* * * It is my belief that he should be required to serve the minimum sentence in each case." The trial district attorney, Archibald M. Matthews, Esquire, in a communication to the Board of Pardons under date of January 2, 1941 has stated in part as follows: "* * * We also feel from investigation that we have made, that such action by your Board would meet with the general ap-

proval of the community, in as much as it is generally believed that Mr. Long has been sufficiently punished for his offense."

An examination of the record shows that the petitioner was never before involved in any criminal offenses. A parole plan has been obtained which provides adequate sponsorship and bona fide employment for the petitioner, if, and when, he is released on parole.

The petitioner has been confined for 1 year and 7 months and the Board of Pardons is of the opinion that he has been sufficiently punished, and he will, if released on parole, become a self-respecting law-abiding citizen.

The Board, therefore, recommends that the minimum sentence on Bill No. 10 September Term, 1939 be commuted to a minimum term of 1 year and 7 months, expiring on February 26, 1941. The minimum sentence on Bill No. 9 September Term, 1939, has already expired. The applicant, is therefore, eligible to apply to the Board of Trustees for release on parole for this sentence. Applicant will remain on parole until July 26, 1944.

BOARD OF PARDONS

In re application of Raymond Lyons, B-1612, No. 2189, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Raymond Lyons, convicted of robbery, in the Oyer and Terminer Court of Allegheny, on September 27, 1929, be commuted on Bill No. 14 from a maximum term of 4 years to a maximum term of 3 years and 5 months, expiring on February 27, 1941; on Bill No. 15 from a minimum term of 2 years to a minimum term of 1 day, expiring on February 28, 1941; on Bill No. 17 from a minimum term of 2 years to a minimum term of 1 day, expiring on March 1, 1941; on Bill No. 18 from a minimum term of 2 years to a minimum term of 1 day, expiring on March 2, 1941; on Bill No. 27 from a minimum term of 3 years to a minimum term of 1 day, expiring on March 3, 1941; and on Bill No. 28 from a minimum term of 3 years to a minimum term of 1 day, expiring on March 4, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Allegheny County to Bills of Indictments Nos. 12, 13, 14, 15, 17, 18, 27, and 28 September Term, 1929, charging robbery, and was thereupon sentenced by the Honorable Harry H. Rowand, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 2 years nor more than 4 years on Bill No. 12; on Bill No. 13 for not less than 2 years nor more than 4 years; on Bill No. 15 for not less than 2 years nor more than 4 years; on Bill No. 17 for not less than 2 years nor more than 4 years; on Bill No. 18 for not less than 2 years nor more than 4 years; on Bill No. 27 for not less than 3 years nor more than 6 years; and on Bill No. 28 for not less than 3 years nor more than 6 years. Sentences to be served consecutively.

An examination of the record of the petitioner shows that he was convicted on one occasion of the charge of robbery, for which he served a sentence of 5 months in the Allegheny County Workhouse. He also served a term of 1 year in the Western State Penitentiary, for the crime of larceny, prior to the offenses which resulted in his present sentence.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated: "* * * If this inmate were eligible for parole, we would probably conditionally recommend for parole subject to favorable parole plan (1) has served almost 11½ fears (2) good institutional record." The trial judge, the Honorable Harry H. Rowand, made no reply to a communication addressed to him by the Board of Pardons. Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board and stated that the district attorney's office felt that the matter was one for the Board to decide; that the petitioner had served almost 12 years and that the sentences of imprisonment in this case covered a series of crimes committed within a short period of time. A satisfactory parole program has not as yet been obtained in this case.

The Board of Pardons, after a review of all of the facts, is of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the sentences of confinement be commuted in the following manner: on Bill No. 14 from a maximum term of 4 years to a maximum term of 3 years and 5 months, expiring on February 27, 1941; on Bill No. 15 from a minimum term of 2 years to a minimum term of 1 day, expiring on February 28, 1941; on Bill No. 17 from a minimum term of 2 years to a minimum term of 1 day, expiring on March 1, 1941; on Bill No. 18 from a minimum term of 2 years to a minimum term of 1 day, expiring on March 2, 1941; on Bill No. 27 from a minimum term of 3 years to a minimum term of 1 day, expiring on March 3, 1941; and on Bill No. 28 from a minimum term of 3 years to a minimum term of 1 day, expiring on March 4, 1941, and to remain on parole until March 4, 1947. (Subject to an approved parole plan within the State of West Virginia).

BOARD OF PARDONS

In re application of Milton Morris, C-6212, No. 4790, February Sessions, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Milton Morris, convicted of entering with intent to steal and larceny, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County on June 6, 1930, be commuted on Bill No. 237 from a minimum term of 5 years to a minimum term of 8 months and 22 days, expiring on February 28, 1941; on Bill No. 238 from a minimum term of 5 years to a minimum term of 1 day, expiring on March 1, 1941; and on Bill No. 239 from a minimum term of 5 years to a minimum term of 1 day, expiring on March 2, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on June 6, 1930, charging entering with intent to steal and larceny, and was thereupon sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 5 years nor more than 10 years on each Bill. Sentences to run consecutively.

An examination of the criminal record of the petitioner shows that he was convicted of offenses of burglary and was confined in the New Mexico State Prison. He was also confined in the Arizona State Prison prior to the sentence which he now is serving.

The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons, stated in part as follows: "* * * His prior record does not inspire much clemency, and if his excellent prison record of the last 10 years is worthy of any consideration, it might in your good judgment offset his prior conduct." The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons stated in part as follows: "* * * His prison conduct record has been excellent. He has maintained a good attitude and has co-operated with the prison officials. He studied a correspondence course in Ocean Navigation and earned his International Correspondence School diploma. He is employed in the office of the Superintendent of Prison Labor where his work and performance records have shown him to be trustworthy and efficient," James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that the question to be determined by the Board was whether Morris had been sufficiently rehabilitated to warrant his release. That he had been confined for a period of 11 years, that his prior criminal record was bad, but that, if the Board felt his application was worthy of consideration, the district attorney's office would interpose no objection. A parole plan has been obtained which provides adequate sponsorship. However, employment has not yet been obtained.

The Board of Pardons, after a review of all of the facts, is of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the sentences of imprisonment be commuted in the following manner: on Bill No. 237 from a minimum term of 5 years to a minimum term of 8 months and 22 days, expiring on February 28, 1941; on Bill No. 238 from a minimum term of 5 years to a minimum term of 1 day, expiring on March 1, 1941; and on Bill No. 239 from a minimum term of 5 years to a minimum term of 1 day, expiring on March 2, 1941 and to remain on parole until March 2, 1951.

BOARD OF PARDONS

In re application of Edward Nicholas, C-7659, No. 3324, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Edward Nicholas, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on January 13, 1932, be commuted on Bill No. 428 from a minimum term of 10 years to a minimum term of 4 years and 2 months, expiring on March 13, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on January 13, 1932, to Bills of Indictments Nos. 427 and 428 January Term, 1932, charging robbery, being armed with an offensive weapon, and was thereupon sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 5 years nor more than 10 years on Bill No. 427, and for not less than 10 years nor more than 20 years on Bill No. 428. Sentences to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated as follows: "* * * He is of dull mentality and is somewhat effeminate. He has experienced difficulty with other inmates who have solicited him to commit sodomy. Considering all circumstances, his conduct has been generally good and he had made considerable effort to conuct himself properly. He was employed in the kitchen department until October 1940 and is now studying academic subjects in school and is making very good progress." The trial judge, the Honorable Harry S. McDevitt, in a communication addressed to the Board of Pardons has stated in part as follows: "* * * He is handicapped by his personality, and the only hope he ever has for going straight will be strict supervision and steady employment. I have no objection to any action you see fit to take." James W. Tracey, Jr., Esquire, assistant district attorney, appearing before the Board and stated that on first impulse the district attorney's office felt inclined to oppose his clemency, because of the brutality used in connection with the holdup, however, the petitioner has no prior criminal record, and if the Board is of the opinion that he is likely to go straight, and because of the length of time he has been confined, the district attorney's office would offer no objection to the granting of the petition. A parole plan has been obtained which provides adequate sponsorship and bona fide employment.

The petitioner in this case has been confined for approximately 9 years. The Board, is of the opinion, that he will, if released on parole, become a self-respecting law-abiding citizen, and therefore, recommends that the sentence of imprisonment be commuted in the following manner: On Bill No. 428 from a minimum term of 10 years to a minimum term of 4 years and 2 months, expiring on March 13, 1941, and to remain on parole until January 13, 1957. A parole was granted on Bill No. 427 on January 13, 1937 in order that the applicant could commence serving his sentence on Bill No. 428.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Stanley Ruzanski, C-6268, No. 5162, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Stanley Ruzanski, convicted of attempted entering with intent to steal and robbery, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on June 23, 1930; and of riotous destruction of buildings, in the Oyer and Terminer and Quarter Sessions Court of Montgomery County, on September 19, 1934, be commuted on Bill No. 1253 June Sessions 1930, from a minimum term of 2½ years to a minimum term of 1 year and 2 months, expiring on March 15, 1941; and on Bill No. 241-1 June Term, 1934, from a minimum term of 2 years to a minimum term of 1 day, expiring on March 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Philadelphia County on June 23, 1930, on Bills of Indictments Nos. 1255 and 1253 June Term, 1930, charging attempted entering with intent to steal and robbery, and was thereupon sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 2½ years nor more than 10 years on Bill No. 1255, and to a term of imprisonment of not less than 2½ years nor more than 5 years on Bill No. 1253. Sentences to run consecutively. On September 19, 1934, the applicant pleaded guilty in the Courts of Montgomery County on Bill of Indictment No. 241-1 June Term, 1934, charging riotous destruction of buildings, and was thereupon sentenced by the Honorable George C. Corson, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 2 years nor more than 4 years. This sentence to commence upon the expiration of sentence imposed on June 23, 1930 in the Courts of Philadelphia County.

The Board of Trustees of the Eastern State Penitentiary in a report submited to the Board of Pardons states in part as follows: " . . . With the exception of his misconduct at Graterford, his record has been satisfactory. He is now employed in the laboratory in the Medical Department where he has rendered valuable and trustworthy service. He has shown efforts to self-improvement by earning a diploma in bookkeeping and business forms from International Correspondence School and also did excellent work on a course in drafting and one in navigation." The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons under date of February 3, 1941 stated in part as follows: " . . . He is employed in the medical laboratory and has proven a dependent and trustworthy assistant. I am inclined to think he has been sufficiently punished and that he is entitled to consideration." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that no weapons were used during the perpetration of the crimes, for which the applicant is serving a sentence, that he has completed the minimum sentence imposed in Philadelphia County, and that the matter was one for the Board of Pardons to decide. The Honorable George C. Corson made no reply to a communication addressed to him by the Board of Pardons nor did the district attorney in this matter.

The petitioner has been confined for a period of 10 years and 8 months and the Board of Pardons is of the opinion that he has been sufficiently punished, and will, if released on parole, become a self-respecting law-abiding citizen. No parole plan has been obtained in this case.

The petitioner was paroled on Bill No. 1255 on January 15, 1940, after completion of 9 years, 6 months and 22 days of his sentence and is now serving sentence imposed on Bill No. 1253.

The Board of Pardons, after a review of all of the facts, recommends that the minimum sentences of imprisonment be computed in the following manner: On Bill No. 1253 from a minimum of 2½ years to a minimum term of 1 year and 2 months, expiring on March 15, 1941; and on Bill No. 241-1 June Term, 1934, from a minimum term of 2 years to a minimum term of 1 day, expiring on March 16, 1941, and to remain on parole until March 16, 1945.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Tony Stoykiewicz, No. 5182, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Tony Stoykiewicz, convicted of receiving stolen goods in the Court of Oyer and Terminer and Quarter Sessions of Northampton County, on September 16, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Northampton County on Bill of Indictment No. 221 June Term, 1930, charging receiving stolen goods and was on September 16, 1930, sentenced by the Honorable Stewart, Judge, to a term of imprisonment in the Northampton County Prison for a period of four months, where he remained until discharged by reason of expiration of sentence.

The trial judge is now deceased. The Honorable William G. Barthold, president judge, in a communication addressed to the Board of Pardons stated in part as follows: " . . . Since his release from jail, applicant has apparently been out of our jurisdiction and as a consequence, I am without any information as to what his conduct has been since that time. Under the circumstances I do not have sufficient facts to pass upon the merits of his application." The present district attorney, Henry K. Van Sickle, Esquire, made no reply to a communication addressed to him by the Board of Pardons in this matter.

The offense to which applicant pleaded guilty involves the taking of a quantity of brass to a junk yard in Wilsonboro, Pennsylvania, where it was sold. The proceeds of the sale being delivered to the thief, one Marion Zakrezewski. The petitioner did not profit because of the commission of the crime. The petitioner is married and resides with his wife and daughter in Brooklyn, New York. He has been steadily employed since his release from the Northampton County Prison. The examination of his record indicates he has been involved in no other difficulties with the law. The petitioner was born in Austria and was brought to the United States by his parents when a child. He now desires to become a citizen of the United States, in which country he has resided for the past twenty-seven years. Because of the conviction which remains on his record, he cannot be naturalized under the present Immigration Acts, and for this reason desires a pardon.

The Board of Pardons, after a review of all of the facts, is of the opinion that the petitioner was never criminally minded, and he has completely rehabilitated himself, and is now a self-respecting law-abiding citizen. The granting of a pardon will materially assist him in obtaining his citizenship and will be of assistance to him in obtaining more profitable employment, which will permit him to more adequately provide the means of support for himself

and his family. The Board, therefore, recommends the granting of a full and complete pardon.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Milton S. Wanner, C-7698, No. 1714, February Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Milton S. Wanner, convicted of felonious entry and larceny, in the Oyer and Terminer and Quarter Sessions Court of Lancaster County, on January 23, 1932, be commuted on Bill No. 16 from a minimum term of 4½ years to a minimum term of 1 month, expiring on February 23, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Lancaster County on January 23, 1932, on Bills of Indictments Nos. 7, 9, and 10 January Sessions, 1932, charging felonious entry and larceny, to a term of imprisonment in the Eastern State Penitentiary for not less than 18 years nor more than 36 years by the Honorable Benjamin C. Atlee, Judge. On March 27, 1940, the sentence was re-considered by the Court and sentence was imposed in the following manner: on Bill No. 13 not less than 4½ years nor more than 9½ years; on Bill No. 15 for not less than 4½ years nor more than 9½ years; and on Bill No. 16 for not less than 4½ years nor more than 9½ years in the Eastern State Penitentiary. Sentences to be served consecutively. Sentences to be computed from January 23, 1932.

The petitioner was granted parole on Bills Nos. 13 and 15 in order that he could commence service on Bill No. 16.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated: " . . . Subject's prison performance is satisfactory and he has taken every opportunity to use his limited abilities in a constructive manner." The trial judge, the Honorable Benjamin C. Atlee is now deceased. The president judge, the Honorable Oliver S. Schaeffer, in a communication to the Board of Pardons has stated in part: " . . . I am willing to let the Board use its own judgment and discretion in this matter." Karl L. Shirk, Esquire, present district attorney, in a communication to the Board of Pardons under date of January 30, 1941, stated: " . . . I don't think that for a second offender Wanner has a very good attitude, but his two accomplices have both been paroled and their record was as bad, if not worse, than Wanner's, so I do not oppose this commutation."

An examination of the record shows that the applicant on one occasion was committed to the Pennsylvania Industrial School for the crimes of felonious entry and larceny.

The Board of Pardons, after a review of all of the facts, is of the opinion that the applicant, will, if released on parole, become a self-respecting law-abiding citizen. A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when he is released on parole.

The Board, therefore, recommends that the minimum sentence of imprisonment be commuted on Bill No. 16 from a minimum term of 4½ years to a minimum term of 1 month, expiring on February 23, 1941, and to remain on parole until July 23, 1950.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of Edward Barker, C-8750, No. 3640, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Edward Barker, convicted of robbery, being armed with an offensive weapon, larceny and receiving stolen goods, in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County, on March 7, 1933, be commuted on Bill No. 1 March Term, 1933, from a minimum term of 10 years to a minimum term of 8 years and 1 month, expiring on April 7, 1941; and on Bill No. 2 March Term, 1933, from a minimum term of 5 years to a minimum term of 1 day, expiring on April 8, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on March 7, 1933, to Bills of Indictments Nos. 1 to 18 inclusive, March Term, and to Bill of Indictment No. 1071 March Term, 1933, charging robbery, being armed with an offensive weapon, larceny, receiving stolen goods, and was thereupon sentenced to a term of imprisonment on Bill No. 1 March Term, 1933, of not less than 10 years nor more than 20 years in the Eastern State Penitentiary, and on Bill No. 2 March Term, 1933, to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary. Sentences to be served consecutively. On Bill No. 1071 March Term, 1933, to a term of imprisonment of not less than 1½ years nor more than 3 years in the Eastern State Penitentiary, this sentence to run concurrently with sentence imposed on Bill No. 1 March Term, 1933. The Honorable Howard A. Davis, Judge, imposed sentences to Bills of Indictments Nos. 1 and 2; and the Honorable Frank Smith, Judge, imposed sentence to Bill No. 1071.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated in part as follows: " . . . During the 7 years and 11 months that this man has been in this institution, he has maintained a good record. He was formerly employed in the Weave Shop at Graterford and while there learned the trade of loom fixer. He is now employed in the knit shop at the Philadelphia institution. He has maintained a constructive attitude and he associates with very few of the inmates." The trial judge, the Honorable Frank Smith, in a communication to the Board of Pardons has stated in part as follows: " . . . I do not know whether the time is opportune for him to be released from prison or not. He has been in prison now about 8 years of his 15 year minimum. He was 19 years of age when he went to prison and I am not at all hopeful about him. However, I am willing to abide by the Judgment of the Pardon Board."

The trial judge, the Honorable Howard A. Davis, in a communication to the Board of Pardons has stated in part as follows: " . . . I have no comment to make and leave the matter entirely to the discretion of your Honorable Board after a careful inquiry into the facts of the case and the past reputation of the defendant." A subsequent letter has stated Judge Davis' attitude as follows: " . . . From all I learn about this young man, I believe that it would be a good risk to commute his sentence and give him an opportunity to make good." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the petitioner was the youngest of the group and that he had no prior criminal history and that the district attorney's office had no objection to the granting of clemency.

An examination of the record shows that he was in no difficulties prior to the commission of the offenses which resulted in the present incarceration. A parole plan has been obtained which provides the petitioner with adequate sponsorship and bona fide employment, if and when he is released.

The Board, after reviewing all of the facts, are of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the minimum sentences of imprisonment on Bill No. 1 March Term, 1933, be commuted from a minimum term of 10 years to a minimum term of 8 years and 1 month, expiring on April 7, 1941; and on Bill No. 2 March Term, 1933, from a minimum term of 5 years to a minimum term of 1 day, expiring on April 8, 1941, and that the applicant remain on parole until March 7, 1933. The sentence imposed on Bill No. 1071 March Term, 1933, has already expired.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Donald William Cox, B-2750, No. 1827, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Donald William Cox, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on June 22, 1931 be commuted from 10 years to 9 years, 10 months and 16 days expiring on May 8, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on June 22, 1931, on Bill of Indictment No. 11 June Term, 1931, and was thereupon sentenced by the Honorable Ambrose B. Reid, Judge, for the crime of robbery to a term of imprisonment in the Western State Penitentiary of not less than 10 years nor more than 20 years.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated: " . . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) good institutional record (2) attitude has improved considerably (3) has served 9 years 9 months." An examination of the criminal record of the petitioner shows that he was arrested on five occasions prior to the offense which resulted in the applicant's present incarceration. On May 12, 1923, he was committed to the Pennsylvania Industrial School for an indeterminate term for the crimes of larceny, receiving stolen goods. On June 28, 1926, a sentence of thirty days in the County Prison was imposed by the Courts of Allegheny County for larceny of automobile. All the other arrests resulted in a dismissal of the charges by a magistrate.

The Honorable Ambrose B. Reid, trial judge, in a communication to the Board of Pardons has stated: " . . . I know of nothing to offer in this matter." Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board and stated that the district attorney's office had no objection to the granting of the communtation if it was to include the period of time the applicant was incarcerated awaiting trial. The record shows that the petitioner was placed under arrest on May 8, 1931, and that he was committed to the county prison in default of bail.

The Board of Pardons having in mind the Act of Assembly, approved April 1937, is of the opinion that the petitioner should be credited with the time spent in the county prison as applying against his sentence, and therefore, recommends that the minimum term be commuted to 9 years, 10 months and 16 days, expiring on May 8, 1941, and to remain on parole until June 22, 1951. A suitable parole plan in this case, which ensures adequate sponsorship and bona fide employment to the petitioner, if and when he is released on parole.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Christy Dinicco, No. 5190, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Christy Dinicco, convicted of murder of the second degree in the Court of Oyer and Terminer of Carbon County, on June 15, 1917, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Carbon County on June 15, 1917, to Bills of Indictments Nos. 2 and 9 June Sessions, 1917, charging murder, and was thereupon sentenced to a term of not less than 13 years nor more than 18 years in the Eastern State Penitentiary by the Honorable Laird H. Barber, Judge. The degree of murder being fixed at second degree. June 12, 1925, he was transferred to the Western State Penitentiary.

The petitioner was released on parole from the Western State Penitentiary on June 15, 1930, and received his final discharge on June 15, 1935. During the period that he was under parole he faithfully complied with all the rules and restrictions of the Board of Pardons governing the supervision of paroled prisoners. The present district attorney of Carbon County in a communication addressed to him by the Board of Pardons has stated: "* * * Kindly be advised that our court records merely indicate the term, number and sentence of the above. The parties that may

have information on the questions desired are not available. However, I know no reason why a pardon should not be granted." The president judge of Carbon County the Honorable James C. McCready, in a communication addressed to the Board of Pardons has stated: "* * * I am unable to say whether the facts as set forth in enclosed application are correct. One of the counsel is deceased, and the other members of counsel are not available to secure the information requested." During the time that the petitioner has been at liberty he has been employd by the American Swiss File and Tool Company, Elizabeth, New Jersey. P. F. Reichhelm, President of the Company has advised the Board that the petitioner has served his employer faithfully. He has been in the employment of the Company before he became involved in the difficulties which sent him to the penitentiary and he has been employed since the time of his release.

The petitioner is a former member of the United States Army which he entered in 1911 and from which he received his honorable discharge in 1914. The petitioner is desirous of becoming a citizen of the United States, from which he is barred because of the conviction which remains on his record.

The Board, after considering all of the facts, are of the opinion that the petitioner has been fully rehabilitated, and further, that he has served the Government of the United States faithfully, and that he should now be permitted to become a citizen of the United States, from which country he has resided since 1907. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner. The Supervisor of Paroles has no objection to the granting of clemency.

Respectfully submitted.

BOARD OF PARDONS

In re application of William Foglia, No. 5211, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William Foglia, convicted of illegal lottery in the Court of Quarter Sessions of Philadelphia County, on November 30, 1934, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Philadelphia County to Bill of Indictment No. 681 December Term, 1933, charging illegal lottery, and was thereupon sentenced to pay a fine of $25, costs of prosecution, and placed on probation for a period of two years by the Honorable George G. Parry, Judge.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office left this matter entirely in the hands of the Board of Pardons. The trial judge, the Honorable George G. Parry, in a communication addressed to him by the Board of Pardons has stated in part as follows: "* * * The averments seem to be reasonable but at this time the Court cannot and will not recommend a pardon because the Judge is of the opinion that all foreigners should not be employed in Arsenals or Navy Yards in this country; however, he leaves the matter entirely to your Honorable Board to make any decision you see fit."

The petitioner is a resident of the City of Philadelphia. He is now employed as a foreman on a W. P. A. project. His record indicates that he has been constantly employed. During the month of June 1927 he was placed under arrest in the City of Philadelphia, charging aggravated assault and battery, however, the Bill of Indictment was nolle pros. The applicant is desirous of taking an examination under Civil Service for employment in the Philadelphia Navy Yards. Because of the conviction which stands on his record, he is prohibited by the Civil Service regulation from competing.

The Board, is of the opinion that he has been fully rehabilitated, and further, that a pardon will in part remove the stigma of the conviction and will materially aid him in gaining lucrative employment, which will permit him to provide more adequately for his wife and dependent children. The Board, therefore, recommends that a full and complete pardon be granted.

BOARD OF PARDONS

In re application of Howard A. Hunter, No. 4834, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Howard A. Hunter, convicted of 1st count—embezzlement; 2nd count—misbehavior in office in the Court of Quarter Sessions of Beaver County, on July 8, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Beaver County on July 8, 1939, to Bills of Indictments Nos. 146, 149, and 153 June Sessions, 1939, charging—first count—embezzlement; second count—misbehavior in office, to which sentence was suspended by the Honorable Frank E. Reader, Judge. In addition, he entered a plea of guilty to Bills of Indictments Nos. 147, 150, 152, and 154 June Sessions, 1939, charging false pretense and conspiracy, and plead not guilty to Bill of Indictment No. 151 June Sessions, 1939. The sentence of the Court was a general sentence of four months to the Allegheny County Workhouse, upon payment of fine and costs of $656.15 and restitution of $1349.64. Fine and costs were paid and restitution made.

The trial judge, the Honorable Frank E. Reader, in a communication to the Board of Pardons dated February 25, 1941, stated in part as follows: "* * * In reply to your communication enclosing the application of Howard A. Hunter for pardon we refer you to our letter of March 19, 1940. Mr. Hunter had pending at that time an application for pardon. We understood at the time that it covered all of the indictments against him in this county. From the present application it seems that the Board acted with reference to certain of the indictments only. What we said in our letter of March 19, 1940, we think will cover

our attitude with reference to the present application. We think the pardon now applied for may properly be granted." The trial district attorney, Robert E. McCreary Esquire, in a communication to the Board dated February 26, 1941, stated in part as follows: "* * * We have no objection to the granting of a pardon to Mr. Hunter, as set forth in detail in our letter of March 19, 1940, addressed to J. Howard Manifold, Secretary, Board of Pardons, Harrisburg. We feel that the ends of justice will not be frustrated by the granting of this pardon." A favorable recommendation was made by the Board to the Governor, resulted in a pardon being granted to the applicant, which covered certain Bills of Indictments. The petition now submitted covers those Bills of Indictments which were inadvertently omitted from the prior application.

The Board, after a review of all of the facts, are of the opinion that the petitioner has been fully rehabilitated, and that the granting of this petition will remove the stigma of the conviction from his name and will materially aid in the furtherance of the business which he now conducts. The Board, therefore recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Antonio Nudi, B-4946, No. 3762 March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Antonio Nudi, convicted of voluntary manslaughter in the Court of Oyer and Terminer of Beaver County on March 25, 1936 be commuted from 6 years to 5 years and 1 month, expiring on April 25, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Beaver County on March 25, 1936 to Bill of Indictment No. 10 March Term, 1936, charging voluntary manslaughter, and was thereupon sentenced by the Honorable Frank E. Reader, Judge, to a term of imprisonment of not less than 6 years nor more than 12 years in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons has stated "* * * If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record (3) has served almost 5 years. In addition, this applicant is 80 years of age, and in poor physical condition." The trial judge, the Honorable Frank E. Reader, Judge, in a communication addressed to the Board of Pardons has stated in part as follows: "* * * In view of his age we cannot see that there is much risk to be taken in commuting his sentence and releasing him." The trial district attorney, R. E. McCreary, Esquire, in a communication addressed to the Board of Pardons has stated in part as follows: "* * * We have repeatedly stated in our letters to the Board of Pardons that we are opposed to the granting of clemency to any one convicted in any degree of the crime of homicide until he has served at least the minimum sentence imposed by the Court. Anthony Nudi's minimum term will expire March 25, 1942 and there is no reason why he should not serve the balance of that term."

The applicant is 80 years of age and his life expectancy is very short. A parole plan has been obtained which ensures that the petitioner will be taken care of for the remaining days of his life by his daughter who is financially able to bear the expenses of maintenance in this case.

An examination of the record shows that the petitioner has never at any time been in any other difficulties. The Board, is of the opinion that he has been sufficiently punished, and will, if released on parole, become a self-respecting law-abiding citizen. The Board, after reviewing all of the facts, are of the opinion that the minimum term of imprisonment be commuted to 5 years and 1 month, expiring on April 25, 1941. The petitioner to remain on parole until March 25, 1948.

Respectfully submitted.

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of John Raymond Patrick, No. 5221, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Raymond Patrick, convicted of larceny of an automobile in the Court of Quarter Sessions of Mifflin County, on May 17, 1936 be pardoned

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Mifflin County to Bill of Indictment No. 13 June Session, 1936, charging larceny of an automobile, and was thereupon sentenced to an indefinite term in the Pennsylvania Industrial School on May 17, 1936. The petitioner was released on parole on June 25, 1937.

During the entire period of his parole he faithfully complied with every restriction placed upon him by the Board of Pardons governing his supervision. The trial judge, the Honorable William W. Uttley, in a communication to the Board of Pardons stated: "* * * I am inclined to recommend clemency." No reply has been made by the district attorney to a communication addressed to him by the Board in this matter.

After the release of the applicant from the Pennsylvania Industrial School he enrolled as a student in Pennsylvania State College. He has made wonderful progress and will graduate this June. He has, by his own efforts, provided for his education by obtaining employment at the college and during the summer vacations—his earnings being used entirely for his maintenance while a student. He is a member of the reserve office, and because of the conviction which stands against him it is unlikely that the Army authorities would recommend a commission for him.

The Supervisor of Paroles in a communication to the Board of Pardons has stated in part as follows: "* * * The Supervisor of Paroles is definitely of the opinion that this applicant merits all the consideration that can pos-

sibly be given him, and therefore, recommends the granting of a full and complete pardon in this case."

The Board, after a review of all of the facts, are of the opinion that the petitioner is not criminally minded, and that he has fully rehabilitated himself, and further, the granting of a pardon will in part remove the stigma of the conviction, and will permit him to receive his commission in the United States Army, which he is desirous of entering. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Frank Peterkin, D-243, No. 5217, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardens recommend that the sentence of imprisonment imposed on Frank Peterkin, convicted of entering with intent to steal and larceny, in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County, on December 26, 1934 to be computed from December 11, 1934, be commuted from a maximum term on Bill No. 622 December Sessions, 1934, to a minimum term of 5 years, 8 months and 7 days, expiring on April 8. 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Philadelphia County on December 26, 1934, to Bill of Indictment No. 622 December Sessions 1934, charging entering with intent to steal, larceny, and was thereupon sentenced to a term of imprisonment of not less than 1½ years nor more than 10 years in the Eastern State Penitentiary, from which he was released on parole July 18, 1936. This sentence was to be computed from December 11, 1934. On May 8, 1937, the petitioner was adjudged guilty in the Courts of Philadelphia County by the late Judge Millar to Bill of Indictment No. 368 February Term, 1937, charging aggravated assault and battery, and was thereupon sentenced to a term of imprisonment of not less than 1½ years nor more than 3 years in the Eastern State Penitentiary. This sentence to run concurrently with the unexpired parole period to Bill of Indictment No. 622 December Sessions 1934. The petitioner was returned to the Eastern State Penitentiary on March 7, 1937, where he has been in confinement.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated in part as follows: ". . . This man's record in the institution has been good. He attended school for a period of 13½ months, studied academic work and then studied automobile mechanics. He is employed as a laborer and considered to be a good worker. During his free afternoons, he attends school and has continued his study of automobile mechanics." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the petitioner has served 4 years for his parole violation, and that the district attorney's office left the matter in the hands of the Board of Pardons. The president judge, the Honorable Harry S. McDevitt, in a communcation to the Board of Pardons has stated in part as follows: ". . . This man's criminal career started in 1930 in Washington, D. C., but in 1934 he transferred his affections to this city, when he was given a minimum of eighteen months and a maximum of ten years. After serving his minimum he violated his probation. Apparently Judge Millar felt that he deserved a conviction in 1937, but that the crime did not merit serving eight and a half years back time. His institutional record is good, he has taken up academic work in school, as well as automobile mechanics; he works as a laborer and is considered a good worker. I have talked to Mr. Steinbrook who represented him at the time, and was told by him of the interest of Judge Millar at the time he sentenced him. I haven't much interest in the Pennsylvania Prison Society, and disapprove of a lot of things they do, but apparently they investigated this case at the time for Judge Millar and were unable to justify an acquittal. If you see fit to consider Judge Millar's feelings in the matter, it may be the desirable course to follow."

No parole plan has been obtained in this case, and if the sentence is to be computed, the petitioner will not be released until he has a bona fide parole plan which will include definite employment and adequate sponsorship.

The Board, after a review of all of the facts, are of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the maximum sentence of imprisonment on Bill No. 622, December Sessions, 1934, be commuted to a new minimum term of 5 years, 8 months and 7 days, expiring on April 8, 1941, and the petitioner to remain on parole until July 31, 1945. The sentence to Bill of Indictment No. 368 February Term, 1937, has already expired.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Linnie Lee Phillips, D-3729, D-6801, No. 5204, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Linnie Lee Phillips, convicted of robbery under aggravated circumstances in the Court of Oyer and Terminer and Quarter Sessions of Lancaster County on February 3, 1939 to be commuted from 3 years to 2 years and 3 months computed from January 16, 1939 expiring on April 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lancaster County on February 3, 1939, to Bill of Indictment No. 79 December Term, 1938, charging attempted robbery under aggravated circum-

stances, and was thereupon sentenced by the Honorable Oliver S. Schaeffer, Judge, to a term of imprisonment of not less than 3 years nor more than 10 years in the Eastern State Penitentiary. Sentence to be computed from January 16, 1939.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated in part as follows: " . . . This man was transferred to Rockview on July 3, 1939. Authorities of that institution report that he has a good record. He is employed as a tractor operator. He attempted to improve himself both at the Graterford institution and at Rockview by attending school. He received a certificate in automotive engineering and electric arc welding at the latter institution." The trial judge, the Honorable Oliver S. Schaeffer, in a communication to the Board of Pardons has stated as follows: " . . . I feel that I was lenient in the imposition of my sentence and that he ought to serve at least his minimum term. However, I understand that the sentences of his two accomplices, Donald Sharpe and Earl Miller, were commuted." The present district attorney, K. L. Shirk, Esquire, in a communication to the Board of Pardons has stated in part as follows: " . . . I received notice of the application in the above matter for a pardon and my recollection is that the two accomplices in this crime, Earl Miller and Donald Sharp, had their sentences commuted by the Board, and if this is a fact, I see no reason why Phillips shouldn't receive the same consideration. My only interest is that these three men be treated alike, and though Phillips was previously arrested on a minor auto violation, I feel that he should be considered a first offender and that all should be given the same consideration."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when he is released on parole.

The Board, after a review of all of the facts, are of the opinion that the petitioner will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the minimum sentence of imprisonment be commuted to 2 years and 3 months, expiring on April 16, 1941, and that the applicant remain on parole until January 16, 1949.

In re application of Vincent Rossi, No. 5213, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Vincent Rossi, convicted of assault and battery, aggravated assault and battery by automobile in the Court of Quarter Sessions of Philadelphia County, on June 10, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Philadelphia County on June 10, 1937, to Bill of Indictment No. 743 December Sessions, 1936, charging assault and battery, aggravated assault and battery by automobile. The Court, placed the applicant on two years probation.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated his office had no objection to the granting of the petition. The trial judge, the Honorable Harry S McDevitt, in a communication to the Board of Pardons has stated in part as follows: " . . . This man was placed on probation, as he stated, in 1937. So far as I can ascertain he has neither been arrested nor convicted since that time. I did not investigate him in his neighborhood, but I will if you so desire."

An examination of the petition shows that the applicant has never before been arrested for any offenses. He is now employed in Philadelphia, Pennsylvania, and received compensation at the rate of $1440.00 per year. He is married and resides with his wife in the City of Philadelphia. The charges in this case were brought about because of an automobile accident, for which one Bruce Williams was involved.

The Board is of the opinion that the petitioner is not criminally minded and that he is fully rehabilitated. The Board is further of the opinion that a pardon will in part remove the stigma of the crime and will materially aid the petitioner in obtaining advancement in his chosen vocation. The Board, therefore, recommends that the petitioner be granted a full and complete pardon.

In re application of Evan Williams, No. 4598, March Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Evan Williams, convicted of larceny, receiving stolen goods, violation of election laws in the Court of Quarter Sessions of Allegheny County, on January 8, 1926 and May 21, 1928, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Allegheny County on January 8, 1926, and May 21, 1928, to Bills of Indictments No. 341 November Sessions, 1925, and No. 889 November Sessions, 1927, charging larceny, receiving stolen goods and violation of the election laws. To Bill of Indictment No. 341 November Sessions, 1925, a sentence of 1 day imprisonment in the Allegheny County Jail and a fine of $5.00 was imposed by the Honorable Joshua Cohen, Judge. To Bill of Indictment No. 889 November Sessions, 1927, the applicant was sentenced to pay a fine of $50.00, costs of prosecution, and placed on probation for a period of six months.

Judge Cohen is no longer on the bench. No reply was received to a communication addressed to the Honorable Harry H. Rowand, Judge, in this matter. Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the record of the petitioner shows no further arrests and that the matter was one for the Board to dispose of.

The petitioner has been employed as a police official in the Borough of Homestead, Allegheny County, for the

past ten years. During the last two years of his employment he has been Captain of Police.

The Board of Pardons, after carefully considering all of the facts and circumstances in the petition, are of the opinion that the petitioner has been fully rehabilitated, and that the granting of a pardon will in part remove the stigma of the conviction and will materially aid him in securing further advancement in his chosen vocation. The Board, therefore, recommends that a full and complete pardon be granted.

In re application of Howard B. Albright, No. 5244, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Howard B. Albright, convicted of entering in the night, without breaking, with intent to commit a felony in the Court of Oyer and Terminer of Dauphin County, on January 5, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Dauphin County on January 5, 1931, to Bill of Indictment No. 4 September Sessions, 1930, charging entering in the night, without breaking, with intent to commit a felony, and was thereupon committed to the Pennsylvania Industrial School at Huntingdon, Pennsylvania.

Carl B. Shelley, Esquire, present district attorney of Dauphin County, in a communication to the Board of Pardons has stated in part as follows: ". . . I have no suggestions to make with respect to the application and will be entirely satisfied with such disposition as the Board sees fit to make of it." The trial judge, the Honorable Frank B. Wickersham, in a communication to the Board of Pardons has stated in part as follows: ". . . I have not heard any complaint with respect to the conduct of the applicant since the trial of his case, and therefore can think of no reason why he should not be granted a pardon in order that the record against him might not be used in preventing him from obtaining a position. I therefore recommend a pardon." The Supervisor of Paroles, in a communication to the Board of Pardons has expressed no objection to the granting of this petition.

The petitioner is profitably employed, and he is desirous to take an examination under Federal Civil Service for an appointment as a Fingerprint Classifier and File Clerk. Because of the conviction on his record he is not at this time eligible for appointment. A communication from the Parole Authorities from the District of Columbia addressed to the Board of Pardons in reply to an inquiry has stated: ". . . From the investigation in this case, it would appear that the subject (Howard Albright) has made a very satisfactory adjustment in Washington."

The Board, after due and careful deliberation, are of the opinion that the petitioner has been fully rehabilitated, and that the granting of a pardon will in part remove the stigma of the conviction, and will materially aid him obtaining employment with the United States Civil Service. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

In re application of Carl Blazowski, No. 5241, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Carl Blazowski, convicted of operating illegal lottery in the Court of Quarter Sessions of Allegheny County, on November 5, 1930, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded Nolo Contendere in the Court of Allegheny County on November 5, 1930, to Bill of Indictment No. 271 October Sessions, 1930, charging operating illegal lottery, and was thereupon sentenced by the Honorable Elder W. Marshall, Judge, to pay the costs of prosecution, a fine of .06¼c, and to imprisonment in the Allegheny County Jail for a period of 30 days. On November 8, 1930, the sentence was reconsidered and the applicant placed on probation for one year.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of this petition. The trial judge, the Honorable Elder W. Marshall, in a communication to the Board of Pardons has stated: ". . . I have no present recollection of the facts in this case."

An examination of the record in this case, shows that the petitioner was never in trouble before the occurrence, which resulted in the sentence from which he now seeks relief, nor has he been since that time involved in any difficulties with the law. He is at present profitably employed. He is desirous of a pardon in order that the stigma of the conviction may in part be removed from his name and the names of the members of his immediate family.

The Board, after due and careful deliberation, is of the opinion that the petitioner has been fully rehabilitated, and that he is now a self-respecting law-abiding citizen in the community in which he resides, and they are of the further opinion, that the granting of a pardon will materially aid him in securing more profitable employment, and make material progress in the vocation of his chosen profession, and therefore, recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Paul D'Alfonso, D-783, No. 3808, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Paul D'Alfonso, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on August 12, 1935, be commuted on Bill No. 255 from a minimum term of 7 years to a minimum term of 5 years and 9 months, expiring on May 12, 1941; on Bill No. 256 from a minimum term of 7 years to a minimum term of 1 day, expiring on May 13, 1941; on Bill No. 257 from a minimum term of 7 years to a minimum term of 1 day, expiring on May 14, 1941; and on Bill No. 258 from a minimum term of 4 years to a minimum term of 1 day, expiring on May 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County to Bills of Indictments Nos. 255, 256, 257, and 258 August Term, 1935, charged with robbery, being armed with an offensive weapon, and was thereupon sentenced on August 12, 1935, by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary on Bill No. 255 of not less than 7 years nor more than 20 years; on Bill No. 256 for not less than 7 years nor more than 20 years; on Bill No. 257 for a term of not less than 7 years nor more than 20 years; and on Bill No. 258 for a term of not less than 4 years nor more than 15 years. Sentences to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated in part as follows: ". . . Subject is employed in the print shop where he performs efficiently. He has shown considerable improvement in general education and stability. He has maintained an excellent performance record and attitude and has always shown a spirit of cooperation. He is careful in the selection of his companions and devotes most of his spare time to improving himself. It is our thought that he has materially benefited by his imprisonment and will make an honest effort to refrain from his former habits." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that the district attorney's office was unusually impressed with the progress of the applicant in his effort for rehabilitation, and that the district attorney's office desired to leave the matter entirely in the hands of the Board." The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons has stated in part as follows: ". . . There is no question about his wildness during his youth, but he seems to have undergone a complete transformation. He does his work in the print shop efficiently and has improved in education. His attitude toward society is both respectful and pleasant, and he associates with very few and only the best of his companions in the institution. I am inclined to think that he has greatly benefited by his imprisonment and that his affection for his family will keep him on the narrow path."

A parole plan has been provided which ensures bona fide employment and adequate sponsorship. An examination of the record in this case shows that the petitioner has been arrested on five prior occasions, and that he was once placed under probation and the other arrests were discharged. He is now serving his first term of imprisonment.

The Board, after a careful review of all of the facts, are of the opinion that the petitioner is not criminally minded, and that he has benefited greatly from his period of incarceration, and further, he will become a self-respecting law-abiding citizen in any community in which he resides. The Board, therefore, recommends that the sentences be commuted in the following manner: On Bill No. 255 from a minimum term of 7 years to a minimum term of 5 years and 9 months, expiring on May 12, 1941; on Bill No. 256 from a minimum term of 7 years to a minimum term of 1 day, expiring on May 13, 1941; on Bill No. 257 from a minimum term of 7 years to a minimum term of 1 day, expiring on May 14, 1941; and on Bill No. 258 from a minimum term of 4 years to a minimum term of 1 day, expiring on May 15, 1941; and that the petitioner remain on parole until May 13, 1961.

In re application of Stanley Dominski, B-7440, No. 5243, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stanley Dominiski, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on December 6, 1940, be commuted from 1 year to 5 months expiring on May 6, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on December 6, 1940, to Bill of Indictment No. 36 April Term, 1940, charging robbery, and was thereupon sentenced by the Honorable Jesse C. Long, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 1 year nor more than 3 years.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of this petition, and that it was a matter entirely up to the Board, and that there was evidence to the effect that a feeling of animosity existed between the petitioner and the prosecutor in this case. The trial judge, the Honorable Jesse C. Long, has advised the against the applicant: The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record." A parole plan has been obtained which provides adequate sponsorship and definite employment to the petitioner if and when he is released from confinement.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the petitioner is not criminally minded, and that, if he is released on parole, he will become a self-respecting law-abiding citizen and

the Board, therefore, recommends that the minimum term of imprisonment of one year be commuted to a minimum term of five months, expiring on May 6, 1941, and that the petitioner remain on parole until December 6, 1943.

In re application of Wesley Evans, D-2631, No. 4896, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Wesley Evans, convicted of statutory rape in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on November 26, 1937 to be computed from October 28, 1937, be commuted from 5 years to 3 years and 7 months expiring on May 28, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Court of Philadelphia County on November 26, 1937, to Bill of Indictment No. 127 November Term, 1937, charging statutory rape, and was thereupon sentenced by the Honorable Harry S. McDevitt, to a term of imprisonment in the Eastern State Penitentiary for not less than 5 years nor more than 10 years. Sentence to be computed from October 28, 1937.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated in part as follows: ". . . The crime committed shows a lack of practical judgment and personal insight, which probably reflects the attitude of our younger generation to the freedom of action permitted by incompetent parental guidance When he was seven years old, his parents died and he was placed in a foster home. Since this young man has demonstrated considerable effort toward stabilizing his character weakness, we feel he may make satisfactory adjustment if he is released under strict supervision and is given steady employment." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office desired ot leave this matter to the discretion of the Board of Pardons. The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons has stated in part as follows: ". . . He has only served three years and four months of a five year minimum, and while his conduct and performance records are satisfactory, I see no reason for intervention at this time. He has but a few associates in the institution, and they are of the better type. He has completed a number of I. C. S. courses during his confinement, and will probably return to society a better educated man than when he left. His background is not much to boast of. His parents died when he was very young, and he was raised in a foster home. I am inclined to think that his character is more stable now than it was when he entered the institution, but with all the loose women running the streets there seems little excuse for violating or defiling a 14 year old child."

A parole plan has been provided which insures adequate sponsorship and bona fide employment, to the applicant, if and when he is released on parole. The Board, after a careful review of all of the facts, are of the opinion, that the petitioner is not criminally minded, and that he will, if released, become a self-respecting law-abiding citizen, and further, that the offense in this case was committed without criminal intent, and was caused primarily by lack of judgment by the applicant. The Board, therefore, recommends that the minimum sentence be commuted to a minimum term of 3 years and 7 months, expiring May 28, 1941, and that the petitioner remain on parole until October 28, 1947.

Respectfully submitted,
S. S. LEWIS,

BOARD OF PARDONS

In re application of Francis Gerstly, D-1609, No. 3772, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Francis Gerstly, convicted of voluntary manslaughter in the Court of Oyer and Terminer and Quarter Sessions of Lancaster County on September 25, 1936, be commuted from 5 years to 4 yrs. 8 mos. and 5 days, expiring on May 30, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Lancaster County to Bill of Indictment No. 286 March Sessions, 1936, charging voluntary manslaughter, and was thereupon sentenced by the Honorable Oliver S. Schaeffer, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than 5 years nor more than 10 years, pay a fine of $500.00, on September 25, 1936.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . Subject experienced a mental episode when first received in this institution and on May 6, 1937, was transferred to the Farview Insane Asylum. He was returned on January 6, 1938 as recovered. Observation since his return indicates no relapse and the Psychiatrist states that the inmate may be considered to Commutation consideration. His institutional performance has been satisfactory. He studied a course in good English and received his International Correspondence School diploma. He is employed as a laborer outside the walls and is considered to be a willing worker." The present district attorney, K. L. Shirk, Esquire, has advised the Board that he has no objection to the granting of the petition. The trial judge, the Honorable Oliver S. Schaeffer, in a communication to the Board of Pardons has stated in part as follows: ". . . Whether he should be pardoned at the expiration of his minimum sentence is a matter for the Board to determine in its discretion." The petitioner was placed under arrest in the City of Lancaster in 1936, charged with murder (manslaughter). He was committed to the County Jail in default of bail, and his case was not brought to trial until September 25, 1936.

A parole plan has been obtained which provides bona fide employment and adequate sponsorship. The Board, having in mind the provision of an Act of Assembly, approved April 1937, is of the opinion that the petitioner should be credited with the time spent in the county

prison in default of bail, as applying against the sentence as imposed by the Court, and therefore, recommends that the minimum sentence be commuted to a minimum term of 4 years, 8 months and 5 days, expiring on May 30, 1941. The petitioner to remain on parole until September 25, 1946.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles Judd, B-3830, No. 2149, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Judd, convicted of rape in the Court of Oyer and Terminer of Allegheny County on October 3, 1933, be commuted from 10 years to 7 years, expiring on May 22, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on Bill of Indictment No. 23 September Term, 1933, charging rape, and was thereupon sentenced by the Honorable Thomas F. Bailey, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 5 years nor more than 10 years, upon which he was released on parole October 3, 1938. On March 21, 1939, the petitioner was arrested in Allegheny County, charged with operating an automobile while under the influence of intoxicating liquor, and on April 17th he was brought to trial by the Honorable Thomas W. Dickey, Judge, the jury returning a verdict of guilty, and the petitioner was sentenced to a term of 60 days' imprisonment in the Allegheny County Jail. Upon the expiration of his sentence, i. e., May 22, 1939, he was taken into custody, and returned to the Western State Penitentiary, because of the conviction against him during the period he was on parole.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office felt that this matter was one to be decided by the Board, and they entered no objection to the granting of clemency. The trial judge, the Honorable Thomas W. Dickey, is deceased. The president judge, the Honorable Ambrose B. Reid, in a communication to the Board of Pardons has stated. ". . . I have no information on this case other than that furnished by the applicant in his petition and am unable, therefore to offer a recommendation." The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) excellent institutional record (2) cooperative inmate and worker (3) has now served 1 year 11 mos. for parole violation which resulted from drunken driving conviction (4) has assurance of employment." The Supervisor of Paroles in a communication to the Board of Pardons has stated in part as follows: ". . . The petitioner has served a period of time far in excess of any sentence that a court might impose for the type of offense which returned him to the penitentiary. However, I do not feel that he should be granted a full and complete pardon. I would, however, have no objection to a commutation of the original sentence, which would, if granted, permit re-release under supervision, which would extend for a period in excess of two years.

A parole plan has been obtained which ensures bona fide employment and adequate sponsorship, if and when the petitioner is released on parole. The petitioner has been confined for a period of about two years for an offense, which the courts of this Commonwealth usually impose a sentence not in excess of one year.

The Board, after a careful review of all of the facts, are of the opinion, that the petitioner has been severely punished, and that he will, if released on parole, make an honest effort to be a law-abiding self-respecting citizen in his community, and that the granting of clemency will materially aid in the further rehabilitation of the applicant. The Board, therefore, recommends that the sentence of imprisonment in this case be commuted on Bill No. 23, September Term, 1933, to a new minimum term of 7 years, expiring on May 22, 1941, and that the petitioner remain on parole until May 20, 1944.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Arthur W. Keiper, C-8013, No. 2544, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Arthur W. Keiper, convicted of breaking and entering, larceny in the Court of Quarter Sessions of Monroe County, on May 11, 1932, be commuted on Bill No. 8 May Term, 1932, from a minimum term of 5 years to a minimum term of 4 years, expiring on May 11, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Monroe County to Bills of Indictments Nos. 7, 8, and 11 May Term, 1932, charging breaking and entering, larceny, and was thereupon sentenced to a term of imprisonment in the Eastern State Penitentiary of not less than 5 years nor more than 10 years on Bill No. 7; and to a further term of not less than 5 years nor more than 10 years on Bill No. 8; and to a further sentence of not less than 5 years nor more than 10 years on Bill No. 11. Sentences on Bills Nos. 7 and 8 to run consecutively and on Bill No. 11 to run concurrently. The petitioner was technically paroled on sentence imposed on Bill No. 7 in order that he may commence service on Bill No. 8.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated in part ". . . This man's interest in self-improvement and habit of trustworthiness and industry which he has demonstrated are worthy of some consideration. He has maintained an exceptional record of prison performance. He has completed 11 courses from Pennsylvania State College and one course from International Correspondence School

of Agriculture. He is employed as an inmate in charge of the library at Graterford and is considered to be a trusted and conscientious worker." The district attorney made no reply to a communication addressed to him in this matter. The trial judge, the Honorable Samuel E. Shull, in a communication to the Board of Pardons has stated in part as follows: ". . In the matter of the application of Arthur W. Keiper, from reports that I have had concerning this man and through inquiry made by me, I feel that due to the progress and conduct of this man it would be a case to which the Board of Pardons should give careful consideration. While, of course, such action as they might take is entirely satisfactory to me and I have no desire to influence their action, from my information I do feel, if I were a member of the Board of Pardons, I would extend clemency in this case."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment to the petitioner, if and when he is released. The petitioner has been confined for a period of about 9 years, and the Board of Pardons is of the opinion, that he has been sufficiently punished, and he will, if released on parole, become a law-abiding self-respecting citizen, and the Board, therefore, recommends that the minimum sentence be commuted on Bill No. 8 May Term, 1932, from a term of 5 years to a minimum term of 4 years, expiring on May 11, 1941, and that the petitioner remain on parole until May 11, 1947.

BOARD OF PARDONS

In re application of Frank Repyneck, D-422, No. 5004, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Repyneck, convicted of accessory before and after the fact, conspiracy in the Court of Quarter Sessions of Lehigh County on March 15, 1935, be commuted from 9 years to 6 years and 2 months, expiring on May 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lehigh County to Bill and Indictment No. 95 January Sessions, 1935, charging accessory before and after the fact, conspiracy, and was thereupon sentenced on March 15, 1935, by the Honorable Richard W. Iobst, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than 9 years nor more than 18 years, and pay a fine of $1000.00.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . Applicant was transferred to the Lehigh County Prison on August 28, 1939. The Warden of that institution reports that his conduct record has been satisfactory. He has maintained a reasonable attitude and he associates with the average type of inmates." The trial judge, the Honorable Richard W. Iobst, in a communication to the Board of Pardons has stated in part as follows: ". . . At this time I do not desire to register an objection if the Board of Pardons deems advisable to pardon him." The district attorney's office made no reply to a communication addressed to him by the Board of Pardons. There is on file with the Board of Pardons a statement made by First Sergeant of the Pennsylvania Motor Police, R. L. Davis, which states in part as follows: ". . . It is the opinion of this Officer and others in this case, that Repynock although an accessory in this particular case, was more or less a victim of circumstances. His part in the case showed that he was not the criminal type as the others accused in the case were; he received a small amount of mony to abandon the stolen car, after the participants of the Bank Robbery had reached their hideout. The subject is a local resident of Bethlehem, Pa., and his case is meritorious for parole consideration."

A parole plan has been obtained which provides adequate sponsorishp and bona fide employment to the petitioner, if and when he is released on parole. An examination of the record shows that the petitioner was arrested during the year 1924 in the City of Bethlehem, Pennsylvania, charged with larceny of coal. He was a juvenile and no sentence was imposed nor was there a trial conducted. In 1932, he was again arrested, charged with pandering. The Court, at that time directed a verdict of not guilty.

The Board of Pardons, after a careful review of all of the facts and due deliberation, are of the opinion that the petitioner is not criminally minded, and that he has been sufficiently punished for his offense. The Board, is further of the opinion, that he will, if released, become a self-respecting law-abiding citizen, and therefore, recommends the sentence be commuted from 9 years to a minimum term of 6 years and 2 months, expiring on May 15, 1941, and that the applicant remain on parole until March 15, 1953.

BOARD OF PARDONS

In re application of Raymond Richardson, C-7067, No. 5224, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Raymond Richardson, convicted of attempted robbery, being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 11, 1931, be commuted from 10 years to 7 years and 8 months, expiring on May 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Philadelphia County on May 11, 1931, to Bill of Indictment No. 1567 April Term, 1931, charging attempted robbery, being armed with an offensive weapon, and was thereupon sentenced by the Honorable Edwin O. Lewis, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than 5 years nor more than 10 years, from which he was released on parole February 11, 1937. On January 5, 1939, the ap-

plicant was sentenced by the Honorable Joseph G. Tumolillo, Judge of the Municipal Courts of Philadelphia County, to a term of imprisonment of 6 months in the Philadelphia County Prison for the crime of operating an automobile while under the influence of intoxicating liquor. He was released from the county prison on June 7, 1939, and was returned to the Eastern State Penitentiary for further incarceration as a parole violator.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . Applicant is suffering from an incurable disease; there is no chance of recovery. His span of life depends upon the development of the tumor. We recommend he be granted clemency for the purpose of placement in the Philadelphia General Hospital where he can receive invalid nursing care. Dr. V. G. Burden, Medical Director of the Eastern State Penitentiary has made such arrangements with Dr. W. G. Turnbull, Superintendent of the Philadelphia General Hospial." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that there was a grave question as to the mental and physical condition of the applicant, and that he was in need of permanent hospitalization." Dr. Philip Q. Roche, Psychiatrist of the Eastern State Penitentiary, has stated in a report to the Board of Pardons the following: ". . . Since the inmate's return from the University Hospital to the Eastern State Penitentiary January 7, 1941, he has had recurrent attacks of epileptic fits, and by reason of the hazard of such attacks to himself, together with the fact that he has diminished capacity for purposeful movements of the right arm and leg, he is for the most part confined to bed. In addition, the inmate has a disability of speech and a probable intellectual impairment. My observation of the inmate following his operation has been one to give us every assurance that he will continue to be docile and yielding to any discipline. I have considerable doubt that the inmate will in any manner either have the capacity or the motive to commit any criminal act. The inmate's outlook for life is grave, but at this time it is impossible to give any prognosis as to his length of survival. From a standpoint of the Penitentiary discipline, he is entirely unsuited for care in this institution and I can see no reason why he cannot be cared for adequately in any hospital equipped for nursing care of chorinc invalids of this type."

The Board, after careful consideration of all of the facts, are of the opinion that the life span of the petitioner is very short, and he is now in a physical condition, "where he can do no further injury to society as a whole." The Board, therefore, recommends that the sentence of imprisonment imposed to Bill of Indictment No. 1567 April Term, 1931, be commuted to a new minimum term of 7 years and 8 months, expiring on May 7, 1941, and that the petitioner remain on parole until September 7, 1943, and to be permanently hospitalized.

BOARD OF PARDONS

In re application of Giuseppe Santarelli, No. 5250, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Giuseppe Santarelli, convicted of embezzlement and fraudulent conversion in the Court of Quarter Sessions of Philadelpria County, on June 5, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for full and complete pardon pleaded guilty in the Courts of Philadelphia County on June 5, 1936, to Bills of Indictments Nos. 428 and 429 October Term, 1932, charging embezzlement and fraudulent conversion, and was thereupon sentenced by the Honorable James Gay Gordon, Jr., Judge, on Bill No. 428 October Term, 1932, to a term of imprisonment of not less than 6 months nor more than 5 years in the Philadelphia County Prison, and on Bill No. 429, October Term, 1932, to a probation period of five years, to be computed after the expiration of the sentence in Bill No. 428, upon the condition that defendant does not leave the jurisdiction of the Court.

James H. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that ". . . the district attorney's office had no objection to the granting of this petition, and that the matter was one for the Board to decide, although, the district attorney's office felt that it would be an undue hardship to return the petitioner to Italy and break up his family." The trial judge, the Honorable James Gay Gordon, Jr., in a communication to the Board of Pardons has stated in part as follows: ". . . In this exceptional case I am, therefore, breaking a rule which I have undeviatingly followed in the past by expressing my hope that the Board will see its way clear to recommend the pardon for which he is asking." The petitioner is an Italian, and a warrant of deportation has been lodged against him by the United States Authorities. His wife is an American Citizen, and he is the father of two children, age four and two years. Prior to him getting in this difficulty, he made application for citizenship, which cannot be granted him because of the conviction against him.

A communication is on file, signed by the Chief Probation Officer of the Quarter Sessions Court, which he indicates that the petitioner has fully complied with the terms of his parole and probation. A communication is also on file, signed by O. E. Harvey, Superintendent of the Indemnity Insurance Company, in which he states that the petitioner has made restitution to the best of his ability, and in his opinion the petitioner should be pardoned, and allowed to remain in this country in order to provide for his family and be given an opportunity to reimburse this Company for the loss we have sustained.

The petitioner has been profitably employed and is considered a self-respecting law-abiding citizen in his community which he resides by letters of recommendation filed with the Board of Pardons.

The Board, after due and careful deliberation, are of the opinion that the petitioner is not criminally minded, and that he has made an honest effort to reimburse the Insurance Company, which is the only loser by his embezzlement. The Board, is of the further opinion, that the petitioner is worthy of favorable consideration, and that the granting of a pardon will in part remove the stigma from his name and will aid him materially in obtaining more profitable employment, which will permit him more adequately to take care of the needs of his family. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Leroy Smith, B-4996, No. 3496, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leroy Smith, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on February 14, 1936, be commuted from 7½ years to 5 years and 3 months, expiring on May 14, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County to Bill of Indictment No. 30 December Term, 1934, charging murder, and was thereupon sentenced to a term of imprisonment in the Western State Penitentiary of not less than 7½ years nor more than 15 years by the Honorable W. Heber Dithrich, Judge, on May 14, 1936. Sentence to be computed from February 14, 1936.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office desired to leave this matter entirely in the hands of the Board, that the petitioner has served a period of 5 years, and that the crime was the result of a race riot, which was brought about by the Ethiopian situation. The trial judge, the Honorable W. Heber Dithrich, made no reply to a communication addressed to him by the Board of Pardons. The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated as follows: ". . . If this inmate were eligible to apply for parole, we would probably conditionally recommend him for parole subject to a proper sponsor and definite assurance of employment (1) good institutional record (2) has served over 5 years."

A parole plan has been provided for him which ensures bona fide employment. The matter of sponsorship has not as yet been attended to. An examination of the criminal record of the applicant shows that during the year 1930, he was convicted in the Court of Allegheny County for the crime of entering a building with intent to commit a felony, and was committed to the Pennsylvania Industrial School. The offense, for which he now seeks relief, is the only offense other than the arrest of 1930, which appears on the record.

The Board, after careful consideration of all of the facts in this case, and particularly the circumstances which brought about the commission of the crime, are of the opinion that the petitioner has been sufficiently punished, and he will, if released on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the minimum term as imposed by the Court be commuted to a minimum term of 5 years and 3 months, expiring on May 14, 1941, and that the applicant remain on parole until February 14, 1951.

In re application of William Zeok, B-7441, No. 5242, April Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Zeok, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on December 6, 1940, be commuted from 1 year to 5 months expiring on May 6, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on December 6, 1940, to Bill of Indictment No. 36 April Term, 1940, charging robbery, and was thereupon sentenced by the Honorable Jesse C. Long, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 1 year nor more than 3 years.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of this petition, and that it was a matter entirely up to the Board, and that there was evidence to the effect that a feeling of animosity existed between the petitioner and the prosecutor in this case. The trial judge, the Honorable Jesse C. Long, has advised the Board that he had no recommendation to make for or against the applicants. The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record." A parole plan has been obtained which provides adequate sponsorship and definite employment to the petitioner, if and when he is released from confinement.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the petitioner is not criminally minded, and that, if he is released on parole, he will become a self-respecting law-abiding citizen, and the Board, therefore, recommends that the minimum term of imprisonment be commuted from one year to a minimum term of five months, expiring on May 6, 1941, and that the applicant to remain on parole until December 6, 1943.

In re application of Benjamin Dadorf, C-7772, No. 2486, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Benjamin Badorf, convicted of felonious entry and larceny in the Court of Quarter Sessions of Lancaster County on February 13, 1932, be commuted from 15 years to 7 yrs. 10 mos. and 16 days, expiring on May 23, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Lancaster County Courts on February 13, 1932, to Bills of Indictments Nos. 47, 47a, 48 48a, 49, and 49a March Term. 1932, charging felonious entry and larceny, and was thereupon sentenced to a term of imprisonment in the Eastern State Penitentiary for not less than 7½ years nor more than 15 years. On October 30. 1935, the petitioner applied to the Board of Pardons for executive clemency and the petitioner's term was commuted to 3 years and 9 months, expiring on October 13, 1935. On December 6, 1935, the petitioner was released on parole. On April 14, 1937, the petitioner was arrested in the City of Lebanon, charging him with the crime of driving an automobile while under the influence of intoxicating liquor, and on April 17, 1937, the sentence was thereupon suspended. On April 23, 1937, he was returned to the Eastern State Penitentiary as a parole violator.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons has stated ". . . This man's institutional performance has been satisfactory and has consistently maintained a good attitude. He has been employed in the laundry since 1937 and is considered to be an industrious worker. He keeps in contact with his brother and daughter through visits and correspondence." The trial judge, the Honorable John Groff. is now deceased. The Honorable Oliver S. Schaeffer President Judge, has stated to the Board of Pardons as follows: ". . . I am satisfied to have the Board use its own discretion and judgment in this matter." The Honorable C. V. Henry, President Judge of Lebanon County, had advised the Board of Pardons that he knew nothing of the facts and would express no objection to the granting of this petition.

A parole plan has been obtained which ensures adequate sponsorship and bona fide employment to the applicant, if and when, he is released on parole. The petitioner has been confined in the Eastern State Penitentiary since April 23, 1937, a period of approximately 4 years and 1 month. and the Board of Pardons is of the opinion that the petitioner has been sufficiently punished for the offense committed, which returned him to the penitentiary, and the Board. therefore, recommends that the sentence of imprisonment be further commuted to a new minimum term of 7 years and 10 months and 16 days, expiring on May 23, 1941, and that the applicant to remain on parole until June 24, 1948.

BOARD OF PARDONS

In re application of John F. Chasarik, B-17227. No. 145A, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John F. Chasarik, convicted of robbery, entering a building, etc., larceny, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on the 12th of November and the 26th of November, 1929, be commuted on Bill No. 235 November Sessions, 1929, from a minimum term of 3 years to a minimum term of 1 year, 6 months and 29 days. expiring on June 11, 1941; and on Bill No. 234 November Sessions, 1929, from a minimum of 1 year to a minimum of 1 day, expiring on June 12, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

S. S. LEWIS,
Lieutenant-Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Clifford Adams Corbit, C-6724, No. 3365, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that the maximum sentence of Clifford Adams Corbitt, convicted of assault, being armed with an offensive weapon with intent to rob in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on January 15, 1931, be commuted from 10 years to 7 years and 3 months, expiring on June 4, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on January 15, 1931, to Bill of Indictment No. 695 January Term, 1931, charging assault, being armed with an offensive weapon with intent to rob, and was thereupon sentenced by the Honorable Thomas D. Finletter, Judge, to a term of imprisonment for not less than 3 years nor more than 10 years in the Eastern State Penitentiary, from which he was released on parole on January 15, 1934. On July 20, 1934, the applicant pleaded guilty in Baltimore, Maryland, to a charge of forgery, and was sentenced to a term of imprisonment of 5 years in the Maryland State Penitentiary. On August 24, 1934, the sentence was re-considered by the Court and he was re-sentenced to a term of imprisonment of 3 years in the Maryland House of Correction. On March 4, 1937, he was discharged from further service in the Maryland House of Correction and was returned to the Eastern State Penitentiary for further incarceration as a parole violator.

James H. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . That the applicant had served the minimum sentence from Philadelphia County, and that his subsequent crime was not hindered by the one that sent him to the Eastern State Penitentiary, and that the district attorney's office had no objection to the granting of clemency." The trial judge, the Honorable T. D. Finletter, in a communication addressed to the Board of Pardons under date of April 21, 1941, has stated in part as follows: ". . . Frankly, since you ask my opinion, I think he has already suffered enough punishment for what he did, and if I had my voice in the matter I should pardon him." The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons has stated in part as follows: ". . . This man has maintained a good record of prison performance. He has consistently maintained a constructive attitude and he associates with a better type of inmates. He is employed in the woodworking department and he spends a majority of his time at his work. He has saved a large part of his earnings and has sent some money home to his mother."

The Board of Pardons, after due deliberation of all of the facts, are of the opinion that the applicant has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen. A parole plan has been obtained which provides adequate sponsorship to the petitioner, if and when, he is released on parole.

The Board, therefore, recommends that the maximum sentence of imprisonment be commuted to a new minimum term of 7 years and 3 months, expiring on June 4, 1941, and that the petitioner remain on parole until March 4, 1944.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.

BOARD OF PARDONS

In re application of Angelo DeBellis, C-6339, No. 4271, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Angelo DeBellis, convicted of Burglary, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on August 15, 1930, and in the Oyer and Terminer and Quarter Sessions Court of Montgomery for riotous destruction of public buildings, on October 1, 1934, be commuted on Bill No. 199 August Term, 1930, from a minimum term of 5 years to a minimum term of 1 year and 5 months, expiring on June 15, 1941; and on Bill No. 204-1 June Term, 1934, from a minimum term of 1 year to a minimum term of 1 day, expiring on June 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on August 15, 1930, to Bills of Indictments Nos. 198 and 199 August Term, 1930, charging burglary, and was thereupon sentenced by the Honorable Harry S McDevitt, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary. On October 1, 1934, the applicant pleaded guilty in the Courts of Montgomery County to Bill of Indictment No. 204-1 June Term, 1934, charging riotous destruction of public buildings, and was thereupon sentenced by the Honorable George C. Corson, Judge, to a term of imprisonment of not less than 1 year nor more than 2 years in the Eastern State Penitentiary. This sentence to commence upon the expiration of sentence imposed on Bill No. 199. The minimum of which will expire on January 15, 1945. The sentence of Montgomery County has been listed as a detainer against the petitioner to be served upon the completion of his present sentence.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941, has stated in part as follows: ". . . His conduct, with the exception of his trouble at the Graterford institution, has been satisfactory. He had made some effort to improve himself by attending school and is now employed as a laborer in the Maintenance Department. He has completed as punishment for the prison riot, 4 years, 5 months beyond the minimum of his first sentence and will be required to serve an additional year on the Montgomery County sentence which is no doubt a longer period of time than he would have been required to serve for the type of crime committed." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the applicant has served the minimum term as imposed by the Courts of Philadelphia County and the matter of commutation was entirely one for the Board of Pardons to decide. The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons under date of April 28, 1941, has stated in part as follows: ". . . With the exception of the Graterford incident, his conduct in prison has been satisfactory, and he has made a little effort to improve himself by attending school. Unless your Honorable Board wants to make an outstanding example of him, he has already served the minimums of his three sentences. His burglary victims were rather prominent South Philadelphians, but I didn't take that into consideration in imposing the sentence."

A satisfactory parole plan has been obtained which provides adequate sponsorship and bona fide employment for the applicant. The petitioner has been confined for a period of about 10 years and 9 months, and the Board of Pardons, therefore, are of the opinion that the applicant has been sufficiently punished, and that, he will, if re-

leased on parole, become a self-respecting law-abiding citizen. The Board, therefore, recommends that the sentences of imprisonment be commuted in the following manner: on Bill No. 199 August Term, 1930, from a minimum term of 5 years to a minimum term of 1 year and 5 months, expiring on June 15, 1941; and on Bill No. 204-1 June Term, 1934, from a minimum term of 1 year to a minimum term of 1 day, expiring on June 16, 1941, and the applicant to remain on parole until January 15, 1950.

BOARD OF PARDONS

In re application of Joseph Freeman, C-9379, No. 4464, May Session. 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Joseph Freeman. convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on December 15. 1933, be commuted on Bill No. 345 from a minimum term of 10 years to a minimum term of 7 years and 6 months, expiring on June 15, 1941; on Bill No. 346 from a minimum term of 10 years to a minimum term of 1 day. expiring on June 16, 1941; and on Bill No. 347 from a minimum term of 5 years to a minimum term of 1 day, expiring on June 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on December 15, 1933, to Bills of Indictments Nos. 345. 346, and 347 December Term, 1933, charging robbery. being armed with an offensive weapon, and was thereupon sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment of not less than 10 years nor more than 20 Honorable Harry S. McDevitt, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years; and on Bill No. 347 to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary. Sentences to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . His institutional performances record has been satisfactory. He appears to be particularly interested in music, and has become proficient with the saxophone and clarinet and at the present time is assistant band leader. He has applied himself very diligently to his music and intends to seek that kind of employment when released. He is a nervous type that does not adjust very well to prison life and probably with the proper supervision and steady employment he might make a satisfactory adjustment if released." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the petitioner has been confined for a period of about 7 years and further, all of his co-defendants are at liberty, and that the matter was one for the Board to decide. The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons under date of April 28, 1941, has stated in part as follows: ". . . If he has strict supervision and steady employment I am inclined to think he will make a satisfactory adjustment when returned to society. His mentality is normal. and his mental age more than 15 years. This man may be cured. as he only had two prior arrests and on both occasions was discharged. Major Owen of the Salvation Army, and Dr. Comfort of Haverford College seem interested in him, and if they give him the attention that he requires, it will have a very wholesome effect upon him."

A parole plan has been obtained in this case which provides adequate sponsorship and bona fide employment, if and when he is released on parole.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the applicant has been sufficiently punished, and that. he will, if released on parole, become a self-respecting law-abiding citizen. The Board. therefore. recommends that the minimum sentences be commuted in the following manner: on Bill 345 from a minimum term of 10 years to a minimum term of 7 years and 6 months, expiring on June 15, 1941; on Bill No. 346 from a minimum term of 10 years to a minimum term of 1 day, expiring on June 16, 1941; and on Bill No. 347 from a minimum term of 5 years to a minimum term of 1 day, expiring on June 17, 1941, and that the petitioner to remain on parole until June 16. 1961.

BOARD OF PARDONS

In re application of Alfred Gibson, A-14956. No. 1420, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Alfred Gibson. convicted of robbery, receiving stolen goods, and felonious assault and battery, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on February 15, 1927. be commuted on Bill No. 11 from a minimum term of 5 years to a minimum term of 3 years and 4 months, expiring on June 9. 1941; and on Bill No. 60 from a minimum term of 3 years to a minimum term of 1 day, expiring on June 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Allegheny County on February 15, 1927, to Bills of Indictments Nos. 10, 11. 60, 9, and 12 February Sessions. 1927, charging robbery, receiving stolen goods, and felonious assault and battery, and was thereupon sentenced to a term of imprisonment of not less than 5 years nor more than 10 years on Bill No. 10, to a further term of imprisonment of not less than 5 years nor more than 10 years on Bill No. 11; and to a further term of imprisonment of not less than 3 years nor more than 6 years on Bill No. 60 in the Western State Penitentiary. Sentences to be served consecutively. On Bill No. 9 to a term of imprisonment of not less than 5 years nor more than 10 years and a further sentence of not less than 2½ years nor more than 5 years on Bill No. 12. These sentences to run concurrently with sentence imposed on Bill No. 11 February Session, 1927.

The applicant presented a petition to the Board of Pardons for executive clemency and on August 15. 1935 the Governor approved the recommendation for a reduction of the minimum sentence in this case to a period of 8 years and 6 months. The applicant was released on parole on October 9, 1935. On September 29, 1936 the applicant was returned to the Western State Penitentiary as a parole violator, because of the crime of attempted larceny, felonious assault and battery. where he has been confined therein continuously.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons under date of April 15, 1941 has stated in part as follows: ". . . This applicant was recommended for re-parole on March 15, 1941, but in view of the Supreme Court's opinion in the Kinsella case, it is necessary for him to secure a further commutation of sentence to permit his release on parole. He has served 4 years 8 months since his return for parole violation with an excellent institutional record." Ralph T. Bell. Esquire, assistant district attorney. appeared before the Board of Pardons and stated that the district attorney's office was generally opposed to the granting of clemency in this case. The trial judge, the Honorable T. D. Carnahan. is now deceased The Honorable Ambrose B. Reid, President Judge, made no reply to an inquiry addressed to him by the Board of Pardons in this matter.

The Supreme Court of Pennsylvania in a decision handed down in the case of Kinsella v. Stanley P. Ashe, et al., wherein it was held that the action of the Governor in lumping sentences was without legal standing, and was in effect void

The applicant has been confined in the Western State Penitentiary for a period of approximately 13 years and 4 months, and he has served the minimum sentences as imposed by the Court. A parole plan has been obtained which provides adequate sponsorship, however, there is no employment. and the Board of Pardons, therefore. recommends that the minimum sentence of confinement on Bill No. 11 be commuted from a minimum term of 5 years to a minimum term of 3 years and 4 months. expiring on June 9, 1941; and on Bill No. 60 from a minimum term of 3 years to a minimum term of 1 day. expiring on June 10, 1941, and that the petitioner will remain on parole until February 9, 1948.

BOARD OF PARDONS

In re application of Edward Goldsmith. No. 4705, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Goldsmith, convicted of obtaining money under false pretense in the Court of Quarter Sessions of Philadelphia County. on December 14, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on December 14, 1938, to Bill of Indictment No. 343 July Term, 1938, charging obtaining money under false pretense, and was thereupon sentenced by the Honorable Albert S. C. Millar, to a term of 30 days in the Philadelphia County Prison. The sentence was reconsidered by the Court and sentence suspended.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: "That the district attorney's office had no objection to the granting of clemency and that the matter was one for the Board to decide." The trial judge, the Honorable Albert S. C. Millar, is deceased. The Honorable Harry S. McDevitt, president judge of the Common Pleas Court No. 1, in a communication addressed to the Board of Pardons under date of May 10. 1941 has stated in part as follows: "Further investigation concerning Edward Goldsmith discloses that the second crime of which he was convicted was an election dispute, and I don't want you to be misled by my comment of recent date. Probably his first crime was rather cheap, but he has been demonstrating his capacity to make an honest living for the past couple of years, and if granting a pardon at this time will further increase his earning capacity, and I understand it will, I would be inclined to go along on any recommendation that you see fit to make."

The applicant was born in the City of Philadelphia on July 29, 1911, and he is now thirty years of age. He is married and is the father of two children. Recently he was employed by the Delaware River Joint Bridge Commission as a toll collector. Because of the conviction on his record he was required to terminate his employment with the Commission, and he is now employed by Mr. Elmer W. Leyrer, who operates a sauerkraut manufacturing business in the City of Philadelphia.

The Board of Pardons, after a careful review of all the facts and circumstances, are of the opinion that the petitioner has been fully rehabilitated, and that granting of a pardon will in part remove the stigma of the crime from his name and that of his family. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Raymond A. Hart, No. 5283, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Raymond A. Hart, convicted of larceny, receiving stolen goods, breaking and entering, attempted robbery, in the Court of Quarter Sessions of Philadelphia County, on November 19, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on November 19, 1936, charging breaking and entering, larceny, receiving stolen goods and attempted robbery, and was thereupon sentenced by the Honorable Joseph L. Kun, Judge, to three years probation.

James W. Tracey, Jr., Esquire, assistant district attorney,

appeared before the Board of Pardons and stated: ". . . That at the time of commission of the crime the petitioner was only seventeen years of age and since his conviction he has been in no trouble with the law, and that the matter was one for the Board to decide." The trial judge, the Honorable Joseph L. Kun, in a communication addressed to the Board of Pardons under date of April 21, 1941, has stated in part as follows: ". . . The defendant pleaded guilty to the charge of larceny, receiving stolen goods and breaking and entering a railroad car, in the course of which a quantity of lace curtains was stolen. Because of his youth he was placed on probation for a period of three years, which period has expired. The question as to whether or not a pardon should be granted to a defendant so situated depends on the policy of the Board of Pardons, and the trial Judge does not feel it proper to express an opinion thereon."

An examination of his criminal record shows that he was in no difficulties prior to his present conviction, from which he now seeks relief, nor has he been in any difficulties since that time. For the past four years he has been employed in the St. James Hotel, Philadelphia, as a houseman and elevator operator. He is desirous of a pardon so that he may join the Army of the United States.

The Board of Pardons, after careful deliberation of all of the facts, are of the opinion that the petitioner is not criminally minded, and that he is completely rehabilitated. The Board, is further of the opinion, that the granting of the petition will in part remove the stigma of the crime from his name and will permit his entrance into the Army of the United States. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Peter Jemme, B-4708, No. 3719, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Peter Jemme, convicted of voluntary manslaughter in the Court of Oyer and Terminer of Mercer County on September 20, 1935 be commuted from 6 years to 5 years 9 months and 26 days, expiring on July 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Mercer County on September 20, 1935, to Bill of Indictment No. 38 September Term, 1935, charging voluntary manslaughter, and was thereupon sentenced by the Honorable J. A. McLaughry, Judge, to a term of imprisonment of not less than 6 years nor more than 12 years in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons under date of April 21, 1941, has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record (3) cooperative inmate." Edwin C. Moon, Esquire, trial district attorney, in a communication to the Board of Pardons under date of April 22, 1941, has stated in part as follows: ". . . Since this application is for the purpose of allowing a credit for time spent in jail awaiting trial, we have no objections whatever against any action the Board of Pardons may take in this case." The trial judge, the Honorable J. A. McLaughry, made no reply to a communication addressed to him by the Board of Pardons in this matter. A parole plan has been obtained which provides the applicant adequate sponsorship and bona fide employment, if and when, he is released on parole. The record in this case shows that the applicant was committed to the Mercer County Jail on July 16, 1935, in default of bail and that he was not sentenced until September 20, 1935, a period of 2 months and 4 days.

The Board of Pardons, having in mind an Act of Assembly, approved April 1937, which provides credit to the defendant for the time spent in a county jail in default of bail, as applying to the sentence of the Court, is of the opinion that the applicant should be credited with a period of 2 months and 4 days on his sentence, and therefore, recommends that the minimum sentence of imprisonment be commuted to a minimum term of 5 years, 9 months and 26 days, expiring on July 16, 1941, and that the petitioner remains on parole until September 20, 1947.

BOARD OF PARDONS

In re application of Herman Kummer, B-1972, No. 4308, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Herman Kummer, convicted of murder in the first degree in the Court of Oyer and Terminer of Allegheny County on April 9, 1930, be commuted from life imprisonment to 11 years and 2 months, expiring on June 9, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on April 9, 1930, on Bill of Indictment No. 51 December Term, 1929, charging murder in the first degree, and was thereupon sentenced by the Honorable Ambrose B. Reid, Judge, to a term of life imprisonment in the Western State Pnitentiary.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons under date of April 22, 1941, has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) good institutional record (3) has served over 11 years." Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office was opposed to the granting of clemency in this case. The trial judge, the Honorable Ambrose B. Reid, made no reply to a communication addressed to him by the Board of Pardons in this matter.

The petitioner is 76 years of age and it is reasonable to assume that his life span is very nearly over. His record indicates that he was not in any trouble prior to the offense for which he now seeks executive clemency. A parole plan has been obtained which ensures that the petitioner will be provided with a satisfactory home and will be taken care of by his dependents for the remaining years of his life.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the petitioner's crime was the result of marital maladjustment which was occasioned by an adulterous wife of poor repute, and that the petitioner was not at the time of the commission of this crime criminally minded nor is he criminally minded at this time. The Board, therefore, recommends that the sentence be commuted to a minimum term of 11 years and 2 months, expiring on June 9, 1941, and that the petitioner remain on parole the rest of his natural life.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Emmanuel Peter Lance, B-5283, No. 3595, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Emmanuel Peter Lance, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on October 23, 1936 be commuted from 5 years to 4 years 6 months and 16 days, expiring on May 9, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Allegheny County on October 23, 1936, to Bill of Indictment No. 26 June Term, 1936, charging murder in the second degree, and was thereupon sentenced by the Honorable E. W. Marshall, Judge, to a term of imprisonmnt of not less than 5 years nor more than 10 years in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons under date of April 10, 1941, has statel in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record (3) cooperative inmate." Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of the commutation in order to compensate the applicant for the period of time spent in jail while awaiting trial." The trial judge, the Honorable E. W. Marshall, in a communication addressed to the Board of Pardons has stated: ". . . I recall this case well. The defendant is the type that reasonably may be expected never to get into difficulty with the law again. In view of the present legislative requirement that sentence take effect as of date of original incarceration, I feel the present application has merit."

The petitioner was committed to jail in May 1936 without bail and remained therein until October 23, 1936, where he was sentenced to the Western State Penitentiary. A parole plan has been obtained which provides for adequate sponsorship, although, no employment has been obtained.

The Board of Pardons, after a careful review of all of the facts and having in mind the provision of the Act of Assembly, approved April 1937, are of the opinion that the petitioner should be credited with the time spent in the county prison as applying against the sentence imposed by the Court, and therefore, recommends that the minimum sentence of imprisonment be commuted to a minimum term of 4 years, 6 months and 16 days, expiring on May 9, 1941. The applicant to remain on parole until October 23, 1946.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Wilbert Lindsay, B-3432, No. 2736, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Wilbert Lindsay, convicted of burglary, in the Oyer and Terminer, General Jail Delivery and Quarter Sessions Court of Philadelphia County, on October 17, 1923; and the sentence imposed on him, convicted on breaking and escaping penitentiary, in the Oyer and Terminer, General Jail Delivery and Quarter Sessions Court of Centre County, on November 3, 1932, be commuted on Bill No. 404 October Sess. 1923 from a min. term of 3½ years to a min. term of 3 years 5 months 29 days, expiring on August 18, 1941; and on Bill No. 169 Sept. Sess. 1925, from a minimum of 3 years, 6 months to a minimum of 1 day, expiring on August 19, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence. (And also in the Opinion of the Superior Court in the case of Anthony Narcise, Appellant, vs. the Board of Trustees of the Eastern State Penitentiary).

It was the custom for a long period of time for the officials of both the Eastern and Western State Peniten-

tiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

Respectfully submitted,

S. S. LEWIS,
Lieutenant-Governor.

BOARD OF PARDONS

In re application of James Mason, C-8000, No. 3415, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on James Mason, convicted of burglary, breaking and entering with intent to steal, in the Oyer and Terminer and Quarter Sessions Court of Lackawanna County, on May 7, 1932, be commuted on Bill No. 236 from a minimum term of 5 years to a minimum term of 4 years and 1 month, expiring on June 8 1941; and on Bill No. 256 from a minimum term of 5 years to a minimum term of 1 day, expiring on June 9 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lackawanna County on May 7, 1932, on Bills of Indictments Nos. 18, 236, and 256 May Term, 1932, charging burglary, breaking and entering with intent to steal, and was thereupon sentenced by the Honorable E. C. Newcomb, Judge, to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary on each Bill. Sentences to be served consecutively. The applicant was technically paroled on Bill No. 18 May Term, 1932, and on May 7, 1932, he was re-entered to begin service on the sentences imposed on Bills Nos. 236 and 256 May Term, 1932.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of April 3, 1941, has stated in part as follows: ". . . Subject had difficulty adjusting during the early period of his incarceration. Improvement, however, has been noted in his behavior during the past 14 months. He formerly worked in the Weave Shop and learned part of the trade of loom fixer. At the present time he is working in the Woodworking Department and spends a good deal of his time at his work. He corresponds and receives visits from his family. No exceptional factors can be cited in this man's case which would merit unusual consideration." John Murphy, Esquire, assistant district attorney, appeared before the Board of Pardons and stated: ". . . That the accomplices in this case had been released and the matter was one for the Board of Pardons to decide. He stated the district attrney's office had no objection to the granting of this petition." The trial judge, The Honorable E. C. Newcomb, is now deceased. The president judge, the Hnorable Will Leach, made no reply to a communication addressed to him by the Board of Pardons in this matter.

A parole plan has been obtained which provides bona fide employment and adequate sponsorship, if and when, he is released on parole. The Board of Pardons, after a careful review of all of the circumstances, are of the opinion that the applicant has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizes, and therefore, recommends that the minimum sentence imposed on Bill No. 236 be commuted to a minimum term of 4 years and 1 month, expiring on June 8, 1941; and on Bill No. 256 from a minimum term of 5 years to a minimum term of 1 day, expiring on June 9, 1941, and that the applicant to remain on parole until June 9, 1951.

BOARD OF PARDONS

In re application of Lawrence Ray Mercilliott, No. 5294, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Lawrence Ray Mercilliott, convicted of involuntary manslaughter in the Court of Quarter Sessions of Lebanon County, on January 25, 1941, to be pardoned, be computed from January 20, 1941.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Lebanon County on January 25, 1941, to Bill of Indictment No. 26 March Sessions, 1941, charging involuntary manslaughter, and was thereupon sentenced by the Honorable C. V. Henry, Judge, to a term of imprisonment in the Lebanon County Prison for not less than one year nor more than 2 years. Sentence to be computed from January 20, 1941.

An examination of the criminal record in this case shows that he was never in any difficulties with the law. The trial district attorney, Earl A. Brubaker, Esquire, in a communication addressed to the Board of Pardons under date of May 1, 1941 has stated: ". . . I wish to advise you that I will not oppose the petition of Lawrence Ray

Mercilliott for clemency at the regular May 1941 Session of the Board of Pardons. I believe that Mr. Mercilliott has been sufficiently punished. I would also favor giving him an opportunity to rejoin his regiment in the national service. The facts in this matter are as set forth in his petition for pardon." The trial judge, the Honorable C. V. Henry, in a communication addressed to the Board of Pardons under date of May 3, 1941, has stated in part as follows: ". . . Replying to your recent letter with reference to the application of Lawrence Ray Mercilliott, before your Board, I believe the statements in his application are substantially correct. He plead guilty in involuntary manslaughter. The evidence before the Court was that he ran through a stop sign and in doing so he ran into another car resulting in the death of a woman in that car." An investigation into the matter reveals that the applicant was not under the influence of intoxicating liquor at the time of the accident. It appears he was employed at Indiantown Gap as a mechanic and he was returning home from work and failed to see the stop sign, which he passed through.

The applicant was a first Lieutenant in the Pennsylvania National Guards. Because of the conviction obtained against him he was honorably discharged, and he is therefore, eligible to rejoin his regiment if executive clemency is granted to him.

The Board of Pardons, after due deliberation of all the facts, are of the opinion that the applicant is not criminally minded and he has been sufficiently punished for his mistake in judgment. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of William L. Moore, B-2012, No. 144A, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on William L. Moore, convicted of robbery, receiving stolen goods, in the Oyer and Terminer Court of Allegheny County, on May 2, 1930, be commuted on Bill No. 15 March Sessions, 1930, from a minimum of 5 years to a minimum of 1 year, expiring on May 2, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

In re application of Martin Newell, No. 5292, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Martin Newell, convicted of conducting a lottery, keeping a gambling house, bookmaking in the Court of Quarter Sessions of Allegheny County, on September 18, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of Nolle Contendere in the Courts of Allegheny County on September 18, 1940, to Bills of Indictments Nos. 148, 149, and 150 May Sessions, 1940, charging conducting a lottery, keeping a gambling house, bookmaking, and was thereupon sentenced by the Honorable Thomas N. Marshall, Judge,, sentence suspended upon payment of costs of prosecution.

Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the petitioner was never in trouble before the offense which he now seeks relief nor has he been since that time and

that the matter was one for the Board of Pardons to decide. The trial judge, the Honorable Thomas N. Marshall, in a communication to the Board of Pardons under date of April 21, 1941, has stated in part as follows: ". . . Mr. Newell has a good, honest face. I have made some inquiry about him and am convinced he is doing well. The offense was not a serious one and I think he is really conscientious and that his sentence worries him and handicaps him. I would appreciate it if his application is given serious consideration."

An examination of the record shows that the applicant was never in trouble before the offense from which he now seeks relief nor has he been since that date. He is employed at the Garden Cafe, 116 East Ohio Street, Pittsburgh, Pennsylvania and enjoys the confidence of his employer. He is married and resides with his wife and two children at 216 Cremo Street, Pittsburgh, Pennsylvania. The petitioner is desirous of obtaining a pardon in order that the stigma of the conviction may be removed from his name and that of his family.

The Board of Pardons, after a careful review of all the facts, are of the opinion that the petitioner is not criminally minded and that he has been sufficiently punished, the Board, therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re Application of Leonard Novak, D-1234, No. 3613, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Leonard Novak, convicted of felonious wounding, larceny and receiving stolen goods, in the Oyer and Terminer and Quarter Sessions Court of Luzerne County, on April 15, 1936, be commuted on Bill No. 325 from a minimum term of 3½ years to a minimum term of 1 year and 8 months, expiring on June 15, 1941; and on Bill No. 323-J from a minimum term of 5 years to a minimum term of 1 day, expiring on June 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Luzerne County on April 15, 1936, to Bills of Indictments Nos. 324, 325, and 323-J April Term 1936, charging felonious wounding, larceny, and receiving stolen goods, and was thereupon sentenced by the Honorable W. Alfred Valentine, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than 3½ years nor more than 7 years on Bill No. 324; and for a term of not less than 3½ years nor more than 7 years on Bill No. 325; and to a term of not less than 5 years nor more than 10 years on Bill No. 323-J. Sentences to be served consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . This man was transferred to the Luzerne County Prison on August 8, 1939. The Warden of that institution reports that his record there has been good. He associates with a better type of inmates and has maintained a cooperative attitude. He is employed as a clerk and is considered to be a good worker. He corresponds and receives visits from his family. When he completes serving his present bill of 3½ to 7 years he will start serving the next bill No. 323-J of 5 to 10 years. The Warden recommends favorable action and states that: "Under proper supervision in the field we feel that he will meet all the requirements of society." A representative of the district attorney's office appeared before the Board of Pardons and stated that the facts stated in the petition and by counsel were correct and that the district attorney's office did not oppose the application. The trial judge, the Honorable W. Alfred Valentine, in a communication to the Board of Pardons under date of July 7, 1935, stated that he had no objection to the granting of clemency. This statement was reiterated by the Judge on April 21, 1941.

A parole plan has been obtained which provides the applicant with adequate sponsorship. Employment has not been as yet definitely provided, although, an attempt will be made to furnish employment for the petitioner with the Glen Alden Coal Company. The victim in this case has filed a letter with the Board of Pardons in which he states the applicant is entitled to parole consideration.

The Board of Pardons, after a careful review of all the facts, are of the opinion that the petitioner has been sufficiently punished, and he will, if released on parole, become a self-respecting law-abiding citizen.

The Board, therefore, recommends that the minimum terms of imprisonment be commuted in the following manner: On Bill No. 325 from a minimum term of 3½ years to a minimum term of 1 year and 8 months, expiring on June 15, 1941; on Bill No. 323-J from a minimum term of 5 years to a minimum term of 1 day, expiring on June 16, 1941, and that the petitioner to remain on parole until June 16, 1951. A technical parole was granted to the petitioner on Bill No. 324 on October 15, 1939

BOARD OF PARDONS

In re application of Edward Pishney, B-2407, No. 4843, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Edward Pishney, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on January 7, 1931, be commuted on Bill No. 75 from a minimum term of 10 years to a minimum term of 5 months, expiring on June 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Allegheny County on January 7, 1931, to Bills of Indictment No. 79 and 75 December Term, 1930, charging robbery, and was thereupon sentenced to a term of imprisonment in the Western State Penitentiary of not less than 10 years nor more than 20 years on Bill No. 79 and to a further sentence of not less than 10 years nor more than 20 years on Bill No. 75 by the Honorable George V. Moore, Judge. Sentences to be

served consecutively. The applicant was technically paroled on Bill No. 79 on January 7, 1941, and was reentered in the penitentiary in order to start serving sentence imposed on Bill No. 75.

The Board of Trustees of the Western State Penitentiary in a report submitted to the Board of Pardons under date of April 23, 1941 has stated in part as follows: ". . . If this inmate were eligible to apply for parole, we would probably recommend him for parole (1) first conviction (2) excellent institutional record (3) has made considerable progress in self-improvement (4) has served almost 10½ years (5) sentences of accomplices have been commuted." Ralph T. Bell, Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office opposed the granting of any clemency to this petitioner. The trial judge, the Honorable George V. Moore, made no reply to a communication addressed to him by the Board of Pardons in this matter. The Honorable John V. Kennedy, President Judge, addressed a communication to the applicant, which is on file in the office of the Board of Pardons, in which he states in part as follows: ". . . However, from the reports received by this Court as to your exemplary conduct in the Western State Penitentiry during the last ten years and from information gleaned from other sources, I do not hesitate to say that I trust that the Pardon Board will honor your application for commutation, when same comes before it next month."

A parole plan has been obtained which provides the applicant with adequate sponsorship and bona fide employment, if and when, he is released on parole.

The Board of Pardons, after a careful review of all of the circumstances in this case, are of the opinion that the petitioner has been sufficiently punished, and that he will, if released on parole, become a self-respecting law-abiding citizen and a credit to any community in which he may reside. The Board, therefore, recommends that the minimum sentence on Bill No. 75 be commuted to a minimum term of 5 months, expiring on June 7, 1941, and that the petitioner to remain on parole until January 7, 1961.

In re application of Alexander A. Roseman, No. 5293, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Alexander A. Roseman, convicted of conspiracy to cheat and defraud, false pretense, in the Court of Quarter Sessions of Philadelphia County, on November 6, 1925, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on November 6, 1925, to Bills of Indictments Nos. 1, 38, 125, 167, 267, 302, 395, 461, 476, 477, 586, 646, and 769, charging conspiracy to cheat and defraud, false pretense, and was thereupon sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Philadelphia County Prison for 8 years. The petitioner filed an application to the Board of Pardons for Executive Clemency which was heard on December 18, 1929 and favorable consideration was recommended. On December 23, 1929 the sentence was commuted and the petitioner was released on parole.

An examination of the criminal record in this case shows that during October, 1922 he was charged with the crime of fraud and the case was nolle prossed. He was subsequently arrested and indicted on December 12, 1935 for the crime of fraudulent conversion, however, this charge was disposed by nolle prossed. The sentencing Court has advised from all the appearances of one of those prosecutions started for the collection of money and then discontinued when the debt had been paid. James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that the district attorney's office had no objection to the granting of this petition. The trial judge, the Honorable Harry S. McDevitt, in a communication to the Board of Pardons under date of May 5, 1941 has stated in part as follows: ". . . I sentenced this man to eight years in the County Prison in 1925 for a number of Building and Loan transactions. He was one of the first who wrecked confidence in Building and Loan Associations in this community, but took his medicine like a soldier and served his time without a whimper. Since that time he has had considerable difficulty, I know, making a living. He had a very large family and few of them were grown when he went to prison. So far as I can ascertain the only law violation that he has been identified with since his discharge was in 1935, when he was charged with fraudulent conversion and accused of having diverted to his own use funds that belonged to a corporation of which he was an officer. He was indicted on December 12, 1935 and on February 19, 1936 the bill was nolle prossed at the request of Benjamin D. Eisenberg, the principal prosecutor."

The petitioner is engaged in the Real Estate Business in the City of Philadelphia. He resides at the Clinton Hotel, 10th and Spruce Streets, Philadelphia, Pennsylvania with his wife and two minor children.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the petitioner is not criminally minded and that he has rehabiliated himself, the Board, is further of the opinion, that the granting of a pardon to the applicant will in part remove the stigma from his name and family and will materially aid him in the business in which he now is engaged. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Glenn A. Shadduck, D-2621, No. 4880, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Glenn A. Shadduck, convicted of larceny in the Court of Oyer and Terminer and Quarter Sessions of Susquehanna County on November 19, 1937 to be computed from November 8, 1937, be commuted from 7½

years to 3 years and 7 months, expiring on June 8, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Susquehanna County on November 19, 1937, on Bills of Indictments Nos. 39, 40, 41, 42, and 45 November Term, 1937, charging larceny, and was thereupon sentenced by the Honorable Andrew B. Smith, Judge, to a term of imprisonment of not less than 18 months nor more than 3 years on each indictment. Sentence to be computed from November 8, 1937 and to be served consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . Subject's institutional performance has been good. He has been employed as a clerk in the maintenance department outside the walls during his entire time. He is a willing and industrious worker. He has attempted to improve himself by taking a correspondence course in agriculture. He completed 6 courses in Agriculture from Pennsylvania State College and has also studied a poultry course from International Correspondence School. At the present time he is studying Internal Correspondence School Course in bookkeeping. He has consistently maintained a constructive attitude." The trial judge, the Honorable Andrew B. Smith, is now deceased. The Honorable Edward P. Little, President Judge, in a communication addressed to the Board of Pardons has stated in part as follows: ". . . I have felt that this defendant had it in him to become a useful citizen. At one time after he came out of jail, I certified him for employment and assisted him in getting a good job, when I was District Attorney. His trouble seems to be more through weakness than real viciousness in my opinion and if the Board is of the opinion that he has been cured I would not stand in the way of another opportunity for him to rehabilitate himself and I would agree to this clemency."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment to the applicant, if and when, he is released on parole. The Board of Pardons, after a careful review of all of the facts, are of the opinion that the petitioner has been sufficiently punished, and that, he will, under proper supervision and guidance will become a self-respecting law-abiding citizen in any community in which he resides. The Board, therefore, recommends that the minimum term of imprisonment be commuted to a minimum term of 3 years and 7 months, expiring on June 8, 1941, and that the applicant to remain on parole until November 8, 1952.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Harry Shore, No. 5259, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Harry Shore, convicted of violation of the State Prohibition Act in the Court of Quarter Sessions of Philadelphia County, on January 29, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on January 29, 1929, to Bill of Indictment No. 554 October Term, 1929, charging violation of State Prohibition Act, and was thereupon sentenced by the Honorable C. D. Copeland, Judge, to pay the costs of prosecution and placed on probation for a period of one year.

An examination of the criminal record in this case shows that the petitioner was placed under arrest on May 14, 1927 charged with the crime of unlawful possession of intoxicating liquor, however, the case was ignored by the jury. James W. Tracey, Jr., Esquire, assistant District attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of his petition. The trial judge, the Honorable C. D. Copeland, is now deceased. The applicant is employed by the Department of Welfare, Bureau of Recreation, as a caretaker, earning $1200.00 per year. He is married and resides with his wife and child at 723 South Third Street, Philadelphia. The offense from which he was convicted involved the sale of one-half pint of intoxicating liquor to a police officer.

The Board, after a careful review of all of the facts, are of the opinion that the petitioner is not criminally minded, and that he is regarded as a self-respecting law-abiding citizen in the community in which he now lives. He is desirous of a pardon in order that he may be eligible for employment, which will provide him as an enumerator, and wll permit him more adequately to take care of his wife and other dependents. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of Stephen Smerecky, B-5517, D-1911, No. 5279, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons, recommend that the sentence of imprisonment imposed on Stephen Smerecky, convicted of breaking and entering, larceny, burglary, in the Oyer and Terminer and Quarter Sessions Court of Lackawanna County, on December 12, 1936, be commuted on Bill No. 15 October Term, 1936 from a minimum term of 3 years to a minimum term of 2 years, 5 months and 18 days, expiring on May 30, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lackawanna County on December 12, 1936, to Bills of Indictments Nos. 13 and 15 October Term, 1936, charging breaking and entering, larceny and burglary, and was thereupon sentenced by the Honorable William R. Lewis, Judge, to a term of imprisonment in the

Eastern State Penitentiary for not less than 2 years nor more than 4 years on Bill No. 13, and to a term of imprisonment of not less than 3 years nor more than 6 years on Bill No. 15. Sentences to be served consecutively. On December 12, 1938 he was technically paroled on Bill No. 13 and re-entered on the records of the penitentiary to begin service on sentence imposed on Bill No. 15.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . Applicant was transferred to Rockview on May 24, 1937. The authorities of that institution report that his record there is satisfactory. He has maintained a co-operative attitude and associates with the average type of inmates. He is employed in the kitchen and is considered to be a good worker." The trial judge, the Honorable William R. Lewis, made no reply to a commucation addressed to him by the Board of Pardons in this matter, nor did the trial district attorney.

A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when, he is released on parole. The petitioner was placed under arrest on June 30, 1936 and was committed to the Lackawanna County Prison in default of bail until December 12, 1936, the date of his trial.

The Board of Pardons, having in mind the Act of Assembly, approved April 1937, is of the opinion that the defendant is entitled to the benefit of the time spent in the county prison awaiting trial as applying to his sentence. The Board, is further of the opinion, that the petitioner should be credited with the period of 5 months and 12 days, which is the length of time he was confined in the Lackawanna County Prison, and the Board, therefore, recommends that the minimum sentence of imprisonment be commuted on Bill No. 15 October Term, 1936 from a minimum term of 3 years to a minimum term of 2 years, 5 months and 18 days, expiring on May 30, 1941, and that the petitioner remain on parole until December 12, 1944.

BOARD OF PARDONS

In re application of Moxie Souchick, C-3882, No. 4435. May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Moxie Souchick, convicted of larceny of an automobile, in the Oyer and Terminer and Quarters Sessions Court of Luzerne County, on March 22, 1927, be commuted on Bill No. 468 February Sessions 1927, from a maximum term of 10 years to a minimum term of 9 years, expiring on June 13, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Luzerne County on March 22, 1927 to Bill of Indictment No. 468 February Term, 1927, charging larceny of an automobile, and was thereupon sentenced to a term of imprisonment in the Eastern State Penitentiary of not less than 5 years nor more than 10 years by the Honorable B. J. Jones, Judge. The applicant was received at the penitentiary on April 4, 1927 and remained therein until September 28, 1928 when he was transferred to the Western State Penitentiary, from which he was released on parole on March 22, 1932. On June 13, 1932 the applicant was sentenced in the Courts of Luzerne County on Bill No. 337 June Term, 1932, charging burglary and entering, and was thereupon sentenced by the Honorable C. D. Coughlin, Judge, to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary. The petitioner was technically paroled on this sentence on June 13, 1937 and received as a transferred prisoner from the Western State Penitentiary to serve the unexpired portion of sentence imposed on March 22, 1927. He has been confined in the Eastern State Penitentiary for a period of about 9 years.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . This inmate has been incarcerated for a continuous period of approximately 14 years. Steady progress has been noted while he has been in this institution, and he has definitely demonstrated a mature judgment. He is employed as a radio operator and has worked in the electrical department for the past 5½ years. He is called upon for emergency work for both inside and outside the walls at all hours of the day and night. In addition to his regular work he is a motion picture operator and by further study he has successfully passed the state license examination for sound picture projection. On the basis of, exceptional habits of industry, his demonstration of habits of thrift, and the vocational aptitude which he has acquired, we feel that he has a possibility of successful adjustment when released." A representative from the district attorney's office appeared before the Board of Pardons and stated that the petitioner has a long record, although, he has not displayed viciousness in the perpetration of his crimes, and therefore, the district attorney's office left the matter to the Board of Pardons. The trial judge, the Honorable Clarence D. Coughlin, in a communication addressed to the Board of Pardons has stated in part as follows: ". . . However, I have read over the application for clemency and I would recommend him for parole. He has served his term approximately and whatever reformation rests in imprisonment should have had its effect by now. I think it most important, however, that he have, in truth, a job open for him."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment, if and when, he is released on parole. With the exception of a period of about 3 months the applicant has been continuously confined for the past 14 years.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that he has learned his lesson and that he has been sufficiently punished for his misdeeds, and the Board, is further of the opinion, that the applicant will, if released on parole, become a self-respecting law-abiding citizen, and therefore, recommends that the maximum sentence of imprisonment on Bill No. 468 February Term, 1927 be commuted to a minimum term of 9 years, expiring on June 13, 1941, and that the petitioner remains on parole until June 13, 1942.

BOARD OF PARDONS

In re application of Richard D. Taylor, D-1262, No. 4126, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Richard D. Taylor, convicted of kidnapping (Under Act of 1901) in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County, on April 29, 1936 be commuted from 25 years to 5 years and 1 month, expiring on May 29, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Lehigh County on April 29, 1936, to Bill of Indictment No. 54 April Term, 1936, charging kidnapping (Under Act of 1901), and was thereupon sentenced by the Honorable Richard W. Iobst, Judge, to a term of imprisonment for not less than 25 years nor more than 50 years in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of April 3, 1941 has stated in part as follows: ". . . Applicant is above average in intelligence and has not demonstrated any anti-social attitudes or behavior while he has been in the institution. He is unlikely to again commit a criminal act. He has an excellent record of institutional performance and has been employed in the Deputy Warden's Office on a position of trust as a clerk during most of his time in the institution. During the early part of his incarceration he worked as a corrector in the Educational Department and he also studied the Salesmanship Course. The business associates with whom he worked prior to his incarceration have still maintained their confidence in this man and are willing to employ him when he is released. The crime which he committed was one of thoughtlessness and was not motivated by wickedness of heart. It is felt that there is very little likelihood of this man ever again exercising the same type of poor judgment." The trial district attorney, John L. Cutshall, Esquire, when interviewed by an investigator of the Board of Pardons stated: ". . . The petitioner was of very high standing. Had held jobs in the $8000 and $10,000 bracket and through no fault of his own, lost his position and was reduced to poverty. He married a girl that was not acceptable to his farmily and eventually they were divorced. This added to his financial condition and made him moody. The District Attorney feels that his mind was affected when he committed this crime." The father of the victim in this case, Mr. Henry T. Koch, in a communciation to the Warden of the Eastern State Penitentiary under date of September 8, 1937 has stated the following: ". . . The District Attorney's Office of this County has requested me to express my feeling and attitude upon an intended application for clemency before the Board of Pardons, for one Richard D. Taylor, who was committed to the Eastern State Penitentiary, for the kidnapping of my son in the spring of 1936. My son was not injured in any manner, was kindly treated while in the custody of Taylor, which was less than two hours, and I feel that this offense was due to a temporary mental disarrangement of some kind brought on by worries over his financial status at that time. You are therefore advised, that my feeling in the matter is, that he has been punished sufficiently, that the ends of justice have been justly met, and that a continuance of imprisonment, and that further confinement may destroy this man's usefulness as a citizen and to society. I feel, if he were released that he would rehabilitate himself and again become a useful citizen." The trial judge, the Honorable Richard W. Iobst, in a communication addressed to the Board of Pardons under date of March 20, 1941, has stated in part as follows: " . . . On November 8, 1938, when this applicant had previously applied for a pardon, I wrote a letter addressed to you as Secretary of the Board of Pardons, wherein I enclosed photostatic copies of the kidnap notes addressed to Mr. Henry Koch, which notes were found in Taylor's room at the Hotel where he had registered. I feel assured that you still have those photostatic copies in your files. As stated in my previous letter I can only restate that those notes containing the threats of death to the child are a severe indictment of the applicant. In my letter of November 8, I stated and will herein restate that to my mind no mercy should be shown to kidnappers in this Commonwealth. I am still of the same opinion."

A parole plan has been obtained which provides the applicant with adequate sponsorship and immediate employment to go to, if and when, he is released. A number of letters have been filed by reputable citizens attesting to the applicant's good character.

The Board of Pardons, after a careful review of all the facts and taking into consideration the recommendation submitted in this case by Mr. Henry T. Koch, the father of the boy, an extract which is quoted herein ". . . You are therefore advised, that my feeling in the matter is, that he has been punished sufficiently, that the ends of justice have been justly met, and that a continuance of imprisonment, and that further confinement may destroy this man's usefulness as a citizen and to society. I feel, if he were released, that he would rehabilitate himself and again become a useful citizen." The Board, therefore, recommends that the sentence as imposed by the Court be commuted from a minimum term of 25 years to a minimum term of 5 years and 1 month, expiring on May 29, 1941, and that petitioner remain on parole until April 29, 1986.

BOARD OF PARDONS

In re application of James Thomas, C-7106, No. 4402, May Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on James Thomas, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on May 25, 1931, be commuted on Bill No. 1086 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 26, 1941; on Bill No. 1087 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 27, 1941; and on Bill No. 1089 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 28, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty to Bill of Indictment No. 1084 May Term, 1931, and not guilty to Bills of Indictments Nos. 1086, 1087, and 1089 May Term, 1931, in the Courts of Philadelphia County on May 25, 1931, charging robbery, being armed with an offensive weapon, and was thereupon sentenced by the Honorable Joseph L. Kun, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary on each Bill. Sentences to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of May 1, 1941 has stated in part as follows: ". . . His claim that he was guilty of only one of the crimes charged appears to have some merit. The man is employed as a cook in the Warden's residence and he has improved his proficiency in this type of work. He attended school for a period of 2 years and also studied during his spare time. He has a good personality, has maintained a good attitude, and is apparently attempting to fit himself for life after release. He does not associate with any of the inmates. He spends a majority of his time at his work. Judging on the basis of his habits of industry and thrift it is felt that he would have a good probability of successful adjustment if released." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that because of the record maintained by the prisoner while confined at the penitentiary, the district attorney's office had no objection to the granting of clemency. The trial judge, the Honorable Joseph L. Kun, in a communication addressed to the Board of Pardons under date of April 21, 1941 has stated as follows: ". . . The trial judge is in favor of the commutation of the sentence in this case after defendant has served ten years of the minimum term imposed. It is believed that the object of the punishment has been realized in this case." A parole plan has been obtained which provides adequate sponsorship and bona fide employment to the applicant, if and when he is released.

The Board of Pardons, after a careful review of all of the facts, are of the opinion that the applicant has been sufficiently punished, and that, he will, if released on parole, become a self-respecting law-abiding citizen in any community he resides. The Board, therefore, recommnds that the minimum sentences imposed by the Court be commuted in the following manner: On Bill No. 1086 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 26, 1941; on Bill No. 1087 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 27, 1941; and on Bill No. 1089 from a minimum term of 10 years to a minimum term of 1 day, expiring on May 28, 1941, and that the applicant to remain on parole until May 28, 1961. Applicant was granted a parole on Bill No. 1084 on May 25, 1941.

BOARD OF PARDONS

In re application of Clyde Addlesperger, B-6688, No. 5046, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clyde Addlesperger, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on March 16, 1939, April 20, 1939, to begin be commuted from 5 years to 2 years and 4 months, expiring on July 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered a plea of guilty on April 20, 1939, to Bill of Indictment No. 57 April Term, 1939, in the Courts of Allegheny County, charging robbery, and was sentenced by the Honorable W. Heber Dithrich, Judge to a term of imprisonment of not less than 5 years nor more than 10 years in the Western State Penitentiary. Sentence to be computed from March 16, 1939.

The petitioner had no previous criminal record and his present record is such as to indicate a desire to lead a normal and honest life.

Ralph T. Bell, Esquire, assistant district attorney of Allegheny County, appeared before the Board of Pardons and stated: ". . . That the district attorney's office did not object to the commutation as prayed for by the petitioner." A parole plan has been secured which provides the applicant with adequate sponsorship and immediate employment with a Bakery Shop in McKees Rocks, Pennsylvania.

The Board of Pardons, after a thorough review of all the facts, is of the opinion that the applicant's crime was not the result of criminal instinct, and that during the term of his imprisonment he has shown such a desire to rehabilitate himself, as promise a future which will be of benefit to himself, his child, and to society.

The Board, therefore, recommends that the sentence for commutation be commuted from a minimum term of 5 years to a minimum term of 2 years and 4 months, expiring on July 16, 1941, and that the petitioner remain on parole until March 16, 1949.

BOARD OF PARDONS

In re application of John Joseph Carroll, D-1379, No. 5270, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Joseph Carroll, convicted off (1) robbery (2) being armed with an offensive weapon, in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on June 3, 1936, be commuted from 10 years to 5 years and 1 month, expiring on July 3, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on June 3, 1936, to Bill of Indictment No. 1088 May Term, 1936, charging robbery, being armed with an offensive weapon, and was thereupon sentenced by the Honorable Howard A. Davis, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary has advised the Board of Pardons as follows: ". . . The petitioner has maintained a good record of prison performance. He formerly worked in the weave shop and he is now attending the printing school where he is taking the printing apprenticeship course. He has maintained a good attitude and he associates with very few of the

inmates. He has maintained a constructive interest in his family and has sent out a large part of his earnings to help in their support. Subject's constructive prison record and his acceptance of part of his social responsibility by helping his family is a step in the right direction."

James W Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: ". . . That deadly weapons were used in all the cases in which the petitioner was involved, and that because of the use of the deadly weapons and his prior criminal record, that the district attorney's office was opposed to the granting of the petition." The trial judge, the Honorable Howard A. Davis, in a communication addressed to the Board of Pardons under date of April 23, 1941, has stated in part as follows: ". . . You will observe that John Joseph Carroll was sentenced by me June 3, 1936, to a term of 10 to 20 years in the Eastern Penitentiary upon the charge of conspiracy to rob, carrying concealed deadly weapons, and robbery. I note in his application that he states he has not used any aliases. This is a misstatement as he is known as Jack Carroll and John Carney. He had a prison record and also arrests since May 1, 1926, at the time that he was tried before me in 1936. In 1938 he violated his parole which had been granted October 13, 1927. I see no reason why this defendant should be discharged."

The applicant has been confined in the Eastern State Penitentiary for a period of about five years and is undergoing his first imprisonment. A parole plan has been obtained which provides the petitioner with adequate sponsorship and bona fide employment to go to, if and when, he is released on parole. He is married and is the father of two children, age 10 and 4 years. He proposes to make his home with his family when released.

The Board of Pardons, after a careful review of all the facts and circumstances, are of the opinion, that the petitioner has been sufficiently punished, ad that he will, if released on parole, become a self-respecting law-abiding citizen and a credit to any community in which he may live. The Board, therefore, recommends that the minimum term of imprisonment be commuted to a minimum term of 5 years and 1 month, expiring on July 3, 1941, and that the petitioner remain on parole until June 3, 1956.

Respectfully submitted,

BOARD OF PARDONS

In re application of Norman M. Chadwick, No. 5306, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Norman M. Chadwick, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on September 30, 1933, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on September 30, 1933, to Bill of Indictment No. 785 October Sessions, 1933, charging murder. On December 29, 1933, he was adjudged guilty of murder in the second degree and sentenced to a term of imprisonment of not less than 3 years nor more than 12 years in the Philadelphia County Prison by the Honorable Harry S. McDevitt, Judge.

The petitioner was released on parole at the expiration of his minimum sentence on September 30, 1936. Since his release from the Philadelphia County Prison the petitioner has led a blameless life and is now employed by the American Baseball Club of Philadelphia.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office had no objection to the granting of the prayer of the petitioner. The trial judge, the Honorable Harry S. McDevitt, in a letter to the Board of Pardons has stated in part as follows: " . . . I think by his conduct since his discharge he has earned a pardon."

The Board of Pardons, after a careful review of all of the facts, is of the opinion that the petitioner is not criminally minded, and that his rehabilitation as evidenced by the employment he has had since his discharge, is complete. The Board is further of the opinion that the granting of the pardon to the applicant will remove the stigma from his name and will permit him to attain a more substantial place in society. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

Respectfully submitted.

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.

BOARD OF PARDONS

In re application of John Christopher, D-1802, C-9206, No. 5319, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Christopher, convicted of (1) robbery (2) being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 17, 1936, be commuted from 5 years to 4 years and 6 months, expiring on June 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Philadelphia County on the 17th day of December, 1936 to Indictments Nos. 1442 to 1445 and 1458 June Term, 1936, charging (1) robbery (2) being armed with an offensive weapon, and was sentenced by the Honorable James B. Barnett, Judge, to a term of imprisonment of not less than 5 years nor more than 10 years in the Eastern State Penitentiary.

The petitioner is 28 years of age. He is married and the father of a son, five years of age. He has served 4 years and 6 months of his sentence and since his imprisonment has maintained a satisfactory record and a good attitude. Two of his accomplices of the crimes for which he was committed have been paroled.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . That the district attorney's office was satisfied to leave the matter with the Board."

The petitioner is assured employment upon his release at a salary which will enable him to support his family

A parole plan has been arranged which provides adequate sponsorship for him, if and when, he is released on parole.

The petitioner was arrested on June 25, 1926, and confined in the County Jail for 9 days less than 6 months before being sentenced, for which credit was not allowed by the sentencing court.

The Board of Pardons having in mind the provisions of an Act of Assembly approved April, 1937 feels that the applicant in this case should be given credit for the period confined in the County Jail, and therefore, recommends that the minimum sentence be commuted to a minimum term of 4 years and 6 months, expiring on June 17, 1941, and that the applicant remain on parole until December 17, 1946.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Theodore Joseph Geisler, B-3685, No. 1619, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Theodore Joseph Geisler, convicted of robbery, in the Oyer and Terminer Courts of Allegheny County, on the 30th day of April, 1930; and in the Quarter Sessions Courts of Allegheny County on the 10th day of May, 1933, convicted of breaking and escaping penitentiary be commuted on Bill No. 56 April Term, 1930 from a maximum term of 4 years to a minimum term of 3 years and 2 months, expiring on July 3, 1941; on Bill No. 57 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 4, 1941; on Bill No. 58 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 5, 1941; on Bill No. 59 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 6, 1941; on Bill No. 60 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 7, 1941; on Bill No. 61 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 8, 1941; on Bill No. 62 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 9, 1941; on Bill No. 63 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 10, 1941; and on Bill No. 181 May Term, 1933 from a minimum term of 3 years to a minimum term of 1 day, expiring on July 11, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence pleaded guilty in the Courts of Allegheny County on April 30, 1930, to Indictments Nos. 41, 55, 56, 57, 58, 59, 60, 61, 62, and 63 April Term, 1930, charging robbery, and on each Bill of Indictment was sentenced by the Honorable Harry H Rowand, Judge, to a term of imprisonment of not less than 2 years nor more than 4 years in the Western State Penitentiary, sentences to run consecutively. On April 27, 1933, within three years after being committed to the Western State Penitentiary the petitioner escaped from that institution and was apprehended the same day. He entered a plea of guilty in Allegheny County to Indictment No. 181 May Term, 1933, charging escape, and was sentenced by the Honorable S. H. Gardner, Judge, to a term of imprisonment of not less than 3 years nor more than 6 years in the Western State Penitentiary, sentence to begin at the expiration of original sentence imposed on April 30, 1930.

The petitioner's criminal record began at an early age and before the crimes for which he is now in prison were committed he had been sentenced at least five times. Since his re-commitment following the escape from the penitentiary his prison record had been good.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons has stated: " . . . If eligible to apply for parole, we would probably conditionally recommend him for parole subject to favorable parole plan (1) improvement in attitude over past 5 years (2) has now served 10½ years."

A very favorable parole supervision has been provided with adequate sponsorship and a position which will pay the petitioner seventy (70c) cents per hour awaits his release.

The Board after a thorough study of all the facts in connection with this application is of the opinion that the applicant has been sufficiently punished and that the opportunity of employment and sponsorship that awaits his release will finish the rehabilitation that has been started. The Board, therefore, recommends that the sentences of imprisonment be commuted in the following manner: on Bill No. 56 April Term, 1930 from a maximum term of 4 years to a minimum term of 3 years and 2 months, expiring on July 3, 1941; on Bill No. 57 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 4, 1941; on Bill No. 58 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 5, 1941; on Bill No. 59 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 6, 1941; on Bill No. 60 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 8, 1941; on Bill No. 62 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 9, 1941; on Bill No. 63 from a minimum term of 2 years to a minimum term of 1 day, expiring on July 10, 1941; and on Bill No. 181 May Term, 1933, from a minimum term of 3 years to a minimum term of day, expiring on July 11, 1941, and that the applicant remain on parole until July 11, 1947.

BOARD OF PARDONS

In re application of William Grimm, B-1953, No. 4873, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of William Grimm, convicted of murder in the first degree in the Court of Oyer and Terminer of Lawrence County on April 4, 1930; be commuted from Life Imprisonment to 11 years and 3 months expiring on July 4, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence was convicted of murder in the first degree in Lawrence County

under Indictment No. 6 March Term, 1930, charging murder, and was sentenced by the Honorable James A. Chambers, Judge, on April 4, 1930 to life imprisonment in the Western State Penitentiary.

The petitioner's former criminal record shows two conviction of larceny. The Board of Trustees of the Western State Penitentiary reports to the Board of Pardons that: ". . . . If eligible to apply for parole, would probably recommend for parole (1) first imprisonment (2) good institutional record (3) has served 10 years 8 months."

The Honorable W. Walter Braham, President Judge of Lawrence County in a letter to the Board says: ". . . I may again summarize my views by saying that insofar as the local situation as observed by myself is concerned, the interests of justice will have been served by granting this young man a pardon at this time." The Honorable James A. Chambers, who presided as judge at the trial of the petitioner in a letter to the Board under date of February 20, 1940, states: ". . . I have looked over the petitions, and believe the facts as set forth in each of them are substantially correct. As I have stated on other occasions when similar applications by these applicants have been before the Board, that in my opinion these young men were not of the hardened criminal type, that they did not realize the gravity of the offense they were committing, and that while the facts of the case made the sentence mandatory that I always felt that the time would come when clemency should be extended. It has now been over 10 years since these boys were sentenced, and in my opinion clemency should now be extended to them." John S. Powers, Esquire, who was district attorney of Lawrence County at the time the petitioner was convicted in a letter to the Board states: ". . . I was District Attorney at the time and I believe that if Mr. Grimm receives the clemency he seeks, he will no longer be a detriment to society. I join with him in his application for parole."

The petitioner was only 20 years of age when this offense was committed, he has served a long term of imprisonment, and he has a good institutional record. An adequate parole system including competent sponsorship and employment has been provided.

The Board of Pardons, after a careful review of the facts in this case and in view of the recommendations of the trial judge, the trial district attorney, and the present judge of Lawrence County, is of the opinion that the petitioner has been sufficiently punished, and that his release on parole will give him an opportunity to complete his rehabilitation and permit him to take his place in society and become a useful citizen. The Board, therefore, recommends that the sentence of life imprisonment be commuted to a minimum term of 11 years and 3 months, expiring on July 4, 1941, and to remain on parole the rest of his natural life.

BOARD OF PARDONS

In re application of Rosario Gugliuzza, B-5562, D-1959, No. 4772, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Rosario Gugliuzza, convicted of voluntary manslaughter in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on February 16, 1937 be commuted from 5 years to 4 years, 4 mos. and 12 days, erpiring on June 28, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on February 16, 1937, to Indictment Nos. 1107 August Session, 1936, charging voluntary manslaughter, and was sentenced to a term of imprisonment in the Eastern State Penitentiary for not less than 5 years nor more than 10 years.

The petitioner had no previous criminal record. His institutional record is only fair.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: ". . . That the district attorney's office had no objection to the granting of the petition." A letter from the Honorable Robert E. Lamberton, Mayor of Philadelphia, who was the trial judge at the time the petitioner was convicted states: ". . . I have received your letter of May 19th advising me that Rosario Gugliuzzo has made application for clemency. The sentence imposed by me in this case was not less than five nor more than ten years in the Eastern State Penitentiary. The minimum term will not expire until February 16, 1942. The fact is, however, that the defendant was in the County Prison awaiting trial for approximately eight months in advance of that time. He will therefore actually have completed five years in prison in June, 1941. When I imposed the sentence I overlooked this fact. It would be my judgment that leniency could properly be exercised to the extent of paroling him next month."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment to the petitioner, if and when, he is released on parole.

The petitioner spent 8 months in the Philadelphia County Prison awaiting trial, for which credit was not allowed by the sentencing court.

The Board, after a review of all of the facts, and giving full consideration to the recommendation of Judge Lamberton, are convinced that the petitioner will, if released on parole, become a useful and law-abiding citizen, and having in mind the provision of an Act of Assembly approved April, 1937, feels that the applicant in this case should be given credit for the period confined in the County Prison, and therefore, recommends that the minimum sentence be commuted to a minimum term of 4 years, 4 months and 12 days, expiring on June 28, 1941, and that the applicant to remain on parole until February 16, 1947.

In re application of Thomas J. Harkins, No. 5341, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due

public notice, in open session, the undersigned members of the Board of Pardons recommend that Thomas J. Harkins, convicted of (1) larceny (2) conspiracy to cheat and defraud in the Court of Quarter Sessions of Philadelphia County, on May 10, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on May 10, 1938, to Bills of Indictments No. 304 November Term, 1937, and No. 89 April Term, 1938, charging (1) larceny (2) conspiracy to cheat and defraud, and was thereupon sentenced by the Honorable L. Stauffer Oliver, Judge, to a term of imprisonment of not less than 3 months nor more than 2 years in the Philadelphia County Prison on each indictment. Sentences to run concurrently.

The petitioner was released on parole at the expiration of his minimum sentence. His parole expired on April 13, 1940. The petitioner has no previous criminal record and was never convicted of any other crime other than those for which he was centenced.

The petitioner has been supporting his wife and six children, and if pardoned, he alleges he will be able to secure a responsible position with a jeweler in the City of Philadelphia.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office made no objection to the granting of a pardon. The trial judge, the Honorable L. Stauffer Oliver, in a letter to the Board of Pardons has stated: ". . . I have looked over my notes of the trial and find that his application correctly sets forth the facts. My notes further indicate that Harkins had a good record and was well regarded, and that he had probably been led into the crimes he committed by John Schneider. In view of the circumstances set forth in the application, I recommend that the pardon be granted.

The Board of Pardons, after a careful review of all of the facts, and in view of the position taken by the trial judge, are of the opinion that the granting of a pardon in this case will best serve the ends of justice and permit the further and complete rehabilitation of the petitioner. The Board, therefore, recommends that a full and complete pardon by granted to the applicant.

In re application of George Hodges, Jr., No. 5336, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George Hodges, Jr., convicted of (1) robbery, (2) entering, (3) carrying concealed deadly weapons in the Court of Quarter Sessions of Philadelphia County, on February 13, 1934, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded guilty in the Courts of Philadelphia County on February 13, 1934, to Bills of Indictments Nos. 268, 269 and 287 February Term, 1934, charging (1) robbery (2) entering (3) carrying concealed deadly weapons, and was thereupon placed on probation for a term of 10 years by the Honorable Harry S. McDevitt, Judge.

The record of Philadelphia Probation Office indicates that the petitioner has made satisfactory progress since being placed on probation, and he is now employed by the Kaplan Hosiery Company located at Salisbury, Maryland. which company has recently moved to Philadelphia.

The petitioner had no previous criminal record and since being placed on probation has been married and is the father of one child, a boy, now two years of age.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated that the district attorney's office interposed no objection to the granting of a pardon. The trial judge, the Honorable Harry S. McDevitt, in a letter to the Board of Pardons has stated: ". . . This man was placed on probation for ten years in February, 1934, and so far as I can ascertain has never been in trouble since that time. He is married and has one child. I would be inclined to give him the opportunity he seeks by granting a pardon."

The Board of Pardons, after a careful review of all of the facts, and particularly in view of the opinion expressed by the sentencing judge, are of the opinion that the granting of a pardon to the petitioner in this case will best serve the ends of justice, and will furnish him with the opportunity of renewing his life in a new location without the stigma of the conviction still attached to his record, and the Board, therefore, recommends that a full and complete pardon be granted to the applicant.

In re application of Edward Joseph Houghton, No. 5295, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Joseph Houghton, convicted of assault and battery in the Court of Municipal of Philadelphia County, on November 8, 1940, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of guilty in the Municipal Court of Philadelphia County on November 8, 1940, to Bill of Indictment No. 680 June Term, 1940, charging asault and battery, and thereupon received a suspended sentence by the Honorable Thomas Bluett, Judge.

The crime for which the petitioner was arrested was not of a serious nor did its commission reveal any criminal tendencies. It was a simple assault, which was the result of sudden anger, and the failure of the trial judge to administer any imprisonment is the best evidence of its trival nature. In administering the sentence, after the petitioner pleaded guilty, Judge Bluett stated: ". . . This man has been very honest, I don't know whether he should have come to trial or not, but he pleaded guilty." In answer to a letter from the Board of Pardons a representative of

Judge Bluett replied: ". . . That the Judge felt that any decision he may come to in the matter of granting a pardon would be in accordance with the findings of the district attorney's office." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: ". . . That the office was not opposed to the granting of the pardon."

The applicant is 31 years of age. He has no criminal record and has been constantly employed since he was 15 years of age, and is now working as a pipefitter with the J. G. Brill Corporation, Philadelphia. He was married in September, 1939. The petitioner desires a pardon so that the plot on his reputation, which interferes with his business advancements, can be removed.

The Board of Pardons is of the opinion that the life of this petitioner, has with this single exception, been of such an exemplary nature, that his advancement in a business way should not be retarded by the record of this one violation of the law, which the sentencing judge through of not great importance. The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Steven Kruvzuk, D-3658, No. 4675, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Steven Kruvzuk, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelpphia County, on January 6, 1939 to be computed from December 9, 1938, be commuted from 3 years to 2 years and 7 months, expiring on July 9, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered a plea of guilty in the Court of Philadelphia County to Indictments Nos. 562 to 566 and 569, and 570 December Term, 1938, charging (1) robbery (2) being armed with an offensive weapon, and was sentenced by the Honorable Gerald F. Flood, Judge, on January 6, 1939 to a term of imprisonment in the Eastern State Penitentiary for not less than 3 years nor more than 20 years. Sentence to be computed from December 9, 1938.

The petitioner was 18 years of age at the time of the commission of the crimes for which he was sentenced. He was one of a gang of adolesence youths who engaged in dangerocs activities, but was only associated with this group on three occasions, when they were involved in the holdup.

The petitioner had no previous record and his institutional record has been satisfactory.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: ". . . That the district attorney's office felt the sentence had been lenient and that the minimum term should be served." The trial judge, the Honorable Gerald F. Flood, in a letter written to the Board states: ". . . I have been told that he has a good record in prison and I am content to leave the matter of parole for him entirely in the hands of the Board."

A satisfactory program of sponsorship has been provided for the petitioner upon his release and a position awaiting his release.

The Board, feels that in view of his youth at the time of his arrest, and the fact that he had no previous criminal record, together with a satisfactory prison record, is sufficient promise of such rehabilitation of the petitioner as to justify his release on parole. The Board, therefore, recommends that the minimum term of imprisonment in this case be commuted to a minimum term of 2 years and 7 months, expiring on July 9, 1941, and to remain on parole until December 9, 1958.

BOARD OF PARDONS

In re application of Charles Alfred Llewellyn, B-1952, No. 2647 June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Charles Alfred Llewellyn, convicted of murder in the first degree in the Court of Oyer and Terminer of Lawrence County on April 4, 1930, be commuted from life imprisonment to 11 years and 3 months expiring on July 4, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence pleaded guilty of murder in the first degree in the Courts of Lawrence County under Indictment No. 5 March Term, 1930, charging murder, and was sentenced by the Honorable James A. Chambers, Judge, on April 4, 1930, to life imprisonment in the Western State Penitentiary.

The petitioner had no prior criminal record and was 21 years of age when sentenced for the crime of which he was committed.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons states: " . . . If eligible to apply for parole, would probably recommend him for parole (1) first conviction (2) excellent institutional record."

The Honorable James A. Chambers, trial judge, in a letter under date of August 20, 1940 to the Board states: " . . . In regard to the application of Mr. Llewellyn will say that I have heretofore expressed my opinion as to the culpability of all the boys engaged in this transaction. They were young, and I feel did not realize the gravity of the crime they were committing. Two of them were tried and each convicted of first degree murder with recommendations of life imprisonment. Mr. Llewellyn entered a plea and I made the same finding in his case. While the sentence was mandatory I felt that the time would come when clemency might be extended to all of these boys. In the case of Mr. Llewellyn I feel that that

time has arrived and that clemency should be extended to him." W. Walter Braham, president judge of Lawrence County, in a letter to the Board states: " . . . I may summarize my view by again saying that, insofar as the local situation as observed by myself is concerned, the interests of justice will be served by granting this young man a pardon at this time and I therefore approve the granting of the prayer of the petition."

John Powers, Esquire, who was district attorney of Lawrence County at the time of the trial of the offense for which the applicant was sentenced in a letter to the Board writes: " . . . I believe that clemency should be extended to Mr. Llewellyn at this time. I believe that if mercy is shown Mr. Llewellyn that at no time in the future will society have anvthing to fear. I recommend the granting of the parole."

The Board, after a very thorough study off the facts in this case and in view of the recommendations of the present judge, the trial judge, and the trial district attorney, are of the opinion that the petitioner has been adequately punished, and that his release on parole will be in the best interests of justice. The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of 11 years and 3 months, expiring on July 4, 1941, and that the petitioner remain on parole the balance of his natural life.

BOARD OF PARDONS

In re application of Jesse Joseph Martin, B-1954, No. 4543, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Jesse Joseph Martin, convicted of murder in the first degree in the Court of Oyer and Terminer of Lawrence County on April 4, 1930, be commuted from life imprisonment to 11 years and 3 months expiring on July 4, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence was convicted of murder in the first degree in Lawrence County under Indictment No. 7 March Term, 1930, charging murder, and was on April 4, 1930, sentenced by the Honorable James A. Chambers, Judge, to life imprisonment in the Western State Penitentiary.

The petitioner was 21 years of age when the crime for which he was sentenced was committed and had no previous criminal record.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons states: " . . . If eligible to apply for parole, would probably recommend him for parole (1) first conviction (2) very good institutional record (3) commendable progress in self-improvement."

The trial judge, the Honorable James A. Chambers, in a letter to the Board states: " . . . I have looked over the petitions, and believe the facts as set forth in each of them are substantially correct. As I have stated on other occasions when similar applications by these applicants have been before the Board, that in my opinion these young men were not of the hardened criminal type, that they did not realize the gravity of the offense they were committing, and that while the facts of the case made the sentence mandatory that I always felt that the time would come when clemency should be extended. It has now been over 10 years since these boys were sentenced, and in my opinion clemency should now be extended to them."

An adequate parole plan and satisfactory sponsorship has been provided for the petitioner, if and when, he is released on parole.

The Board of Pardons, after a careful study of the facts surrounding this case and in view of the recommendation of the trial judge of Lawrence County, are of the opinion that the petitioner has already been sufficiently punished, and that by reason of his self-improvement while confined, he has so rehabilitated himself as to deserve its leniency. The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of 11 years and 3 months, expiring on July 4, 1941, and that petitioner remain on parole the balance of his natural life.

BOARD OF PARDONS

In re application of John F. McDevitt, B-1955, No. 2031, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of John F. McDevitt, convicted of murder in the first degree in the Court of Oyer and Terminer of Lawrence County on April 4, 1930, be commuted from life imprisonment to 11 years and 3 months expiring on July 4, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence pleaded guilty of murder in the first degree in the Courts of Lawrence County under Indictment No. 8 March Term, 1930, charging murder, and was on April 4, 1930, sentenced by the Honorable James A. Chambers, Judge, to life imprisonment in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary in a report to the Board has stated: " . . . If eligible for parole, we would probably recommend him (1) youth when sentenced (2) excellent institutional record (3) has served 10 years 8 months."

The trial judge, the Honorable James A. Chambers, in a letter to the Board under date of November 20, 1940, states: "" . . . I have looked over the petitions, and believe the facts as set forth in each of them are substantially correct. As I have stated on other occasions when similar applications by these applicants have been before the Board, that in my opinion these young men were not of the hardened criminal type, that they did not realize the gravity of the offense they were committing, and that while the facts of the case made the sentence mandatory that I always felt that the time would come when clemency should be extended. It has now been over 10 years

since these boys were sentenced, and in my opinion clemency should now be extended to them."

The petitioner was only 20 years of age when this offense was committed. He has served a long term of imprisonment and has an excellent institutional record. Provision has been made for an adequate parole program which includes competent sponsorship and assurance of employment.

The Board is of the opinion that the petitioner has been adequately punished, and that during his long term of imprisonment he has so rehabilitated himself as to be equipped to take his place in society. The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of 11 years and 3 months, expiring on July 4, 1941, and that the petitioner remain on parole the balance of his natural life.

BOARD OF PARDONS

In re application of John Metala, B-3463, No. 3191, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John Metala, convicted of (1) breaking and entering (2) larceny, in the Oyer and Terminer and Quarter Sessions Courts of Westmoreland County, on the 23rd day of November, 1932, be commuted on Bill No. 348 February Term, 1932, from a minimum term of 5 years to a minimum term of 3 years and 8 months, expiring on July 24, 1941. (Bills Nos. 228 and 270 having been imposed by the Court to run concurrent with Bill No. 348 are commuted to 3 years and 8 months, expiring on July 24, 1941).

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence was convicted in the Courts of Westmoreland County on November 23, 1932, under Indictments Nos. 204, 207, 211, 348, 228, and 270 February Term, 1932, charging (1) breaking and entering (2) larceny, and was sentenced by the Honorable William T. Dom, Judge, to a term of imprisonment in the Western State Penitentiary on Bill No. 204 for not less than 5 years nor more than 10 years; on Bill No. 348 to a term of imprisonment of not less than 5 years nor more than 10 years and to run consecutively with Bill No. 204; on Bills Nos. 207 and 211 to a term of imprisonment for not less than 5 years nor more than 10 years to run concurrent with the sentence imposed on Bill No. 204; and on Bills Nos. 228 and 227 for not less than 5 years nor more than 10 years to run concurrent with sentence imposed on Bill No. 348. A parole has been granted on Bill No. 204, effective November 23, 1937, and approved December 20, 1937.

The applicant had no previous criminal record and bore an excellent reputation. The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons recommends that the petitioner be paroled on account of this being his first conviction, his excellent institutional record, and the length of time served.

Charles D. Copeland, Jr., Esquire, present district attorney of Westmoreland County, writes: " . . . Since this man has served eight years, six months and three days of his minimum of ten years any action your Honorable Board cares to take in this matter will be satisfactory to this office."

A parole plan has been obtained which provides adequate sponsorship and bona fide employment upon his release.

The Board is of the opinion that the applicant has been adequately punished, and if released on parole, he will make an honest effort to completely rehabilitate himself. The Board, therefore, recommends that the sentence in this case be commuted on Bill No. 348 to a new minimum term of 3 years and 8 months, expiring on July 24, 1941, and that the petitioner remain on parole until November 24, 1947.

BOARD OF PARDONS

In re application of Sylvester Newton, B-6743, No. 4903, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Sylvester Newton, convicted of (1) stat. rape (2) assault and battery with intent to ravish (3) assault and battery (4) indecent assault in the Court of Oyer and Terminer of Lawrence County, on May 27, 1939, to begin in May 25, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted in the Courts of Lawrence County on May 25, 1939, after having been tried by a jury on Indictment No. 79 March Term, 1939, and was sentenced on May 27, 1939, to a term of imprisonment of not less than 3 years nor more than 6 years in the Western Penitentiary for the crimes of (1 statutory rape (2) assault and battery with intent to ravish (3) assault and battery (4) indecent assault.

The petitioner presented his application to the Board for commutation at the June 1940 session, which was refused. The petitioner had a good reputation before his conviction and his institutional record has been good. He was arrested once in 1938 by the police of New Castle for disorderly conduct and was sentenced to pay a fine of $50.00. The petitioner has denied his guilt from the time of his arrest, and since then, his wife has worked ceaselessly to prove his innocence. She appeared before the Board in 1940 and again when this petition for a pardon was heard.

The Board is in receipt of a letter from the Honorable W. Walter Braham, trial judge, in which he states: " . . . This case is before your Board once more, this time on a petition for a pardon. At the time when it was previously before the Board I declined to recommend a pardon because the offense was such that I felt there had not been sufficient imprisonment. At this time, however, after canvassing the situation carefully I am

prepared to express the opinion that a pardon should be granted. There was some doubt as to the identity of this man. The fact of identity depended upon the testimony of a young child which was not too certain. There was evidence of some collateral conduct which was believed to be significant but which in itself was anything but convincing. In view of the doubt which existed in the case and the circumstances of this man's family and his previous good record, I am of the opinion that the granting of a pardon would be in the interest of justice."

The trial judge is now in doubt as to the guilt of the petitioner and there would probably have been no conviction if the same facts that now give rise to this doubt had been brought to his knowledge at the time of the trial. In view of the doubt at this time, it would be only a matter of justice to correct the error made then. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

Respectfully submitted.

BOARD OF PARDONS

In re application of Anthony Orlando, D-1817, No. 3644, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Anthony Orlando, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County, on July 13, 1936 to begin November 5, 1934 be commuted from 10 years to 6 years and 8 months, expiring on July 5, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted of murder in the second degree in the Courts of Schuylkill County under Indictment No. 129 January Sessions, 1935, charging murder.

An appeal was taken from the refusal of the trial judge to grant a new trial and after the Supreme Court had approved the decision of the lower court the applicant was sentenced on July 13, 1936 by the Honorable Benjamin R. Jones, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary to begin November 5, 1934.

The petitioner was one of seven defendants accused of participation in the Kelayres slaying at the 1934 election eve political rallies in that town.

The petitioner had no previous criminal record and his criminal record has been satisfactory. He is employed as a laborer on the yard detail and is considered a good worker. He is married and the father of one child.

The previous record of the petitioner and his conduct and attitude since his confinement in prison are inconsistent with those of a hardened criminal who, when released on parole would constitute a menace to society.

William Forke a brother of Peter Forke one of the men slain on the night of November 4, 1934, was called before the Board by counsel for the petitioner at the hearing of his application.

When the witness stated that what counsel had said was "absolutely the truth about Peter Forke, the Secretary of the Commonwealth asked counsel to have William Forke state on the record what he meant by that statement. A transcript of the record follows:

Mr. BRUNO: Mr. Forke, why did you undertake this investigation of the death of your brother?

Mr. FORKE: Because at the time he was accused of murdering my brother he was with me. Charley Greco's car was right in front of us. Tony Orlando wasn't at that corner at the time my brother was killed.

Mr. BRUNO: Mr. Forke, can you tell us what you did in your investigation and whether you know now who killed your brother?

Mr. FORKE: Well, I can't actually prove who killed him, but I think the man that killed him is walking the street.

Mr. BRUNO: Are there any other questions?

THE SEC. OF THE COM: Have him state what investigation he made.

Mr. BRUNO: What investigation did you make, Mr. Forke?

Mr. FORKE. I went out and got the statements which are here. He absolutely told me that Larry Buanco was at that corner firing the first shot, and I got them signed in front of a squire. They are in this Board somewheres because I sent them here the first time he came on trial."

The reference of statements obtained by the witness "which are here" evidently refer to affidavits obtained in 1937 which now are on file with the Board of Pardons. Several of these refer to one Larry or Mike Larry Bovanko and set forth that on the night of November the deponents aver that they saw him draw a revolver and fire shots at James Bruno.

This witness before the Board was a brother of one of the victims of the shooting at Kelayres. He appeared before the Board asking its clemency for the man accused and convicted by a jury of participating in the killing of his brother. It would seem to be the most natural human instinct to bear a deep hatred for one who had taken the life of a brother.

That he should now appear and ask for the release of Anthony Orlando, the man convicted of being responsible for the death of his brother is either an outstanding example of that divine attribute of forgiveness which would be well to emulate or it is convincing evidence of his sincere belief in the innocence of the petitioner.

An adequate parole arrangement including competent sponsorship and employment has been provided.

The Board of Pardons is of the opinion the petitioner has been sufficiently punished for the part he took in the occurrence at Kelayres and that his institutional conduct shows such rehabilitation as to justify it in returning him to society and giving him an opportunity to lead a law-abiding life.

The Board, therefore, recommends that the minimum sentence of ten years be commuted to a minimum term of six years and eight months, expiring on July 5, 1941, and that the petitioner remain on parole until November 5, 1954.

BOARD OF PARDONS

In re application of William Penland, B-2684, No. 1658, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Penland, convicted of breaking and escaping penitentiary in the Court of Quarter Sessions of Centre County, on May 26, 1931 to begin January 3, 1941 be commuted from 6 years to 6 months expiring on July 3, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Centre County on May 26, 1931, charging breaking and escaping penitentiary, and was sentenced by the Honorable M. Ward Fleming, Judge, to a term of imprisonment in the Western State Penitentiary for not less than 6 years nor more than 12 years. Sentence to begin at the expiration of original sentence imposed in Allegheny County.

The applicant when he committed the crime for which he was sentenced was serving a term of not less than 6 years nor more than 12 years in the Rockview Prison imposed by the Allegheny County Courts on November 14, 1929, and he has now served 11 years, 7 months and 1 day since being in prison on the Allegheny County sentence.

In an opinion filed January 3, 1941, the Superior Court directed that the sentence under the original indictment in Allegheny County at No. 39 November Term, 1929, be set aside by reason of defects in the record as to the entry of the plea of guilty and subsequent proceedings him to the sentence. The Court, however, ruled that the petitioner be remanded to the penitentiary to serve the sentence imposed on him in the Court of Centre County to No. 16 September Sessions, 1931, imprisonment under said sentence to commence from the date of the Court's Order January 3, 1941.

As the Court set aside the original sentence, the time served in the penitentiary, by the petitioner, has since May 26, 1931 been on the sentence of the Centre County Court and the minimum sentence has long since been served.

The petitioner's prison record has been very good during the past 3 years. The trial judge, the Honorable M. Ward Fleming, has advised the Board that he has no objection to the granting of leniency if other authorities are in accord. The present district attorney N. W. Gettig, Esquire, has filed no objection to the granting of the prayer of the petitioner.

The applicant receives a monthly pension from the United States Government and immediately upon his release he intends to take a course in Electric Arc Welding. A parole plan has been obtained and adequate sponsorship has been provided.

The Board of Trustees of the Western State Penitentiary has advised the Board of Pardons that they would probably recommend the petitioner for parole on account of his long term of imprisonment and his very good institutional record during the past three years.

The Board of Pardons is of the opinion that the petitioner has been sufficiently punished for the offenses, and that, if released and given an opportunity, he will work out his complete rehabilitation. The Board, therefore, recommends that the minimum sentence imposed in Centre County be commuted from a minimum term of 6 years to a minimum term of 6 months, expiring on July 3, 1941, and that the petitioner remain on parole until January 3, 1953.

BOARD OF PARDONS

In re application of L. Sterling Phipps, Jr., No. 2583, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that L. Sterling Phipps, Jr., convicted of (1) robbery (2) larc. of auto. (3) vio. of the Firearms Act (4) armed to rob. in the Court of Oyer and Terminer and Quarter Sessions of Delaware and Philadelphia Counties, on March 21, 1933 and May 9, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of Non Vol Contendere in the Courts of Delaware County on the 21 day of March, 1933, to Bill of Indictment No. 275 March Term, 1933, charging (1) robbery (2) larceny of automobile (3) violation of the Firearms Act, and on the 9th day of May, 1935, he entered a plea of guilty in Philadelphia County to Bill of Indictment No. 1517 April Term, 1935, charging armed to rob. On March 21, 1933, he was sentenced by the Honorable A. D. MacDade, Judge, on Bill of Indictment No. 275 March Term, 1933, to a term of imprisonment of not less than 8 years nor more than 20 years in the Eastern State Penitentiary and to pay a fine of $100. On May 9, 1935, he was sentenced on Bill of Indictment No. 1517 April Term, 1935, by the Honorable Francis Shunk Brown, Jr., Judge, to a term of imprisonment of not less than 2½ years nor more than 5 years in the Eastern State Penitentiary, sentence to run concurrently with the sentence imposed by the Delaware County Courts. Sentence was commuted by the Board of Pardons on October 30, 1935.

At the time of the commission of the first offense the petitioner was only 17 years of age. He was released on parole on December 6, 1935, and since then, he has carefully obeyed every parole requirement and has not presented any problem from a standpoint of supervision. He has now been at liberty for about a period of 5½ years and during that time has been steadily employed at a salary of $30 per week. The applicant desires to marry and does not want to give to his future wife a name which bears the stigma of his conviction. Judge Brown in a reply from a letter has stated to the board: ". . . It seems to me that whether or not be should be granted the relief which he seeks is a question for the Board of Pardons to determine after consulting with the wishes of Judge MacDade." The Board has received no indication of the wishes of Judge MacDade. James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated that the district attorney's office favored the granting of a pardon on account of his splendid record.

The Board of Pardons, after a very thorough study of all of the facts, and in view of the position taken by the district attorney's office, is of the opinion, that the record of the petitioner since his parole justtifies the granting to him of any leniency that will assist in the restitution of his full freedom. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

BOARD OF PARDONS

In re application of Kenneth Puscavage, C-7196, No. 2837, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Kenneth Puscavage, convicted of (1) robbery (2) shooting at another with intent to kill (3) larceny, in the Oyer and Terminer and Quarter Sessions Courts of Schuylkill County, on the 17th day of June, 1931, be commuted on Bill No. 472 May Term, 1931, from a minimum term of 1½ years to a minimum term of 1 month, expiring on July 18, 1941; on Bill No. 547 from a minimum term of 10 years to a minimum term of 1 day, expiring on July 19, 1941; on Bill No. 548 from a minimum term of 10 years to a minimum term of 1 day, expiring on July 20, 1941; and on Bill No. 552 from a minimum term of 5 years to a minimum term of 1 day, expiring on July 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Schuylkill County on June 17, 1931, to Indictments Nos. 469, 472, 547, 548, and 552 May Term, 1931, charging (1) robbery (2) shooting at another with intent to kill (3) larceny, and the following sentences were imposed by the Honorable Roy P. Hicks, Judge: on Bill No. 469 to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary; on Bill No. 472 to a term of imprisonment of not less than 1½ years nor more than 3 years; on Bill No. 547 to a term of imprisonment of not less than 10 years nor more than 20 years; on Bill No. 548 to a term of imprisonment of not less than 10 years nor more than 20 years; and on Bill No. 552 to a term of not less than 5 years nor more than 20 years to run consecutively.

The petitioner was 18 years of age when sentenced. His previous criminal record consists of one minor charge of larceny. His institutional record was not satisfactory when first received, but after his transfer to Graterford progress has been made in self-adjustment. He has attended school and taken a correspondence course. At the present time he is employed in the butcher shop and is considered a steady and industrious worker.

No objection has been mae to the granting of leniency to this petition by the trial judge nor the district attorney of Schuylkill County.

A satisfactory parole arrangement has been made and employment has been provided for the applicant upon his release on parole.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for the crimes for which he was convicted and that his prison record justifies the Board in granting him another opportunity to become a useful citizen. The Board, therefore, recommends that the minimum sentences be commuted in the following manner: on Bill No. 472 from a minimum term of 1½ years to a minimum term of 1 month, expiring on July 18, 1941; on Bill No. 547 from a minimum term of 10 years to a minimum term of 1 day, expiring on July 19, 1941; on Bill No. 548 from a minimum term of 10 years to a minimum term of 1 day, expiring on July 20, 1941; and on Bill No. 552 from a minimum term of 5 years to a minimum term of 1 day, expiring on July 21, 1941, and that the applicant remain on parole until July 21, 1961. (Granted parole on Bill No. 469 on May 15, 1941).

BOARD OF PARDONS

In re application of James A. Reynolds, C-8945, No. 4476, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James A. Reynolds, convicted of (1) robbery (2) being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 17, 1933, be commuted from 10 years to 8 years and 2 months, expiring on July 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for a commutation of sentence was convicted in the Courts of Philadelphia County on May 17, 1933, under Indictment No. 571 May Term, 1933, charging (1) robbery (2) being armed with an offensive weapon, and was sentenced by the Honorable Harry S McDevitt, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Eastern State Penitentiary.

The petitioner had a previous criminal record including five arrests and two convictions. His institutional record since the beginning the serving of this sentence has been satisfactory. He is employed in the bake shop at the Graterford institution and reports shows that he is industrious, keeps to himself, and maintains a good attitude. He has completed two-thirds of an automobile mechanics course by correspondence. He has now served more than 8 years of his minimum sentence and his present behavior and attitude indicates that some rehabilitation has taken place.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . The district attorney's office leaves the matter entirely up to the Board." The Honorable Harry S. McDevitt, the trial judge, in a letter to the Board relative to the applicant, writes: " . . . He is a well behaved inmate and took some instruction as an automobile mechanic by correspondence. His record shows nothing unusual and the only thing that entitles him to consideration is the time he has already served. If your Honorable Board thinks he has been sufficiently punished, in view of his prior criminal record, I have no objection to any action you see fit to take."

A satisfactory parole supervision has been provided for the applicant and a job awaiting his release.

The Board, after careful consideration of all of the facts in this case, are of the opinion, that the applicant has been sufficiently punished for the crime committed, and that his present attitude evidence a desire to lead an honest and law-abiding life. The Board, therefore, recommends that the minimum term of 10 years be com-

muted to a minimum term of 8 years and 2 months, expiring on July 17, 1941, and that the petitioner remain on parole until May 17, 1953.

BOARD OF PARDONS

In re application of Josephine Romauldo, No. 5192, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the death sentence of Josephine Romauldo, convicted of murder in the first degree in the Court of Oyer and Terminer of Philadelphia County on October 25, 1940, be commuted from death to life imprisonment.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Philadelphia County to Bill of Indictment No. 742 May Sessions, 1939, charging murder in the first degree, and was thereupon sentenced to suffer death in the electric chair.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . That upon the receipt of a copy of the application for commutation of sentence to life imprisonment a conference was held in the district attorney's office and that the members of the district attorney's staff were of the opinion that the ends of justice would be met by the commuting of the death sentence to life imprisonment, and that the district attorney's office did not oppose the granting of the prayer contained in the petition." The trial judge, the Honorable Frank Smith, in a communication to the Board of Pardons dated February 1, 1941, in reference to the petitioner's application has stated in part as follows: " . . . I am in receipt of a letter from Frank J. Marolla, Jr., and Bernard R. Cohn, Esquires, attorneys for the above who was tried before me with a jury convicted of murder in the first degree, with penalty of death. An appeal was taken from my refusal to give this woman a new trial. In my opinion, I indicated a belief that there were certain individuals in the so-called arsenic ring who were the most guilty of all this group of men and women. I indicated that this woman was not as guilty as this little group to which I made reference. Therefore, while I believe she was guilty of murder in the first degree, I think she should have been sentenced to life imprisonment instead of death. I am still of this opinion although I cannot understand how this woman could expect to be pardoned."

The petitioner in this case was a member of the so-called arsenic ring in the City of Philadelphia. She was tried and convicted of the murder of her husband who met his death in the year of 1936. The petitioner came to the United States at the age of 13 years. She had the benefit of little or no formal education. She resided in a neighborhood populated entirely by Italians, and she brought with her to the United States belief in some of superstitious practices common to certain groups within her nationality.

The death of her husband was caused by arsenical poisoning given in a liquid known as "la fatura" which was known a "charm" for the relief of physical ailments and which she considered as a substance which would curb the brutal attacks which had been made upon her by her husband prior to his death.

The Board of Pardons, after a careful review of all of the facts and circumstances surrounding this case, are of the opinion, that although, the petitioner is guilty of murder in the first degree that there is a strong element of doubt as to whether the petitioner knew that the liquid known as "la fatura" would cause her husband's death, and after careful and independent review of the record, have concluded that the intent to kill is not definitely shown to be deliberate and premeditated by the record. This doubt is strengthened by the attitude taken by the district attorney's office and the trial judge in this case.

The Board, therefore, recommends that the sentence of death imposed by the jury in this case be commuted to a term of life imprisonment.

Respectfully submitted,
Dissenting.

BOARD OF PARDONS

In re application of James Santucci, B-3837, No. 4566. June Session, 1041.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Santucci, convicted of (1) assault (2) being armed with an offensive weapon with intent to rob (3) aggravated assault and battery (4) assault and battery in the Court of Oyer and Terminer of McKean County, on October 7, 1933, be commuted from 10 years to 7 years and 9 months, expiring on July 7, 1941.

Our reasons for making this recommendation are as follows:

The petitioner for commutation of sentence was convicted in the Courts of McKean County on October 7, 1933, under Indictment No. 92 October Term, 1933, charging (1) assault (2) being armed with an offensive weapon with intent to rob (3) aggravated assault and battery (4) assault and battery, and was sentenced by the Honorable J. W. Bouton, Judge, to a term of imprisonment of not less than 10 years nor more than 20 years in the Western State Penitentiary.

The applicant had no previous criminal record except a dishonorable discharge from the United States Army for larceny.

The crimes of which the petitioner was convicted were committed in company with three accomplices all of whom received similar sentences and one of whom was released on parole in May, 1939.

The institutional record of the petitioner has been fair as to conduct and very good as to employment. The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons states: ". . . If eligible to apply for parole, would probably recommend him for parole (1) first imprisonment (2) good institutional record (3) has served 7 years 7 months (4) sentence of one accomplice has been commuted."

The Honorable Charles G. Hubbard, President Judge, who was District Attorney at the time of the conviction of the petitioner in a letter to the Board states: ". . . This man has now served more than seven years and a half. If the Board is satisfied to grant his application at this time, I will make no opposition to such action."

A satisfactory parole plan insuring employment and adequate sponsorship has been obtained for the petitioner, if and when, he is released on parole.

The Board, after a thorough study of all the facts, is of the opinion that the petitioner has been sufficiently punished, and that he will, if released, lead an honest law-abiding life. The Board, therefore, recommends that the sentence in this case be communted to a minimum term of 7 years and 9 months, expiring on July 7, 1941, and that the petitioner shall remain on parole until October 7, 1953.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Theodore Schilling, C-7197, No. 2572, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Theodore Schilling, convicted of (1) robbery (2) shooting with intent to kill (3) larceny in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County on June 17, 1931, be commuted from 1½ years to 1 month expiring on July 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Schuylkill County on June 17, 1931, to Indictments Nos. 469, 471, and 472 May Term, 1931, charging (1) robbery (2) shooting at another with intent to kill (3) larceny, and was sentenced by the Honorable Roy P. Hicks, Judge, to the following sentence: in Bill No. 469 to a term of imprisonment of not less than 10 years nor more than 20 years; on Bill No. 472 to a term of imprisonment of not less than 1½ years nor more than 3 years; and on Bill No. 471 to a term of imprisonment of not less than 1½ years nor more than 3 years in the Eastern State Penitentiary. Bill No. 471 to run concurrent with Bill No. 469 and Bills Nos. 469 and 472 to run consecutively.

The petitioner had a previous criminal record of four arrests for causes such as attempt forcible entry, larceny and receiving, but was never before convicted. He has now served 10 years of his minimum sentence. The petitioner's institutional record has been satisfactory. He was formerly employed at the shoe shop, but now is working in the bakery and is considered a good worker. The report of the Board of Trustees of the Eastern State Penitentiary states: ". . . That the man's prison performance has been of a good type, and that if he would demonstrate on the outside the same habits as he has shown in prison, he would probably adjust successfully."

A satisfactory parole supervision has been provided and employment is assured for the petitioner upon his release.

The Board is of the opinion that the petitioner has been sufficiently punished for the crimes committed, and that his prison record is such as to demonstrate a marked degree of rehabilitation, which should be completed upon his return to society. The Board, therefore, recommends that the minimum sentence be commuted on Bill No. 472 from a minimum term of 1½ years to a minimum term of 1 month, expiring on July 18, 1941, and that the petitioner remain on parole until June 17, 1954. Applicant was granted parole on Bill No. 469 on May 15, 1941.

In re application of Ner Tate Schoel, No. 4413, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Ner Tate Schoel, convicted of burglary in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on April 3, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered his plea of guilty in the Courts of Philadelphia County on the 3rd day of April, 1936, to Bills of Indictments Nos. 43 and 71 March Term, 1936, charging burglary, and was sentenced on one Bill of Indictment to a term of imprisonment of not less than 1 year nor more than 10 years in the Eastern State Penitentiary; and on the other Bill of Indictment to a probationary period of 10 years, commencing at the expiration of the maximum term of the sentence of the first bill. The applicant was released on parole from the Eastern State Penitentary on April 3, 1937.

The petitioner is married and has one child, a daughter, age one year. His conduct since his release has been exceptionally good and he has fully complied with the terms of his parole. His conduct was such as to merit the receipt of the White Award from the Board of Trustees of the Eastern State Penitentiary in December, 1937, for the most outstanding record that year.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . That they would not oppose the application, that the applicant was only 18 years of age at the time of the offense, and that he has since made good. The Honorable Harry S. McDevitt, who sentenced the applicant, writes as follows: " . . . Whether he was a flighty high school boy who wanted a thrill, I am unable to say, but so far as I can ascertain his conduct has been satisfactory since his discharge. Any action that you see fit to take has my approval."

The Board of Pardons, after careful consideration of the petition, is of the opinion that the applicant by reason of his exemplary conduct since his release from imprisonment, has proven the permanency of his rehabilitation and deserves the benefit of a pardon, and the Board,

therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Robert Silver, No. 5072, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Robert Silver, convicted of attempted robbery in the Court of Quarter Sessions of Philadelphia County, on March 6, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of guilty on March 6, 1931, in Philadelphia County to Bill of Indictment No. 122 March Term, 1931, charging attempted robbery, and was sentenced by the Honorable Francis Shunk Brown, Jr., Judge, to a term of imprisonment in the Philadelphia County Prison for not less than 8 years nor more than 16 years. On April 4, 1931, the sentence was reconsidered and changed to not less than 6 years nor more than 16 years in the Philadelphia County Prison.

At the time of his participation in the crime for which he was sentenced, the applicant was only 18 years of age and the only child of a widowed and paralyzed mother. He was unable to get work and wanted to assist his mother, listened to the talk of older men and became involved in the crimes for which he was sentenced. His record includes no other offenses of a criminal nature, and since his release on parole he has led an exemplary life. He finished his high school course by attending night school and completed a course in religious training at the Kenseth Isrial School.

His inability to obtain a fidelity bond, by reason of the record of his conviction, has caused the loss of one position and has prevented other employment. He now operates a gas station in the City of Philadelphia, and has the promise of a better position, if and when, he can furnish a fidelity bond, and this requires the granting of a pardon.

James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board of Pardons and stated: " . . . That they would not oppose the application." A letter from the Honorable Francis Shunk Brown, Jr., trial judge, quotes from a former letter of his to the Board to the effect: " . . . That the matter of whether or not a pardon should be granted is a question solely for the Board of Pardons to consider." Judge Brown also stated in the same letter that William J. Connelly, Chief of County Detectives, was thoroughly familiar with the case, and had informed him that he had been in constant communication with Silver for the past two years, and that, " . . . in his opinion the young man has rehabilitated himself."

The Board of Pardons, after giving this petition most careful consideration, is of the opinion that the applicant has thoroughly rehabilitated himself, is a useful member of society, and is entitled to every consideration that will make his efforts affective, including a record from which has been removed the stigma of this conviction. The Board, therefore, recommends that a full and complete pardon be granted to the petitioner.

Respectfully submitted.

BOARD OF PARDONS

In re application of Harold Williams, C-8702. No. 4191, June Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Harold Williams, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on February 27, 1933, be commuted from life imprisonment to 10 years and 8 months expiring on July 24, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence pleaded guilty in the Courts of Philadelphia County on February 27, 1933, to Bill of Indictment No. 166 December Sessions, 1930, charging murder in the first degree, and thereupon Honorable Otto R. Heiligman, Judge, sentenced him to a term of life imprisonment in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary in a report submitted to the Board of Pardons under date of December 5, 1940, has stated in part as follows: ". . . Received at the Eastern Penitentiary February 27, 1933. He has been continually incarcerated since his arrest November, 1930 a period of over 10 years. He attended Girard College for a number of years; his mental rating is superior; his physical condition satisfactory; and the prison officials are favorably impressed with his constructive performance, and are of the opinion that he will not again become involved with the law.

James W. Tracey, Jr., Esquire, assistant district attorney for Philadelphia County appeared before the Board of Pardons and stated: ". . . Williams is the man who killed Prophet and the district attorney's office is opposed to the granting of this clemency." Honorable Otto R. Heiligman, the trial judge in a communication addressed to the Board of Pardons under date of November 20, 1940, stated in part as follows: ". . . Permit me to acknowledge receipt of your letter of the 19th instant with enclosure, relative to the application of Harold Williams. In answer thereto I beg to advise you that I feel this matter is solely for the decision of your Honorable Board. I desire to call your attention to the fact that when this defendant appeared and entered a plea of 'guilty', he did so before my colleagues, Judge Alessandroni, Judge Gordon and myself. At that time the District Attorney of Philadelphia County, Mr. Charles F. Kelley, made a statement to the Court that in view of the fact the defendant had entered a plea of 'guilty' to the charge of murder generally, that if the Court fixed the crime of 'murder in the first degree' the Commonwealth would not ask for the extreme penalty of the law, and would suggest to the Court that the sentence

of life imprisonment be imposed, due to the fact that the other principal, his sister, Mrs. Prophet, had been found guilty of murder in the first degree, and that the Jury had imposed the penalty of life imprisonment. With this statement, and with the fact that the Judges reviewed the entire printed record of the appeals of the defendant, Harold Williams, to the Supreme Court, the sentence of life imprisonment was imposed. There was no question in the minds of the Judges at that time as to the guilt of this defendant, and I for one have not changed my opinion. The murder that was committed was a brutal one, and the defendant, Harold Williams, was equally guilty with his sister of this crime. However, as stated above, this matter is solely for the decision of your Honorable Board."

On the other hand, Honorable Harry S. NcDevitt, who was the trial judge on the second trial had written a letter dated December 22, 1940, to the Pardon Board as follows: ". . . I tried Williams and I think I know . . . the atmosphere . . . There are contradictions in the record and in the records of his two trials . . . I have seen Williams once a week during his entire confinement in the Penitentiary and I believe he is too chicken hearted to kill a bird, much less a man. Williams was devoted to his sister . . . He would gladly have taken the consequences to save his sister because he was under her domination. I know the Board does not do things hastily, but if one of the lawyer members would read the records of the two trials, it would give an entirely different impression. I may be mistaken but I have tried a great many murder cases and I think I know one when I see a murderer. I am sure Williams had guilty knowledge of his sister's plans . . . but I am . . . certain that he never killed Prophet. I do hope the Board will defer this matter until their representative makes an impartial investigation."

James Wilson, one of the signers of the Declaration of Independence, from Pennsylvania, said: ". . . Citizens even condemned citizens, may be unfortunate in a higher degree than that in which they are criminal . . . when judges themselves, descending from their seats, and laying aside the formidable sword of justice, come to supplicate in behalf of a person whom they have been obliged to condemn . . . in such a situation clemency is a virtue it becomes a duty."

The applicant in this case was tried three times, first in January of 1931 before the Honorable Frank Smith Judge. In that trial a verdict of guilty was returned, and the death sentence was imposed. On an appeal a new trial was granted by the Supreme Court, and in February 1932, he was again tried; found guilty by the Jury and again sentenced to death by the Honorable Harry S. McDevitt, Judge, from whose letter we have quoted. Again an appeal was taken to the Supreme Court and the lower court was reversed, and a new trial was ordered, and at the third trial before Honorable Otto R. Heiligman the applicant pleaded guilty. We have given careful consideration to the opinions of the Supreme Court 307 Pennsylvania 134, (Mr. Justice Kephart) and 309 Pennsylvania, Page 529, (Mr. Justice Frazer).

The application for clemency is made at this time on a plea of innocence of the homicide notwithstanding the applicant's repeated admissions of guilt, though admitting participation after the commission of the homicide. The applicant now asserts that he pleaded guilty to the homicide for the purpose of shielding his sister, Clara Grace Prophet, from criminal responsibility for the crime.

On December 7, 1938, Clara Grace Prophet (then and now incarcerated under a sentence of life imprisonment for the same crime with which the applicant was charged, and to which he pleaded guilty) signed a statement in which she stated that the applicant, her brother, came into her home after she had shot her husband, and before she knew that the victim was dead. She states: ". . . Harold came in and asked what in the name of God had happened. He asked what I was going to do. I did not know. The thought came to us both about this burglar—we had read about it in the paper. I said I would tell that story. We thought he was just shot. I did not know he was dead. I made no effort to go to him. I had a feeling of horror. Harold said if I could not make the story stick about this burglar he would take the blame for it. He told me to wait until he got away. I did. I went down and got my pocketbook and took things out of the pocketbook. I make it appear that a burglar was there and I hid the things."

The Board of Pardons caused a separate and independent investigation to be made in December 1938. The co-defendant, Clara Grace Prophet was interviewed by the Board's investigators. In her statement to them she said in part: ". . . When I was in Moyamensing Mr. Moyerman (defendant's attorney) came down to see me and I gave him this statement and he read it and said, 'Why in the name of all that is good did you not make this statement before?' and I said 'I was afraid. Harold said he would take the blame.'" I do not know what was done with that statement. She again admitted her sole responsibility for the murder. The investigation did not disclose any opportunity for communication between the applicant and his sister from the time of the original arrest to that time of the statement.

The Board of Pardons, after public hearing, careful review of the records and due deliberation, finding that petitioner was of good character before his plea of guilty to the charge of homicide; (2) that Clara Grace Prophet's confession of sole guilt for the death of her husband seems founded in fact; (3) that a parole plan has been obtained which provides the applicant with responsible sponsorship, bona fida and adequate employment, if and when he is release on parole; (4) believing that the ties of blood and sympathy between the applicant and the sister may well have prompted him to assume responsibility for the death of his sister's husband; (5) that the applicant has been sufficiently punished for the part played by him in this crime, (that of accessory after the fact). The Board, therefore, recommends (a) that the sentence of confinement be commuted to a minimum of ten years and 8 months, expiring on July 24, 1941 with credit for the period beginning November 22, 1930, when the applicant was arrested and ending February 27, 1933, when he started serving the term of life imprisonment. being a period of two years, two months and five days; (b) that the applicant remain on parole during the balance of his natural life.

BOARD OF PARDONS

In re application of David A. Berger, D-5630, No. 5397, September Session, 1941:

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of David A. Berger, convicted of receiving stolen goods in the Court of Oyer and Terminer of Dauphin County on March 3, 1941, be commuted from 1 year to 7 months expiring on October 3, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Dauphin County on March 3, 1941, charging receiving stolen goods, on Indictment No. 2 September Sessions, 1940, and was sentenced on the same day by the Honorable John E. Fox, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than one nor more than two years.

The applicant had a previous record of one arrest for issuing a worthless check.

The Warden of the Dauphin County Prison, where applicant is confined, reports that he has maintained a cooperative attitude, does general work as a trusty and is considered a good worker. He recommends his release.

Neither the trial judge nor the district attorney of Dauphin County make any objections to the granting of commutation.

A satisfactory parole sponsorship has been obtained and employment with a very reputable jewelry merchant, who formerly employed the applicant, awaits his release.

The Board of Pardons is of the opinion that his former record shows no evidence of criminal tendencies, that his incarceration in prison for the time he has served has sufficiently punished him, and that his institutional record demonstrates his complete repentance. The Board feels that an opportunity should be given him to try again to maintain a reputable place in society, and it would, therefore, recommend that the sentence of imprisonment in this case on Bill No. 2 September Sessions, 1940, be commuted from a minimum term of one year to a new minimum term of seven months, expiring on October 3, 1941, and that the applicant remain on parole until March 3, 1943.

In re application of George D. Brown, D-868, No. 3885, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George D. Brown, convicted of conspiracy, carrying concealed deadly weapons, aggravated assault and battery, and robbery in the Court of Oyer and Terminer and Quarter Sessions of Cumberland County on September 21, 1935, be commuted from 8 years to 6 years, expiring on September 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Cumberland County on September 21, 1935, to Indictments Nos. 5, 9, 10, and 11 December Term, 1935, charging conspiracy, carrying concealed deadly weapons, aggravated assault and battery and robbery; and was sentenced on the same day by the Honorable Frederick S. Reese, Judge, to imprisonment in the Eastern State Penitentiary for not less than eight nor more than sixteen years.

The applicant had a prior criminal record of two minor arrests and convictions for illegal possession of liquor.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has maintained a constructive prison record, has completed 6 lessons from State College and one course with the International Correspondence School in Agriculture. He has been employed in the weave shop for over four years, has learned the trade of loom fixer and regularly sends a part of his wages home.

The Honorable Frederick S. Reese, Judge, who tried this case, in a letter to the Board writes that if the prison authorities are of the opinion that he is ready for release he would gladly follow their recommendations.

Ray T. Harrigan, Esquire, district attorney of Cumberland County, has advised the Board that the victim of the crime for which applicant was imprisoned has no objection to the granting of leniency and that personally he has no objections, feeling that he has served time enough for the offense.

The Board of Pardons is of the opinion that, in view of the attitude taken by Judge Reese and the district attorney and the report of the Board of Trustees of the Eastern State Penitentiary, the applicant should be given another opportunity to lead an honest and law-abiding life, and would, therefore, recommend that the minimum sentence of eight years be commuted to a new minimum term of six years, expiring on September 21, 1941, and that the petitioner remain on parole until September 21, 1951.

BOARD OF PARDONS

In re application of Alfred Burrell, C-8238, No. 3957, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Alfred Burrell, convicted of breaking and entering with intent to steal, larceny in the Court of Oyer and Terminer and Quarter Sessions of Tioga County on August 31, 1932, be commuted from 10 years to 8 years and 1 month and 21 days, expiring on October 31, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer and Quarter Sessions of Tioga County on the 31st day of August, 1932, on Indictment No. 83 May Term, 1932, charging breaking and entering with intent to steal, larceny, and was sentenced by the Honorable Howard F. Marsh, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than four nor more than ten years. He was paroled August 31, 1936, and on July 12, 1937, he pleaded guilty to the charge of operating a motor vehicle while intoxicated, and was sentenced to two months in the Tioga County Prison, after which he was returned to the Eastern State Penitentiary, where he is facing six years back time.

The applicant has a previous criminal record of three convictions.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board states: " . . . This man's institutional performance has been satisfactory. He has maintained a good attitude and he associates with the ordinary type of inmates. He attempted to improve himself by attending school for 2½ months, studied academic work and quit because he lost interest. He is employed as a winder in the weaving shop and he is considered to be a willing worker. He corresponds with his sister and receives no visits. Since this man has been continually incarcerated for 3 years, 11 months and 24 days as a result of his parole violation, it is our feeling that he has been sufficiently punished for the offense."

The Supervisor of Paroles, Mr. Taylor, in a statement filed with this Board states: " . . . The petitioner has been confined for a period of about four years, which is a period of time greatly in excess of the period ordinarily imposed by the court in the case of drunken driving. For this reason the Supervisor of Paroles will have no objection to the granting of clemency if the petition meets with the approval of the convicting authorities and an exceptionally good parole program is offered."

The Honorable Howard L. Marsh, Judge, does not oppose and the trial district attorney has filed no objections to the granting of leniency.

Employment on a farm owned by his mother awaits the release of the applicant and a satisfactory parole sponsorship has been arranged.

The Board of Pardons is of the opinion that the applicant has sufficiently paid for his parole violation and that his institutional record is such as to demonstrate sufficient rehabilitation to justify his release. The Board, therefore, recommends that the maximum term of ten years imposed in this case be commuted to a new maximum term of nine years and two months, expiring on October 31, 1941, and that the applicant remain on parole until September 10, 1943.

Respectfully submitted,

Not sitting,
Lieutenant Governor.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Oren R. Butler, B-7201, No. 5364, September Session 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Oren R. Butler, convicted of incest, incestuous fornication and bastardy, statutory rape in the Court of Oyer and Terminer of Clinton County on April 26, 1940, to begin March 5, 1940, be commuted from 2½ years to 1 year and 7 months expiring on October 5, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of not guilty in the Court of Oyer and Terminer of Clinton County on April 26, 1940, to Indictment No. 24 April Sessions, 1940, charging incest, incestuous fornication and bastardy, statutory rape, but was convicted by a jury on the same day on all counts and sentenced by the Honorable Henry Hipple, Judge, to imprisonment in the Western State Penitentiary to a term of not less than two and one-half nor more than five years sentence to be computed from March 5, 1940. He was transferred to Rockview on July 5, 1940.

The previous criminal record of the applicant includes only one arrest for illegal train riding.

The Board of Trustees of the Western State Penitentiary reports that if the applicant was eligible it would recommend him for parole for the reason that it was his first conviction and that he has an excellent institutional record.

The Honorable Henry Tipple, trial judge, in a letter to the Board dated August 22, 1941, writes: ". . . The facts stated in the application are substantially correct. After the expiration of the Term at which Mr. Butler was sentenced reliable information came to us which led us to believe that a serious doubt exists as to Butler's guilt, therefore if the Term had not expired the sentence would have been changed to a minimum of at least one year. We have made an independent investigation and our conclusion is that this petition should be acted upon favorably and the sentence commuted. I know Mr. Donald C. Welsh, Butler's sponsor personally and have known him for some time, and I am convinced that if the commutation is granted Mr. Welsh will exercise proper supervision, and that under all the circumstances Butler has served a sufficient length of time."

B. L. Haag, Esquire, district attorney of Clinton County, advised the Board that he did not wish to interpose any objection to the application.

Employment by a former employer of the applicant is promised him when he is released and satisfactory sponsorship has been provided.

In view of the opinion expressed by the trial judge in his letter to the Board, it is convinced that common justice demands the release of the applicant, and that his institutional record is such as to justfy such release.

The Board, therefore, recommends that the minimum sentence of two and one-half years imposed on Indictment No. 24 April Term, 1940 be commuted to a new minimum term of one year and seven months, expiring on October 5, 1941, and that the applicant remain on parole until March 5, 1945.

Respectfully submitted,

Not sitting,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Thomas Charles Carroll, C-8946, No. 4125, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas Charles Carroll, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 17, 1933, be commuted from 10 years to 8 years and 5 months, expiring on October 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was con-

victed by a jury in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 17, 1933, under Indictment No. 571 May Term, 1933, charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Harry S. McDevitt, Judge, to the Eastern State Penitentiary for a term of not less than ten nor more than twenty years.

The applicant's previous criminal record shows eighteen arrests and two convictions.

The Board of Trustees of the Eastern State Penitentiary advises that his record and attitude in the institution have been satisfactory and that he has made an attempt to improve himself.

One of the accomplices of the applicant was paroled June 26th of this year.

The Honorable Harry S. McDevitt, who sentenced the applicant writes: ". . . I would be inclined to take a chance on Carroll." James W. Tracey, Jr., Esquire, assistant district attorney, appeared before the Board and stated their office would leave the matter entirely up to the Board.

A satisfactory parole sponsorship has been provided and employment awaits his release.

The Board of Pardons, is of the opinion, after a thorough study of this application, that the applicant has shown such evidence of the possibility of complete rehabilitation, that he is due an opportunity to take his place in society. The Board, therefore, recommends that the minimum sentence be commuted from ten years to a new minimum term of eight years and five months, expiring on October 17, 1941, and that the petitioner remain on parole until May 17, 1953.

Respectfully submitted,

BOARD OF PARDONS

In re application of Louis Joseph Davis, B-7232 No. 5260, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Louis Joseph Davis, convicted of arson in the Court of Oyer and Terminer of Fayette County of May 22, 1940, be commuted from 2 years to 1 year and 5 months expiring on October 22, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Fayette County, Pennsylvania on Indictment No. 23/158 March Term, 1940, charging arson, and was sentenced by the Honorable W. Russell Carr, Judge, to undergo imprisonment in the Western State Penitentiary for a term of not less than two years nor more than four years.

The previous criminal record of the applicant includes only one arrest for an automobile collision.

The Board of Trustees of the Western State Penitentiary advises the Board that if eligible for parole it would probably recommend him for parole (1) first conviction (2) excellent institutional record.

The trial judge, the Honorable W. Russell Carr, has been reported to the Board by the Probation Officer of Fayette County, as being of the opinion that he was very lenient in passing sentence.

The district attorney in a letter to the Board states: ". . . I am quite familiar with the facts in connection with this case, and I believe that the inmate has been sufficiently punished for his participation in the crime of arson. I have known Mr. Davis, as well as his wife, Mary Davis, for some twenty years, and I know that Mrs. Davis needs the help of her husband, and I have no objection to any leniency which might be shown to this applicant."

The applicant intends to reestablish himself in business and his past record coupled with his conduct while confined in prison would indicate that he can be successful. A definite and satsifactory sponsorship has been provided.

The Board of Pardons, is of the opinion, that the applicant has been sufficiently punished and that his conduct and demeanor while in prison indicate a desire to lead an honest life when released. The Board, therefore, recommends that the minimum sentence of two years imposed in this case be commuted to a new minimum term of one year and five months, expiring on October 22, 1941, and that he remain on parole until May 22, 1944.

BOARD OF PARDONS

In re application of Thomas W. Herb, D-4127, No. 5049, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas W. Herb, convicted of forcible entry and larceny in the Court of Quarter Sessions of Berks Cunty on June 29, 1939, be commuted from 2½ years to 2 years and 4 months, expiring on October 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Berks County on June 29, 1939, to Indctment No. 293 June Sessions, 1939, charging forcible entry and larceny, and on the same day was sentenced by the Honorable Forrest R. Shanaman, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than two and one-half nor more than five years. He was transferred to the Berks County Prison on January 3, 1940. (Sentence to be computed from June 10, 1939).

The applicant's previous criminal record consists of two arrests and two convictions of felonious entry, larceny and resisting arrest.

The Board of Trustees of the Eastern State Penitentiary have advised the Board that the Warden of the Berks County Prison reports that the applicant's record has been satisfactory, that he is employed on the farm and is considered a good worker.

Neither the trial judge, the Honorable Forrest R. Shanaman nor the district attorney object to the granting of leniency in this case.

A satisfactory parole plan has been provided and em-

ployment on a farm in Berks County has been secured for the applicant.

The Board of Pardons, feels that the applicant has been sufficiently punished for the crime committed, and that his institutional record evidences a desire to lead an honest life, it would therefore recommend that the minimum sentence of two and one-half years imposed on Indictment No. 293 June Sessions, 1939, be commuted to a new minimum term of two years and four months, expiring on October 10, 1941, and that the applicant remain on parole until June 10, 1944.

BOARD OF PARDONS

In re application of Cleveland Leroy Kirkley, B-2266, No. 3108, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Cleveland Leroy Kirkley, convicted of robbery, rape, robbery, larceny of automobile, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on the 14th day of October, 1930, be commuted on Bill No. 10 February Term, 1930, from a minimum term of 7½ years to a minimum term of 5 years, expiring on October 14, 1941; on Bill No. 15 from a minimum term of 10 years to a minimum term of 1 day, expiring on October 15, 1941; on Bill No. 23 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 16, 1941; on Bill No. 16 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 17, 1941; and on Bill No. 115 from a minimum term of 1½ years to a minimum term of 1 day, expiring on October 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant entered a plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Allegheny County on October 14, 1930, to Bills of Indictments Nos. 114, 5, 10, 23, 16, and 115 February Term, 1930, charging robbery, rape, robbery, larceny of automobile, and was sentenced by the Honorable George V. Moore, Judge, to from 1 to 2 years on Bill No. 114; from 2 to 4 years on Bill No. 5; from 7½ to 15 years on Bill No. 10; from 10 to 20 years on Bill No. 15; from 5 to 10 years on Bill No. 23; from 5 to 10 years on Bill No. 16; and from 1½ to 3 years on Bill No. 115; the sentences to be served consecutively.

The applicant at the time of the commission of these crimes was less than twenty years old and his previous criminal record consisted only of two arrests for vagrancy and train riding.

The Board of Trustees of the Western State Penitentiary advises that if eligible for parole they would probably recommend on account of (1) being his first conviction (2) his excellent institutional record and (3) the serving of almost 11 years in the penitentiary. They report that he is now industrious, relatively stable and reliable, and is in every way much more mature than when committed.

The office of the district attorney of Allegheny County makes no objection to the commutation of the sentence.

The Board, after a careful review of all the facts in the case, and particularly in view of his prison record, his age at the time of the commission of the crimes, for which he was sentenced, and his remarkable improvement in personality integration, feels convinced that the applicant is an excellent parole risk and has been sufficiently rehabilitated to take his place in society. The Board, therefore, recommends that the sentences of imprisonment in this case be commuted on Bill No. 10 from a minimum term of 7½ years to a minimum term of 5 years, expiring on October 14, 1941; on Bill No. 15 from a minimum term of 10 years to a minimum term of 1 day, expiring on October 15, 1941; on Bill No. 23 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 16, 1941; no Bill No. 16 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 17, 1941; and on Bill No. 115 from a minimum term of 1½ years to 1 day, expiring on October 18, 1941; and that the petitioner be kept on parole until October 14, 1961.

BOARD OF PARDONS

In re application of John Kizis, B-5415, No. 4875, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John Kizis, convicted of entering a building with felonious intent, in the Quarter Sessions Court of Allegheny County, on the 17th day of February, 1937, be commuted on Bill No. 422 February Term, 1937, from a minimum term of 5 years to a minimum term of 4 years and 8 months, expiring on October 17, 1941; and on Bill No. 423 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions in Allegheny County on February 17, 1937, to Indictments Nos. 422 and 423 February Term, 1937, charging the entering of a building with felonious intent. He was sentenced on the same day by the Honorable Joseph Richardson, Judge, to from five to ten years on Indictment No. 422 and to from five to ten years on Indictment No. 423, the latter sentence to begin at the expiration of that imposed on No. 422.

The applicant was but eighteen years of age when these crimes were committed and his previous criminal record was confined to one juvenile conviction for truancy.

The Board of Trustees of the Western State Penitentiary advise that if eligible for parole they would probably recommend his parole for the reason (1) his first commitment and (2) his satisfactory work and conduct records.

The Honorable Joseph A. Richardson, Judge, who sentenced the applicant, in a letter to the Board, recommends the commutation of his sentence and the District Attorney's Office makes no objection.

The Board of Pardons, after consideration of all the facts in connection with this application, feel that the years served in prison by the applicant are sufficient punishment, and that his record in the institution justifies the Board in affording him an opportunity to resume his life in the outside world and to make a place for himself and his family. The Board, therefore, recommends that the minimum sentences of imprisonment be commuted on Bill No. 422 from a minimum term of 5 years to a minimum term of 4 years and 8 months, expiring on October 17, 1941; and on Bill No. 423 from a minimum term of 5 years to a minimum term of 1 day, expiring on October 18, 1941, and that the applicant to remain on parole until October 17, 1951.

BOARD OF PARDONS

In re application of Edward J. Lee, No. 5367, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward J. Lee, convicted of embezzlement and conspiracy to embezzle, larceny, in the Court of Quarter Sessions of Philadelphia County, on May 17, 1929, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon pleaded nolle contendere in the Quarter Sessions Court of Philadelphia County on May 17, 1929, to Bills of Indictments Nos. 859 to 863 November Term, 1928, charging embezzlement and conspiracy to embezzle and larceny. On the same day he was adjudged not guilty on Bill No. 859 (larceny and receiving stolen goods), but guilty on all other Bills. On the same day he was sentenced to not less than two nor more than four years in the Philadelphia County Prison by the Honorable Frank Smith, Judge.

The applicant was paroled after serving one year of his sentence and made complete restitution of the sums of money embezzled.

The applicant had no criminal record prior to committing the crime for which he was sentenced, and since his release on parole, his record is clear, except for a charge of disorderly conduct made in New York, which was due to a misunderstanding with his wife, and in which case sentence was suspended.

The applicant is now living and working in Argentia, Newfoundland, where he is employed at the Naval Air Station as a foreman of construction at a present salary of $93.00 per week.

The assistant district attorney, James W. Tracey, Jr., Esquire, of Philadelphia County, advised the Board that his office had no objection to the granting of the pardon.

The Board of Pardons, is of the opinion, that the applicant is not criminally inclined and has, by his record of achievement since his release on parole, demonstrated hsi fitness to finish his life free from the taint and embarrassment of the record of his conviction, and it therefore, recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Frank LePut, B-5628, No. 147A, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Frank LePut, convicted of breaking and entering, larceny, robbery, larceny of automobile, and larceny, in the Oyer and Terminer Court of Somerset County, on October 15, 1934; and of breaking and escaping penitentiary, in the Quarter Sessions of Centre County, on July 10, 1937; be commuted on Bill No. 5 December Sessions, 1934, from a min, term of 3 years to a min. term of 2 years and 11 mos. and 29 days, exp. on Oct. 22, 1941; and on Bill No. 67 Sept. Sessions, 1937, from a min. term of 2 years to a min. term of 1 day, exp. on October 23, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

(And also in the opinion of the Superior Court in the case of Anthony Narcise, Appellant, vs. The Board of Trustees of the Eastern State Penitentiary).

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum

of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of Joseph Martello, C-4596, No. 5374, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Martello, convicted of robbery, A&B. with intent to rob, aggravated A&B. larceny from person in the Court of Oyer and Terminer and Quarter Sessions of Cumberland County, on May 16, 1928 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted by a jury in the Oyer and Terminer and Quarter Sessions Court of Cumberland County, Pennsylvania on May 15, 1928 on Indictments Nos. 47 and 48 May Term, 1928 charging robbery, assault and battery with intent to rob, aggravated assault and battery, larceny from person, and was sentenced by the Honorable E. M. Biddle, Jr., Judge, to not less than seven nor more than fifteen years in the Eastern State Penitentiary.

On May 25, 1935, after serving a term of seven years and nine days he was paroled, and since that time, according to the report of Mr. Taylor, the Supervisor of Paroles, he has complied with his parole obligations and has conducted himself as a law-abiding, self-respecting citizen.

The applicant had a criminal record before his conviction of the crime for which he was sentenced in 1928, but has led an exemplary life since his release on parole and desires a pardon so that he can file his second papers in connection with proceedings to become an American citizen.

Neither the trial judge nor the office of the district attorney of Cumberland County has filed any objection to the granting of this pardon.

The Board of Pardons, feels that the applicant by his conduct and behavior during the past six years, has given sufficient evidence of his complete rehabilitation, to justify it in restoring to him the privilege of obtainng the citizenship he covets and make it possible for him to become a useful American, it therefore recommends that a full and complete pardon be granted to the applicant.

BOARD OF PARDONS

In re application of Frank Martini, D-5330, No. 5400, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Martini, convicted of arson in the Court of Oyer and Terminer and Quarter Sessions of Columbia County on October 21, 1940 be commuted from 1½ years to 1 year expiring on October 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered a plea of not guilty in the Court of Oyer and Terminer and Quarter Sessions of Columbia County on the 21st day of October, 1940 to Indictment No. 3 May Term, 1940 charging arson, but was convicted by a jury and sentenced by the Honorable Samuel Humes, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than one and one-half years nor more than four years.

The applicant had no previous criminal record.

The Board of Trustees of the Eastern State Penitentiary reports: ". . . This man has maintained a satisfactory record of prison performance. He attended school for a period of 2½ months, studied academic work and was released to go to work. He is employed as an inspector in the tailor department and is considered to be a capable worker. He corresponds and receives visits from his family. Judging on the basis of this man's performance the short time he has been in the institution, we are inclined to believe he will refrain from further criminal activities when released."

Honorable Samuel H. Humes, the trial judge, makes no objection to the granting of clemency, but in his letter to the Board states: ". . . I am *legally* of the mind that the defendant was fairly tried, convicted, and sentenced according to law; I am *personally* of the mind that the wife, who was jointly charged, probably was more to be blamed than he."

C. W. Kreisher, Esquire, district attorney of Columbia County writes: ". . . I know of no good reason why the sentence should not be commuted because Mr. Martini is advanced in years and prior to the time of the offense charged, enjoyed a rather good reputation. It is the contention of the Commonwealth that Nancy Martini the wife of Frank Martini was the real force back of this crime, but because of the rule of law that a wife acts only under the direction and coercion of her husband we were unable to convict her of the crime and I believe that Mr. Martini is paying the penalty for his wife's actions. Therefore, I feel that Mr. Martini has paid his penalty to society and no good would be accomplished by continuing his imprisonment at the Eastern State Penitentiary."

Adequate sponsorship has been arranged for the applicant and his employment is assured.

In view of the report and recommendations of the Board of Trustees of the Eastern State Penitentiary and the contents of the letters from the trial judge and the

district attorney, the Board, is convinced that it is justified in granting leniency to this applicant and affording him an opportunity to create a new place for himself in society. It would therefore, recommend that the minimum sentence imposed on Indictment No. 3 May Term, 1940 be commuted from a minimum term of one and one-half years to a new minimum term of one year, expiring on October 21, 1941, and that the applicant remain on parole until October 21, 1944.

BOARD OF PARDONS

In re application of Lawrence Meek, B-5941, No. 146A, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Lawrence Meek, convicted of forgery and false pretense, in the Quarter Sessions Court of Washington County, on June 4, 1937 (effective May 18, 1937); and of breaking and escaping penitentiary, in the Quarter Sessions Court of Centre County on February 7, 1938; be commuted on Bill No. 60 Aug. Sess. 1937 from a min. of 1 year to a min. of 5 mos. and 29 days, exp. on Nov. 18, 1941 (Bills Nos. 57, 58, 69, 61, and 65 concurrent with sentence imposed on Bill No. 60 Aug. Sess. 1937); and on Bill No. 169 Feb. Sess. 1938 from a min. of 1 year to a min. of 1 day, expiring on Nov. 19, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

(And also in the opinion of the Superior Court in the case of Anthony Narcise, Appellant vs. The Board of Trustees of the Eastern State Penitentiary).

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of John R. Miller, A-12646, No. 5383, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John R. Miller, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on November 24, 1922 be commuted from 20 years to 18 yrs. 9 mos. and 13 days, expiring on September 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted of murder in the second degree by a jury in the Courts of Oyer and Terminer of Allegheny County on the 24th day of November, 1922 under Indictment No. 48 June Term, 1921 and was sentenced to serve a term of not less than sixteen nor more than twenty years in the Western State Penitentiary. This sentence was amended in accordance with the provisions of the Act of June, 1931 and the applicant was released on parole on November 24, 1932. Immediately after his release he became intoxicated and was returned to the Western State Penitentiary on December 7, 1932, after having been treated in St. John's Hospital and St. Francis' Hospital, Pittsburgh, Pennsylvania for a condition brought about his over indulgence.

He now asks that his maximum sentence be commuted by allowing him credit for one year, seven months and five days spent in jail awaiting trial.

To do this would only be doing that which is now provided for by the Act of 1937 in cases arising since its passage.

The Board of Trustees of the Western State Penitentiary advise that his institutional record has been entirely satisfactory.

The Supervisor of Paroles, Mr. Taylor, in a statement to this Board says: ". . . The applicant was originally

committed to the Allegheny County Jail on April 19, 1921 to await trial on the charge of Murder. He was brought to trial November 24, 1922 and was confined to the County Prison for a term of 1 year, 7 months and 5 days in default of bail. Since the Act of 1937 provides credit for time spent in the county jail to defendants awaiting trial in default of bail, the Supervisor of Paroles has no objection to the granting of a period of time as applying against the sentence of this petitioner as is allowed defendants now confined awaiting trial."

No objections to the granting of commutation to the applicant has been made by the trial judge nor by the district attorney.

The Board of Pardons, is of the opinion, that the ends of justice have already been served in this case, and that the institutional record of the applicant is such as to show a desire on his part to lead a useful and law-abiding life. The Board, therefore, recommends that the maximum sentence imposed in this case be commuted to a minimum term of eighteen years and ten months, to expire October 7, 1941, and that the applicant remain on parole until December 7, 1942.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Christopher Columbus Monroe, D-4185, No. 5382, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Christopher Columbus Monroe, convicted of arson in the Court of Oyer and Terminer and Quarter Sessions of Franklin County, on August 5, 1939 to begin August 3, 1939 be commuted from 3 years to 2 years and 2 months expiring on October 3, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Franklin County on August 5, 1939 to Indictment No. 4 October Term, 1939 charging arson, and was sentenced by the Honorable Watson R. Davison, Judge, to undergo imprisonment in the Eastern State Penitentiary for a term of not less than 3 years nor more than 6 years.

The applicant had never been arrested for any offense before the perpetration of the crime for which he was sentenced.

The Board of Trustees of the Eastern State Penitentiary have made the following report: ". . . While at the Graterford institution, he attempted to improve himself by attending school for a period of 8½ months. He was illiterate when he entered and made fair progress until he was released to go to work. He was transferred to Rockview on May 8, 1941. The authorities of that institution report that this man's record there has been good. He has maintained a co-operative attitude and he associates with the average type of inmate. He is employed in the State Gardens and is considered to be a good worker. He corresponds with his cousin. Rockview officials state that they would probably recommend consideration."

The Honorable Watson R. Davison, Judge, writes: ". . . If this man's record has been good since he has been in the penitentiary and you believe that it would be for his interests and not detrimental to the community for him to have his sentence commuted, I would not oppose it."

The District Attorney, J. Glenn Benedict, Esquire, has made no objections to the granting of clemency.

The Board of Pardons is of the opinion that the applicant's institutional record is indicative of a desire to lead an honest life, and in view of this being his first offense, the Board, feels that an opportunity should be afforded him to thoroughly rehabilitate himself and become a useful member of society. The Board, therefore, recommends that the minimum sentence of three years imposed in this case be commuted to a new minimum term of two years and two months, expiring on October 3, 1941, and that the applicant remain on parole until August 3, 1945.

BOARD OF PARDONS

In re application of Thomas William Moore, D-134, No. 4722, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Thomas William Moore, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County, on the 19th day of November, 1934, be commuted on Bill No. 419 November Sessions, 1934, from a minimum term of 5 years to a minimum term of 1 year and 1 month and 1 day, expiring on October 20, 1941. (Applicant was granted parole on Bill No. 418 November 19, 1939).

Our reasons for making this recommendation are as follows:

The applicant entered a plea of nolle contendere in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 19th day of November, 1934, to Indictments Nos. 418 and 419 November Sessions, 1934 charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Horace Stern, Judge, on Indictment No. 418 to not less than five nor more than fifteen years; and on Indictment No. 419 to not less than five nor more than ten years in the Eastern State Penitentiary. The sentences to run consecutively.

The applicant was but twenty-one years of age when the crime was committed and his previous criminal record includes three arrests and one conviction for illegal possession and sale of liquor.

The Board of Trustees of the Eastern State Penitentiary in its report states that he has maintained a very good record in the institution and associates with the better type of inmates. He attended night school for a period of nine months and was then made a teacher of academic

studies and later taught commercial English. He has completed a business correspondence course.

James W. Tracey, Jr., Esquire, assistant district attorney of Philadelphia County, informed the Board that the office had no objection to the granting of a commutation.

Satisfactory parole sponsorship has been obtained and definite employment will be available upon his release.

The Board, feels that the applicant's institutional performance is deserving of credit and indicates sufficient progress in rehabilitation to justify his release, it therefore, recommends that the sentence be commuted on Bill No. 419 from a minimum term of 5 years to a minimum term of 2 years and 10 months, expiring on October 20, 1941, and that the applicant remain on parole until November 9, 1949. (Applicant was granted parole on Bill No. 418 November 19, 1939).

BOARD OF PARDONS

In re application of Harry C. Newlin, D-2421, No. 4400, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommended that the minimum sentence of Harry C. Newlin, convicted of statutory rape in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on September 13, 1937 to begin September 7, 1937, be commuted from 5 years to 4 years and 1 month, expiring on October 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County on the 13th day of September, 1937 charging statutory rape, on Bill of Indictments Nos. 201 and 202 September Term, 1937, and was sentenced by the Honorable Eugene V. Allessandroni, Judge, on Bill No. 201 to undergo imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years, sentence to begin on the 7th day of September, 1937.

The applicant had no previous criminal record and the Board of Trustees of the Eastern State Penitentiary reports that his performance in the institution is above the average. He is considered to be an industrious worker, is now employed on the farm outside the wall, has studied carpentry and has made good progress.

James W. Tracey, Jr., Esquire, assistant district attorney, stated to the Board that the office of the district attorney was satisfied to leave the matter to the judgment of the Board and the trial judge, the Honorable Eugene V. Allessandroni, in a letter submitted to the Board in October, 1939 stated: ". . . The prisoner has, however, served two years of his sentence and from the information I have of his home life and past record in behavior, it is quite possible that he has learned his lesson and that he will be a law-abiding citizen in the future."

The Board of Pardons, is of the opinion, that the applicant, on account of his previous record and judged on the basis of his institutional performance, is entitled to its leniency, and it therefore, recommends that the minimum sentence of five years imposed on Bill No. 201 September Term, 1937 be commuted to a minimum term of four years and one month, expiring on October 7, 1941, and that the applicant remain on parole until September 7, 1947.

BOARD OF PARDONS

In re application of James Salvaggio, D-427, No. 5399, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Salvaggio, convicted of accessory before and after the fact to robbery and conspiracy in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on March 15, 1935 be commuted from 7½ years to 6 years and 7 months expiring on October 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quater Sessions of Lehigh County on March 15, 1935 to Indictment No. 108 January Sessions, 1935 charging accessory before the fact and accessory after the fact to robbery and conspiracy, and was sentenced by the Honorable Richard W. Iobst, Judge, to undergo imprisonment in the Eastern State Penitentiary for a term of not less than seven and one-half nor more than fifteen years and pay a fine of five hundred dollars.

Before his arrest for the crime for which he was sentenced, the applicant had no criminal record, except one arrest (juvenile) for statutory burglary.

The Board of Trustees of the Eastern State Penitentiary in its report to this Board states: ". . . While at the Graterford institution, his record was satisfactory. He was illiterate when he entered, attended school for a period of 9 months, studied academic work, and made good progress. He was transferred to the Lehigh County Prison on June 24, 1941. The Warden of the institution reports that he has maintained a good record. He associates with very few of the inmates. He is employed at odd jobs in the institution and at the county farm. He is considered to be a willing worker. He corresponds with no one. He receives visits from his mother."

The Honorable Richard W. Iobst, Judge, in a letter to this Board states that he has no objections to the granting of leniency in view of the length of service and prison record.

Joseph E. Gehringer, Esquire, District Attorney, in a letter states that the applicant should serve his minimum sentence unless the Court was now of the opinion that the sentence was too harsh.

Adequate sponsorship has been arranged for the applicant and steady employment awaits his release.

The Board of Pardons, is of the opinion, after a thor-

ough study of this case, that the applicant has been sufficiently punished, and that his attitude before being arrested and his institutional record indicate a desire to lead an honest life, which is strong enough to justify the Board in giving him an opportunity to accomplish that end. The Board, therefore, recommends that the minimum term of seven and one-half years imposed in this case be commuted to a new minimum term of six years and seven months, expiring on October 15, 1941, and that the applicant remain on parole until March 15, 1950.

BOARD OF PARDONS

In re application of Leo Timco, C-9283, No. 5115, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Leo Timco, convicted of felonious burglary, breaking and entering, larceny in the Court of Quarter Sessions of Northumberland County on October 30, 1933 be commuted from 10 years to 6 years, 4 months, and 14 days expiring on October 30, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Northumberland County on October 30, 1933 to Indictments Nos. 2 and 21 December Term, 1933 charging felonious burglary, breaking and entering, larceny, and was sentenced by the Honorable Charles K. Morganroth, Judge, to undergo imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years. He was paroled on March 1, 1938 and violated his parole by a conviction for violation of the Vehicle Code on November 3, 1939, for which he was given a sentence of three months in the Northumberland County Jail. At the termination of this sentence, he was returned to the Eastern State Penitenitary on June 19, 1940.

The Board of Trustees of the Eastern State Penitentiary in its report to this Board states: ". . . This inmate was transferred to the Northumberland County Prison on August 1, 1940. The Warden of that institution reports that he has maintained a good record. He associates with the better type of inmate. He is employed at painting and general repairing and also works in the Warden's kitchen. He is considered to be a good worker. He corresponds and receives visits from his mother, sister, and brother. The Warden states: " . . . We would consider this man as one of the best cases to ever ask for parole and believe that he will surely do the right thing if he is released.'"

The Supervisor of Paroles, Mr. Taylor, has no objection to the granting of clemency if the convicting authorities recommend executive clemency, provided an adequate parole plan is obtained.

Robert M. Fortney, Esquire, district attorney of Northumberland County, in a letter to the Board states: ". . . Please be advised that after a thorough investigation of the above, our office not only has no objection to the above application, but recommends for your consideration the granting of said parole."

An adequate parole plan has been provided and employment awaits the applicant's release.

The Board of Pardons, in view of the attitude of the Supervisor of Paroles and the District Attorney of Northumberland County, feels that the applicant is fitted to resume his place in society and that the report of his institutional record is additional evidence of that fitness. The Board, therefore, recommends that the maximum sentence of ten years imposed in this case be commuted to a new maximum term of 8 years, to expire on October 30, 1941, the applicant to remain on parole until June 16, 1945.

Respectfully submitted.

BOARD OF PARDONS

In re application of Charles Wollner, C-7686, No. 2441, September Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Wollner, convicted of murder in the second degree in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on January 22, 1932, be commuted from 10 years to 9 years and 9 months expiring on October 22, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of not guilty in the Courts of Oyer and Terminer and Quarter Sessions of Delaware County, Pennsylvania on January 22, 1932 to Indictment No. 178 December Term, 1931 charging murder, and was convicted by a jury of murder in the second degree. He was sentenced by the Honorable W. Roger Fronefield, Judge, to undergo imprisonment in the Eastern State Penitentiary for a term of not less than ten nor more than twenty years.

The previous criminal record of the applicant includes three arrests and one conviction for participation in an armed holdup.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has had a very good institutional record. At the present time he is working as a car washer and mechanic, his work taking him both inside and outside the walls. He has saved approximately seven hundred dollars from his earnings. The Trustees further advise the Board that: ". . , If this man would maintain the same habits of industry and interest in the welfare of his family after his release that he has demonstrated in the institution, he would probably have a good opportunity of making a successful adjustment."

One of applicant's accomplices in the crime for which he was sentenced has been on parole since June 30, 1937.

The District Attorney's Office of Delaware County had nothing to say either for or against the granting of leniency. Proper parole supervision has been arranged for the applicant and adequate employment has been provided.

The Board of Pardons is of the opinion that the conduct of the applicant in the institution and his efforts at self-improvement indicate a strong purpose on his part to become a useful self-respecting citizen upon his release. The Board, therefore, recommends that the minimum term of ten years imposed in this case be commuted to a new minimum term of nine years and nine months, expiring on October 22, 1941, and that the petitioner remain on parole until January 22, 1952.

BOARD OF PARDONS

In re application of Albert J. Bilby, B-5647, No. 5442, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Albert J. Bilby, convicted of (1) counterfeiting a bank check (2) larceny (3) making checks with intent to defraud (4) false pretense in the Courts of Quarter Sessions of Washington and Allegheny Counties, on January 27, 1930, March 9, 1934 and June 15, 1937, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of guilty in the Court of Quarter Sessions of Washington County on the 27th day of January, 1930 to Indictments Nos. 290 to 303 inclusive of February Term, 1930 and was sentenced by the Honorable Howard Hughes, Judge, to two years imprisonment in the Allegheny County Workhouse and about the same time entered a plea of guilty in the Quarter Sessions Court of Allegheny County to Indictments Nos. 397 to 400 inclusive of April Term, 1930 and was sentenced to four months imprisonment in the Allegheny County Workhouse by the Honorable Harry W. Rowland, Judge. He was paroled from this imprisonment on April 13, 1931 and entered a plea of guilty in the Quarter Sessions Court of Allegheny County on the 15th day of June, 1937 to Indictments Nos. 13, 14, and 38 May Term, 1937 charging couterfeiting a bank check and larceny and was sentenced by the Honorable Joseph A. Richardson, Judge, on the counterfeiting case to imprisonment in the Western State Penitentiary for not less than six months nor more than four years and on each of the indictments charging larceny to terms of not less than six months nor more than three years. Sentences were commuted and applicant was again paroled on December 15, 1938 and finally discharged from parole on June 15, 1941.

Since his release, the applicant has been gainfully employed. During his parole period he displayed a cooperative attitude toward parole supervision and never violated or abused privileges extended. His conduct shows a change in his attitude toward life and indicates sufficient rehabilitation to justify the removal of the handicap of his prison record.

Judge Howard Hughes in a letter to the Board dated September 25th writes: ". . . I have talked to Mr. Bilby several times in the past year, and, as far as I am able to determine, he is now an industrious man and conducts himself properly. If my information in this respect is correct, I would see no objection to granting a pardon in this case." Judge Joseph A. Richardson in a letter advises the Board that: ". . . In the case of Bilby, if a very careful investigation by your office shows that his parole record has been exemplary, and he has not been in any difficulties, I would recommend the pardon. I know that Bilby has attempted to get work, but I am not familiar with his private life and I think that this should be the field of your investigation."

Robert B. Ivory, Esquire, an attorney practicing in Allegheny County, who served as sponsor for the applicant during the last twenty-one months of his parole writes: " . . . During that time, and since, I have been in close touch with him, and I can vouch for the fact that he has conducted himself properly and has given his earnest attention to whatever work he has been able to secure from time to time. Due to his record, he has naturally experienced a good deal of trouble in finding employment. He is working at present, but there is some possibility that his position will soon come under civil service. He would like to take the civil service examinations and, of course, cannot do so unless he receives a pardon. I believe that Mr. Bilby deserves a great deal of credit for the effort he has made in the face of many obstacles, and I feel that if a pardon is granted and one of the obstacles is to be removed, he will continue to justify the confidence which his many friends have in him."

The District Attorney's office of Allegheny County made no objection to the granting of a pardon.

The Board of Pardons is of the opinion that the conduct of the applicant, since his release on parole, has been of such character as to justify it in extending to him a fuller opportunity to become a useful part of society by removing the handicap of the record of these convictions. It would therefore, recommend the granting of a full and complete pardon.

BOARD OF PARDONS

In re application of Leo Bilecki, B-3150, No. 1333, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Leo Bilecki, convicted of murder in the second degree in the Court of Oyer and Terminer of Erie County on March 4, 1932 be commuted from 10 years to 9 yrs. 10 mos. and 8 days, expiring on January 12, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Erie County on the 4th day of March, 1932 under Indictment No. 66 February Sessions, 1932 of the crime of murder in the second degree, and was sentenced by the Honorable U. P. Rossiter, Judge, to a term of imprisonment in the Western State Penitentiary for not less than ten nor more than twenty years.

The applicant was arrested and placed in the Erie

County Jail on January 8, 1932 where he remained until his removal to the Western State Penitentiary, after his conviction. He spent fifty-one days in jail awaiting trial and under existing laws would be entitled to credit for such time.

The Board of Trustees of the Western State Penitentiary reports that applicant has had an excellent institutional record.

Employment and sponsorship will be provided the applicant upon his release, by his father and brother.

The Board feels that the applicant is entitled to credit for the time he served in jail prior to his conviction and would, therefore, recommend that his minimum sentence of ten years be commuted to a new minimum term of nine years, ten months, and eight days, expiring on January 12, 1942, and that the applicant remain on parole until March 4, 1952.

Respectfully submitted,

BOARD OF PARDONS

In re application of Frank Bommarito, D-1513, No. 5441, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Bommarito, convicted of (1) robbery (2) larceny (3) assalut and battery with intent in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on August 10, 1936 be commuted from 7½ years to 5 years and 3 months, expiring on November 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Lehigh County on the 10th day of August, 1936 to Indictment No. 96 January Sessions, 1935 charging (1) larceny (2) robbery (3) assault and battery with intent, and was sentenced by the Honorable Richard W. Iobst, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than seven and one-half nor more than fifteen years and pay a fine of $1000.00.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has maintained an ordinary record of prison performance.

The Honorable Richard W. Iobst, trial judge, in a letter to the Board writes: ". . . When this individual voluntarily appeared for sentence on August 10, 1936, the record discloses that the following sentence was imposed upon him: ". . . Fine $1000, costs of prosecution and imprisonment in the Eastern State Penitentiary for not less than 7½ years nor more than 15 years; if the defendant behaves himself well at the Penitentiary he may apply for a pardon at the end of 5 years and this court will not oppose it. This sentence is for a lesser term as has been imposed upon some of the other defendants for the reason that this defendant has presented himself before the Bar of his own volition coming here from the City of Detroit." In view of the foregoing sentence, I am not registering any opposition to the granting of this pardon, if deemed advisable by the Board."

The District Attorney of Lehigh County in a letter states: ". . . I have no additional information available which might assist the Board in its decision on the said application, nor do I know of any reason why the same should be refused."

Based upon these letters from the convicting authorities, the Board of Pardons feels that the ends of justice have been met and that the applicant is entitled to his freedom so that he can return to his home in Detroit, Michigan, complete his rehabilitation and become a useful citizen. The Board, therefore, recommends that the minimum sentence of 7½ years be commuted to a new minimum term of 5 years and 3 months, expiring on November 10, 1941, and that the applicant remain on parole until August 10, 1951.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

The above recommendation is approved:

BOARD OF PARDONS

In re application of John W. Brooking, Jr., C-8834, No. 2303, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of John W. Brooking, Jr., convicted of arson in the Court of Quarter Sessions of Columbia County on March 29, 1933, be commuted from 7 yrs. 8 mos. and 3 days to 4 months expiring on November 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Columbia County on the 29th day of March, 1933, to Indictment No. 18 May Term, 1933, charging arson, and was sentenced by the Honorable Charles C. Evans, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less than five nor more than ten years.

Following the presentation of a plea for commutation of this sentence, the applicant, was released on parole on July 26, 1935. On May 5, 1941, he was arrested on a charge of false pretense, entered a plea of guilty and was sentenced to six months imprisonment, which sentence was immediately suspended, but he was returned to the Eastern State Penitentiary as a parole violator. The charge of false pretense involved the cashing of a relief check after he had secured employment and the sentencing judge had no idea at the time of sentencing that the applicant would have to return to the penitentiary to serve his parole time.

The Board of Trustees of the Eastern State Penitentiary reports that his performance while on parole was satisfactory for a period of over six years.

C. W. Kreisher, Esquire, district attorney of Columbia County, and a son of the Honorable C. E. Kreisher, the trial judge, in a letter to the Board writes: ". . . My father and I both feel very sorry that it was necessary to return Mr. Brooking to the Eastern State Penitentiary.

At the time sentence was imposed we had no knowledge of his parole and he enter his voluntary plea of guilty to the charge of false pretense laid by the Department of Public Assistance for receiving a few dollars relief while also having an income of his own. Since he entered his voluntary plea of guilty of his indictment we did not go into the details of the case, but the Judge merely passed sentence on his plea. It was not until your Parole Officer, Mr. Llewellyn informed us of the seriousness of his plea that we had any knowledge of the hardship imposed upon Mr. Brooking. We both, in fact, took this case up with the Governor in the hope of doing something for Mr. Brooking. We have in our files a letter stating that should Mr. Brooking apply for executive clemency that the Governor would give the matter his prompt attention. Both my father and I have gone into the details of this man's record since he has been released on parole and find that he is married and has small children, that he has endeavored to obtain work and support his wife and family and lead a decent and respectable life and, therefore, we are both of the opinion that any and all possible consideration which might be given to this boy would be deserving and also appreciated."

The Supervisor of Paroles in a report to the Board states: ". . . The Trial Judge, at the time of imposition of sentence in the Columbia County Courts, contacted the Supervisor of Paroles about the matter and stated that if he had known what the effect of Brooking's plea would have been at the time it was accepted that perhaps a definite disposition would have been made in the matter. If a satisfactory parole plan is obtained in this case, the Supervisor of Paroles will have no objection to the granting of clemency."

The Board of Pardons, is of the opinion, that in view of the letter from the District Attorney of Columbia County, it becomes its duty to correct what is now admitted to have been an error and to give the applicant an opportunity to make a new start in life. The Board, therefore, recommends that the maximum sentence of seven years, eight months, and three days be commuted to a new minimum sentence of four months, expiring on November 18, 1941, and that the applicant to remain on parole until March 21, 1949.

Respectfully submitted,

BOARD OF PARDONS

In re application of Harleigh B. Burky, D-178, No. 3713, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Harleigh B. Burky, convicted of fraudulently making a written instrument in the Court of Quarter Sessions of Philadelphia County on June 27, 1935, be commuted from 5 years to 1 year and 5 months, expiring on November 28, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on the 27th day of June, 1935, to Indictments Nos. 1263 to 1285 June Term, 1935, charging fraudulently making a written instrument, and was sentenced by the Honorable Joseph L. Kun, Judge, on No. 1263 to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years and on No. 1264 to not less than five or more than ten years to run consecutively.

The applicant has been granted parole on Indictment No. 1263 and is now serving the minimum sentence imposed on Bill No. 1264.

The applicant had no previous criminal record.

The Board of Trustees of the Eastern State Penitentiary in a report to this Board reports that: ". . . Since this man is a first offender, and judgment on the basis of his institutional performance, it is felt that he has a sincere interest in becoming a law-abiding citizen."

Honorable Joseph L. Kun, Judge, in a letter to the Board of Pardons stated: ". . . I am of the opinion that when he shall have served the minimum term of five years on one of the bills of indictment, it would be proper and desirable to commute the defendant's sentence on the other bill of indictment."

The District Attorney's office of Philadelphia County has no objection to the granting of leniency to this applicant.

An adequate and satisfactory parole plan has been obtained and employment awaits the release of the applicant.

The Board of Pardons, after careful deliberation, is of the opinion that in view of the report of the Board of Trustees of the Eastern State Penitentiary and the letter from Judge Kun, the applicant has now served sufficient time to satisfy the ends of justice and is prepared to take his place in society with a large degree of assurance of complete rehabilitation.

The Board, therefore, recommends that the minimum term of 5 years imposed on Indictment No. 1264 of June Term, 1935, be commuted to a new minimum term of 1 year and 5 months, expiring on November 28, 1941, and that the applicant remain on parole until June 27, 1950.

BOARD OF PARDONS

In re application of Meyer Cohen, No. 5340, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Meyer Cohen, convicted of (1) larceny of automobile (2) operating automobile without consent of owner in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County, on January 31, 1935 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon was convicted by a jury in the Quarter Sessions Court of Philadelphia Cunty on the 14th day of November, 1924, on Indictments Nos. 738 and 739 June Sessions, 1934, charging (1) larceny of automobile (2) operating automobile with-

out consent of owner, and was sentenced by Honorable Eugene V. Alessandroni, Judge, on January 31, 1935, to imprisonment in the Philadelphia County Prison for a term of thirty days.

The applicant had no previous criminal record and the facts in this case do not indicate the existence of a criminal intent at the time of the commission of the alleged crime, to convert the automobile to his own use.

From a statement furnished by the District Attorney's office describing the occurrence, it appears to the Board, that the facts indicate a high powered practice used in getting business rather than an intent to steal.

The trial judge, the Honorable Eugene V. Alessandroni, advised the Board that he had no recommendation to make and the District Attorney's office has no objection to the granting of a pardon.

The applicant has conducted himself properly since his release more than seven years ago and is now successfully operating an automobile repair business, but finds that the record of his conviction is a handicap to him in the operation of that business.

The Board of Pardons, after a careful study of the facts in the case as furnished by the District Attorney, feels that the applicant is entitled to any relief it can afford and that the removal of the handicap will assist one whose conduct since his conviction has justified it.

The Board, therefore, recommends the granting of a full and complete pardon to the applicant.

BOARD OF PARDONS

In re application of George Drake, B-3352, No. 148A, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Drake, convicted of Burglary, in the Oyer and Terminer Court of Allegheny County, on the 7th day of September, 1932, be commuted on Bill No. 90 June Sessions, 1932, from a maximum term of 6 years to a minimum term of 3 years, 2 months, and 29 days, expiring on December 6, 1941; and on Bill No. 91 from a minimum term of 3 years to a minimum term of 1 day, expiring on December 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of James Gemza, D-399, No. 4667, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on James Gemza, convicted of robbery, in the Oyer and Terminer and Quarter Sessions Courts of Lackawanna County, on the 28th day of February, 1933, be commuted on Bill No. 29 April Term, 1933, from a minimum term of 10 years to a minimum term of 6 years and 9 months, expiring on November 28, 1941, and on Bill No. 31 from a minimum term of 10 years to a minimum term of 1 day, expiring on November 29, 1941. (Sentence to be computed from February 28, 1935).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Lackawanna County on the 28th day of February, 1933, to Indictments Nos. 29 and 31 April Term, 1933, charging robbery, and was sentenced by the Honorable Will Leach, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than ten nor more than twenty years on each case. Sentences to run consecutively.

Applicant was previously sentenced to the Eastern State Penitentiary for a term of not less than two nor more than four years for larceny of a motor vehicle and was paroled on October 10, 1931, and violated that parole by his plea of guilty on February 25, 1933. He started serving the current sentence on February 28, 1935.

The Board of Trustees of the Eastern State Penitentiary report that the institutional record of the applicant has been satisfactory.

Two accomplices of the applicant in the crime for which he is now imprisoned have been discharged.

The Supervisor of Paroles in a report to the Board states: ". . . The petitioner has been confined for a period of about 6 years and 8 months on his current conviction. He has served in addition a two year period because of his prior parole violation, making his total period of confinement about 8 years and 8 months, which is about 1 year and 4 months less than the minimum term imposed by the court. For this reason the Supervisor of Paroles will enter no objection to the petition if a satisfactory parole plan is obtained."

No objection to the granting of leniency has been made by the authorities of Lackawanna County.

The Board of Pardons is of the opinion that by his long period of imprisonment the applicant has paid his debt to society and should be given an opportunity to demonstrate his fitness to become a useful citizen. The Board, therefore, recommends that the minimum sentence of ten years on Bill No. 29 be commuted to a new minimum term of 6 years and 9 months, expiring on November 28, 1941, and on Bill No. 31 from a minimum term of 10 years to a minimum term of 1 day, expiring on November 29, 1941, and that the applicant remain on parole until November 28, 1961.

In re Application of Joseph Huggins, A-13565, No. 1124, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Joseph Huggins, convicted of rape, assault with intent, etc., impersonating an officer, pointing firearms, robbery, in the Quarter Sessions Court of Westmoreland County, on the 21st day of June, 1924, be commuted on Bill No. 262 November Sessions, 1923, from a minimum term of 7½ years to a minimum term of 2 years and 6 months, expiring on December 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. BOARD OF PARDONS

In re application of Albert Langer, B-5159, No. 798, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Minimum sentence of Albert Langer, convicted of breaking penitentiary, attempted escape in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on December 2, 1926, to be computed from January 12, 1940, be commuted from 10 years to 1 year and 11 months, expiring on November 12, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 2d day of December, 1926, under Indictment No. 16 July Term, 1926, charging breaking penitentiary, attempted escape, and was sentenced by the Honorable Harry S. McDevitt,

Judge, to not less than eight nor more than thirty-three years in the Eastern State Penitentiary.

At the time of the commission of the crime of attempting to escape he was serving a term of not less than eight years and three months nor more than thirty-three years under sentence of the Court of Lancaster County imposed by the Honorable A. B. Hasslar, Judge, on November 6, 1909, after entering pleas of guilty to indictments charging buglary, larceny, receiving stolen goods, and assault and battery with intent to kill. He was paroled February 6, 1918, but was returned to the Eastern State Penitentiary on December 23, 1918, for violation of parole and was again released on parole on July 23, 1932.

On August 11, 1936, he was arrested in the City of New York, charged with robbery and after conviction was sentenced to serve a term of imprisonment at Sing Sing for not less than four nor more than ten years. At the expiration of his minimum term on January 12, 1940, he was released and returned to the Eastern State Penitentiary for parole violation.

After his return to the Eastern State Penitentiary he applied to the Courts of Philadelhpia County for a correction of sentence and the Court made a correction of the sentence imposed December 2, 1926, by amending the same to read not less than two and one-half nor more than ten years to begin at the expiration of sentence imposed November 6, 1909.

The applicant has served the greater part of his adult life in prison and the Board of Trustees of the Eastern State Penitentiary reports that time is beginning to tell on him. If he is not given another chance it is doubtful if he will finish the sentence he started to serve thirty-two years ago.

The applicant states in his application that he has "a burning desire to show them (his friends) by my future good life that I appreciate their efforts in my behalf."

It is probable that long jail service, in spite of his bad record, has finally brought to him a realization of the folly of his previous life and that even at his age there is opportunity for full rehabilitation.

The Board of Pardons feels that there is enough probability of full repentance to justify it in affording to this man an opportunity to fulfill his desire to lead an honest life. The Board, therefore, recommends that the sentence imposed on Bill No. 16 July Term, 1926, be computed from a maximum term of ten years to a minimum term of 1 year and 11 months, expiring on November 12, 1941 and that the applicant remain on parole until June 12 1950.

BOARD OF PARDONS

In re application of Martin Loonan, C-3743, No. 5407, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Martin Loonan, convicted of (1) burglary, (2) breaking and entering, (3) entering with intent to steal, (4) larceny in the Courts of Oyer and Terminer and Quarter Sessions of Delaware and Philadelphia Counties on December 23, 1926, sentence to be computed from September 17, 1926, be commuted on Bill No. 108 from 10 years to 1 year and 3 months, expiring on November 14, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Delaware County on the 17th day of September, 1926, to Indictment No. 108 December Term, 1926, and was sentenced by the Honorable John M. Broomall, 3rd, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years.

The applicant was released on parole at the expiration of his minimum sentence on September 17, 1931, to reside in the City of New York, and within three months was arrested and convicted in New York City of a charge of rape, but a new trial was granted and on October 5, 1934, he was discharged to appear when wanted.

He was later arrested in New York City on a charge of attempted robbery, possession of a gun and burglary, and entered a plea of guilty. Sentence was deferred, and while in prison he rendered valuable assistance to the District Attorney's office, as a result of which he withdrew his plea of guilty to the original charges and entered a plea of guilty to the charge of assault and was committed to serve an indeterminate sentence. After his release he was taken into custody as a fugitive from Pennsylvania on June 18, 1940, and was returned to the Eastern State Penitentiary to serve the remainder of the sentence imposed in 1926.

The Board of Trustees of the Eastern State Penitentiary reports that he has maintained a satisfactory conduct record and spends most of his time working on an invention.

Honorable George L. Donnellan, Judge of the Court of General Sessions of New York, in a letter to the Pennsylvania Prison Society writes: "* * * Personally, I have no objection to the commutation of the sentence which Loonan is now serving in your State. Although he has a bad record, nevertheless I think he has been punished sufficiently for what he has done."

James W. Tracey, Jr., Esquire, assistant district attorney of Philadelphia County, stated in view of the time served by the applicant in New York the District Attorney's office had no objection to the granting of leniency.

Employment awaits the applicant and a satisfactory parole plan has been provided.

The Supervisor of Paroles in a report to the Board states: "* * * Loonan has been confined for a period of about six years and it may be that he is entitled to consideration at this time. If a satisfactory parole plan is obtained in this case, the Supervisor of Paroles will interpose no objection to the granting of clemency."

The Board, is of the opinion, that the applicant has now served sufficient time for the crime committed and that an opportunity should be given him to become a useful member of society. The Board, therefore, recommends that the maximum sentence of 10 years imposed December 23, 1926, be commuted to a new minimum term of 1 year and 3 months, expiring on November 14, 1941, and that the applicant remain on parole until Dec. 12, 1949.

BOARD OF PARDONS

In re application of John Manion, B-3517, No. 3099, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The abve application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Manion, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on December 21, 1932, be commuted from 10 years to 9 years 8 months and 25 days expiring on September 16, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 21st day of December, 1932, to Indictment No. 137 September Sessions, 1932, charging murder in the second degree, and was sentenced by the Honorable J. N. Langham, Judge, to imprisonment in the Western State Penitentiary for a term of not less than ten years nor more than twenty years.

The applicant had no previous criminal history.

The Board of Trustees of the Western State Penitentiary reports that if eligible for parole, it would probably recommend for parole (1) first conviction (2) excellent institutional record (3) cooperative inmate (4) has served 8½ years.

The crime was the result of a drunken brawl and was committed in the heat of passion occassioned by a beating administered to him by his subsequent victim.

Ralph T. Bell, Esquire, representing the District Attorney's office of Allegheny County, has advised the Board that: "Our office has no objection if credit is allowed the applicant for the time which was spent in jail and waiting trial, to-wit: three months and five days."

Employment is promised the applicant upon his release and his prospective employer has agreed to become his sponsor.

The Board feels that to allow his credit for the time spent in jail awaiting trial is only in accordance with existing law, and would, therefore, recommend that the minimum sentence of ten years be commuted to a new minimum term of 9 years, 8 months, and 25 days, expiring on September 16, 1942, and that the applicant remain on parole until December 21, 1952.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Marrazzo, D-2522, No. 5439, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Marrazzo, convicted of (1) rape (2) pandering in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on October 9, 1937, to be computed from October 7, 1937, be commuted from 10 years to 4 years and 1 month, expiring on November 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Courts of Oyer and Terminer and Quarter Sessions of Lackawanna County on the 9th day of October, 1937, under indictment No. 21 October Term, 1937, charging (1) rape, (2) pandering, and was sentenced by the Honorable William R. Lewis, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than six nor more than twelve years on the rape charge, and not less than four nor more than eight years on the pandering charge to run consecutively. Sentence to be computed from October 7, 1937.

The Honorable William R. Lewis, the trial judge, writes to the Board as follows: "* * * I have examined his application and find his record of former convictions is substantially correct as I recall it. He was properly and justly convicted of the two offenses, rape and pandering, for which he stood trial. At the time of his sentence I was somewhat disgusted with his attitude while testifying in his own behalf. This disgust led me to impose what I now consider, after due deliberation, a somewhat severe sentence considering his youth. I have been informed that his conduct while an inmate of the Penitentiary has been exemplary and if this is so I am of the opinion that he has been sufficiently punished. If he were compelled to serve the full minimum sentences imposed on the two charges his chances of making a success of life would be seriously impaired. If his conduct as a prisoner indicates a complete reformation I think his plea for clemency should be favorably considered."

The Board of Trustees of the Eastern State Penitentiary reports that the institutional record of the applicant at the Lackawanna County Prison, to which he was transferred on June 16, 1941, has been excellent and the Warden of that prison states: "* * * Our staff would recommend this man for parole or commutation."

Adequate sponsorship and employment have been provided and awaits the release of the applicant.

The Board of Pardons, is of the opinion, that this young man who was only twenty years old when the crime was committed has fully paid his debt to society and that he should now be given an opportunity to demonstrate his fitness to mingle freely with his fellowmen and lead a life of usefulness. The Board, therefore, recommends that the minimum sentence of ten years be commuted to a new minimum term of four years and one month, expiring on November 7, 1941, and that the applicant remain on parole until October 7, 1957.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Charles Minifield, D-3109, No. 5198, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Minnifield, convicted of voluntary manslaughter in the Court of Quarter Sessions of Chester County on May 25, 1938, to be computed from April 1,

1938, be commuted from 4 years to 3 years and 7 months, expiring on November 1, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea in the Court of Quarter Sessions of Chester County on the 25th day of May, 1938, to Indictment No. 85 May Term, 1938, charging voluntary manslaughter, and was sentenced by the Honorable William B. Windle, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than four nor more than eight years. Sentence to begin April 1, 1938.

The Board of Trustees of the Eastern State Penitentiary reports to this Board that the applicant has maintained an excellent record of prison performance and that an exceptional parole plan, along with his constructive prison record, indicates a good possibility of adjustment if released.

Honorable W. Butler Windle, Judge, in a letter to the Board of Pardons writes: "* * * Mr. Ben Wolf, who is willing to employ the applicant should he be released from custody at this time, is a former employer of the man who, by reason of said former employment and the knowledge obtained thereby, has sufficient confidence in him to reemploy him. I understand that the opportunity for such reemployment will lapse in all probability unless Minnifield is available therefor in the very near future. I recognize that it is very desirable for this applicant to be able to reenter the employ of his former employer and realize that in that regard the situation is a little unusual. I did not have this matter so clearly before me when I wrote my former letter under date fo September 22, 1941. Under the circumstances I am not so convinced that a further incarceration of six months with doubtful employment available at the expiration of that time, will so benefit this man that he should be called upon to suffer it. I, therefore, desire to state to the Board that I do not definitely oppose Mannifield's application at this time, although I believe the minimum term was the proper one for him to serve when I imposed it, but am willing to leave the question of clemency entirely to the Board in the belief that it will exercise sound judgment in regard thereto."

A good and sufficient parole plan has been obtained and employment is assured the applicant upon his release.

The Board of Pardons is of the opinion that the report of the Board of Trustees indicates a desire on the part of the applicant to readjust himself and the confidence displayed by his former employer in his rehabilitation is sufficient evidence to justify it in granting the leniency desired. The Board, therefore, recommends that the minimum sentence be commuted to a new minimum term of 3 years and 7 months, expiring on November 1, 1941, and the applicant remain on parole until April 1, 1946.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Charles Murray, B-6654, No. 4795, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Murray, convicted of sodomy in the Court of Oyer and Terminer of Allegheny County on March 31, 1939, to be computed from February 16, 1939, be commuted from 4 years to 2 years and 9 months, expiring on November 16, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Allegheny County on the 16th day of February, 1939, under Indictment No. 31 March Term, 1939, charging sodomy, and on the 31st day of March, 1939, was sentenced by the Honorable Thomas W. Dickey, Judge, to undergo imprisonment in the Western State Penitentiary for a term of not less than four nor more than eight years. Sentence to be computed from February 16, 1939.

The applicant has a criminal record including a conviction of adultery in 1919, and robbery in 1924. Since his release in 1924 from imprisonment, following the last conviction, he seems to have kept out of trouble.

The Board of Trustees of the Western State Penitentiary in its report to this Board states: ". . . This is a case which should be decided on the applicant's guilt or innocence of this particular offense."

He was convicted by a jury, but both the Classification Summary made by the Board of Trustees and the report made by one of the Field Agents of the Board after an investigation, unite in raising a strong doubt as to the guilt of the applicant. The man making the charge which led to the conviction of the applicant is described by the agent as "an habitual drunkard," an "intimate of prostitutes" and a "sexual pervert" and the summary of the Board of Trustees refers to him as a "sexual pervert."

It would seem unfair to convict a defendant of a serious crime on the testimony of a man with such a reputation, and manifestly unjust to keep him long in prison after a conviction based on such evidence.

The applicant has served more than two years and eight months, his parole is not opposed by the trial judge, and employment and sponsorship have been provided.

The Board of Pardons is of the opinion that all the elements entering into this application call for the commutation of the sentence of the applicant, and it therefore, recommends that the minimum sentence in this case be commuted to a new minimum term of 2 years and 9 months, expiring on November 16, 1941, and that the applicant remain on parole until February 16, 1947.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Edward Reynolds, D-582, No. 5446 October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Edward Reynolds, convicted of robbery, being armed with an offensive weapon, in the Court of Oyer and

Terminer and Quarter Sessions of Philadelphia County, on May 17, 1933, to be computed from May 17, 1935, be commuted from 10 years to 6 years and 6 months, expiring on November 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Philadelphia County on April 23, 1930, of the crime of larceny of an automobile and was sentenced by Judge D. U. Arird to the Eastern State Penitentiary for a term of not less than two nor more than four years, from which institution he was released on parole on April 23, 1932.

On the 12th day of May, 1933, he was convicted by a jury in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County under Indictment No. 571 May Term, 1933, charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Harry S. McDevitt, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than ten nor more than twenty years, sentence to be computed from the expiration date of his unexpired parole period. He commenced service on his sentence under Indictment No. 571 of May Term, 1933 on May 17, 1935.

The Supervisor of Paroles in a report to this Board states: ". . . In view of the length of time this subject has been confined, the Supervisor of Paroles will enter no objection to the granting of clemency providing the applicant has a satisfactory parole plan and if his petition meets with the approval of the convicting authorities."

The Board of Trustees of the Eastern State Penitentiary report that they can cite, in his favor, a continuous general improvement in his conduct and attitude.

Honorable Harry S. McDevitt, Judge, advises the Board that there has been a continuous general improvement in his conduct in the penitentiary and the office of the District Attorney does not object to clemency being granted.

A satisfactory parole plan has been provided and employment awaits the release of the applicant.

The Board of Pardons feels that sufficient time has been served by the applicant, his accomplices have been released and his improvement in institutional conduct indicates a desire for rehabilitation. The Board, therefore, recommends that the minimum sentence of 10 years imposed on Indictment No. 571 May Term, 1933, be commuted to a new minimum term of six years and six months, expiring on November 17, 1941, and that the applicant remain on parole until May 17, 1955.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Joseph Russella, B-6879, No. 5102, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Russella, convicted of (1) robbery (2) robbery with aggravated circumstances (3) conspiracy to commit robbery (4) violation of the Uniform Firearms Act, in the Court of Quarter Sessions of Jefferson County on August 28, 1939, to be computed from August 22, 1939, be commuted from 3 years to 2 years and 3 months, expiring on November 22, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered a plea of guilty in the Quarter Sessions Court of Jefferson County on the 28th day of August, 1939, to Indictment No. 38 August Term, 1939, charging (1) robbery (2) robbery with aggravated circumstances (3) conspiracy to commit robbery (4) violation of the Uniform Firearms Act, and was sentenced by the Honorable Jesse C. Long, Judge, to imprisonment in the Western State Penitentiary for a term of not less than three nor more than ten years. Sentence to be computed from August 22, 1939.

The applicant was only twenty years of age when the crime was committed and had no previous criminal history.

The Board of Trustees of the Western State Penitentiary report that if the applicant was eligible for parole, it would probably recommend him for parole (1) first conviction (2) excellent institutional record.

The Honorable Jesse C. Long, trial judge, has advised the Board that he has no recommendations for or against the applicant. The district attorney of Jefferson County has filed no objection to the granting of clemency.

Employment and adequate sponsorship awaits the release of the applicant.

The Board feels that on account of the age of the applicant at the time the offense was committed, coupled with his institutional record and his previous record, he is entitled to another chance to become a law-abiding citizen. It would, therefore, recommend that the minimum sentence of 3 years be commuted to a new minimum term of 2 years and 3 months, expiring November 22, 1941, and that the applicant remain on parole until August 22, 1949.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Clement H. Savage, C-7185, No. 3810, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Clement H. Savage, convicted of murder in the first degree, in the Court of Oyer and Terminer and Quarter Sessions of Luzerne County, on June 18, 1931, be commuted from Life Imprisonment to 10 years and 5 months, expiring on November 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Courts of Oyer and Terminer and Quarter Sessions of Luzerne County on the 18th day of June, 1931, of murder in the first degree under Indictment No. 83 June Term, 1933, and was sentenced by the Honorable John S. Fine, Judge, to imprisonment in the Eastern State Penitentiary for the term of his natural life.

The applicant was twenty-one years of age at the time of the commission of this crime.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board states: ". . . Judging on the basis of his performance while he has been in the institution, it is felt that he would have a good opportunity of succeeding if he was paroled."

The District Attorney's office through Assistant District Atttorney Silverblatt, stated that: ". . . Justice will not be harmed by his release."

The Board of Pardons feels that the time served by the applicant has been sufficient punishment for his part in the crime committed and his efforts at self-improvement since his imprisonment are such as to justify the Board in granting clemency and in affording him an opportunity to make a fitting place for himself in society. The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of ten years and five months, expiring on November 18, 1941, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Walter Scott, B-1794, No. 2838, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Walter Scott, convicted of (1) robbery (2) receiving stolen goods, in the Oyer and Terminer Court of Allegheny County, on the 16th day of January, 1930, be commuted on Bill No. 8 from a minimum term of 5 years to a minimum term of 1 year and 10 months, expiring on November 16, 1941; on Bill No. 9 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 17, 1941; on Bill No. 10 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 18, 1941; and on Bill No. 16 from a minimum term of 2½ years to a minimum term of 1 day, expiring on November 19, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Allegheny County on the 16th day of January, 1930, under Indictments Nos. 7, 8, 9, 10, and 16 January Term, 1930, charging (1) robbery (2) receiving stolen goods, and was sentenced by the Honorable J. Frank Graff, Judge, to undergo imprisonment in the Western State Penitentiary for a term of from five to ten years in Nos. 7, 8, 9, and 10 and from two and one-half to five years in No. 16, all of which sentences were to run consecutively.

The Board of Trustees of the Western State Penitentiary advises this Board that if eligible for parole, it would probably recommend because of (1) first major conviction (2) very good institutional record (3) has served 11 years and 9 months (4) sentence of accomplice was commuted.

The previous criminal record of the applicant shows no convictions of any major offenses.

Neither the trial judge, the Honorable J. Frank Graff or the district attorney's office has made any objection to the granting of leniency, and as the accomplice of the applicant has had his sentence commuted, it seems only proper to give this man another chance to lead an honest and useful life. Satisfactory employment awaits his release and an adequate sponsorship has been provided.

The Board of Pardons feels that his long term of imprisonment has satisfied the ends of justice and his institutional record evidences a desire to become an honest and law-abiding citizen. The Board, therefore, recommends that the minimum sentence be commuted in the following manner: on Bill No. 8 from a minimum term of 5 years to a minimum term of 1 year and 10 months, expiring on November 16, 1941; on Bill No. 9 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 17, 1941; on Bill No. 10 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 18, 1941; and on Bill No. 16 from a minimum term of 2½ years to a minimum term of 1 day, expiring on November 19, 1941, and that the applicant remain on parole until November 18, 1951.

BOARD OF PARDONS

In re application of Harry E. Swiger, B-3965, No. 149A, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Harry E. Swiger, convicted of forgery, in the Quarter Sessions Court of Allegheny County, on the 18th day of December, 1933, be commuted on Bill No. 106 Dec. Session, 1933, from a maximum term of 4 years to a maximum term of 3 years, 11 months and 28 days, expiring on Dec. 16, 1941; on Bill No. 107 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 17, 1941; and on Bill No. 108 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 18, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of Albert Thompson, B-1650, No. 4018, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Albert Thompson, convicted of (1) entering a building, (2) larceny, (3) receiving stolen goods, in the Quarter Sessions Courts of Allegheny County, on the 11th day of October, A. D., 1929, be commuted on Bill No. 94 September Term, 1929, from a minimum term of 5 years to a minimum term of 2 years and 1 month, expiring on November 11, 1941; and on Bill No. 95 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 12, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Allegheny County on October 11, 1929 to Indictments Nos. 93, 94, and 95 September Term, 1929 charging (1) entering a building (2) larceny (3) receiving stolen goods, and was sentenced by the Honorable M. Ward Fleming, Judge, to undergo imprisonment in the Western State Penitentiary for from five to ten years on each of Bills Nos. 93, 94, and 95. Sentences to be served consecutively.

The Board of Trustees of the Western State Penitentiary report that the applicant has an excellent institutional record, that he has served twelve years and if eligible for parole it would probably recommend him for parole.

The Honorable M. Ward Fleming, trial judge, has advised the Board of Pardons that he is satisfied with the determination of the Board.

Employment with his former employer awaits the applicant and the same person has indicated his willingness to act as sponsor. The employer bears an excellent reputation in the neighborhood in which he conducts his business.

The Board of Pardons feels that to sustain an excellent institutional record during a period of upwards of twelve years is convincing evidence of a desire to lead a better life and merits the help of the Board in bringing about that end. The Board, therefore, recommends that the minimum sentence of imprisonment be commuted in the following manner: on Bill No. 94 from a minimum term of 5 years to a minimum term of 2 years and 1 month, expiring on November 11, 1941; and on Bill No. 95 from a minimum term of 5 years to a minimum term of 1 day, expiring on November 12, 1941, and that the applicant remain on parole until November 11, 1951.

BOARD OF PARDONS

In re application of Robert Thornburg, B-6745, No. 5086, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Robert Thornburg, convicted of (1) robbery (2) violation of the Firearms Act in the Court of Oyer and Terminer of Allegheny County on May 31, 1939, to be commuted from 3 years computed from February 11, 1939, to 2 years and 9 months, expiring on November 11, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Allegheny County under indictments Nos. 9 and 29 March Sessions, 1939, charging (1) robbery (2) violation of the Firearms Act, and was sentenced by the Honorable John P. Egan, Judge, to undergo imprisonment in the Western State Penitentiary to a term of not less than three nor more than six years on Indictment No. 9 Sentence was suspended on Indictment No. 29.

The applicant was convicted solely on the testimony of the attendant at a gasoline station, and an officer present at the time of the identification, stated to an agent of the Board that the idenification was one of "hesitation and caution." Applicant's defense was an alibi, well sustained but evidently not believed by the jury.

The Honorable John P. Egan, Judge, in a letter to the Board stated that he would leave the matter entirely to it and the District Attorney's office has no objection to clemency being granted if a satisfactory parole plan is obtained.

A painting contractor in Crafton, Pennsylvania, has offered employment as a painter's helper and has also agreed to act as sponsor for the applicant, if and when released. The employer bears an excellent reputation and should prove to be an excellent sponsor.

The Board of Pardons feels that the two years and eight months served by the applicant is sufficient punishment for the offense committed, and that the employment and parole plan provided is sufficient to start him on the way to complete and final rehabilitation. It, therefore, recommends that the minimum term of three years be commuted to a new minimum term of two years and nine months, expiring on November 11, 1941, and that the applicant remain on parole until February 11, 1945.

BOARD OF PARDONS

In re application of George Van Steenburgh, No. 5124, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that George Van Steenburgh, convicted of (1) assault and battery (2) indecent assault in the Court of Quarter Sessions of Philadelphia County, on October 30, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and complete pardon entered a plea of nolle contendere in the Quarter Sessions Courts of Philadelphia County on the 30th day of October, 1931 to Indictment No. 766 June Sessions, 1931, charging (1) assault and battery (2) indecent assault, was adjudged guilty by the Honorable Theodore Rosen, Judge, and on the same day was sentenced by Judge Rosen to imprisonment in the Philadelphia County Jail for a term of not less than four months nor more than two years.

The offense committed, although perhaps indicating an unhealthy state of mind, did not involve any violence or threats of violence and the conduct of the applicant, since his release, tends to indicate that there will be no recurrence of the desire that brought about his departure from decent living.

At the time of his arrest the applicant was employed as a ticket agent at the Tulpehocken Station by the Pennsylvania Railroad Company, but since his release from imprisonment his employment has not been steady or very lucrative on account of the stigma of the record against him.

If a pardon is granted, the applicant is assured of reemployment by the Railroad Company as is evidenced by a letter from an official of the Company in which he states: " . . . We have been in close contact with Mr. Van Steenburg since April 1932 and our confidence in his character and ability to perform service is indicated in our restoring him to active duty and the further fact that prior to the time he got into this trouble sufficiently penalized by his conviction and there is no doubt as to his full and complete rehabilitation."

The Board feels that the conduct of the applicant since his release entitles him to an opportunity to be restored to employment with the Railroad Company so that his rehabilitation may be completed and he may more amply provide for himself and his family.

The Board, therefore, recommends that a full and complete pardon be granted to the applicant.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Howard Delmont Way, B-6735, No. 5228, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Howard Delmont Way, convicted of (1) keeping fraudulent accounts as an employee (2) fraudulent conversion (3) embezzlement, in the Quarter Sessions Court of Indiana County, on the 2nd day of June, 1939, be commuted on Bill No. 106 March Sessions, 1939, from a minimum term of 2 years to a minimum term of 7 months, expiring on November 9, 1941, and on Bill No. 107 from a minimum term of 2 years to a minimum term of 1 day, expiring on November 10, 1941. (Bill No. 101 to run concurrently with Bill No. 105.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Indiana County on the 22nd day of May, 1939, to Indictments Nos. 101 and 110 inclusive of March Sessions, 1939, charging (1) keeping fraudulent accounts as an employee (2) fraudulent conversion (3) embezzlement, and on the same day was sentenced by the Honorable E. E. Creps, Judge, to imprisonment in the Western State Penitentiary on Indictment No. 101 March Sessions, 1939, to not less than one and one-half nor more than three years, to run concurrently with sentence on No. 105 and on Nos. 105, 106, and 107 to not less than two nor more than four years, sentences to run consecutively.

The Board of Trustees of the Western State Penitentiary report that if eligible for parole, they would probably recommend parole by reason of this being a first imprisonment and on account of the excellent institutional record of the applicant.

A letter to the Board from the President of the Rochester and Pittsburgh Coal Company, the former employer of the applicant, states: " . . . The Company interposes no objection to the release from prison of Mr. Way. Its responsible officer believed that his prosecution was essential as an example and deterrent to others holding positions of trust and that failure to prosecute would have been unfair to faithful employees of the Company. The extent of his punishment was for the Court, in the first instance, and now for the Pardon Board. It may be stated, however, that Mr. Way's record prior to the embezzlement was good and it is our belief that he is not a criminal in any sense denoting depravity but rather that he did not have strength of character to resist temptation."

Neither the trial judge nor the trial district attorney of Indiana County has objected to the granting of clemency in this case.

Immediate employment is assured the applicant and an adequate and satisfactory sponsorship has been obtained.

The Board of Pardons is of the opinion that the time served by the applicant has been sufficient punishment and has fully served the ends of justice and that the record of the applicant since his incarceration is evidence

of a sincere desire to make amends for his errors and take up life anew with his wife and child. The Board, therefore, recommends that the minimum sentence be commuted in the following manner: on Bill No. 106 from a minimum term of 2 years to a new minimum term of 7 months, expiring on November 9, 1941, and on Bill No. 107 from a minimum term of 2 years to a minimum term of 1 day, expiring on November 10, 1941, and that the applicant to remain on parole until November 9, 1945. (Bill No. 101 to run concurrently with Bill No. 105.)

Respectfully submitted,

Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of George Young, B-4427, No. 150 A, October Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Young, convicted of larceny of automobile, larceny, breaking, entering and larceny, receiving stolen goods, in the Oyer and Terminer Court of Blair County on December 31, 1934, be commuted on Bill No. 46 January Session 1935 from a minimum term of 3 years to a minimum term of 2 years, 11 months, and 28 days, expiring on December 29, 1941; on Bill No. 47 from a minimum term of 1 year to a minimum term of 1 day, expiring on December 30, 1941; and on Bill No. 49 from a minimum term of 1 day to a minimum term of 1 day, expiring on December 31, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of Gottfried George Adams, C-7914. No. 5014, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Gottfried George Adams, convicted of pointing deadly weapons, robbery in the Court of Oyer and Terminer and Quarter Sessions of Northampton County on April 12, 1932, be commuted from 10 years to 9 years and 8 months, expiring on December 12, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Oyer and Terminer and Quarter Sessions of Northampton County on April 12, 1932, under Indictment No. 102 December Term, 1931, charging pointing deadly weapons, robbery, and was sentenced by the Honorable Robert A. Stotz, Judge, to not less than ten nor more than twenty years in the Eastern State Penitentiary and to pay a fine of $3,000.00.

The applicant's previous criminal history included one conviction and four arrests.

The applicant has actually served over nine years and seven months of his minimum sentence with no credit for the time confined before being sentenced, which is now allowed by Act of Assembly.

Applicant was arrested and committed on December 7, 1931, and started serving this sentence on April 12, 1937, and should be given credit for the four months and five days spent in jail awaiting trial.

The applicant will be able to secure employment immediately upon his release and an adequate parole plan has been provided for him.

The Board of Pardons feels that simple justice demands that the applicant should be given credit for the time spent awaiting trial, and, therefore, recommends that the minimum sentence of ten years be commuted to a new minimum term of nine years and eight months, expiring on December 12, 1941, and that the applicant remain on parole until April 12, 1952.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Joseph Bisko, C-7194, No. 4596, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Joseph Bisko, convicted of (1) robbery (2) shooting at another with intent to kill and (3) larceny, in the Oyer and Terminer and Quarter Sessions of Schuylkill County, on the 17th day of June, 1931, be commuted on Bill No. 472 from a minimum term of 1½ years to a minimum term of 6 months, expiring on December 18, 1941; on Bill No. 547 from a minimum term of 10 years to a minimum term of 1 day, expiring on December 19, 1941; on Bill No. 548 from a minimum term of 10 years to a minimum term of 1 day, expiring on December 20, 1941; and on Bill No. 552 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 21, 1941. (Bills Nos. 471A, 549, 551A, and 558 to run concurrently have already expired.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Schuylkill County on the 17th day of June, 1931, to Indictments Nos. 469, 471-A, 477, 547, 548, 549, 551-A, 552, and 558 charging robbery, shooting at another with intent to kill, and larceny and was sentenced by the Honorable Roy P. Hicks, Judge, to imprisonment in the Eastern State Penitentiary on Bill No. 469 for not less than 10 nor more than 20 years; on Bill No. 472 for not less than 1½ nor more than 3 years; on Bill No. 547 for not less than 10 nor more than 20 years; on Bill No. 548 for not less than 10 nor more than 20 years; and on Bill No. 552 to not less than 5 nor more than 20 years, these sentences to run consecutively. On Bill No. 471-A to not less than 1½ nor more than 3 years; on Bill No. 549 to not less than 5 nor more than 20 years; on Bill No. 551-A not less than 1½ nor more than 3 years; and on Bill No. 558 to not less than 1½ nor more than 3 years—sentences to run concurrently with Bills Nos. 469, 472, 547, and 548. (The applicant has been granted parole on Bill No. 469).

The applicant had three accomplices engaged with him in the crimes for which he was sentenced, all of whom have been paroled.

The applicant had no previous criminal record and was but eighteen years old when convicted of these crimes.

The Board of Trustees of the Eastern State Penitentiary reports that he has had an excellent institutional record. He has been employed in the weave shop, is now an inspector foreman and is considered one of the best workers in the prison labor department. The trustees further report that he has definitely demonstrated mature adjustment and an honest interest in self-improvement.

The applicant has lucrative employment awaiting his release and an adequate sponsorship has been provided.

The District Attorney's office of Schuylkill County has withdrawn all objection to the granting of leniency to the applicant.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for his wrong doing and that his splendid prison record entitles him to an opportunity to demonstrate his complete rehabilitation. The Board; therefore, recommends that the minimum sentence imposed on Bill No. 472 be commuted from a minimum term of 1½ years to a minimum term off 6 months, expiring on December 18, 1941; on Bill No. 547 from a minimum term of 10 years to a minimum term of 1 day, expiring on December 19, 1941; on Bill No. 548 from a minimum term of 10 years to a minimum term of 1 day, expiring on December 20, 1941; and on Bill No. 552 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 21, 1941, and that the applicant remain on parole until December 20, 1961. (The sentences imposed on Bills Nos. 471-A, 549, 551-A, and 558 to run concurrently have already expired.)

BOARD OF PARDONS

In re application of William Joseph Carpinelli, C-9680, No. 5197, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Joseph Carpinelli, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 10, 1934, be commuted from 8 years to 7 years and 7 months, expiring on December 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County on May 10, 1934, to Indictment No. 34 of May Term, 1934, charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Raymond MacNeille, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than eight nor more than sixteen years.

The applicant had never been previously convicted of any crime and has now served over seven years and five months of the sentence imposed in 1934.

The Board of Trustees of the Eastern State Penitentiary reports that his prison performance has been above the average and that his constructive attitude and habits of industry deserve some consideration.

The applicant will find employment waiting for him, if and when released, and a very satisfactory parole plan has been provided.

James W. Tracey, Jr., Esquire, assistant district attorney, representing the District Attorney's office of Philadelphia, advised the Board that the office had no objections to the granting of clemency, in view of the fact, that applicant had served most of his minimum sentence.

The Board of Pardons is of the opinion that the time served by the applicant has sufficiently punished him for the part he took in the crimes that led to this sentence,

and that his conduct while in prison justifies it in giving him an opportunity to try again to lead an honest life. The Board, therefore, recommends that the minimum sentence of 8 years be commuted to a new minimum term of 7 years and 7 months, expiring on December 10, 1941, and that the applicant remain on parole until May 10, 1950.

BOARD OF PARDONS

In re application of Frank Certelli, B-6172, No. 4614, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Certelli, convicted of statutory rape in the Court of Oyer and Terminer of Allegheny County on June 10, 1938, be commuted from 5 years to 3 years and 6 months, expiring on December 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Allegheny County on the 10th day of June, 1938, under Indictment No. 40 December Sessions, 1937, charging statutory rape, and was sentenced by the Honorable Edward B. Farr, Judge, to imprisonment in the Western State Penitentiary for a term of not less than five nor more than fifteen years.

The Board of Trustees of the Western State Penitentiary reports that the institutional record of the applicant has been entirely satisfactory.

The applicant at his trial and since his incarceration has denied his guilt.

The trial judge advised the Board of Pardons that he had not comment to make.

Ralph T. Bell, Esquire, of the District Attorney's office in Allegheny County, in a letter to the Board dated November 18, 1941, writes: " . . . Please be advised that in the above captioned case, our office will have no objection to whatever discretion the Board wishes to exercise in this matter. We take this position for the reason that the evidence given on the part of the victim in this case was very contradictory, and we have also found that after the case was over, the victim told her mother that there was nothing to the charges which she had made against the applicant. In view of those facts and taking into consideration the time already served, perhaps the applicant is entitled to a benefit of the doubt in this matter."

Employment awaits the release of the applicant and a satisfactory parole plan has been provided.

The Board of Pardons is of the opinion that in view of the letter of Mr. Bell there might reasonably be some doubt as to the justice of the verdict of the jury that passed upon the guilt of the applicant, and that at this time, he is entitled to the benefit of that doubt, the Board, therefore, recommends that the minimum sentence of five years be commuted to a new minimum term of three years and six months, expiring on December 10, 1941, and that the applicant remain on parole until June 10, 1953.

BOARD OF PARDONS

In re application of Harry Jesse Christy, B-3629, No. 2737, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Harry Jesse Christy, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on the 15th day of March, 1933, be commuted on Bill No. 24 from a minimum term of 5 years to a minimum term of 3 years and 9 months, expiring on December 16, 1941; and on Bill No. 25 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 17, 1941. (Was granted parole on Bill No. 23 on January 19, 1938.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 15th day of March, 1933, to Indictments Nos. 23, 24, and 25 March Term, 1933, charging robbery, and was sentenced by the Honorable Samuel Gardner, Judge, to imprisonment in the Western State Penitentiary for a term of not less than five nor more than ten years in each case, the sentences to run consecutively.

The applicant had no criminal record before the commission of the offense for which he was sentenced and has now served eight years and eight months of the combined sentences. On the 15th day of March, 1938, he was granted parole on Bill No. 23.

The Board of Trustees of the Western State Penitentiary report that if eligible for parole, they would probably recommend by reason of his excellent institutional record, this being his first conviction and the length of time he has served.

The applicant is assured of employment upon his release and an adequate parole plan has been arranged.

The Board of Pardons is of the opinion that the period of time served by the applicant in the penitentiary is sufficient punishment for the offense committed, that the ends of justice have been sufficiently satisfied and that his prison record demonstrates such a determination to live an honest life as to justify it in granting clemency.

The Board of Pardons, therefore, recommends that the minimum sentence of 5 years imposed on Bill No. 24 be commuted to a new minimum term of 3 years and 9 months, expiring on December 16, 1941, and on Bill No. 25 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 17, 1941, and that the applicant remain on parole until December 16, 1951.

BOARD OF PARDONS

In re application of Lawson Campbell Christy, B-3630, No. 3555, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Lawson Campbell Christy, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on the 15th day of March 1933, be commuted on Bill No. 24 from a minimum term of 5 years to a minimum term of 3 years and 9 months, expiring on December 16, 1941; and on Bill No. 25 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 17, 1941. (Was granted parole on Bill No. 23 on January 19, 1938.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 15th day of March, 1933, to Indictments Nos. 23, 24 and 25 March Term, 1933, charging robbery, and was sentenced by the Honorable Samuel Gardner, Judge, to imprisonment in the Western State Penitentiary for a term of not less than five nor more than ten years in each case, the sentences to run consecutively.

The applicant had no criminal record before the commission of the offense for which he was sentenced and has not served eight years and eight months of the combined sentences. On the 15th day of March, 1938, he was granted parole on Bill No. 23.

The Board of Trustees of the Western State Penitentiary report that if eligible for parole, they would probably recommend by reason of his excellent institutional record, this being his first conviction and the length of time he has served.

The applicant is assured of employment upon his release and an adequate parole plan has been arranged.

The Board of Pardons is of the opinion that the long period of time served by the applicant in the penitentiary is sufficient punishment for the offense committed, that the ends of justice have been sufficiently satisfied and that his prison record demonstrates such a determination to live an honest life as to justify it in granting clemency.

The Board of Pardons, therefore, recommends that the minimum sentence of 5 years imposed on Bill No. 24 be commuted to a new minimum term of 3 years and 9 months, expiring on December 16, 1941; and on Bill No. 25 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 17, 1941, and that the applicant remain on parole until December 16, 1951.

BOARD OF PARDONS

In re application of Zole Danko, B-5928, No. 5087, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Zole Danko, convicted of entering a building with intent, in the Quarter Sessions Court of Allegheny County, on the 26th day of January, 1938, be commuted on Bill No. 55 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 11, 1941; on Bill No. 56 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 12, 1941; and on Bill No. 99 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 13, 1941. (Sentence to be computed from December 10, 1937.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Allegheny County on January 26, 1938, to Indictments Nos. 54, 55, 56, and 99 January Term, 1938, charging entering a building with intent, and was sentenced to imprisonment in the Western State Penitentiary by the Honorable H. H. Rowland, Judge, for a term of not less than one nor more than four years on Indictment No. 54; not less than two nor more than four years on each of Indictments Nos. 55 and 56; and not less than two nor more than five years on Indictment No. 99, said sentences to run consecutively. Sentence to be computed from December 10, 1937.

In the perpetration of the crimes for which he was sentenced, the applicant had four accomplices, all of whom have been released.

He has now served four years and the Board of Trustees of the Western State Penitentiary reports that he has an excellent institutional record.

Ralph T. Bell, Esquire, assistant district attorney of Allegheny County, stated to the Board that the applicant was of great assistance to their office in breaking the case involving himself and his accomplices and that he "got the sorriest dose." He further stated that the applicant had served sufficient time and should be released.

The Board of Pardons in view of the statement of the Assistant District Attorney and the applicant's excellent institutional record is of the opinion that the ends of justice have been served and that the applicant is entitled to an opportunity to demonstrate his rehabilitation and to lead an honest and useful life.

The Board, therefore, recommends that the minimum sentence of 2 years imposed on Bill No. 55 be commuted to a new minimum term of 1 day, expiring on December 11, 1941; on Bill No. 56 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 12, 1941; and on Bill No. 99 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 13, 1941, and that the applicant remain on parole until December 12, 1946.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of August Dannenberg, No. 3022, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that August Dannenberg, convicted of burglary in the Court of Oyer and Terminer of Philadelphia County on January 19, 1934, on Bills Nos. 419 and 420, be pardoned on Bill No. 419.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Oyer and Terminer of Philadelphia County on the 19th day of January, 1934, to Indictments Nos. 419 and 420 December Term, 1933, charging burglary, and was sentenced by the Honorable Eugene V. Alessandroni, Judge, to not less than five nor more than ten years in the Philadelphia County Prison in each case.

The applicant remained in prison until January 5, 1939, when he was released on parole following the commutation of the sentence imposed on Indictment No. 419 December Term, 1933, and the granting of a pardon in Indictment No. 420 December Term, 1933.

Since being released, the applicant has violated no rules incident to his parole, has lived with his mother and has been constantly employed by the E. G. Budd Manufacturing Company. He now wishes to obtain a full pardon, so that he can file application to become a citizen of the United States, in order to be able to volunteer for service with the armed forces of the country or to be eligible to draft under the Selective Service Act.

The applicant was a boy of seventeen years of age when the crimes were committed, for which he is still paying a penalty. Since his release, he has shown by his conduct a deep and sincere desire to lead an honest life.

The Board of Pardons feels that the applicant should have no obstacles in the path of his desire to obtain citizenship in and serve the country in which he has spent all but four years of his life and that his conduct has entitled him to all the leniency that it can offer.

The Board of Pardons, therefore, recommends the granting of a full and absolute pardon to August Dannenberg, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General,
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Joseph Delcollo, D-3607, No. 5493, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Joseph Delcollo, convicted of larceny, in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County, on the 9th day of December, 1938, be commuted on Bill No. 955 November Sessions, 1938, from a minimum term of 1½ years to a minimum term of 1 month, expiring on December 18, 1941; on Bill No. 956 from a minimum term of 1½ years to a minimum term of 1 day, expiring on December 19, 1941; and on Bill No. 957 from a minimum term of 6 months to a minimum term of 1 day, expiring on December 20, 1941. Sentences to be computed from November 18, 1938.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of nolle contendere in the Courts of Philadelphia County on the 9th day of December, 1938, to Indictments Nos. 954, 955, 956, and 957 November Sessions, 1938, charging larceny, and was adjudged guilty by the Honorable Eugene V. Alessandroni, Judge, and was sentenced to imprisonment in the Eastern State Penitentiary on Bill No. 954 to a term of not less than one and one-half nor more than three years; on Bill No. 955 to not less than one and one-half nor more than three years; on No. 956 to not less than one and one-half nor more than three years; and on No. 957 to not less than six months nor more than one year, sentences to be served consecutively and to be computed from November 18, 1938.

He has now served three years and the Board of Trustees of the Eastern State Penitentiary reports that his institutional performance has been of an ordinary type.

It is apparent from the report made by the District Attorney's office that his criminal record was due to his drug habit and that his crimes were mostly committed while under the influence of a drug.

Herbert L. Maris, Esquire, of Philadelphia, Pennsylvania, appeared before the Board as counsel for the applicant and has agreed to become sponsor for the applicant, if released, and to undertake his rehabilitation. Mr. Maris has had some experience with this type of parolee and will assume personal charge of the applicant and keep the parole officers advised of his progress.

The Board of Pardons feels that with parole supervision of this kind assured, the release of the applicant is a worthwhile experiment in rehabilitation, and, it would therefore, recommend that the minimum sentence imposed on Bill No. 955 be commuted from a minimum term of 1½ years to a minimum term of 1 month, expiring on December 18, 1941; on Bill No. 956 from a minimum term of 1½ years to a minimum term of 1 day, expiring on December 19, 1941; and on Bill No. 957 from a minimum term of 6 months to a minimum term of 1 day, expiring on December 20, 1941, and that the applicant remain on parole until December 19, 1944. (Has served maximum term on Bill No. 954, expiring on November 18, 1941.)

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:
ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Alphonso DiSanto, No. 5458, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Alphonso DiSanto,, convicted of (1) robbery (2) entering with intent to commit a felony (3) conspiracy (4) making and utter-

ing a false instrument in the Court of Quarter Sessions of Philadelphia County, on January 14, 1936, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon was convicted in the Court of Quarter Sessions of Philadelphia County on October 31, 1935, on Indictments Nos. 446, 447, and 449 June Sessions, 1935, charging (1) robbery (2) entering with intent to commit a felony (3) conspiracy (4) making and uttering a false instrument, and was sentenced on January 14, 1936, by the Honorable Joseph L. Kun, Judge, to six months in the Philadelphia County Prison. On January 20, 1936, after being confined in jail for six days he was paroled by Judge Kun.

The crime committed by the applicant and the conviction of which now stands as a blot on his record and a handicap to his business and financial advancement consisted in taking part in the removal of the contents of a taproom restaurant and which offense was described by Judge Kun as "somewhat casual."

The applicant, since his release on parole, has been successfully engaged in the cleaning and dyeing business and Judge Kun in a letter to the Board writes: " . . . Inasmuch as he had no previous record excepting two arrests on suspicion, it appears that this may be a meritorious application."

The District Attorney's office has made no objection to the granting of clemency.

The Board of Pardons is of the opinion that, in view of the "somewhat casual" nature of the offense committed and the good record of the applicant since being placed on parole, it would be unfair to compel him longer to continue under the handicap placed upon him by the stigma of this record, and, would, therefore, recommend that a full and absolute pardon be granted to Alphonso DiSanto, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

BOARD OF PARDONS

In re application of William Donlon, D-3813, No. 4872, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William Donlon, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on March 3, 1939, to be computed from February 2, 1939, be commuted from 4 years to 2 years and 10 months, expiring on December 2, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Delaware County on the 3rd day of March, 1939, to Indictment No. 205 March Term, 1939, charging robbery, being armed with an offensive weapon, and was sentenced to imprisonment in the Eastern State Penitentiary by the Honorable W. Roger Fronefield, Judge, to a term of not less than four nor more than eight years. Sentence to be computed from February 2, 1939.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has maintained a good record of prison performance, is employed as a clerk and is considered to be a trusted worker. Definite improvement has been noted in his attitude and habits of stability.

The applicant is promised re-employment by the company with which he was connected before his imprisonment and an adequate parole plan under the supervision of the New Jersey Parole Authorities has been provided.

The District Attorney's office of Delaware County is not opposed to the granting of clemency.

The Board of Pardons is of the opinion that the record of the applicant since his incarceration is convincing evidence of such partial rehabilitation as to entitle him to an opportunity to completely adjust himself and live an honest life with his parents. The Board, therefore, recommends that the minimum sentence of four years be commuted to a new minimum term of 2 years and 10 months, expiring on December 2, 1941, and that the applicant remain on parole until February 2, 1947.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA.
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

BOARD OF PARDONS

In re application of George Gartside, C-6497, No. 2010, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Gartside, convicted of (1) robbery (2) breaking and entering and (3) aggravated assault and battery, in the Oyer and Terminer and Quarter Sessions Courts of Delaware County, on the 10th day of October, 1930, be commuted on Bill No. 45 (second count) from a minimum term of 5 years to a minimum term of 1 year and 2 months, expiring on December 10, 1941; and on Bill No. 45 (third count) from a minimum term of 1½ years to a minimum term of 1 day, expiring on December 11, 1941. (Granted parole on Bill No. 45) (first count).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty on the 10th day of October, 1930, in the Courts of Oyer and Terminer and Quarter Sessions of Delaware County to Indictment No. 45 December Term, 1930, charging (1) robbery (2) breaking and entering and (3) aggravated assault and battery, and was sentenced to imprisonment in the Eastern State Penitentiary by the Honorable A. D. MacDade, Judge, for a term of not less than 10 nor more than 20 years on the count charging robbery; to not less than five nor more than 10 years on the count charging breaking and entering; and to not less than 1½ nor more than 3 years on the count charging aggravated assault and battery, all the sentences to run consecutively.

This was the applicant's first conviction of a major offense and he has served more than eleven years and was granted parole on the sentence imposed on the first count for robbery.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant's institutional record has been satisfactory and that his continued record of constructive prison performance for over a period of eleven years deserves consideration.

Employment has been provided for the applicant and a very satisfactory parole plan has been arranged.

The Board of Pardons feels that this applicant's long imprisonment has amply satisfied the ends of justice, and that his prison record entitles him to the opportunity of demonstrating his rehabilitation.

The Board, therefore, recommends that the minimum sentence of 5 years imposed on Bill No. 45 (second count) be commuted to a new minimum term of 1 year and 2 months, expiring on December 11, 1941; and on Bill No. 45 (third count) be commuted from 1½ years to a minimum term of 1 day, expiring on December 12, 1941, and that the applicant remain on parole until October 10, 1950.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Henry Gay, No. 5480, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Henry Gay, convicted of larceny and receiving stolen goods in the Courts of Quarter Sessions of Allegheny County on February 17, 1916, and on June 26, 1917, he was convicted of operating an automobile without the owner's consent, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Courts of Allegheny County on the 17th day of February, 1916, to Indictment No. 200 June Session, 1915, charging larceny and receiving stolen goods, and was placed on probation for one year and on the 26th day of June, 1917, he entered his plea of guilty in the same county to Indictment No. 360 May Session, 1917, charging the operation of an automobile without the owner's consent.

The applicant had a good reputation before the commission of these offenses and since serving the term imposed on the second indictment has led a blameless life and has been gainfully employed.

A letter from the Honorable William H. McNaugher, Judge of the Court of Common Pleas of Allegheny County, in a letter to the Board states: " . . . I understand that on Thursday of this week there is to be presented to you the petition of Henry Gay for pardon in connection with a record for larceny and driving an automobile without the owner's consent which was entered against him many years ago. It is my opinion that since these infractions of the law Mr. Gay has behaved himself as a good citizen and has long ago established himself in the opinion of his neighbors and friends and the people of the community. He has been in responsible positions and is at the present time janitor-watchman under the Pittsburgh Housing Authority, assigned to the Bedford Dwellings, one of the large U. S. Housing Projects in Pennsylvania. The granting of a pardon would make it possible for him to be sworn in as a special officer in connection with his duties."

The Board of Pardon feels that the conduct of the applicant, since his release, and the place of confidence and respect he has won among those who know him, entitles him to spend the remaining years of his life free of the blemish on his record caused by the offenses committed more than a score of years ago. It, therefore, recommends the granting of the applicant a full and absolute pardon.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

BOARD OF PARDONS

In re application of Joseph H. Gould, B-2251, No. 3924, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Joseph H. Gould, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on the thirteenth day of October, 1930, be commuted on Bill No. 54 from a minimum term of 2½ years to a minimum term of 1 year and 2 months, expiring on December 14, 1941; and on Bill No. 55 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence on October 13, 1930 entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County to Indictments Nos. 53, 54 and 55 of October Term, 1930 charging robbery, and was sentenced by the Honorable George W. Moore, Judge, to imprisonment in the Western State Penitentiary for not less than ten nor more than twenty years on Bill No. 53, not less than two and one-half nor more than five years on Bill No. 54, and not less than five nor more than ten years on Bill No. 55, sentences to run consecutively.

The applicant has served over eleven years of his sentence and the Board of Trustees of the Western State Penitentiary reports that he has shown marked improvement in his institutional record and has made progress in self-improvement.

Since his imprisonment he has mastered the trade of barbering and has a Pennsylvania license to practice as a professional barber.

Employment has been provided for the applicant upon his release and an adequate sponsorship is assured.

The Board of Pardons is of the opinion that the applicant, by his prison record, has demonstrated his intent to become a useful citizen and that his long term of imprisonment has sufficiently served the ends of justice. The Board, would therefore, recommend that the minimum sentence of 2½ years imposed on Bill No. 54 be commuted to a new minimum term of 1 year and 2 months, expiring on December 14, 1941, and on Bill No. 55 from a minimum term of 5 years to a minimum term of 1 day, expiring on December 15, 1941, so that the applicant will remain on parole until December 14, 1951. (Was granted parole on Bill No. 53).

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

The above recommendation is approved:
ARTHUR H. JAMES,

BOARD OF PARDONS

In re application of Murray Grimes, No. 5479, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Murray Grimes, convicted of (1) embezzlement (2) making false entries in the Court of Quarter Sessions of Allegheny County, on February 8, 1937 be pardoned, upon condition that he shall not again engage in the practice of the law or be admitted to practice law in any court.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Allegheny County on February 8, 1937 to Indictments Nos. 14 and 15 December Sessions, 1936 charging (1) embezzlement (2) making false entries, and was sentenced by the Honorable M. A. Musmanno, Judge, to a term of not less than three and one-half years nor more than seven years in the Allegheny County Jail and was released and placed on parole on April 25, 1939.

Before the commission of the offenses, for which he was sentenced, the applicant was a practicing attorney of Allegheny County and for a number of years was Trust Officer of the Allegheny Trust Company, and it was while working in that capacity that he violated the law and the trust imposed in him by the officers of the bank.

The applicant made restitution by turning over to the Trust Company the title to properties owned by him. The officers of the Trust Company have no objection to the granting of a pardon nor has the District Attorney of Allegheny County made any objection.

His conduct while on parole was above criticism and he has done everything possible to support his wife and children, but the handicap of the record of these convictions has prevented him from obtaining responsible positions that would provide a larger income.

The Board feels that the ends of justice have been fully met and that the conduct of the applicant has been such as to entitle him to be freed of the encumbrance that retards his progress, but it is equally of the opinion, that he should not be permitted to engage in the practice of the profession that brought to him the temptation that resulted in his crime.

The Board, would therefore, recommend that a pardon be granted to the applicant, conditioned however, upon him not again engaging in the practice of the law or being admitted to practice law in any court.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Mike Imburgia, C-4872, No. 1923, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life sentence of Mike Imburgia, convicted of murder in the first degree in the Court of Oyer and Terminer and General Jail Delivery Allegheny County on February 21, 1928, be commuted from life imprisonment to 13 years and 10 months, expiring on December 21, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer and General Jail Delivery in Allegheny County on February 21, 1928 under Indictment No. 89 February Sessions, 1927 charging murder of the first degree, and was sentenced by the Honorable Samuel L. Reed, Judge, to undergo imprisonment in the Western State Penitentiary for the period of his natural life.

The applicant's brother, Benjamin, was convicted as an accomplice in the same homicide, and was also sentenced to life imprisonment. His sentence was commuted in December, 1938 and he was released on parole.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant's institutional record has been satisfactory and that it is felt that he has an honest desire to become a constructive citizen. Applicant was transferred to the Eastern State Penitentiary on October 9, 1928.

This is the third application of the applicant and was first heard at the December, 1940 session of the Board and was held for a further investigation and for a statement as to the attitude of the District Attorney's office.

The Honorable Samuel L. Reed, Judge, who presided at the trial of the applicant at the time of the hearing of former applications in 1934 and 1939 stated that he left the matter of granting clemency to the Board of Pardons. Judge Reed has recently died.

At the time of the hearing of former applications the District Attorney's office stated that the application was premature, but at the hearing of this application and since, while the matter was being considered, no objection has been made to the granting of clemency by that office.

An adequate parole plan has been provided for the applicant and employment awaits his release.

The Board of Pardons feels that the applicant by a service of over fourteen years in the penitentiary, has been sufficiently punished for the crime committed, and that in view of his institutional record and the release of his equally guilty accomplice, he is entitled to another chance to become a constructive citizen. The Board, therefore, recommends that the life sentence be commuted to a minimum term of 13 years and 10 months, expiring on December 21, 1941, and that the applicant remain on parole the remainder of his natural life.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Joseph Lobasack, No. 5490, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Lobasack, convicted of assault with intent to kill, robbery in the Quarter Sessions Courts of Philadelphia County on June 6, 1934; and for entering with intent to steal, attempted larceny on February 19, 1928; and for the violation of the Vehicle Code of 1929 on September 10, 1935 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on the 6th day of June, 1934 to Indictments Nos. 421 and 422 May Term, 1934 charging (1) assault with intent to kill and (2) robbery, and was placed on probation for ten years by the Honorable Otto R. Heiligman, Judge.

On February 19, 1928 the applicant plead guilty to Indictment No. 359 April Term, 1928 charging entering with intent to steal and attempted larceny, and was placed on probation for five years by the Honorable James Barnett, Judge.

On September 10, 1935 the applicant again plead guilty to Indictment No. 270 September Term, 1935 charging a violation of the Vehicle Code of 1929 and sentence was suspended by the Honorable James G. Gordon, Judge.

Most of the applicant's trouble resulted from his association with older men who led him into evil ways, but he is now, and for the past six years has been a civil service employe of the Federal Government and has severed all his former associations. He has devoted his spare time to study and is endeavoring to improve himself and his condition in life, but his efforts are largely frustrated by reason of the record of his former convictions.

James W. Tracey, Jr., Esquire, assistant district attorney of Philadelphia County, stated to the Board that on account of the splendid record of the applicant while on parole, the office did not oppose the granting of clemency.

The applicant appeared before the Board in person and by his enthusiasm in regard to his future and his sureness of success, convinced it of the sincerity of his determination to lead an honest life.

The Board, therefore, recommend that a full and absolute pardon be granted to Joseph Lobasack, the applicant.

Respectfully submitted,

The above recommendation is approved:

BOARD OF PARDONS

In re application of Charles Nicholson, B-7473, No. 5477, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Nicholson, convicted of (1) burglary (2) larceny and (3) receiving stolen goods in the Court of Oyer and Terminer of Fayette County on December 30, 1940 be commuted from 3 years to 11 months, expiring on November 30, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Fayette County on the 30th day of December, 1940 under Indictment No. 5/133 December Term, 1940 charging (1) burglary (2) larceny and (3) receiving stolen goods, and was sentenced to imprisonment in the Western State Penitentiary by the Honorable Horatio S. Dumbauld, Judge, to not less than three nor more than six years.

The applicant is now only nineteen years of age and has served almost eleven months on a sentence imposed for a crime in which he still insists he was not involved. He had one conviction in the Juvenile Court for delinquency before his arrest for the crime for which he is now serving imprisonment.

The Board of Trustees of the Western State Penitentiary reports that he has an excellent institutional record, and that if eligible for parole, it would probably recommend him for parole.

There has been no objection filed to the granting of clemency to the applicant by the convicting authorities of Fayette County.

Employment is promised the applicant and an adequate sponsorship is assured.

The Board of Pardons is of the opinion that in view of the youth of the applicant, and the fact that this is his first major conviction, he has served sufficient time to satisfy the ends of justice. The Board, therefore, recommends that the minimum sentence of three years be commuted to a new minimum term of eleven months, expiring on November 30, 1941, and that the applicant remain on parole until December 30, 1946.

Respectfully submitted,
S. S. LEWIS,

In re application of Vincent Nicoletti, No. 5262, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Vincent Nicoletti, convicted of unlaw. poss. intox. liquor and unlaw. transp. of same; larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County, on December 19, 1932, and March 8, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on December 19, 1932 to Indictment No. 293 March Sessions, 1932 charging unlawful possession and transportation of intoxicating liquor, and sentence was suspended by the Honorable William T. Darr, Judge, and on March 8, 1935 he entered a plea of guilty in the

same court to Indictments Nos. 1686 and 1687 October Sessions, 1934 charging larceny and receiving stolen goods, and was sentenced by the Honorable Raymond MacNeille, Judge, to six months in the Philadelphia County Prison.

The applicant was released from confinement in the Philadelphia County Prison on September 18, 1935 and since that time has lived an exemplary life and has been gainfully employed. He is now employed as secretary, bookkeeper and accountant at the Cigli Packing Corporation in Philadelphia and handles large sums of money.

The applicant desires a pardon in order to qualify himself to file an application for naturalization.

The Honorable Raymond MacNeille, Judge, in a letter to the Board writes: " I have no further information about this prisoner since I wrote to you on April 21st, 1941 as follows: 'I have known nothing about this man since he was sentenced and have no reason to doubt his averments in his petition. If he has a good record since the last offense, I, of course, will offer no objection to his applicatin and I shall be glad to abide by the judgment of the Board.'"

James W Tracey, Jr., Esquire, assistant district attorney, stated to the Board that the District Attorney's office had no objection to the granting of the petitioner's prayer for leniency.

The Board is of the opinion that the applicant has, by his conduct since his release from prison, won the right to a record from which has been removed the blemish of the convictions mentioned. The Board, therefore, recommends that a full and absolute pardon be granted to Vincent Nicoletti, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Frank Nucci, B-4918, No. 4111 November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Nucci, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on March 14, 1936 be commuted from 6 years to 5 years and 9 months expiring on December 14, 1941.

Our reasons for making this recommendation are as follows:

The applicant for a commutation of sentence was convicted in the Court of Oyer and Terminer of Allegheny County on the 14th day of March, 1936 under Indictment No. 19 April Term, 1936 charging robbery, and was sentenced by the Honorable Jesse C. Long, Judge, to imprisonment in the Western State Penitentiary for a term of not less than six nor more than twelve years.

Prior to the commission of the crime, for which he is still imprisoned, the applicant was convicted on three different occasions for the illegal possession of liquor and one for trespassing on railroad property.

The applicant has now been confined for almost six years and has maintained an excellent institutional record.

Assistant District Attorney Ralph T. Bell, Esquire, of Allegheny County, stated to the Board that the office of he District Attorney had no objection to the granting of clemency to the applicant.

The trial judge, the Honorable Jesse C. Long, in a letter to the Board stated that he was willing to rest content with whatever recommendations were made by the District Attorney's office.

Attractive employment awaits the applicant and an approved parole plan has been provided.

The Board of Pardons in view of the time served by the applicant, the view expressed by the trial judge and the office of the district attorney and the fact that the two accomplices of the applicant have been released, in addition to his excellent institutional record, is of the opinion, that it is justified in granting the leniency requested. The Board, therefore, recommends that the minimum sentence of six years be commuted to a new minimum term of five years and nine months, expiring on December 14, 1941, and that the applicant remain on parole until March 14, 1948.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Anthony Orlando, D-5610, No. 5463, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Anthony Orlando, convicted of (1) entering (2) robbery, aggravated assault and battery and (3) carrying and possessing firearms without a license, in the Oyer and Terminer Court of Lehigh County, on the 3rd day of March, 1941, be commuted on Bill No. 97 January Sessions, 1935 from a minimum term of 7½ years to a minimum term of 11 months, expiring on November 25, 1941. (Sentences on Bills Nos. 98 and 99 January Sessions, 1935 to run concurrently with Bill No. 97). Sentenced to be computed from December 25, 1940.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Lehigh County on the 3rd day of March, 1941 to Indictments Nos. 97, 98, and 99 January Term, 1935 charging (1) entering (2) robbery, aggravated assault and battery and (3) carrying and possessing firearms without a license, and was sentenced by the Honorable Richard W. Iobst, Judge, to imprisonment in the Eastern State Penitentiary on Bill No. 97 to not less than seven and one-half nor more than fifteen years, on Bill No. 98 to not less han five nor more than ten years and on Bill No. 99 'o not less than five nor more than ten years, the sentences on Bills Nos. 98 and 99 to run concurrently with the sentence imposed on Bill No. 97. Sentenced to be computed from December 15, 1940.

The applicant has had a long and varied criminal record but the prison authorities report that his physical

condition is such that he would probably be unable to again participate in crime.

The home of the applicant is in the State of Michigan, and his sister residing in that State, has agreed to give him a home and provide the medical treatment required.

The parole authorities of Michigan have consented to his return to and residence in that State.

In view of the physical condition of the applicant and the assurance of his proper treatment after release, the Board of Pardons is of the opinion that it should extend leniency in this case. The Board, therefore, recommends that the minimum sentence imposed on Bill No. 97 January Term, 1935 be commuted to a new minimum term of 11 months, expiring on November 25, 1941, and that the applicant remain on parole until December 25, 1955.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Bernard Otten, B-3717, No. 2238, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Bernard J. Otten, convicted of robbery, receiving stolen goods in the Court of Oyer and Terminer of Allegheny County on June 5. 1933 be commuted from 5 years to 6 months, expiring on November 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on June 5, 1933 to Indictments Nos. 25, 26, and 27 May Term, 1933 charging robbery and receiving stolen goods, and was sentenced to imprisonment in the Western State Penitentiary by the Honorable S. H. Gardner. Judge, to not less than two and one-half nor more than five years on Bill No. 25; to not less than two and one-half nor more than five years on Bill No. 26; and to not less than two and one-half nor more than five years on Bill No. 27. All sentences to run consecutively.

On October 31, 1938 the above sentences were commuted and the applicant was released on parole on December 2, 1938. On April 27, 1941 he was arrested for operating a motor vehicle while under the influence of intoxicating liquor and was convicted by a jury and sentence was suspended by the Honorable A. Marshall Thompson, Judge, and the applicant was returned to the pentitentiary on June 17, 1941 as a parole violator, where he has been confined for a period of about six months.

In a letter to the Board the Honorable A. Marshall Thompson, Judge, writes: ". . . It struck me at the time that this was one case where a shocking injustice resulted. The defendant had been living a useful life since his release from the penitentiary and was gainfully employed, and impressed me as being a rather clean cut citizen, and I personally felt very great regret that his conviction on a matter, which did not involve any moral turpitude, should result as disastrously for him. In my judgment, the Board of Pardons would be fully warranted in terminating this sentence."

The Supervisor of Paroles has advised the Board that if the convicting authorities recommend favorable consideration, he will have no objection to the granting of clemency.

The District Attorney's office of Allegheny County has not objected.

An adequate parole plan has been provided for the applicant and attractive employment awaits his release.

The Board of Pardons is convinced that the conduct of this man while in prison and after his release, entitles him to another opportunity to rehabilitate himself and that the injustice complained of by Judge Thompson should be corrected so far as possible.

The Board, therefore, recommends that the maximum sentence of 5 years imposed on Bill No. 27 be commuted to a new minimum term of 6 months, expiring on November 15, 1941, and that the applicant remain on parole until May 14, 1946.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of Patrick J. Quinn. D-5751. No. 5485, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Patrick J. Quinn, convicted of larceny and receiving stolen goods, in the Quarter Sessions Court of Delaware County, on the 14th day of October, 1940. be commuted on Bill No. 446 from a minimum term of 1 year and 3 months to a minimum term of 7 months, expiring on December 5, 1941; and on Bill No. 474 from a minimum term of 1 year and 3 months to a minimum term of 1 day, expiring on December 6, 1941. Sentences to be computed from May 5, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Quarter Sessions of Delaware County on the 14th day of October, 1940 under Indictments Nos. 446 and 474 September Term, 1940 charging larceny and receiving stolen goods, and was sentenced by the Honorable Thomas A. Crichton, Judge, to imprisonment in the Eastern State Penitentiary on Bill No. 446 to a term of not less than one year and three months nor more than three years; and on Bill No. 474 to a term of not less than one year and three months nor more than three years, to commence at the expiration of sentence imposed on Bill No. 446. Sentences to be computed from May 5, 1941.

The applicant had no previous convictions and has served over six months of these combined sentences.

The Board of Trustees of the Eastern State Penitentiary reports that the applicant has maintained a good record of prison performance and does not impress the Board as the type who would get in future conflict with the law.

The applicant had a splendid record in the United States Navy during the World War of 1917. He enlisted in 1914 and received his honorable discharge after the war was concluded. While in service he was awarded the Con-

gressional Medal of Honor for saving the life of an officer on a destroyer.

The applicant states that his family is in desperate need of him. His wife is very sick, but compelled to support the family and a daughter is in a critical condition in the hospital.

The trial judge advises the Board of Pardons that if the family affairs are as set forth in his application, he feels as though leniency should be extended. The District Attorney's office of Delaware County was not opposed.

Adequate sponsorship and employment have been provided for the applicant upon his release.

The Board of Pardons feels that this applicant's good prison record, and his naval record entitles him to its leniency, and that even though his term of imprisonment has been short, it has been sufficient to meet the ends of justice and that he should be re-united with his family and have the opportunity to afford it his aid and assistance.

The Board, therefore, recommends that the minimum sentence imposed on Bill No. 446 be commuted from a minimum term of 1 year and 3 months to a minimum term of 7 months, expiring on December 5, 1941; and on Bill No. 474 from a minimum term of 1 year and 3 months to a minimum term of 1 day, expiring on December 6, 1941, and that the applicant remain on parole until December 5, 1944

BOARD OF PARDONS

In re application of Howard Daniel Reichenbach, B-7527, D-4517, No. 5277, November Session. 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Howard Daniel Reichenbach, convicted of arson in the Court of Oyer and Terminer and Quarter Sessions of Snyder County on December 16, 1939 to be computed from September 15, 1930, be computed from 3 years to 2 years and 3 months, expiring on December 15, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Oyer and Terminer and Quarter Sessions of Snyder County on December 16, 1939 on Indictment No. 18-A October Sessions, 1939 charging arson, and was sentenced by the Honorable Curtis C. Lesher, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than three years nor more than six years. Sentence to be computed from September 15, 1939.

The applicant had no previous criminal record, he is now 37 years of age and has a wife and five children.

The Board of Trustees of the Eastern State Penitentiary report that he is now confined at Rockview where he is employed as a gardner. His institutional record is good and the Rockview officials state that they would probably recommend him for commutation.

The applicant has now served two years and two months and is badly needed by his family for their support and protection.

The present District Attorney of Snyder County leaves the granting of clemency entirely to the Board of Pardons and the Associate Judge of the County has advised the Board that he recommends the release of the applicant, for the reason that his family is in need of his assistance.

Employment has been promised the applicant and adequate sponsorship is assured.

The Board of Pardons is of the opinion that the applicant has served sufficient time for the offense committed, and that the present need of his family for his help justifies it in granting clemency. The Board, therefore, recommends that the minimum sentence of 3 years be commuted to a new minimum term of 2 years and 3 months, expiring on December 15, 1941, and that the applicant remain on parole until September 15, 1945.

BOARD OF PARDONS

In re application of Paul Warren Schuler, B-5419, No. 5452, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul Warren Schuler, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on March 10, 1937 be commuted from 5 years to 4 years and 9 months, expiring on December 10, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on March 10, 1937 to Indictment No. 71 March Sessions, 1937 charging robbery, and was sentenced by the Honorable Joseph A. Richardson, Judge, to imprisonment in the Western State Penitentiary for a term of not less than five nor more than ten years.

The applicant had no previous criminal record except an arrest for disorderly conduct.

The Board of Trustees of the Western State Penitentiary has advised the Board of Pardons that if eligible for parole, it would probably recommend the applicant for parole by reason of (1) this being his first conviction (2) his excellent institutional record and (3) his co-operative attitude.

Ralph T. Bell, Esquire, assistant district attorney of Allegheny County, stated to the Board that in view of the long service of four years and eight months by the applicant, his application should receive consideration.

The trial judge, the Honorable Joseph A. Richardson, has advised the Board that he has no recommendation to make, leaving that to the judgment of the Board.

Adequate sponsorship has been provided for the applicant upon his release and employment is assured.

The Board of Pardons is of the opinion that the applicant has served sufficient time in prison for the crime committed and is entitled to another opportunity to attain a useful place in society, and it, therefore, recommends that the minimum sentence of 5 years be commuted to a new minimum term of 4 years and 9 months, expiring

on December 10, 1941, and that the applicant remain on parole until March 10, 1947.

In re application of George Patrick Shannon, B-4570, No. 5429, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on George Patrick Shannon, convicted of robbery and receiving stolen goods, in the Oyer and Terminer Court of Allegheny County, on the 13th day of June, 1935, be commuted on Bill No. 12 be commuted from a minimum term of 2½ to a minimum term of 1 year and 6 months, expiring on December 12, 1941. (Applicant was granted a parole on Bills Nos. 9 and 11 and concurrent Bills.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 13th day of June, 1935 to Indictment Nos. 9, 11, and 12 June Term, 1935 and No. 3 and 5 of February Term, 1935 charging robbery and receiving stolen goods, and was sentenced to imprisonment in the Western State Penitentiary by the Honorable John P. Egan, Judge, on Bill No. 9 to not less than 2½ nor more than 5 years; on Bill No. 11 to not less than 2½ nor more than 5 years; and on Bill No. 12 to not less than 2½ nor more than 5 years, these sentences to run consecutively. Sentences were imposed on No. 3 February Term, 1035 to not less than 2½ nor more than 5 years to run concurrently with No. 9; and on Bill No. 5 to not less than 2½ nor more than 5 years to run concurrently with Bill No. 11. Sentences to be computed from June 11, 1935.

Parole has been granted on Bills Nos. 9 and 11.

The Board of Trustees of the Western State Penitentiary has advised the Board of Pardons that if eligible for parole, they would probably recommend the applicant for parole on account of his excellent institutional record and his service of six and a half years.

The Board has received a letter from Ralph T. Bell, Esquire, of the District Attorney's office of Allegheny County in which he states: ". . . Please be advised that in the above captioned case, we feel that some consideration should be shown the applicant for his cooperation at the time of his arrest. We understand, from investigation, that the applicant was very cooperative and gave evidence which resulted in the break of the cases involved. For that reason, our office will not object to any discretion which the Board wishes to exercise in this case."

In view of the letter from Mr. Bell and the recommendation of the Board of Trustees of the Western State Penitentiary the Board of Pardons feels that the applicant is entitled to its clemency, and, would therefore, recommend that the minimum sentence of 2½ years imposed on Bill No. 12 be commuted to a new minimum term of 1 year and 6 months, expiring on December 12, 1941, and that the applicant remain on parole until June 11, 1945. Applicant has been granted parole on Bills Nos. 9 and 11 and concurrent Bills Nos. 3 and 5.)

BOARD OF PARDONS

In re application of Dominic Thomasulo, B-3836, No. 2878, November Session. 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Dominic Thomasulo, convicted of (1) assault with intent to rob, being armed with an offensive weapon (2) aggravated assault and battery and (3) assault and battery in the Court of Quarter Sessions of McKean County on October 7, 1933 be commuted from 10 years to 8 yrs. and 2 mos. expiring on December 7, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Quarter Sessions Court of McKean County on the 7th day of October, 1933 under Indictment No. 92 October Sessions, 1933 charging assault with offensive weapons with intent to rob; aggravated assault and battery; assault and battery, and was sentenced by the Honorable J. W. Bouton, Judge, to imprisonment in the Western State Penitentiary for a term of not less than ten nor more than twenty years and to pay a fine of $1,000.00.

The applicant has a criminal record consisting of nineteen arrests and two convictions but this was his first conviction of a major offense.

Two of the three accomplices convicted at the same time have been released.

The Board of Trustees of the Western State Penitentiary report that his institutional record has been satisfactory and his general attitude has improved.

The Honorable Charles G. Hubbard, President Judge, in a letter to the Board of Pardons writes that if the Board is satisfied that the employment promised the applicant is proper, he has no objection to releasing the applicant, on account of his long service and the fact that others implicated with him, have been released.

The district attorney of McKean County writes that he feels that the applicant has been sufficiently punished.

A letter to the Board from a councilman of the City of Buffalo, New York, promises employment to the applicant and assistance in his efforts at rehabilitation.

In view of all these facts, the Board of Pardons feels that the applicant has been sufficiently punished and that the promised assistance after his release is some guarantee of his successful rehabilitation. The Board. therefore, recommends that the minimum sentence of ten years be commuted to a new minimum term of eight years and two months, expiring on December 7, 1941, and that the applicant remain on parole until October 7, 1953.

BOARD OF PARDONS

In re application of Vernon Wilson, C-7734, No. 1669, November Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Vernon Wilson, convicted of larceny, in the Oyer and Terminer and Quarter Sessions Courts of Adams County, on the 30th day of January, 1932, be commuted on Bill No. 10 from a maximum term of 3 years to a new maximum term of 2 years and 11 months. expiring on December 16, 1941; and on Bill No. 11 from a minimum term of 1 year to a minimum term of 1 day, expiring on December 17, 1941.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Adams County on the 30th day of January, 1932 to Indictments Nos. 9, 10, and 11 January Term, 1932, each bill charging larceny. and was sentenced by the Honorable Donald P. McPherson, Judge, to imprisonment in the Eastern State Penitentiary on Bill No. 9 to not less than one and one-half nor more than three years; on Bill No. 10 to not less than one nor more than three years; and on Bill No. 11 not less than one and one-half nor more than three years, all sentences to run consecutively.

On January 30, 1935 the applicant was released on parole following the commutation of his sentence.

On January 16, 1939 the applicant entered a plea of guilty in the Courts of Perry County to an Indictment charging the operation of a motor vehicle while under the influence of intoxicating liquor. He was sentenced to pay the costs and sentence was suspended but he was returned to the Eastern State Penitentiary as a parole violator and has served a period of about three years as a result of this last offense.

His institutional record has been satisfactory and the Board of Trustees of the Eastern State Penitentiary state that it feels that he has been sufficiently punished.

The trial judge and the present district attorney have no objections and the Supervisor of Paroles has advised the Board that if the convicting authorities have no objection he will not oppose the granting of further commutation.

An adequate parole plan has been provided and employment is assured the applicant upon his release.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for his parole violation and is entitled to his release, so as to complete his rehabilitation.

The Board. therefore, recommends that the maximum sentence imposed on Bill No. 10 be commuted from 3 years to a maximum term of 2 years and 11 months, expiring on December 16, 1941; and on Bill No. 11 from a minimum term of 1 year to a minimum term of 1 day, expiring on December 17, 1941, and that the applicant remain on parole until December 17, 1944.

BOARD OF PARDONS

In re application of James Atkinson. B-2121. No. 1507, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Atkinson, convicted of rape in the Court of Oyer and Terminer of Fayette County on July 8, 1930 be commuted from 12 years to 6 years and 9 months, expiring on January 29, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Fayette County on July 8, 1930 under Indictment No. 25/266 March Term, 1930 charging rape, and was sentenced by the Honorable T. H. Hudson, Judge, to a term of imprisonment in the Western State Penitentiary for not less than six nor more than twelve years. The applicant was paroled on the 22d day of December, 1933 after having had his sentence commuted on November 29. 1933. On the 13th day of October, 1938 he was returned to the Western State Penitentiary as a parole violator after having served the minimum sentence of two and one-half years imposed by the Honorable Harry S. McDevitt, Judge, in April 1936 after conviction in the Courts of Oyer and Terminer of Philadelphia County of the charge of robbery. Before his arrest in 1930 the defendant had no previous criminal record and was only nineteen years of age when sentenced.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons states that if eligible for parole, they would probably recommend subject to an adequate parole plan by reason of his excellent record and his service of over three years for his parole violation.

An adequate parole plan has been arranged for the applicant and employment is assured him.

No objection has been made by the office of the district attorney of Fayette County to his application for clemency.

The Board of Pardons is of the opinion that the applicant has served sufficient time for the parole violation and that his institutional record since his return to the Western State Penitentiary is such evidence of his rehabilitation to entitle him to another opportunity to lead an honest and law-abiding life. The Board, therefore, recommends that the maximum sentence be commuted to a minimum term of six years and nine months, expiring on January 29, 1942, and that the applicant remain on parole until April 29. 1947. (Sentence was originally commuted on November 29, 1933, from 6 years to 3 years and 4 months.)

BOARD OF PARDONS

In re application of John Anthony Baccari, C-9085, No. 5208, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John Anthony Baccari, convicted of robbery while armed, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on the 18th day of July, 1933, be commuted on Bill No. 507 July Term, 1933 from a minimum term of 5 years to a minimum term of 3 years and 5 months, expiring on January 19, 1942, and on Bill No. 683 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 20, 1942. (Was granted parole on Bill No. 506.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 18th day of July, 1933, under Indictments Nos. 50, 507, and 683 July Term, 1933 charging robbery while armed, and was sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary for not less han five nor more than fifteen years on Bills Nos. 506 and 507 and on Bill No. 683 for a term of not less than five nor more than ten years, all sentences to run consecutively.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . His prison performance for 8 years indicates that he is making an effort to prepare himself for release and that he has ability to make the proper adjustment. If he continues the same effort after release, he should have very little difficulty."

The Honorable Harry S. McDevitt, Judge, who sentenced the applicant, in a letter to the Board writes: ". . . He was employed in the school for five years and is now a clerk in the parole office. He has made excellent progress in his course in civil engineering, and the eight years behind prison walls have prepared him to at least make a living if he wants to when released. He has the ability to adjust himself to society, and if you think he has served sufficient time, I have no objection to his being paroled."

The representative of the district attorney's office of Philadelphia County, appeared before the Board and stated that the applicant had served a substantial sentence and the office had no further objection, to he granting of a commutation of his sentence.

An adequate parole plan has been provided and employment with a fair salary awaits the applicant.

The Bord of Pardons is of the opinion that the excellent institutional record maintained by the applicant during his long term of service in the penitentiary is convincing evidence of his reform and his inclination to lead a different life upon his release from confinement, and in addition, the recommendation of the Board of Trustees and the convicting authorities of the County of Philadelphia justifies it in granting the commutation of his sentence. The Board, therefore, recommends that the minimum sentence be commuted and that the applicant remain on parole until January 20, 1957. (Applicant was granted parole on Bill No. 506.)

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Romus Robert Baker, B-3859, No. 3398, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Romus Robert Baker, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on October 18, 1933 be commuted from 9 years to 8 years and 8 months, expiring on January 18, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 18th day of October, 1933 to Indictment No. 53 September Sessions, 1933 charging murder in the second degree, and was sentenced by the Honorable J. Frank Graff, Judge, to imprisonment in the Western State Penitentiary for a term of not less than nine nor more than eighteen years.

The applicant's previous criminal record consists of two previous arrests for malicious mischief and assault and battery.

The Board of Trustees of the Western State Penitentiary advises the Board of Pardons that if eligible for parole, they would recommend for the reason that this was his first imprisonment, that he has been a co-operative inmate, and has had an excellent institutional record.

No objection has been made to the granting of clemency by the office of the District Attorney or the Trial Judge.

Satisfactory employment has been offered to the applicant and an adequate parole plan has been provided for him.

The Board of Pardons is of the opinion that his service in the penitentiary of over eight years has been sufficient punishment for the crime committed and that his institutional record is such evidence of his desire to lead an honest life as to justify the Board to grant clemency. The Board, therefore, recommends that the minimum sentence be commuted and the applicant remain on parole until Octobr 18, 1951.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of George E. Black, B-7455, No. 5517, cember Session, 1941.

His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due blic notice, in open session, the undersigned members the Board of Pardons recommend that the minimum ntence of George E. Black, convicted of burglary in Court of Quarter Sessions of Armstrong County on cember 16, 1940 to be computed from December 5, 40 be commuted from 1 year and 8 months to 1 year d 1 month, expiring on January 5, 1942.

Our reasons for making this recommendation are as lows:

The applicant for commutation of sentence entered his a of guilty in the Court of Quarter Sessions of Armong County on the 16th day of December, 1940 to Intment No. 9 March Sessions, 1940 charging burglary, d was sentenced by the Honorable J. Frank Graff, dge, to a term of imprisonment in the Western State nitentiary for not less than one year and eight months more than three years and four months. Sentence to computed from December 5, 1940.

The applicant had never been convicted of any crimes fore imposition of this sentence. On January 31, 1941, applicant was transferred to Rockview.

The Board of Trustees of the Western State Penitentiary a report to the Board of Pardons states that if eligible parole, they would probably recommend for the reason first imprisonment (2) excellent institutional record d (3) cooperative inmate.

The Honorable J. Frank Graff, Judge, who imposed sentence in this case, in a letter to the Board writes: . . After due consideration of this case, I would recomnd that the Board take favorable action upon this plication." The district attorney of Armstrong County a letter to the Board states that he feels justified in commending clemency.

Employment and adequate sponsorship has been proed for the applicant in case he is released.

The Board of Pardons, in view of the recommendation de by the Board of Trustees of the Western State Penitiary and the convicting authorities of Armstrong unty, has no hesitancy in approving the application, in er that the applicant might have another opportunity regain his place in society, and it would, therefore, commend that the minimum sentence of 1 year and 8 nths be commuted to a new minimum term of 1 year d 1 month, expiring on January 5, 1942, and that the plicant remain on parole until April 5, 1944.

BOARD OF PARDONS

In re application of David Brown, B-5389, No. 3999, ember Session, 1941.

His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due blic notice, in open session, the undersigned members the Board of Pardons recommend that the sentence of imprisonment imposed on David Brown, convicted of (1) robbery and (2) larceny, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on the 10th day of February, 1937, be commuted on Bill No. 6 June Term, 1936 from a minimum term of 5 years to a minimum term of 4 years, 10 months, and 29 days, expiring on January 9, 1942; and on Bill No. 991 from a minimum term of 1 year to a minimum term of 1 day, expiring on January 10, 1942 (sentences on Bills Nos. 992. 993, and 994 to run concurrently with above sentences, are also commuted).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence on the 10th day of February, 1937 was convicted in the Court of Oyer and Terminer of Allegheny County under Indictment No. 6 June Term, 1936 charging robbery, and was sentenced by the Honorable A. A. Nelson, Judge, to a term of imprisonment in the Western Penitentiary for not less than five nor more than ten years and on the same day he entered his plea of guilty to Indictments Nos. 991, 992, 993, and 994 September Term, 1936 charging larceny, and was sentenced by the Honorable J. A. Richardson, Judge, to a term of imprisonment in the Western State Penitentiary for not less than one nor more than three years to begin at the expiration of the sentence imposed on Bill of Indictment No. 6 June Term, 1936. Sentence imposed on Bill No. 991 to run consecutively with Bill No. 6, and Bills Nos. 992, 993, and 994 to run concurrently.

The applicant has now served over four years and eleven months of his combined sentences.

The Board of Trustees of the Western State Penitentiary report to the Board of Pardons that if eligible for parole, they would probably recommend subject to adequate parole plan, on account of his excellent record, and to the further reason that this was his first major conviction.

The Honorable A. A. Nelson, one of the trial judges, in a letter to the Board writes: ". . . If I am correct this is the fourth application made by this man, and at the time of the last application in May of this year, I wrote the Board to the effect that I felt that the applicant was sufficiently punished and should be placed on parole. I have not changed my mind in this respect, and, because of several communications from the wife of the applicant in her efforts to have her husband placed on parole, I know a little more about the conditions at home, and consequently recommend, in the strongest terms, that the applicant be placed on parole."

Joseph A Richardson, the other trial judge, in a letter to the Board writes: ". . . On May 23rd, 1941, I wrote you, saying that I was of the opinion that this man had been adequately punishedfi and I believe Judge Nelson wrote a similar letter. I am of the same opinion at this time, and believe that he should be paroled for the unexpired maximum of both sentences, subject, of course, to the discretion of the Board of Pardons in the matter of the prognosis for future rehabilitation."

The representative of the district attorney's office of Allegheny County stated to the Board of Pardons that his office had no objection to the granting of clemency.

An adequate parole plan has been arranged for the applicant and satisfactory employment awaits his release.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for the crimes committed and that his institutional record entitles him to another opportunity to live a useful life and that the recommendation of the judges who imposed the sentence further justifies it in recommending the minimum sentence on Bill No. 6 June Term, 1936 be commuted to a new minimum term of 4 years, 10 months, and 29 days, expiring on January 9, 1942, and on Bill No. 991 from a minimum term of 1 year to a minimum term of 1 day, expiring on January 10, 1942 (sentences on Bills Nos. 992, 993, and 994 to run concurrently with above sentences,

are also commuted), and that the applicant remain on parole until February 10, 1947.

BOARD OF PARDONS

In re application of Thomas John Brown, B-7414, No. 5548. December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Thomas John Brown, convicted of robbery, being armed with an offensive weapon in the Court of Oyer and Terminer of Allegheny County on November 6, 1940 to be computed from October 11, 1940, be commuted from 2 years to 1 year and 3 months. expiring on January 11, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Allegheny County on the 6th day of November, 1940, under Indictment No. 2 November Sessions, 1940, charging robbery being armed with an offensive weapon, and was sentenced by the Honorable Harry C. James, Judge, to imprisonment in the Western State Penitentiary for a term of not less than two nor more than four years. Sentence to be computed from October 11, 1940.

The applicant's offenses before this conviction consisted of pitching pennies and illegally dumping rubbish. He has now served over one year and two months in the Western State Penitentiary for a crime which he still denies he committed.

The trial judge has recommended favorable consideration of the applicant's petition and Ralph T. Bell, Esquire, representing the District Attorney's office of Allegheny County, stated that it was a doubtful conviction and that the office had no objection.

An adequate parole plan has been provided and employment awaits his release.

The Board of Pardons is of the opinion that, in view of the doubt of the justness of the conviction raised by the District Attorney's representative and the recommendation of the trial judge. it is its duty to exercise clemency.

The Board, therefore, recommends that the minimum sentence of 2 years be commuted to a new minimum term of 1 year and 3 months, expiring on January 11. 1942, and that the applicant remain on parole until October 11, 1944.

In re application of Samuel Alphonso Brusco, No. 55(December Session, 1941.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon d public notice, in open session, the undersigned membe of the Board of Pardons recommend that Samuel Alphon Brusco, convicted of assault and battery, assault and ba tery with intent to rob, attempted robbery in the Cou of Quarter Sessions of Philadelphia County, on April 1935 be pardoned.

Our reasons for making this recommendation are follows:

The applicant for a full and absolute pardon was co victed in the Court of Quarter Sessions of Philadelph County on the 26th day of April, 1935 charging assa and battery, assault and battery with intent to rob, a attempted robbery, and was sentenced by the Honorab Otto R. Heiligman, Judge, to a term of not less than t and one-half nor more than five years in the Philadelph County Prison. After serving eleven months he w paroled, and since that time, he in no way has been conflict with the law. He is living happily with a supporting his wife and three children in the City of Phi delphia.

No objection has been made to the granting of clemen by the convicting authorities.

The Board of Pardons is of the opinion that the co duct of the applicant since his release on parole from t sentence imposed by Judge Heiligman, evidence a co plete rehabilitation and an honest desire to live an hon and law-abiding life. The Board, therefore, recommen that a full and absolute pardon be granted to the app cant, Samuel Alphonso Brusco.

BOARD OF PARDONS

In re application of Patrick P. Conway, C-6995, No. 26 December Session. 1941.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon public notice, in open session, the undersigned memb of the Board of Pardons recommend that the sentence imprisonment imposed on Patrick P. Conway, convic of fraudulent making of a written instrument, in Quarter Sessions Court of Philadelphia County, on 16th day of April, 1931, be commuted on Bill No. 1 February Sessions, 1931, from a minimum term of 5 ye to a minimum term of 9 months, expiring on January 1942; on Bill No. 1673 from a minimum term of 5 ye to a minimum term of 1 day, expiring on January 1942; on Bill No. 1690 from a minimum term of 5 ye to a minimum term of 1 day, expiring on January 1942; and on Bill No. 1724 from a minimum term o

years to a minimum term of 1 day, expiring on January 18, 1942. (Has been granted parole on Bills Nos. 1233 and 1614.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Quarter Sessions Court of Philadelphia County on the 16th day of April, 1931 to Indictments Nos. 1233, 1614, 1664, 1673, 1690, and 1724 February Term, 1931, charging the fraudulent making of a written instrument, and was sentenced by the Honorable Otto R. Heiligman, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years in each cause, the sentences to run consecutively.

The applicant had no previous criminal record and has now served more than ten and a half years.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . Applicant is not criminally inclined and it is doubtful if he would ever again become involved with the law. He and his brother have now served a greater period of time than any person who has been committed to the institution for the same crime. He is now approximately 66 years of age and it is our thought that he is entitled to an opportunity to attempt to re-establish himself in society."

In a letter to the Board of Pardons dated November 25, 1940, the Honorable Harry S. McDevitt, Judge of Common Pleas Court No. 1 of Philadelphia, discussed the case of this applicant and his brother who plead guilty at the same time and to the same indictments and stated: ". . . They were arrested late in the fall of 1930, so that they have now served more than ten years, a greater length of time than any inmate of the Penitentiary has served for a similar offense in the recollection of those now in charge. I am not criticizing the sentence imposed by the trial Judge, even though I do think it was out of all proportion to the crime involved. Most of those who commit murder are convicted in the second degree and serve a nominal ten years. Most of the prisoners sentenced to life imprisonment serve approximately 13 years, and in my humble judgment, crimes of violence are far more serious than crimes involving finances. I don't want your Board to think that I look upon myself as an Amicus Curiae, but I did think that I owed it both to you and the Conways to write this letter even at the expense of being misunderstood rather than to remain silent when I think from a humanitarian viewpoint they have been sufficiently punished. Judge McDevitt on September 12, 1941 again wrote to the Board of Pardons and stated: ". . . I can only repeat what I read in my communication on the occasion of their last appearance before your Honorable Board and that they have now served almost an additional year." Judge Heiligman wrote in September, 1941 that he felt the matter was solely for the decision of the Board.

The district attorney's office of Philadelphia County has made no objection to the granting of clemency to the applicant.

The applicant has satisfactory employment awaiting him and an adequate parole plan has been arranged.

In view of the long time served by the applicant the Board of Pardons is of the opinion that sufficient punishment has been administered and his record in the penitentiary is convincing evidence of sufficient rehabilitation to justify his residence. The Board, therefore, recommends that the minimum sentences of imprisonment be commuted and that the applicant remain on parole until January 17, 1952.

In re application of Peter P. Conway, C-6996, No. 2680, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Peter P. Conway, convicted of fraudulently making a written instrument, in the Quarter Sessions Court of Philadelphia County, on the 16th day of April, 1931, be commuted on Bill No. 1664 February Sessions, 1941, from a minimum term of 5 years to a minimum term of 9 months, expiring on January 15, 1942; on Bill No. 1673 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 18, 1942; on Bill No. 1690 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 17, 1942; and on Bill No. 1724 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 18, 1942. BOARD OF PARDONS

In re application of Bernhardt Benjamin Cook, B-5653, No. 4766, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Bernhardt Benjamin Cook, convicted of (1) breaking and entering and (2) larceny, in the Oyer and Terminer Court of Somerset County, on the 21st day of July, 1937, be commuted on Bill No. 10 September Term, 1937 from a minimum term of 5 years to a minimum term of 4 years, 5 months, and 24 days, expiring on January 13, 1942; on Bill No. 11 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 14, 1942; on Bill No. 12 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 15, 1942; on Bill No. 13 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 16. 1942; on Bill No. 14 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 17, 1942; on Bill No. 15 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 18, 1942; and on Bill No. 16 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 19, 1942; and that the minimum sentence of Bernhardt Benjamin Cook, convicted of burglary, in the Oyer and Terminer Court of Allegheny County, on the 19th day of October, 1937, be commuted on Bill No. 168 September Term, 1937, from a minimum term of 5 years to a minimum term of 4 years, 5 months, and 22 days, expiring on January 13, 1942; and that the minimum sentence of Bernhardt Benjamin Cook, convicted of (1) breaking and entering and (2) larceny, in the Quarter Sessions Court of Westmoreland County, on the 29th day of December, 1939, be commuted on Bill No. 195 August Term, 1939 from a minimum term of 3 years to a minimum term of 2 years and 14 days, expiring on January 13, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered a plea of guilty on the 21st day of July, 1937 in the Court of Oyer and Terminer of Somerset County to Indictments Nos. 10, 11, 12, 13, 14, 15, and 16 September Term, 1937 charging (1) breaking and entering, and (2) larceny, and was sentenced by the Honorable Norman T. Boose, Judge, to a term of imprisonment in the Western State Penitentiary for not less than five nor more than ten years on each Indictment. Sentences to run consecutively and to be computed from July 19, 1937.

On the 19th day of September, 1937 he entered a plea of Nolle Contendere in the Court of Oyer and Terminer of Allegheny County to Indictment No. 168 September Term, 1937 charging burglary, and was adjudged guilty by the Honorable H. H. Rowand, Judge, and was sentenced to a term of imprisonment in the Western State Penitentiary for not less than five nor more than ten years, sentence to run concurrently with any other sentence the defendant was then serving and to be computed from October 19, 1937.

On December 29, 1939 the applicant entered a plea of guilty in the Quarter Sessions Court of Westmoreland County to Indictment No. 195 August Term, 1937 charging breaking and entering, larceny, and was sentenced by the Honorable J. H. Keenan, Judge, to a term of imprisonment in the Western State Penitentiary of not less than three nor more than six years, sentence to run concurrently with the original sentence imposed on July 21, 1937.

The Board of Trustees of the Western State Penitentiary reports to the Board of Pardons that the applicant has an excellent institutional record and a very good conduct record at the penitentiary.

Ralph T. Bell, Esquire, assistant district attorney of Allegheny County, stated to the Board that their office was satisfied to have the sentence commuted if the applicant left the country.

Investigation made by the Parole Officers of the Board of Pardons revealed that the applicant is illegally in the United States and that upon his release he will be deported to Canada, the country from which he illegally entered the United States.

In view of this fact it appears to the Board that if a commutation of sentence results in his deportation, the ends of jusice will have been well served and the country will be rid of an undesirable citizen. The Board, therefore, recommends that the minimum sentences of imprisonment be commuted for deportation to Canada and the applicant remain on parole until January 18, 1952.

BOARD OF PARDONS

In re application of John Dowling, B-1853, No. 1956, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on John Dowling, convicted of (1) robbery (2) larceny, in the Oyer and Terminer and Quarter Sessions Court of Allegheny County, on the 12th

day of February, 1930, be commuted on Bill No. 15 Feb. Sess. 1930 from a max. term of 6 yrs. to a max. term of 5 yrs. 11 mos. 27 days, exp. on Feb. 9, 1942; on Bill No. 23 from a min. term of 3 yrs. to a min. term of 1 day, exp. on Feb. 10, 1942; on Bill No. 34 from a min. term of 1 yr. to a min. term of 1 day, exp. on Feb. 11, 1942; and on Bill No. 114 from a min. term of 1 yr., to a min. term of 1 day, exp. on Feb. 12, 1942.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

S. S. LEWIS,
Lieutenant-Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Leroy Nelson Filmore, B-4036, No. 1514, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Leroy Nelson Filmore, convicted of robbery, in the Oyer and Terminer Court of Allegheny County on the 7th day of February, 1929, be commuted on Bill No. 31 February Term, 1929 from a maximum term of 10 years to a maximum term of 2 years, 7 months, and 28 days, expiring on January 11, 1942; on Bill No. 32 from a maximum term of 10 years to a maximum term of 1 day, expiring on January 12, 1942; and on Bill No. 33 from a minimum term of 5 years to a minimum term of 1 day, expiring on January 13, 1942; And that the sentence of Leroy Nelson Filmore, convicted of escaping prison, in the Quarter Sessions Court of Allegheny County, on the 12th day of April, 1934 is also commuted—sentence was to run concurrently with original sentence.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 7th day of February, 1929 under Indictments Nos. 30, 31, 32, and 33 February Sessions, 1929 charging robbery; and was sentenced by the Honorable James B. Drew, Judge, to a term of imprisonment in the Western State Penitentiary for not less than five nor more than ten years on each Indictment, sentences to run consecutively. On the 12th day of April, 1934 the applicant entered his plea of guilty in the Court of Quarter Sessions of Allegheny County to Indictment No. 411 April Sessions, 1934 charging escape, and was sentenced by the Honorable W. Heber Dithrich, Judge, to a term of imprisonment in the Western State Penitentiary of not less than one nor more than two years. Sentence to run concurrently with the sentence imposed on February 7, 1929.

The applicant has now served over twelve years and eight months in the Western State Penitentiary. He is now thirty-three years of age and has been confined in prison since he was twenty-one years of age.

The Board of Trustees of the Western State Penitentiary in its report to the Board of Pardons states that if eligible for parole, they would probably recommend applicant for parole on account of his satisfactory institutional record and the fact that he has now served over twelve and one-half years.

Adequate employment and an approved parole plan has been provided for the applicant upon his release on parole.

The Board of Pardons is of the opinion that the long time served by the applicant for a crime committed when he was only twenty-one years of age is sufficient punishment and that the ends of justice have been satisfied. The Board, therefore, recommends that the maximum sentence of ten years on Bill No. 31 February, Term, 1929 be commuted to a maximum term of two years, seven months, and twenty-eight days, expiring on January 11, 1942; on Bill No. 32 from a maximum term of ten years to a maximum term of one day, expiring on January 12, 1942; and on Bill No. 33 from a minimum term of five years to a minimum term of one day, expiring on January 13, 1942 (sentence imposed on Bill No. 411 April Term, 1934 to run concurrently with above sentence, is also commuted), and the applicant to remain on parole until January 12, 1952.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.

BOARD OF PARDONS

In re application of Edward John Gellesky, C-8055, No. 5311, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentences of imprisonment imposed on Edward John Gellesky, convicted of robbery, in the Oyer and Terminer and Quarter Sessions Courts of Lackawanna County, on the 28th day of May, 1932, be commuted on Bill No. 21 from a minimum term of 10 years to a minimum term of 9 years, 7 months. and 17 days, expiring on January 15, 1942; on Bill No. 21-A from a minimum term of 10 years to a minimum term of 1 day, expiring on January 16, 1942; and on Bill No. 19 from a minimum term of 10 years to a minimum term of 1 day, expiring on January 17, 1942; And that the minimum sentence of Edward John Gellesky, convicted of larceny of auto, in the Oyer and Terminer and Quarter Sessions Court of Delaware County. on the 3d day of January, 1938, be commuted on Bill No. 287 June Term, 1931, from a minimum term of 5 years to a minimum term of 4 years, 4 months, and 10 days, expiring on January 15, 1942. (Sentence on Bill No. 255 September Term, 1930 has already expired—sentence was to run concurrently with Lackawanna County sentence imposed on May 28, 1932.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Oyer and Terminer and Quarter Sessions Courts of Lackawanna County on May 28, 1932 under Indictments Nos. 21, 21-A, and 19 May Term, 1932 charging robbery, and was sentenced by the Honorable William R. Lewis, Judge, to a term of imprisonment of not less than ten nor more than twenty years in the Eastern State Penitentiary on each bill, the sentences to run consecutively. On September 5, 1930 the applicant had been sentenced in the Courts of Delaware County to a term of not less than five nor more than ten years and escaped therefrom on November 25, 1930. On the 3d day of January, 1938 he entered his plea of guilty to Indictment No. 255 September Term, 1930 charging larceny of auto, and was sentenced by the Honorable A. D. MacDade, Judge, to the Eastern State Penitentiary for a term of not less than five nor more than ten years, sentence to begin September 5, 1932 and on the same day he entered his plea of guilty in the Delaware County Courts to Indictment No. 287 June Term, 1931 charging breaking and escaping penitentiary and was sentenced by the Honorable Arthur MacDade Judge, to not less than five nor more than ten years, the sentence to begin at the expiration of sentence imposed on Bill No. 255 September Term, 1930 and all to run concurrently with sentence imposed in Lackawanna County on May 28, 1932.

The applicant has now served over nine years and six months and the Board of Trustees of the Eastern State Penitentiary reports to the Board of Pardons that: ". . . This man has maintained a good record of prison performance. He has demonstrated definite habits of industry while working in the garage for a period of approximately 6½ years and he spends most of his time at his work. He is considered to be a trusted worker and has learned to take care of automobiles."

Adequate employment and sponsorship has been provided for the applicant in case he is released on parole.

A representative of the district attorney's office of Lackawanna County appeared before the Board and reported that on account of the long length of time served by the applicant in the penitentiary the office would leave the matter of clemency to the Board.

In view of the opinion expressed by the representative of the district attorney's office, the Board of Pardons is of the opinion that the applicant has served sufficient time to satisfy the ends of justice and that his prison record as reported by the Board of Trustees is such proof of his rehabilitation as to justify the Board in giving him another opportunity to live a useful life.

The Board, therefore, recommends that the minimum sentence imposed on Bill No. 21 May Term, 1932 be commuted to a minimum term of 9 years, 7 months, and 17 days, expiring on January 15, 1942; on Bill No. 21-A from a minimum term of 10 years to a minimum term of 1 day, expiring on January 16, 1942; and on Bill No. 19 from a minimum term of 10 years to a minimum term of 1 day, expiring on January 17, 1942; and on Bill No. 287 June Term, 1931 from a minimum term of 5 years to a minimum term of 4 years, 4 months, and 10 days, expiring on January 15, 1942. Applicant to remain on parole until January 16, 1962 on Lackawanna County sentence and until September 5, 1952 on Delaware County sentence.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Leo Greenfield, B-3375, No. 4905, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Leo Greenfield, convicted of (1) robbery with aggravating circumstances, (2) robbery, (3) breaking and entering, (4) larceny, and (5) receiving stolen goods, in the Oyer and Terminer Court of Beaver County, on the 24th day of September, 1932, be commuted on Bill No. 16 from a maximum term of ten years to a maximum term of nine years, three months, and twenty-nine days, expiring on January 23, 1942, and on Bill No. 14 from a minimum term of 5 years to a minimum term of one day, expiring on January 24, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Beaver County on the 24th day of September, 1932 to Indictments Nos. 16 and 14 September Term, 1932 charging robbery with aggravated circumstances, robbery, breaking and entering, larceny, receiving stolen goods, and was sentenced by the Honorable Frank E. Reader, Judge, to imprisonment in the Western State Penitentiary for a period of not less than five nor more than ten years on each Indictment, the sentences to run consecutively.

The applicant has now served over nine years and three months of the combined sentence. The applicant was confined in the Beaver County jail for a period of three months before the imposition of the above sentence, and if allowed time for that period, would now have served within six months of his minimum sentence.

The report of the Board of Trustees of the Western State Penitentiary to the Board of Pardons shows that the applicant is now afflicted with tuberculosis. The Board is in receipt of a letter from Maurice W. Lipscher, a Senator from Ohio, and from Chief of Police John W. Turnbull, of the same City recommending commutation of the applicant's sentence and his release on parole.

Adequate employment has been provided and the parole

authorities of Ohio have agreed to accept the applicant for supervision.

The Board of Pardons is of the opinion that the long term served by the applicant's imprisonment, his present physical condition, and the recommendation received from his home State justifies it in granting the clemency requested, and, therefore, recommends that the maximum sentence on Bill No. 16 be commuted to a maximum term of 9 years, 3 months, and 29 days, expiring on January 23, 1942, and on Bill No. 14 from a minimum term of 5 years to a minimum term of 1 day expiring on January 24, 1942, and that the applicant remain on parole until January 23, 1952.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

BOARD OF PARDONS

In re application of Huston C. Hernanskey, B-4189, No. 1388, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Huston C. Hernanskey, convicted of (1) breaking and entering (2) larceny, and (3) receiving stolen goods, in the Oyer and Terminer Court of Fayette County, on the 26th day of June, 1934, be commuted on Bill No. 18/140 June Term, 1934, from a minimum term of 2½ years to a minimum term of 2 years, 3 months, and 23 days, expiring on January 19, 1942 (sentence on Bill No. 2/16 September Term, 1934 having been imposed to run concurrently with Bill No. 18/140 June Term, 1934 is likewise commuted).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Oyer and Terminer Court of Fayette County on June 26, 1934 to Indictments Nos. 22/164; 18/140 June Term, 1934 and 2/16 September Term, 1934 charging breaking and entering with intent to commit a felony, larceny and receiving stolen goods, and was sentenced by the Honorable S. John Morrow, Judge, on Bill No. 22/164 to a term of imprisonment in the Western State Penitentiary of not less than five nor more than ten years; on Bill No. 18/140 to a term of not less than two and one-half nor more than five years, the said sentence to run consecutively and on Bill No. 2/16 September Term, 1934 to a term of not less than two and one-half nor more than five years to run concurrently with the sentence on Bill No. 18/140.

The applicant was confined in the Fayette County Jail on April 19, 1934 and remained there until he was removed to the Western State Penitentiary on June 26, 1934.

The applicant has served a term of imprisonment of more than seven and one-half years and his accomplice was released on parole on December 2, 1940.

The Board of Trustees of the Western State Penitentiary advises the Board of Pardons that if eligible for parole, they would probably recommend the applicant for parole on account of improvement in his conduct and general attitude, and his excellent institutional record for the past two years.

During his confinement at Rockview he was reprimanded for fighting another inmate and was returned to the Western State Penitentiary which affected his parole on the minimum sentence on Bill No. 22/164 which would have been effective on September 26, 1939, but was held over for an additional three months. With this extension, the minimum term on Bill No. 18/140 expires on March 26, 1942 and under the Act of 1937 the defendant would have been entitled to time spent in jail, had such sentence been imposed prior to the effective date of that Act.

Adequate employment and sponsorship has been provided for the applicant in case he is released on parole.

The Board feels that the applicant by reason of his long term of imprisonment and his conduct during the past two years, he is entitled to the time spent in the county jail awaiting trial, and therefore, recommends that the minimum term on Bill No. 18/140 be commuted from 2½ years to a new minimum term of 2 years, 3 months and 23 days, expiring on January 19, 1942 (sentence on Bill No. 2/16 September Term, 1934 having been imposed to run concurrently with Bill No. 18/140 June Term, 1934 is likewise commuted, and that the applicant remain on parole until September 26, 1944.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Elmer Clyde Johnston, A-13338, No. 2016, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life imprisonment sentence of Elmer Clyde Johnston, convicted of murder in the first degree in the Court of Oyer and Terminer and General Jail Delivery of Allegheny County on March 23, 1923, to be computed from April 24, 1924, be commuted from life imprisonment to 17 years and 9 months, expiring on January 25, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer and General Jail Delivery of Allegheny County on March 23, 1923 under Indictment No. 64 April Term, 1922 charging murder in the first degree, and was sentenced to be electrocuted by the Honorable James Carpenter, Judge. This sentence was commuted to life imprisonment in the Western State Penitentiary by the Governor of the Commonwealth on April 25, 1924.

The applicant has now served almost twenty years for the commission of the crime of which he was convicted. Two accomplices of the applicant who were involved with him in the commission of the offense, have been paroled.

The Board of Trustees of the Western State Penitentiary in its report to the Board of Pardons stated that if eligible for parole, they would probably recommend the applicant on account of his excellent institutional record, the long term of confinement, the co-operative attitude,

and the further fact that both accomplices have been released.

The representative of the district attorney's office of Allegheny County, stated to the Board that their office had not objected to the granting of leniency at former hearings of applications of this applicant and they did not object now.

An adequate parole plan has been provided for the applicant and employment has been assured in case the applicant is able to pass a physical examination.

In view of the fact that the accomplices of the applicant have been paroled and that he has been sufficiently punished for the crime committed by the long term of imprisonment, the Board of Pardons is of the opinion that the ends of justice have been satisfied, and that the applicant by his institutional record and progress has shown such evidences of rehabilitation as to entitle him to take his place in society. The Board, therefore, recommends that the life sentence be commuted to a minimum term of 17 years and 9 months, expiring on January 25, 1942, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Isaac Kaplan, D-4416, No. 1770, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Isaac Kaplan, convicted of setting fire to public building in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County on October 1, 1934 to be computed from November 13, 1939 be commuted from 2½ years to 2 years and 2 months, expiring on January 13, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Montgomery County on the 1st day of October, 1934 to Indictment No. 204-3 June Term, 1934 charging setting fire to public building, and was sentenced to imprisonment in the Eastern State Penitentiary by the Honorable George C. Corson, Judge, for a term of not less than 2½ nor more than 5 years and to begin November 13, 1939 at the expiration of a sentence imposed November 13, 1931 of not less than four nor more than eight years for robbery and felonious entry.

The Board of Trustees of the Eastern State Penitentiary in a report to the Board of Pardons states: "* * * Applicant's institutional performance subsequent to the riot has been excellent. He has been employed for over 7 years in the plumbing gang and is a capable worker. He is not a member of any clique or gang in the institution. He receives visits and correspondence from his family. It is felt that this man has served sufficient additional time for the acts which he committed at the Graterford institution."

In a letter to the Board of Pardons the Honorable George C. Corson stated that he had no objection.

The District Attorney's office of Montgomery Count has made no objection to the granting of clemency to th applicant.

Very attractive employment awaits the applicant an an adequate parole plan has been arranged.

The Board of Pardons feels that the applicant has bee sufficiently punished and that his prison record holds strong promise of sufficient rehabilitation to justify it i permitting him to try again to live an honest life amon his fellow men. The Board, therefore, recommends tha the minimum sentence imposed on Bill No. 204-3 Jun Term, 1934 be commuted to a new minimum term of years and 2 months, expiring on January 13, 1942, and tha the applicant remain on parole until November 13, 1944

BOARD OF PARDONS

In re application of Albert Knapp, B-5993, No. 496 December Session, 1941.

To His Excellency, the Governor of the Commonwealth Pennsylvania:

Sir: The above application having been heard, upon du public notice, in open session, the undersigned membe of the Board of Pardons recommend that the sentence imprisonment imposed on Albert Knapp, convicted of (accessory before the fact to robbery with an offensive we pon (2) accessory after the fact after robbery with offensive weapon, in the Quarter Sessions Court of Ve ango County, on the 8th day of March, 1938, be commute on Bill No. 29 April Term, 1938, from a minimum term 8½ years to a minimum term of 3 years and 10 months, e piring on January 4, 1942. (Sentence was to be compute from March 4, 1938).

Our reasons for making this recommendation are follows:

The applicant for commutation of sentence entered h plea of guilty in the Quarter Sessions of Venango Coun on March 8, 1938 to Indictment No. 29 April Term, 19 charging (1) accessory before the fact to robbery with offensive weapon (2) accessory after the fact after ro bery with an offensive weapon, and was sentenced by t Honorable Lee A. McCracken, Judge, to a term of impr sonment in the Western State Penitentiary for not le than seven and one-half nor more than fifteen years one count and not less than one nor more than two yea on another count, sentences to be served consecutively a to be computed from March 4, 1938.

The Board of Trustees of the Western State Penitentia in its report to the Board of Pardons advises that if eli ible for parole, they would probably recommend t parole of the applicant for the reason that it is his fir actual imprisonment and that his institutional record h been excellent.

The Honorable Lee A. McCracken, the trial judge, in letter to the Board writes: "* * * I am in receipt of letter from Mr. Cyrus Proper of Union City, Penna., offe ing to give the applicant employment and some supe vision. I am quite a believer in placing on parole tho who have gone astray. If the home offered by Mr. Prop meets with the approval of the Board I would favor gran ing the prayer of this petition."

The Board has been furnished with an affidavit made

Robert Miller an accomplice of the applicant, which relieves the applicant of guilty knowledge of the crime committed.

The district attorney of Venango County has not objected to the granting of leniency to the applicant.

Adequate employment and favorable parole plan has been provided for the applicant in case he is released.

In view of the term of imprisonment already served by the applicant and the doubt raised by reason of the affidavit of the accomplice, the Board of Pardons is of the opinion that sufficient time has been served by the applicant for a crime of which he might not have had knowledge and for which he should not have been convicted. His excellent record achieved in spite of the feeling he must have entertained as to the justice of his conviction, convinces the Board of sufficient rehabilitation to justify his release in order that he might have an opportunity to become a useful citizen. The Board, therefore, recommends that the mininum sentence of 8½ years be commuted to a new minimum term of 3 years and 10 months, expiring on January 4, 1942, and that the applicant remain on parole until March 4, 1955.

BOARD OF PARDONS

In re application of Harry Winfield Luke, D-1181, No. 4086, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of imprisonment imposed on Harry Winfield Luke, convicted of armed to rob, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on the 13th day of March, 1936, be commuted from ten years to a minimum term of 3 years, 10 months, and 8 days, expiring on January 12, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 13, 1936 charging being armed to rob, and was sentenced by the Honorable Harry S. McDevitt, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than two nor more than ten years.

He was released on parole on the 9th day of April, 1938.

On September 20, 1939 he was arrested for operating a motor vehicle while intoxicated and was sentenced to three months in the Philadelphia County Prison. He was returned to the Eastern State Penitentiary as a parole violator on April 30, 1940 and has been confined therein since that time, or for a period of one year and nine months.

The Board of Trustees of the Eastern State Penitentiary reports to the Board of Pardons that: "(1) * * * Applicant has maintained a very good prison record and has shown considerable interest in self-improvement, by his study of automobile mechanics, and that (2) * * * The total time served so far is probably sufficient punishment as it represents more time than is generally imposed for operating an automobile while intoxicated."

The Honorable Harry S. McDevitt, Judge, in a letter to the Board of Pardons writes: "* * * His prison record is good and he has shown considerable interest in self improvement. He has now served approximately two years as a result of his conviction for drunken driving, but I don't think that he should be required to serve his eight years back time because of this offense. I would feel inclined to give him another chance."

The district attorney's office also makes no objection to a commutation.

The Supervisor of Paroles in a report to the Board states: "* * * If a satisfactory parole plan is arranged in this case, and if the application meets with the approval of the convicting authorities, the Supervisor of Paroles will have no objection to the granting of clemency."

A field agent of the Board, in a report states that the employment provided for the applicant is satisfactory and that sponsorship has been provided.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for his parole violation and in view of his institutional conduct and the recommendation made by Judge McDevitt, it is convinced that if released he will endeavor to lead an honest life. The Board, therefore, recommends that the maximum sentence of 10 years be commuted to a new minimum term of 3 years, 10 months, and 8 days, expiring on January 12, 1942, and that the applicant remain on parole until March 7, 1948.

Respectfully submitted,

BOARD OF PARDONS

In re application of Joseph Michael Madden, D-2135, No. 5528, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Joseph Michael Madden, convicted of robbery, in the Oyer and Terminer Court of Wyoming County, on the 15th day of April, 1937, be commuted on Bill No. 25 April Term, 1937, from a minimum term of 6 years to a minimum term of 4 years and 9 months, expiring on January 15, 1942; and on Bill No. 26 from a minimum term of 4 years to a minimum term of 1 day, expiring on January 16, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Wyoming County on the 15th day of April, 1937 on Indictment No. 25 April Term, 1937 charging robbery, and on the same day he entered his plea of guilty to Indictment No. 26 April Term, 1937 charging robbery, and was sentenced by the Honorable Edward B. Farr, Judge, on Bill No. 25 to a term of imprisonment in the Eastern State Penitentiary for not less than six nor more than twenty years and on Bill No. 26 for not less than four nor more than twenty years, sentences to run consecutively.

The applicant has now served over four years and eight months.

The Board of Trustees of the Eastern State Penitentiary reports to the Board of Pardons that: "* * * Judging on the basis of this man's performance and the presence of an exceptional parole plan, it is felt that he would have a good opportunity of succeeding if released."

The Honorable Edward B. Farr, Judge, in a letter to the Board writes: "* * * With reference to your form letter of November 21st accompanied by a copy of the application for parole, I have no objections to the young man being placed upon parole or probation for the balance of his term. It seems to me that with a long maximum sentence that he has he will guard his conduct until he gets to the point in life where he will see that crime does not pay."

No objection has been made by the office of the district attorney of Wyoming County to the granting of leniency in this case.

An approved parole plan has been arranged and employment awaits the release of the applicant.

The Board of Pardons in view of the favorable report of the Board of Trustees of the Eastern State Penitentiary on the probability of his success if released, and the letter of the sentencing court, is of the opinion that sufficient time has been served and that the applicant is sufficiently rehibilitated to again take his place in society. The Board, therefore, recommends that the minimum sentence be commuted and that the applicant remain on parole until January 16, 1962.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of John Manion, B-3517, No. 3099, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Manion, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on December 21, 1932, be commuted from 9 years, 8 months, and 25 days to 9 years and 1 month, expiring on January 21, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 21st day of December, 1932 to Indictment No. 137 September Sessions, 1932 charging murder in the second degree, and was sentenced by the Honorable J. N. Langham, Judge, to imprisonment in the Western State Penitentiary for a term of not less than ten nor more than twenty years.

The applicant had no previous criminal history.

The Board of Trustees of the Western State Penitentiary reports that if eligible for parole, it would probably recommend for parole (1) first conviction (2) excellent institutional record (3) co-operative inmate (4) has served 13½ years.

The crime was the result of a drunken brawl and was committed in the heat of passion occasioned by a beating administered to him by his subsequent victim.

Employment is promised the applicant upon his release and his prospective employer has agreed to become his sponsor.

The Board of Pardons after a re-hearing of the application and upon a reconsideration, therefore, recommends that the minimum term of 9 years, 8 months, and 25 days, expiring on September 16, 1942, as recommended on October 31, 1941, be commuted to a new minimum term of 9 years and 1 month, expiring on January 21, 1942, and that the applicant remain on parole until December 21, 1952.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of George Mazey, B-6690, No. 5520, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Mazey, convicted of robbery in the Court of Oyer and Terminer of Allegheny County on April 20, 1939 to be computed from March 16, 1939 be commuted from 5 years to 2 years and 10 months, expiring on January 16, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty on the 20th day of April, 1939 in the Court of Oyer and Terminer of Allegheny County to Indictment No. 57 April Term, 1939 charging robbery, and was sentenced by the Honorable W. H. Dithrich, Judge, to a term of imprisonment in the Western State Penitentiary of not less than five nor more than ten years and sentence to be computed from March 16, 1939.

The applicant had no previous criminal record and he has now served over two years and 10 months of his sentence.

The Board of Trustees of the Western State Penitentiary reports to the Board of Pardons that his prison and conduct record has been excellent and if eligible for parole, it would probably recommend on account of such record and the fact that it is his first conviction.

One of the accomplices of the applicant in the crime for which he is now serving time, was paroled on July 30, 1941.

The representative of the district attorney's office of Allegheny County advises the Board that at this time they are not opposed to the granting of clemency.

An adequate parole plan has been arranged for the applicant and employment has been provided in case he is released.

The Board of Pardons is of the opinion that the applicant in view of his excellent institutional record and that this is his first conviction, should be given another opportunity to lead an honest and law-abiding life and become a useful citizen in his community.

The Board, therefore, recommends that the minimum sentence of five years be commuted to a new minimum term of two years and ten months, expiring on January 16,

1942, and that the applicant remain on parole until March 16, 1949

Respectfully submitted.

BOARD OF PARDONS

In re application of James J. McAllister, No. 5296, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that James J. McAllister, convicted of operating an automobile while intoxicated, in the Court of Quarter Sessions and Municipal Court of Philadelphia County, on October 30, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon was convicted in the Quarter Sessions and Municipal Courts of Philadelphia County on October 30, 1939 under Indictment No. 966 January Sessions, 1939 charging operating an automobile while intoxicated, and was sentenced by the Honorable Thomas D. Finletter, Judge, to pay a fine of $50 and make restitution to the private prosecutor in the amount of $33. There was no prison sentence and the applicant has been in no trouble since the commission of this offense.

The applicant lives with his wife and child in Philadelphia and is desirous that the stigma of this conviction be removed from his record in order that he might be able to secure more remunerative employment which has been offered him in the event that his record is cleared.

No objection has been made to the granting of clemency by the Board, by either the District Attorney's office or the Trial Judge.

The Board feels that the applicant has been sufficiently punished for the crime committed, which was such a nature as to show no criminal tendencies on the part of the applicant, and that the opportunity to better his position which will be made possible by the removal of the record of this conviction, is due him. The Board, therefore, recommends that a full and absolute pardon be granted to the applicant, James J. McAllister.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

The above recommendation is approved:

BOARD OF PARDONS

In re application of William N. McLaughlin, B-4561, No. 3238, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of William N. McLaughlin, convicted of murder in the second degree in the Court of Oyer and Terminer of Allegheny County on May 17, 1935 be commuted from 7 years to 6 years, 9 months and 9 days, expiring on February 26, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Oyer and Terminer Court of Allegheny County on May 17, 1935 to Indictment No. 31 April Term, 1935 charging murder, and was adjudged guilty by the Honorable M. Ward Fleming, Judge, of murder in the second degree and was sentenced to a term of imprisonment in the Western State Penitentiary for not less than seven nor more than fourteen years.

The applicant had no previous criminal record and has now served over six and one-half years of his sentence.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons advises that if eligible for parole, they would probably recommend the applicant by reason of the fact that this was his first conviction and that he has had an excellent record and has been a cooperative inmate.

The Honorable M. Ward Fleming, Judge, who imposed the sentence advises the Board that he is satisfied with the determination of the Board.

The applicant was arrested and imprisoned in the Allegheny County Jail on the 27th day of February, 1935, and was not sentenced until May 17, 1935 and would be entitled to credit for the time served before sentenced, amounting to two months and twenty-two days.

The representatives of the district attorney's office of Allegheny County advises the Board that his office had no objection to the allowance of the time served awaiting trial.

The Board of Pardons is of the opinion that the applicant is entitled to this credit, in view of the fact, that persons convicted since the Act of 1937 are allowed such time, and it would, therefore, recommend that the minimum sentence of seven years be commuted to a new minimum term of six years, nine months, and nine days, expiring on February 26, 1942, and that the applicant remain on parole until May 17, 1949.

Respectfully submitted,

BOARD OF PARDONS

In re application of Franklin Melvin, C-9208, No. 4840, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that the sentence of imprisonment imposed on Franklin Melvin, convicted of burglary, in the Oyer and Terminer and Quarter Sessions Courts of Philadelphia County, on the 11th day of March, 1937, be commuted on Bill No. 449 from a minimum term of one year to a new minimum term of ten months, expiring on January 5, 1942. (Has been granted parole on Bills Nos. 445, 446, 447, and 448).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on March 11, 1937 to Indictments Nos. 445, 446, 447, 448, and 449 March Term, 1937 charging burglary, and was sentenced by the Honorable Harry S. McDevitt, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than one nor more than five years on each bill, the sentences to run consecutively and to be computed from March 5, 1937.

The applicant was twenty-one years old when he entered his plea of guilty before Judge McDevitt and has now served over four years and nine months of his minimum sentence.

The applicant's institutional record has been satisfactory.

James W. Tracey, Jr., Esquire, representing the office of the District Attorney of Philadelphia County stated to the Board of Pardons that the applicant had served a substantial part of his minimum sentence, that the crime did not involve the use of a deadly weapon and the office was not opposed if he has shown signs of rehabilitation.

Adequate employment and a satisfactory parole plan have been provided.

The Board of Pardons is of the opinion that sufficient time has been served by the applicant to satisfy the ends of justice and that his satisfactory prison record is evidence of the rehabilitation desired by the District Attorney's office. The Board, therefore, recommends that the minimum sentence imposed on Bill No. 449 be commuted to a new minimum term of ten months, expiring on January 5, 1942, and that the applicant remain on parole until January 5, 1946.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Joe Mihalcin, B-2119, No. 4293, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life imprisonment sentence of Joe Mihalcin, convicted of murder in the first degree in the Court of Oyer and Terminer of Mercer County on July 7, 1930 be commuted from Life Imprisonment to 11 years and 7 months, expiring on January 7, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Oyer and Terminer Court of Mercer County on July 7, 1930 to Bill of Indictment No. 73 April Sessions, 1930 charging murder in the first degree, and was sentenced by the Honorable J. A. McLaughry, Judge, to imprisonment for life in the Western State Penitentiary.

The applicant was seventeen years of age when the crime for which he is now confined was committed and there seems to be some question as to whether he was actually present when the murder was committed. He has now served over eleven and one-half years in the Western State Penitentiary.

The Board of Trustees of the Western State Penitentiary advises the Board of Pardons that if eligible for parole, they would probably recommend by reason of (1) youth at time of conviction (2) has served almost eleven and one-half years and (3) excellent institutional adjustment.

Leo H. McKay, Esquire, who was district attorney at the time of the sentence of the applicant in a letter to the Board of Pardons states: "* * * On account of his extreme youth when the crime was committed, it seems to me that the ends of justice would be best met by giving him an opportunity to go out into society and lead a useful life." The present district attorney of Mercer County advises the Board that his office has no objection to the Board granting clemency to the applicant. Judge George H. Rowley, President Judge of Mercer County in a letter to the chairman of the Board states: "* * * We feel warranted in saying that we know of no reason why his application should not have your favorable consideration."

Adequate employment and sponsorship has been provided for the applicant in case he is released on parole.

The Board is of the opinion that in view of the extreme youth of the applicant at the time of his conviction, the time served, and the excellent institutional record added to the opinion expressed by the convicting authorities of Mercer County, it is justified in extending to the applicant another opportunity to lead an honest and law-abiding life in the outside world. The Board, therefore, recommends that the life sentence be commuted to a minimum term of 11 years and 7 months, expiring on January 7, 1942, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Nicholas Monko, No. 5543, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Nicholas Monko, convicted of burglary in the Court of Quarter Sessions of Chester County, on May 17, 1920, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Chester County on May 17, 1920 to Indictment No. —— August Sessions, 1920 charging burglary, and was sentenced by the Honorable W. Butler Windle, Judge, to the Hunting-

don Reformatory. During the month of February, 1918 the applicant had also broken into a cigar and candy store in Lancaster County and stole cash, candy, and other merchandise amounting in all to less than ten dollars, and was sentenced to Glen Mills School.

At the time of the commission of the latter offense he was thirteen years of age and was only fifteen when the second offense was committed

Applicant is now over thirty-six years of age and has not been in conflict with the law since his release from the Huntingdon Reformatory. He is married, the father of two children, and is gainfully employed at Astoria, Long Island, in the State of New York.

The applicant is desirous of becoming a citizen of the United States and in order to achieve that end, it is necessary for him to obtain a pardon.

The convicting authorities of Chester County have advised the Board of Pardons that they have no objection to the granting of clemency.

The Board of Pardons is of the opinion that the conduct of applicant since the commission of the offense for which he was sentenced so many years ago, is convincing evidence of his complete rehabilitation and qualifies him to become an American citizen. The Board, therefore, recommends that a full and complete pardon be granted to Nicholas Monko, the applicant.

Respectfully submitted,

S. S. LEWIS,

BOARD OF PARDONS

In re application of James Mowad, D-4273, No. 5247, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of James Mowad, convicted of arson in the Court of Oyer and Terminer of Lackawanna County on March 2, 1939, be commuted from 5 years to 2 years and 10 months, expiring on January 2, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Oyer and Terminer of Lackawanna County on March 2, 1939 under Indictment No. 23 May Sessions, 1938 charging arson, and was sentenced by the Honorable Samuel E. Shull, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years.

An appeal was taken from the decision of the Court in refusing to grant a new trial, to the Superior Court and that Court sustained the decision of the lower court. Honorable Chester H. Rhodes, a judge of the Superior Court, however, filed a dissenting opinion in which he stated: ". . . My analysis of the evidence convinces me that it is insufficient in volume and quality to overcome the presumption of defendant's innocence. . . . This defendant's conviction should not be sustained on proof that does not measure up to the legal requirements, although the facts and circumstances may create a suspicion of guilt. I would therefore reverse the judgment and discharge defendant."

The applicant has now served almost three years of a sentence imposed for the commission of a crime of which, in the opinion of a Judge of the Superior Court, there is doubt as to his guilt.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . He was transferred to the Lackawanna County Prison on August 9, 1940. The Warden of that institution reports that his record there has been good. He is employed in the laundry and is considered to be a good worker. While at the Graterford institution he attempted to improve himself by attending school for 9½ months and made good progress in academic work. According to the last report received, the Lackawanna County Prison authorities state, 'Our Staff would recommend him for parole.'"

The Honorable Samuel E. Shull, Judge, in a letter to the Board of Pardons stated that the record disclosed all he knew concerning the applicant.

The district attorney's office of Lackawanna County has not objected to the granting of clemency to the applicant.

Satisfactory employment is assured the applicant and an adequate parole plan has been arranged.

The Board of Pardons is of the opinion that the defendant has already been sufficiently punished for any part he had in the crime of which he was convicted and that his prison record and attitude entitles him to the clemency he craves. The Board, therefore, recommends that the minimum sentence of 5 years be commuted to a new minimum term of 2 years and 10 months, expiring on January 2, 1942, and that the applicant remain on parole until March 2, 1949.

Respectfully submitted,

S. S. LEWIS,

BOARD OF PARDONS

In re application of Hugh J. Murtagh, No. 4928, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Hugh J. Murtagh, convicted of (1) embezzlement by attorney (2) assault with intent to kill (3) fraudulent conversion (4) playfully and wantonly pointing a firearm and (5) carrying concealed deadly weapons, in the Court of Quarter Sessions of Philadelphia County, on July 29, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of Nolle Contendere in the Courts of Quarter Sessions of Philadelphia County on the 29th day of July, 1938 to Indictment No. 977 June Term, 1938 charging embezzlement by attorney, and was adjudged guilty and sentenced by the Honorable James C. Crumlish, Judge, to a term of not less than two and one-half nor more than five years in the Philadelphia County Prison. Sentence to be computed from July 21, 1938. On the same day the applicant also entered a plea of Nolle Contendere on Indictment No. 663 charging assault with intent to kill; on Bill No. 664 charging assault with intent to kill; on Bill No. 665 charging fraudulent conversion; on Bill No. 666 charging

fraudulent conversion; and on Bills Nos. 667, 669, 670, and 671 each charging playfully and wantonly pointing a firearm; and on Bill No. 672 charging carrying concealed deadly weapons. In each case he was adjudged guilty by Judge Crumlish and sentence suspended.

The applicant was released on parole in September, 1939 and since that time, he has not been in any conflict with the law.

At the time of his conviction the applicant was a practicing member of the Philadelphia County Bar and had never been convicted or charged with any crime. Following his conviction in this case, he was disbarred from further practice in the County of Philadelphia. The applicant was charged with misappropriation of certain securities belonging to clients.

The charge involving assault and battery and carrying concealed deadly weapons grew out of an incident following the frustration of his plans of restitution. All of the prosecutors in the cases set forth have expressed their unwillingness to have any sentence imposed. Frederick V. Hebard, Esquire, a member of the Philadelphia County Bar, who was the principal witness against the applicant, in a letter writes: "* * * I feel very strongly that this pardon should be granted."

The prosecution authorities of Philadelphia County are content to leave the granting of clemency entirely to the Board of Pardons and have made no objection.

The applicant has been unable to secure such type of employment for which he is fitted by education and training by reason of the record of these convictions, and since his release on parole, he has been unable to obtain lucrative employment.

The Board of Pardons feels that the humiliation and disgrace, as well as the actual imprisonment served has more than sufficiently punished the applicant for the crime committed, that he is entitled to an opportunity to secure the kind of employment for which he is best fitted, and that it is justified in extending its clemency in order to make it possible for him to better provide for himself and family. The Board, therefore, reccommends that a full and absolute pardon be granted to the applicant, Hugh J. Murtagh.

BOARD OF PARDONS

In re application of John Joseph Musick, C-9734, No. 5391, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the life imprisonment sentence of John Joseph Musick, convicted of murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on May 31, 1934 be commuted from life imprisonment to 7 years and 9 months, expiring on January 31, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence, when less than nineteen years of age, was convicted in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on the 31st day of May, 1934 of murder of the first degree under Indictment No. 1 of May Term, 1934 and was sentenced by the Honorable William R. Lewis, Judge, to life imprisonment in the Eastern State Penitentiary.

The applicant at that time had no criminal record and had lived with his father whose sudden killing led to his arrest and conviction.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: "* * * When this man was received in the institution, he was greatly confused and demonstrated definite evidence of fear. He is quiet and excessively self-conscious. He has been employed as a mess attendant in the officer's mess for over 6 years and is considered to be a conscientious worker. He has made some attempt to improve himself by studying an argiculture course in dairying and livestock. He has always maintained a constructive attitude and does not associate with any of the inmates. He corresponds and receives visits from his sister and friend. A number of prominent people of Scranton have taken an interest in this man's case and they feel that his confession resulted from fear. If these facts are true, he is undoubtedly eligible for favorable consideration."

The Honorable William R. Lewis, Judge, who presided at the trial of the applicant in a letter to the Board writes: ". . . During the trial I was decidedly impressed by the story as told by the young man and related in his application for clemency, and by his conduct and appearance while on the stand. I had some doubt as to his guilt at the conclusion of the trial and that doubt still persists. The applicant is a young man and may yet become a valuable member of society. In my judgment he has been sufficiently punished, and I am of the opinion that he is entitled to favorable consideration if his conduct as a prisoner warrants such consideration."

The representative of the district attorney's office of Lackawanna County stated to the Board that they did not agree with the theory of innocence but believed that the boy should be given an opportunity.

The Board of Pardons after a very thorough and careful study of all the facts in connection with the commission of the crime of which the applicant was convicted, is of the opinion that grave doubt exists as to the guilt of the applicant and even more doubt as to the degree of his guilt if he was actually responsible for the killing.

The more than seven and a half years spent by the young man behind locked doors has been sufficient punishment for a lesser degree of murder than that for which he was sentenced and his splendid prison record is a convincing argument for his release.

A very satisfactory parole arrangement has been provided and employment is promised.

The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of 7 years and 9 months, expiring on January 31, 1942, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.

Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of George Nesbitt, D-4433, No. 5544, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Nesbitt, convicted of larceny in the Court of Quarter Sessions of Luzerne County on October 5, 1939 to be computed from October 1, 1939 be commuted from 3 years to 2 years and 3 months, expiring on January 5, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Quarter Sessions Court of Luzerne County on October 5, 1939 to Bill of Indictment No. 679 September Sessions, 1939 charging larceny, and was sentenced by the Honorable Thomas F. Farrell, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than three nor more than six years.

The crime committed by the applicant consisted of a series of petty thefts from store of a man for whom he worked in return for permissions to sleep in his place of business and the value of the merchandise taken amounted to approximately $18.98.

The applicant was transferred to the Luzerne County Prison on March 8, 1940 and the Warden of that institution reports that his institutional record has been excellent and that they recommend favorable consideration of his application.

A representative of the district attorney's office of Luzerne County appeared before the Board and stated that the office felt very sympathetic to the applicant and recommended a commutation.

Adequate employment and sponsorship has been provided for the applicant in case he is released on parole.

The applicant has already served over two years and two months of his sentence and the Board feels that he has been sufficiently punished for the crime committed. and it, therefore, recommends that the minimum sentence be commuted to a new minimum term of two years and three months, expiring on January 5, 1942, and that the applicant remain on parole until October 5, 1945.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Thomas O'Dowd, B-3804, No. 151-A, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Thomas O'Dowd, convicted of felonious entry, in the Oyer and Terminer Court of Mifflin Counnty, on February 4, 1928; and of breaking and escaping penitentiary, in the Quarter Sessions Court of Centre County, on September 13, 1933, be commuted on Bill No. 4 May Session 1928, from a maximum term of 2 years to a minimum term of 1 year six months, 28 days, expiring Dec. 19, 1941; on Bill No. 5 from a minimum term of 2 years to a minimum term of 1 day, expiring on Dec. 20, 1941; and on Bill No. 22 from a minimum term of 2 years to a minimum term of 1 day, expiring on December 21, 1941.

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence. (And also in the opinion of the Superior Court in the case of Anthony Marcise, Appellant v. The Board of Trustees of the Eastern State Penitentiary).

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of George Plies, B-6639, No. 5288, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Plies, convicted of rob-

bery, in the Oyer and Terminer Court of Allegheny County, on the 16th day of March, 1939, be commuted on Bill No. 58 March Sessions, 1939, from a maximum term of 5 years to a minimum term of 2 years, 9 months, and 10 days, expiring on December 17, 1941; and on Bill No. 60 from a minimum term of 2½ years to a minimum term of 1 day, expiring on December 18, 1941. (Sentence to begin March 7, 1939).

Our reasons for making this recommendation are as follows:

The applicant for a commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 16th day of March, 1939 to Indictments Nos. 58 and 60 March Sessions, 1939 charging robbery, and was sentenced by the Honorable W. Heber Dithrich, Judge, to imprisonment in the Western State Penitentiary for a term of not less than two and one-half nor more than five years on each indictment, the sentences to run consecutively. Sentence to be computed from March 7, 1939.

The applicant has now served more than two years and nine months and the Board of Pardons has been advised by J. G. Weixel, M. D., Resident Physician that: ". . . We are still of the opinion that he is suffering from Pituitary Cachexia. His condition has progressed until he has lost 115 pounds and is now so weak that he has had several fainting attacks. It is necessary for him to remain in bed almost constantly. We have tried various therapeutic procedures, which have all been without beneficial results and the condition is progressing in spite of any treatment. His present weight is 96½ pounds. I now feel that the prognosis in this case is hopeless and if any steps are to be taken for his release from this institution before he dies, they should be started without delay."

The Board of Pardons is of the opinion that the physical condition of the applicant compels its leniency, and, would therefore, recommend that the maximum sentence on Bill No. 58 be commuted to a minimum term of 2 years, 9 months, and 10 days, expiring on December 17, 1941; and on Bill No. 60 from a minimum term of 2½ years to a minimum term of 1 day, expiring on December 18, 1941, and that the applicant remain on parole until December 17, 1946.

Respectfully submitted,

S. S. LEWIS,

Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Joseph Rabena, D-1544, No. 3215, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Joseph Rabena, convicted of robbery, being armed with an offensive weapon, in the Quarter Sessions Court of Philadelphia County, on the 25th day of August, 1936, be commuted on Bill No. 574 August Term, 1936 from a minimum term of 5½ years to a minimum term of 5 years and 5 months, expiring on January 25, 1942; and on Bill No. 847 August Term, 1935, from a minimum term of 1 year to a minimum term of 1 day, expiring on January 26, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on August 25, 1936 to Indictment No. 574 August Term, 1936 charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Raymond MacNeille, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than 5½ nor more than 20 years. On September 28, 1936 the sentence was reconsidered, he was transferred to the Philadelphia County Prison to await a new trial but on the same day he again entered a plea of guilty to the same indictment and was re-sentenced to the Eastern State Penitentiary for the same term to be computed from August 25, 1936.

A detainer has been lodged against him for the violation of probation granted on Indictment No. 845 August Term, 1935.

The applicant has been confined for a period of over five years and four months and the minimum term of the sentence imposed on Bill No. 574 would expire on February 25, 1942.

The Board of Trustees of the Eastern State Penitentiary reports to the Board of Pardons that: ". . . This man is one of the well-behaved prisoners who has demonstrated consistently a constructive interest in his family. He has been recommended by the Board of Trustees of this institution for parole at the expiration of his minimum sentence on February 25, 1942, subject to detainer."

The Honorable Raymond MacNeille, Judge, who sentenced the applicant, has left the matter of clemency to the Board.

James W. Tracey, Jr., Esquire, representing the office of the district attorney of Philadelphia County, advised the Board of Pardons that the conviction under Indictment No. 574 was not a parole violation, as the crime which was the basis of that conviction was committed before the sentence imposed February 27, 1936 on Indictment No. 847 August Term, 1935. He further stated that the district attorney's office had no objection to the granting of leniency.

Adequate employment awaits the release of the applicant and a satisfactory parole plan has been provided.

The Board of Pardons is of the opinion that sufficient time has been served by the applicant for the crime committed and that the applicant has by his constructive prison conduct fully demonstrated his fitness to take his place in society. The Board, therefore, recommends that the minimum sentence be commuted and the applicant remain on parole until January 26, 1962.

Respectfully submitted,

BOARD OF PARDONS

In re application of Charles Rice, C-8427, No. 5519, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Rice, convicted of robbery, being armed with an offensive weapon in the Court of Oyer &

Terminer and Quarter Sessions of Philadelphia County on November 23, 1932 be commuted from 10 years to 9 years and 2 months, expiring on January 23, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 23rd day of November, 1932 to Indictment No. 755 November Sessions, 1932 charging robbery, being armed with an offensive weapon, and was sentenced by the Honorable Howard A. Davis, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than ten nor more than twenty years.

The applicant was but twenty years old when he began the serving of the sentence and has now been confined for over nine years.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: "He is employed as a night operator at the disposal plant and is considered to be a trusted and industrious worker. He spends his leisure time practicing on musical instruments. He corresponds and receives visits from his family and relatives. This inmate's marked improvement in institutional performance merits some consideration."

Adequate sponsorship has been provided for the applicant and temporary employment to last until he has secured definite employment has been arranged.

The conduct of the applicant during the years he has spent in confinement is definite evidence of a desire to live an honest life when finally liberated and the Board of Pardons is of the opinion that his long term of imprisonment has fully satisfied the ends of justice. The Board, therefore, recommends that the minimum sentence of ten years be commuted to a new minimum term of nine years and two months, expiring on January 23, 1942, and that the applicant remain on parole until November 23, 1952.

Respectfully submitted,

S. S. LEWIS,

BOARD OF PARDONS

In re application of Charles Rosenbaum, C-9776, No. 3950, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Charles Rosenbaum, convicted of burglary, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on the 26th day of June, 1934, be commuted on Bill No. 623 June Term, 1934 from a minimum term of 5 years to a minimum term of 2 years, 6 months, and 19 days, expiring on January 15, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Philadelphia County on the 26th day of June, 1934, to Indictments Nos. 622 and 623 June Term, 1934, charging burglary, and was sentenced by the Honorable Otto R. Heiligman, Judge, to a term of imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years on each indictment, the sentences to run consecutively.

The applicant had no previous conviction and has now served over seven and one-half years of the sentence imposed.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . His good institutional record and efforts to improve himself are deserving, but whether or not he has served sufficient time for the numerous burglaries committed, is a question we leave to the judgment of the convicting authorities."

The Honorable Clare Gerald Fenerty, who was the assistant district attorney who prosecuted the case against the applicant, in a letter to the Board of Pardons states: " . . . It seems to me that the defendant has been sufficiently punished." In a letter to the Board the Honorable Harry S. McDevitt, Judge, writes: " . . . What little money he earns he contributes to the support of his illegitimate child and insists that he will marry the mother of the child upon his release. From inside the prison gate his conduct and attitude are satisfactory. Whether he has served sufficient time can only be determined by you."

Satisfactory employment awaits the release of the applicant and an approved parole plan has been provided.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished and his prison record is such evidence of his desire to improve himself that it can safely permit him to make another attempt to live within the law and become an honest citizen. The Board, therefore, recommends that the minimum sentence imposed on Bill No. 623 be commuted to a minimum term of 2 years and 6 months and 19 days, expiring on January 15, 1942, and that the applicant remain on parole until June 26, 1949. (Applicant was granted parole on Bill No. 622.)

In re application of Andy Rudy, B-3102, No. 152A, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Andy Rudy, convicted of breaking and entering, larceny, in the Quarter Sessions Court of Westmoreland County, on the 6th day of February, 1932, be commuted on Bill No. 228 Feb. Sess. 1932, from a maximum term of 6 years to a maximum term of 3 yrs. 11 mos. and 28 days, exp. on Feb. 4, 1942; on Bill No. 208 from a min. term of 3 yrs. to a min. term of 1 day, exp. on Feb. 5, 1942; on bill No. 225 Feb. Our reasons for making this recommendation are as follows:

BOARD OF PARDONS

In re application of Edward Schindel, No. 965, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Edward Schindel, convicted of conspiracy to violate the election laws in the Court of Quarter Sessions of Allegheny County, on July 25, 1929 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon was convicted by a jury in the Court of Quarter Sessions of Allegheny County of a charge of conspiracy to violate the election laws under Indictment No. 704 June Sessions, 1928 and was sentenced by the Honorable Ambrose B. Reid, Judge, to imprisonment in the Allegheny County Jail for a term of two months, to pay a fine of $50.00 and costs of prosecution.

The applicant had no prior criminal record and has always had a good reputation.

Investigators of the Board have reported that the conduct of the applicant, since serving the sentence imposed for his one violation of the law, has been above reproach.

Ralph T. Bell, Esquire, assistant district attorney of Allegheny County, advised the Board that there are no indictments or charges of any kind pending against the applicant, and that they had no objection to the granting of a pardon.

The Board of Pardons is of the opinion that the applicant by his conduct since paying in full the penalty imposed for his illegal act is convincing evidence of his intention to avoid further trouble and entitles him to the removal of the record of this one conviction. The Board, therefore, recommends the granting of a full and absolute pardon to the applicant, Edward Schindel.

BOARD OF PARDONS

In re application of George Frederick Smith, D-305, No. 5531, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentences of imprisonment imposed on George Frederick Smith, convicted of robbery, in the Oyer and Terminer and Quarter Sessions of Delaware County, on the 18th day of January, 1935, be commuted on Bill No. 86 from a minimum term of 10 years to a minimum term of 6 years, 11 months, and 27 days, expiring on January 15, 1942; and that the minimum sentence of George Frederick Smith, convicted of robbery while armed, in the Oyer and Terminer and Quarter Sessions court of Montgomery County on the 8th day of May, 1936, be commuted on Bill No. 27-2 and 27-3 September Term, 1934, to run concurrently with Delaware County sentence, from a minimum term of 10 years to a minimum term of 6 years, 11 months, and 27 days, expiring on January 15, 1942; and that the minimum sentence of George Frederick Smith, convicted of robbery, in the Oyer and Terminer and Quarter Sessions Court of Susquehanna County, on the 5th day of October, 1936, be commuted on Bill No. 9 January Term, 1936, to run concurrently with Delaware County sentence, from a minimum term of 9 years to a minimum term of 5 years 11 months, and 27 days, expiring on January 15, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of Nolle Contendere in the Court of Quarter Sessions and Oyer and Terminer of Delaware County on the 18th day of January, 1935, to Indictment No. 86 De-

cember Term, 1934, charging robbery, and was adjudged guilty by the Honorable John M. Broomal, Judge, and was sentenced to a term of imprisonment in the Eastern State Penitentiary of not less than ten nor more than twenty years. On the 8th day of May, 1936, the applicant entered his plea of guilty to Indictment No. 27-2-27-3 September Term, 1934, in the Court of Oyer and Terminer and Quarter Sessions of Montgomery County charging robbery while armed, and was sentenced by the Honorable George C. Corson, Judge, to a term of imprisonment in the Eastern State Penitentiary of not less than ten nor more than twenty years in each case, sentence to be computed from January 18, 1935. Sentences to run concurrently with sentence now being served on Indictment No. 86 December Term, 1934, from Delaware County. On the 5th day of October, 1936, the applicant entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Susquehanna County on Indictment No. 9 January Term, 1936, charging robbery, and was sentenced to a term of imprisonment in the Eastern State Penitentiary of not less than nine nor more than eighteen years. Sentence to be computed from January 18, 1936, and to run concurrently with sentence imposed on Bill No. 86 December Term, 1934, in Delaware County.

The applicant had no previous convictions and he has now served almost seven years.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: " . . . He is employed as a clerk and he is considered to be a willing worker. He demonstrated an interest in self-improvement by completing the International Correspondence School course in salesmanship and also by studying part of the course in Good English. He has maintained a constructive attitude and he associates with the better type of inmate."

An adequate parole plan has been arranged for the applicant in the event of his release and he is assured employment if released.

The district attorney's office of Delaware County, through its representative, advises the Board that the office felt this applicant should be given an opportunity.

The applicant's institutional record shows that he has been industrious and he has qualified himself for self-support, the Board is of the opinion that the applicant has been sufficiently punished for the crimes committed, and since there has been no objection to the commutation of his sentence on the part of the convicting authorities of the counties interested, it is justified in affording the applicant an opportunity to demonstrate his rehabilitation and assume his place in society. The Board, therefore, recommends that the minimum sentence imposed on Bill No. 86 December Term, 1934, be commuted from a minimum term of 10 years to a minimum term of 6 years, 11 months and 27 days, expiring on January 15, 1942, and the sentences imposed on Bills No. 27-2, 27-3 September Term, 1934, from Montgomery County to run concurrently with Delaware County, is also commuted; and sentence imposed on Bill No. 9 January Term, 1936, from Susquehanna County be commuted from a minimum term of 9 years to a minimum term of 5 years, 11 months and 27 days, expiring on January 15, 1942, and that the applicant remain on parole until January 18, 1955, on Bill No. 86 December Term, 1934, and on parole until January 18, 1954, on Bill No. 9 January Term, 1936.

BOARD OF PARDONS

In re application of George Leon Sojourner, D-4747, No. 5129, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of George Leon Sojourner, convicted of statutory rape in the Court of Quarter Sessions of Philadelphia County on March 14, 1940 to be computed from March 9, 1940 be commuted from 5 years to 1 year and 10 months, expiring on January 9, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Philadelphia County on the 14th day of March, 1940, to Indictment No. 506 March Term, 1940, charging statutory rape, and was sentenced by the Honorable Otto R. Heiligman, Judge, to a term of imprisonment of not less than five nor more than fifteen years in the Eastern State Penitentiary, sentence to be computed from March 9, 1940.

Before his arrest for this crime, the applicant had no criminal record.

The victim of the crime for which the applicant was convicted had the appearance of a girl of more than sixteen years of age and the applicant alleges that she had told him that she was over that age. Thy had agreed to get married before he was arrested and they have now planned to get married as soon as he is released from custody.

In a letter to the Board, Honorable Harry S. McDevitt, writes: "He is a high chool graduate and has a good prison record. He is industrious, tries to improve himself and admits his guilt of the charge of rape perferred against him. He stills maintains that he thought the girl was over sixteen years of age and that he felt confident that her mother knew of the relationship that existed between them. Whether he has served sufficient time is a matter for your Honorable Board."

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . Subject has maintained a good record of prison performance. He attended school for a period of 9½ months, made good progress in a vocational course in carpentry. This man continued the same type of behaviour in prison that he demonstrated prior to incarceration and no criminal tendencies have been observed."

The applicant will be taken care of upon his release until employment is secured for him and an adequate parole plan has been provided.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for the crime committed in view of his error as to the age of the girl involved and that his prison record and attitude entitles him to another opportunity to lead a useful anl law-abiding life. The Board, therefore, recommends that the minimum sentence imposed be commuted to a minimum term of 1 year and 10 months, expiring on January 9, 1942, and that the applicant remain on parole until March 9, 1955.

BOARD OF PARDONS

In re application of Barney Treece, B-7084, 551, No. 5542, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Barney Treece, convicted of (1) burglary (2) armed robbery in the Court of Oyer and Terminer of Fayette County on February 6, 1940 to be computed from January 1, 1940 be commuted from 3 years to 2 years expiring on January 1, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty on the 6th day of February, 1940 in the Oyer and Terminer Court of Fayette County to Indictment No. 4/44 March Term, 1940 containing two counts charging (1) burglary and (2) armed robbery, and was sentenced by the Honorable W. Russell Carr, Judge, to imprisonment in the Western State Penitentiary to not less than three nor more than ten years on each count, sentence to run concurrently and to be computed from January 1, 1940.

The applicant was transferred to the Pennsylvania Industrial School at Huntingdon and later to the Pennsylvania Industrial School at White Hill, where he now is an inmate.

At the time of his conviction for the above offenses, the applicant was twenty years old, had no previous criminal record and has been confined for more than two years.

The Board of Trustees of the Western State Penitentiary advises the Board of Pardons that if eligible for parole, they would probably recommend for the reason that it is his first conviction and that the Pennsylvania Industrial School at White Hill reports favorable progress at that institution.

A letter from H. C. Hill, Superintendent of the School at White Hill, in a leter to the chairman of the Board of Pardons states that: ". . . In commenting generally on Treece, the Officer states this is one of the best workmen on this detail and he has earned his good time."

In veiw of the age of the applicant when he was imprisoned and the excellent record he has maintained at the various institutions, the Board feels his rehabilitation has well began and justifies it in affording him another opportunity to lead an honest and law-abiding life. The Board, therefore, recommends that the minimum sentence imposed be commuted to a new minimum term of two years, expiring on January 1, 1942, and that the applicant remain on parole until January 1, 1950.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of John Edward Warner, D-4976, No. 5514, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of John Edward Warner, convicted of assault and battery with intent to kill in the Court of Quarter Sessions of Bucks County on June 4, 1940, to be computed from November 13, 1939, be commuted from 3½ years to 2 years and 2 months, expiring on January 13, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Oyer and Terminer Court of Bucks County on the 4th day of June, 1940, to Indictment No. 43 May Term, 1940, charging assault and battery with intent to kill and on the same day was sentenced by the Honorable Calvin S. Boyer, Judge, to a term of imprisonment of not less than 3½ nor more than 7 years in the Eastern State Penitentiary, sentence to be computed from November 13, 1939.

The applicant had no previous criminal record and he has now served over two years of his minimum sentence.

The Board of Trustees of the Eastern State Penitentiary advises the Board of Pardons that he has maintained a good attitude and has made excellent progress in typing and operation of a linotype machine and that: " . . . Judging on the basis of this man's institutional performance, it is felt that he would have a good possibility of adjusting successfully if released."

Both the trial judge and the district attorney of Bucks County advised the Board of Pardons that the disposition of the application is left entirely to the Board.

Adequate sponsorship and employment have been provided.

The Board of Pardons is of the opinion that in view of the previous good record of the applicant and his service in the penitentiary under the sentence imposed by Judge Boyer, he has been sufficiently punished and is entitled to his liberty in order to demonstrate his willingness to become a useful and law-abiding citizen. The Board, therefore, recommends that the minimum sentence of 3½ years be commuted to a new minimum term of 2 years and 2 months, expiring on January 13, 1942, and that the applicant remain on parole until November 13, 1946.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Kenneth C. Williams, D-2902, No. 5380, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Kenneth C. Williams, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on February 17, 1938 to be computed from January 15, 1938 be commuted from 5 years to 4 years, expiring on January 15, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Delaware County on the 17th day of February, 1938 to Indict-

ment No. 138 March Term, 1938 charging robbery, and was sentenced by the Honorable W. Roger Fronefield, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years, sentence to be computed from January 15, 1938.

This was the first time the applicant was convicted of any crime. He was but eighteen years old when sentenced and has now served almost four years in the penitentiary.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . When received in the institution, he was 18 years of age and appeared to be in a confused state. Definite improvement has been observed in his habits and at the present time he is more stable. He has attempted to secure the maximum amount of benefits from his incarceration. He has been employed as a clerk in the Superintendent's office and is considered to be a trusted worker. He associates with the better type of inmates with whom he works. He has attempted to improve himself by taking a correspondence course in electrical apprenticeship and is making good progress. Subject's more mature judgment should assist him in refraining from illegal activity when released."

The district attorney of Delaware County has advised the Board of Pardons that he does not oppose the application and feels that further punishment would not be beneficial.

A very satisfactory parole plan has been provided and lucrative employment awaits his release.

The applicant has now reached an age which has brought with it more mature judgment and his prison record seems to indicate that he has started on the way to complete rehabilitation. The Board of Pardons is of the opinion that the sentence already served has fully satisfied the ends of Justice and that the applicant is ready to take his place in society. The Board, therefore, recommends that the minimum sentence of 5 years be commuted to a new minimum term of 4 years, expiring on January 15, 1942, and that the applicant remain on parole until January 15. 1948.

Respectfully submitted,

BOARD OF PARDONS

In re application of Henry Zadilka, D-32, No. 2889, December Session, 1941.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Henry Zadilka, convicted of statutory rape, in the Oyer and Terminer Court of Luzerne County, on the 9th day of October, 1934, be commuted on Bill No. 838 from a minimum term of 7½ years to a minimum term of 2 years and 3 months, expiring on January 9, 1942; on Bill No. 841 from a minimum term of 2½ years to a minimum term of 1 day, expiring on January 10, 1942; and on Bill No. 842 from a minimum term of 2½ years to a minimum term of 1 day, expiring on January 11, 1942. (Has served maximum sentence on Bill No. 837.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer of Luzerne County on the 9th day of October, 1934, to Bills of Indictments Nos. 837, 838, 839, 840, 841, and 842 September Sessions, 1934, charging statutory rape, and was sentenced by the Honorable John S. Fine Judge, on Bill No. 837 to imprisonment in the Eastern State Penitentiary to a term not less than two and one-half nor more than five years; on Bill No. 838 to a term of not less than seven and one-half nor more than fifteen years; and on Bills Nos. 841 and 842 to a term of not less than two and one-half nor more than five years on each bill, and sentences to run consecutively. The Court at the same time refused to impose sentence on Bills Nos. 839 and 840 by reason of insufficient evidence.

The applicant was seventeen years old when the crimes for which he is now imprisoned were committed and he has served over seven years and two months in the Eastern State Penitentiary.

The Board of Trustees of the Eastern State Penitentiary advises the Board of Pardons that: " . . . This man's institutional performance merits consideration and it is felt that there is a good possibility that this man will refrain from future delinquency."

The Honorable John S. Fine, Judge, in a letter to the Board states; " . . . In reply to your inquiry concerning the application of Henry Zadilka for commutation of sentence, advise that the Court entertains no objection at this time to favorable action. My attitude in this matter is of course based upon a favorable response by those who have supervised his custody since imprisonment."

A representative of the District Attorney's office of Luzerne County appeared before the Board and stated that the office believed that the applicant had served sufficient time.

Adequate employment and sponsorship has been provided for the applicant in case he is released on parole.

The Board of Pardons is of the opinion that the long term of imprisonment already served by him, and his conduct in the Eastern State Penitentiary during his term of confinement, together with the position taken by the convicting authorities in Luzerne County justifies it in commuting the sentence and giving him another opportunity to lead an honest life as a citizen of the Commonwealth. The Board, therefore, recommends that the minimum sentence imposed on Bill No. 838 be commuted from a minimum term of 7½ years to a minimum term of 2 years and 3 months, expiring on January 9, 1942; on Bill No. 841 from a minimum term of 2½ years to a minimum term of 1 day, expiring on January 10, 1942; and on Bill No. 842 from a minimum term of 2½ years to a minimum term of 1 day, expiring on January 11, 1942, and that the applicant remain on parole until January 11, 1957. (Has served maximum sentence on Bill No. 837.)

Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Anthony Alexander, C-4195, No. 1880, January Session. 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Anthony Alex-

ander convicted of or pleaded guilty to the following offenses: (1) burglary in the Court of Oyer and Terminer and Quarter Sessions of Lackawanna County on October 8, 1927; (2) malicious mischief, in the Juvenile Court on July 26, 1919; (3) highway robbery in the Juvenile Court on March 16, 1920; (4) attempted burglary in the Juvenile Court on May 7, 1921; and (5) burglary in the Oyer and Terminer on December 21, 1924, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Oyer and Terminer of Lackawanna County on October 8, 1927 to Indictment No. 63 October Sessions, 1927 charging burglary, and was sentenced by the Honorable George W. Maxey, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than fifteen nor more than thirty years.

The applicant was placed on parole on the 22nd day of December, 1934 after the commutation of his minimum term.

The applicant had a prior record consisting of the following: (1) Pleaded guilty in Juvenile Court to the charge of malicious mischief, No. 1846 Juvenile Court, Year 1919, and on July 26, 1919 was placed on probation; (2) Pleaded guilty in Juvenile Court to charges of highway robbery, No. 1963 Juvenile Court, Year 1920, and was sentenced by Judge Maxey to the Philadelphia Protectory for Boys in Phoenixville, until further Order of the Court; (3) Pleaded guilty in Juvenile Court to attempted burglary, No. 2236 Juvenile Court on May 7, 1921, and was placed on probation; (4) Pleaded guilty in the Court of Oyer and Terminer to the charge of burglary, No. 13 November Sessions, 1924 and was sentenced to imprisonment in the Eastern State Penitentiary for not less than three nor more than ten years. This sentence was later changed to imprisonment in the Lackawanna County Jail for a period of three months from December 1, 1924.

The Supervisor of Paroles advised the Board of Pardons that the applicant has faithfully complied with the rules and obligations imposed upon him by the parole order of December 22, 1934, has worked constantly during his parole period, and that he had no objection to the granting of a pardon if such action met with the approval of the convicting authorities.

The District Attorney's office of Lackawanna County advised the Board of Pardons that it had no objection to the granting of a pardon.

The Board of Pardons is of the opinion that the applicant by his observation of the rules of his parole and his application to his work has demonstrated his thorough rehabilitation and his desire to lead an honest and useful life. The Board, therefore, recommends that a full and absolute pardon be granted to Anthony Alexander, the applicant.

BOARD OF PARDONS

In re application of James Arrigo, B-2472, No. 1197, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of James Arrigo, convicted of breaking and entering a place of business with intent to commit a felony in the Court of Quarter Sessions of Erie County on February 9, 1931, be commuted from 9 years to 6 years, expiring on February 15, 1942.

Our reasons for making this recommendation are as follows:

Applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Erie County on February 9, 1931, to Indictment No. 109 February Term, 1931, charging breaking and entering a place of business with intent to commit a felony, and was sentenced by the Honorable William E. Hirt, Judge, to imprisonment in the Western State Penitentiary for a term of not less than four and one-half nor more than nine years.

Applicant was paroled on August 9, 1935, at the expiration of his minimum sentence and on August 21, 1940, he was returned to the Western State Penitentiary as a parole violator after serving a term of ten months in the House of Correction at Chicago, Illinois, and has served over a year and a half for the parole violation.

The Board of Trustees of the Western State Penitentiary in a report to the Board of Pardons states that the applicant has maintained a splendid institutional record since his return, and that if eligible for parole, they would probably recommend.

The Supervisor of Paroles has advised the Board of Pardons that the applicant desires to return to the State of Illinois, if released, and that he has no objection to the granting of the petition, if such action meets with the approval of the convicting authorities. The convicting authorities have made no objection.

The Board of Pardons, in view of the institutional record maintained by the applicant and the confidence manifested on the part of the Parole Supervisor is of the opinion that sufficient rehabilitation has been attained to justify his release on parole, and the Board, therefore, recommends that the maximum sentence of 9 years imposed on February 9, 1931, be commuted to a minimum term of 6 years, expiring on February 15, 1942, and a maximum term of 9 years, and that the applicant remain on parole until February 15, 1945.

BOARD OF PARDONS

In re application of Angello Aujlli alias Arcangelo Augelli, B-8750, No. 5255, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Angello Aujlli alias Arcangelo Augelli, convicted of felonious assault and battery in the Court of Quarter Sessions of Lawrence County, on June 22, 1915, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered

his plea of nolle contendere in the Court of Quarter Sessions of Lawrence County on June 22, 1915, to Indictment No. 10 June Sessions, 1915, charging felonious assault and battery, and on the 22nd day of June, 1915, was adjudged guilty by the Honorable William E. Porter, Judge, and sentenced to imprisonment in the Western State Penitentiary for a term of two years and to pay a fine of $5.00.

The applicant was released on January 22, 1917, and since that time he has not been in conflict with the law. His record prior to the commission of the offense for which he was imprisoned was excellent.

The applicant now resides in Chicago, Illinois, and the report of investigators there states that he has been consistently employed by the same firm in that city since 1918, and has maintained a good record of behavior.

He now awaits only a pardon in order to complete and accomplish his naturalization as an American citizen.

The Board of Pardons is of the opinion that the crime for which the applicant was convicted was not such as to constitute him a dangerous criminal, and that his conduct since his release has been such as to entitle him to have his record cleared of this one blemish. It, therefore, recommends that a full and absolute pardon be granted to the applicant, Angello Aujlli alias Arcangelo Augelli.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Benjamin Barone, No. 4692, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Benjamin Barone, convicted of operating an automobile without the consent of owner, robbery in the Court of Quarter Sessions of Philadelphia County, on July 16, 1931, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on the 16th day of July, 1931, when only nineteen years of age, to Indictments Nos. 278 and 280 July Term, 1931, charging operating an automobile without consent of owner and robbery. He was sentenced by the Honorable James Gay Gordon, Jr., Judge, to imprisonment in the Philadelphia County Prison for a term of not less than three nor more than fifteen years.

The applicant was twice arrested before the commission of the crime for which he now seeks a pardon, but in one case he was discharged and in the other the Grand Jury refused to indict.

On December 21, 1931, he was placed on parole by Judge Gordon and has been steadily employed since that time.

He now asks for a pardon in order to make application for a position in the classified service of the federal government and to remove from his record the blemish of these crimes.

The office of the District Attorney of Philadelphia County has no opposition to the granting of a pardon and reports that they have no record of any other charges pending against the applicant.

The Board of Pardons is of the opinion that ten years of blameless conduct demonstrate such complete rehabilitation as to justify it in extending to the applicant the clemency he desires. The Board of Pardons, therefore, recommends that a full and absolute pardon be granted to Benjamin Barone, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of George Bogenshutz, B-1539, No. 4214, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Bogenshutz, convicted of (1) robbery, in the Oyer and Terminer Court of Allegheny County, on the 3rd day of December, 1926; and (2) breaking and escaping penitentiary, robbery, felonious assault, in the Quarter Sessions Court of Centre County, on the 8th day of August, 1939, be commuted on Bill No. 126 September Term, 1929, from a maximum term of 6 years to a maximum term of 3 years and 2 months, expiring on February 4, 1942, and on Bill No. 127 from a minimum term of 10 years to a minimum term of 1 day, expiring on February 5, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Allegheny County on the 3rd day of December, 1926 to Indictments Nos. 155 and 156 November Term, 1926 charging robbery, and was sentenced by the Honorable John A. Evans, Judge, to imprisonment in the Western State Penitentiary for a term of not less than three nor more than six years in each case, the sentences to run consecutively. On the 8th day of August, 1929 the applicant entered his plea of guilty in the Court of Quarter Sessions of Centre County to Indicements Nos. 126 and 127 September Sessions, 1929 charging breaking and escaping penitentiary, robbery, felonious assault, and was sentenced by the Honorable M. Ward Fleming, Judge, to imprisonment in the Western State Penitentiary on Indictment No. 126 to not less than three nor more than six years and on Bill No. 127 to not less than ten nor more than twenty years, sentences to run consecutively and to begin at the expiration of sentence imposed on December 3, 1926.

The applicant's prior record consisted of but one conviction and he has now served over fifteen years in prison.

The accomplices who escaped with him have been paroled. Judge Fleming, who sentenced the applicant on the escape charge has made no objection to the granting of clemency nor has the district attorney of Centre County.

The Board of Trustees of the Western State Penitentiary has advised the Board of Pardons that they would recommend this man for parole, if eligible on account of his long service and his excellent institutional record.

The applicant is now thirty-eight years of age, and if he is to be of any value as a citizen he should begin now to take his place in society. His long punishment should have well satisfied the ends of justice and his record is evidence of sufficient rehabilitation to justify the Board in affording him an opportunity to demonstrate his fitness to live honestly among his fellow men. The Board of Pardons, therefore, recommends that the term of imprisonment be commuted and that the applicant remain on parole until February 4, 1962.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Angelo Bommarito, D-421, No. 2848, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Angelo Bommarito, convicted of (1) robbery (2) breaking and entering (3) larceny, (4) aggravated assault and battery and (5) demanding and possessing firearms without license, in the Oyer and Terminer Court of Lehigh County, on the 15th day of March, 1935, be commuted on Bill No. 97 January Term, 1935, from a minimum term of 7½ years to a minimum term of 6 years and 11 months, expiring on February 15, 1942, and on Bill No. 98 from a minimum term of 5 years to a minimum term of 1 day, expiring on February 16, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Lehigh County on the 15th day of March, 1935, to Indictments Nos. 97 and 98 January Term, 1935, charging (1) robbery, (2) breaking and entering, (3) larceny, (4) aggravated assault and battery, and (5) demanding and possessing firearms without license, and was sentenced by the Honorable Richard W. Iobst, Judge, on Indictment No. 97 to a term of imprisonment in the Eastern State Penitentiary of not less than seven and one-half nor more than fifteen years and on Indictment No. 98 to not less than five nor more than ten years, the sentences to run consecutively.

The applicant has had no prior convictions and has now served almost seven years.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: " . . . He has completed the International Correspondence School course in automobile mechanics. He has a promise of employment in the auto factories in Detroit and it is felt that steady employment and close contact with his stepfather would greatly aid in his successful adjustment. This man's prison performance merits consideration. He has recently purchased $300 worth of Defense Bonds."

Judge Iobst has informed the Board of Pardons that he is not opposed to the granting of clemency.

Employment at Detroit, Michigan, is waiting for the applicant and the parole authorities of that State have consented to supervise his parole.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for the offense committed and that his record and conduct in the penitentiary show such rehabilitation as to justify the Board in allowing him an opportunity to renew his life with his family and friends in Detroit. The Board, therefore, recommends that the minimum sentence of 7½ years imposed on Bill No. 97 be commuted to a new minimum term of 6 years and 11 months, expiring on February 15, 1942. and on Bill No. 98 from a minimum term of 5 years to a minimum term of 1 day, expiring on February 16, 1942, and that the applicant remain on parole until February 15, 1952. To go to Detroit, Michigan.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Willard Parker Bradford, D-133, No. 5589, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Willard Parker Bradford, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer and Quarter Sessions Court of Philadelphia County, on the 19th day of November, 1934, be commuted on Bill No. 419 November Term, 1934 from a minimum term of 5 years to a minimum term of 2 years and 2 months, expiring on January 20, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of nolle contendere in the Courth of Oyer and Terminer and Quarter Sessions of Philadelphia County on the 19th day of November, 1934 to Indictments Nos. 418 and 419 November Term, 1934 charging robbery, being armed with an offensive weapon, and was adjudged guilty and sentenced by the Honorable Horace Stern, Judge, to imprisonment in the Eastern State Penitentiary on Indictment No. 418 to a term of not less than five nor more than fifteen years and on Indictment No. 419 to a term of not less than five nor more than ten years to commence at the expiration of the sentence in Indictment No. 418.

The applicant's prior criminal history contained only one conviction and he has now served more than seven years imprisonment.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . This man has maintained a good record of prison performance. He demonstrated an interest in self-improvement by attending school for 6 months where he made good progress in academic work. He was released for placement in the weave shop. He has been employed there for over 6 years and he is considered to be a willing and conscientious worker. He is clean about his person and cell and he associates with the average type of inmate. He has maintained a good attitude. He has also taken by correspondence a course in stenographic and secretarial work while employed and is making good progress. This man's institutional performance offers some hope he will attempt to make a successfull adjustment."

Assistant District Attorney James W. Tracey, Jr., Esquire of Philadelphia County, entered no objection to the application and stated that the matter of clemency was left to the Board.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished and that his long record of excellent conduct in the penitentiary is deserving of some regard. The Board, therefore, recommends that the minimum sentence of 5 years imposed on Bill No. 419 November Term, 1934 be commuted to a new minimum term of 2 years and 2 months, expiring on January 20, 1942, and that the applicant remain on parole until November 19, 1949. (Applicant was granted parole on Bill No. 418).

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of Louis Campanaro, D-1302, No. 3322, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Louis Campanaro, convicted of (1) statutory rape and (2) enticing a minor in the Court of Quarter Sessions of Philadelphia County on May 12, 1936, be commuted from 8 years, 10 months and 9 days to 3 months, expiring on February 19, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on the 12th day of May, 1936, to Indictment No. 168 May Term, 1936, charging statutory rape, enticing a minor. He was sentenced by the Honorable Albert D. MacDade, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than three nor more than ten years and to pay a fine of $500.00. On May 27, 1937, his sentence was commuted and he was placed on parole.

On August 20, 1941, he was convicted in West Chester County, New York, of a charge of larceny, and at the expiration of his sentence on November 19, 1941, he was returned to the Eastern State Penitentiary as a parole violator.

The applicant's behavior during the short time that has elapsed since his return has been satisfactory according to the report of the Trustees of the Eastern State Penitentiary.

The applicant has been living in the State of New York since his release on parole in 1937 until his conviction on the larceny charge and has married the girl who was his victim in the crime for which he was originally sentenced by Judge MacDade.

Assistant District Attorney James W. Tracey, Jr., Esquire, representing the office of the District Attorney of Philadelphia County has advised the Board of Pardons that they had no objection to the granting of clemency.

The Board of Pardons is of the opinion that the applicant has served sufficient time for his parole violation and that his return to his home in New York State with his wife will contribute more to his complete rehabilitation than would further confinement. The Board, therefore, recommends that the maximum sentence of 8 years, 10 months and 9 days, be commuted to a new minimum term of 3 months, expiring on February 19, 1942, and that the applicant remain on parole until September 28, 1950.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Harry B. Craig, C-7367, No. 5132, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Harry B. Craig, convicted of robbery, larceny of automobile, carrying concealed deadly weapons, conspiracy in the Court of Oyer and Terminer of Delaware County on September 26, 1931 be commuted from 10 years to 9 yrs. 8 mos. and 23 days, expiring on February 15, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Delaware County on the 26th day of September, 1931 to Indictment No. 439 September Term, 1931 charging larceny of automobile, carrying concealed deadly weapons, conspiracy, and robbery, and was sentenced by the Honorable W. Roger Fronefield, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than two and one-half nor more than ten years.

On March 26, 1934 the applicant was released on parole, and within eight months, he and an accomplice stole an automobile and drove into Virginia where they attempted to steal oil and were apprehended and was returned to the Eastern State Penitentiary as a parole violator on December 4, 1934.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . This man in our judgment has been more than amply punished for his violation of parole and the new crime which was committed. His complete sentence will expire on May 22, 1942. It is our feeling that the granting of clemency in this case would not only have a constructive influence on the inmate but would also furnish him with supervision for a short time which should assist him in his adjustment after release."

The Supervisor of Paroles in a letter to the Board states: ". . . This applicant has been confined for a period of about 7 years and 2 months because of his parole violation and has but four months to serve to complete his sentence. For this reason the Supervisor of Paroles offers no objection to the granting of the petition."

Employment and an adequate parole plan has been furnished for the applicant in the event of his release.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished, that further incarceration would effect no improvement and that his institu-

tional record entitles him to his liberty at this time. The Board of Pardons, therefore, recommends that the maximum sentence of ten years imposed on Bill No. 439 September Term, 1931 be commuted to a new minimum term of nine years, eight months, and twenty-three days, expiring on Febraury 15, 1942, and that the applicant remain on parole until May 22, 1942.

Respectfully submitted,

S. S. LEWIS.
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

The above recommendation is approved:

ARTHUR H. JAMES,

BOARD OF PARDONS

In re application of Frank Gorak, No. 5567, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Frank Gorak, convicted of operating of a motor vehicle while under the influence of intoxicating liquor in the Court of Oyer and Terminer and Quarter Sessions of Delaware County, on March 28, 1938, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on the 28th day of March, 1938, to Indictment No. 200 March Term, 1938, charging the operating of a motor vehicle while under the influence of intoxicating liquor, and was sentenced by the Honorable Albert D. MacDade, Judge, to imprisonment in the Delaware County Jail for a term of not less than three months nor more than three years, to pay a fine of $200.00, and make a restitution for damages inflicted.

The applicant was released at the expiration of his minimum sentence and has fully complied with the remainder of the sentence as to the fine and making of restitution.

The applicant's previous record contains only an order made against him for the support of his wife and child and a fine of $14.50 imposed for collecting rubbish illegally.

Since his release from prison, after serving the minimum term of the sentence imposed for operating a motor vehicle while under the influence of intoxicating liquor, he has maintained a record free of violations of the law and has been constantly and gainfully employed.

The applicant is desirous of becoming an American citizen, has filed his declaration of intention and must present a clean record before he can be finally naturalized.

The Board of Pardons is of the opinion that the crime committed is not of such a nature as should prevent the applicant from becoming a citizen, and that his conduct since his release justifies it in extending clemency. The Board, therefore, recommends that a full and absolute pardon be granted to the applicant, Frank Gorak.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,

BOARD OF PARDONS

In re application of Houston Johnston, B-1838, No. 153-A, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Houston Johnston, convicted of larceny from the person, in the Quarter Sessions Court of Allegheny County, on the 3rd day of February, 1930, be commuted on Bill No. 476 January Sessions 1930 from a maximum term of 4 years to a maximum term of 3 years, 11 months and 28 days, expiring on January 31, 1942, on Bill No. 477 from a maximum of 4 years to a maximum of 1 day, expiring on February 1, 1942; and on Bill No. 478 from a maximum of 4 years to a maximum of 1 day, expiring on February 2, 1942; and on Bill No. 479 from a minimum of 2 years to a minimum of 1 day, expiring on February 3, 1942.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

BOARD OF PARDONS

In re application of Harry Leonetti, C-7014, No. 4713, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life Imprisonment sentence of Harry Leonetti, convicted of Murder in the first degree in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 24, 1931 be commuted from Life Imprisonment to 10 years and 9 months, expiring on January 24, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on April 24, 1931 to Indictments Nos. 2238 and 2239 September Term, 1930 charging murder, and was sentenced by the Honorable Eugene V. Alessandroni, Judge, to life imprisonment in the Eastern State Penitentiary.

The applicant has no prior criminal record and has now served almost eleven years in prison.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . Subject has maintained a very good record in the institution. He has been employed in the cigar shop for 9½ years and is considered to be a trusted worker. He has fulfilled his duties in a conscientious manner. He attempted to improve himself by attending school for over 2½ years where he studied commercial work on a high school level. If this man would maintain the same type of behaviour after his release as he has demonstrated in the institution, he would have a good possibility of successful adjustment."

The trial judge has made no objection to the granting of clemency in this application.

Satisfactory employment awaits the release of the applicant and an adequate parole plan has been provided.

The Board of Pardons is of the opinion that the applicant's institutional record is evidence of sufficient rehabilitation to justify the Board in recommending that another opportunity be given him to live peaceably with his fellow men. The Board, therefore, recommends that the life sentence of imprisonmnt be commuted to a new minimum term of ten years and nine months, expiring on January 24, 1942, and that the applicant remain on parole the balance of his natural life.

In re application of Willard Malarkey, B-5483, No. 5273, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Willard Malarkey, convicted of breaking and escaping penitentiary in the Court of Quarter Sessions of Centre County on May 1, 1937, be commuted from 3 years to 2 years, expiring on February 12, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Washington County on the 10th day of October, 1936, to Indictments Nos. 130, 142, and 148 November Term, 1936, charging felonious breaking and entering, larceny, and was sentenced by the Honorable Carl E. Gibson, Judge, to imprisonment in the Western State Penitentiary for a term of not less than three nor more than six years on each Indictment, the sentences to run concurrently. On May 1, 1937, the applicant entered his plea of guilty in the Quarter Sessions Court of Centre County to Indictment No. 87 May Term, 1937, charging breaking and escaping penitentiary, and was sentenced by the Honorable M. Ward Fleming, Judge, to the Western State Penitentiary for a term of not less than three nor more than six years to begin at the expiration of the sentence imposed in Washington County. He has been granted parole on sentence imposed in Washington County.

The applicant has now been confined to prison for over five years and four months.

Honorable M. Ward Fleming, the judge who sentenced the applicant for breaking prison in Centre County, has advised the Board of Pardons that he has no objections to the granting of clemency if the present district attorney of Centre County does not object and the district attorney has made no objection.

Bona fide employment awaits the applicant and an adequate parole plan has been arranged for him.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished for the offense committed and that the ends of justice have been fully satisfied. The Board, therefore, recommends that the minimum sentence of 3 years imposed on Bill No. 87 May Term, 1937, be commuted to a new minimum term of 2 years, expiring on February 12, 1942, and that the applicant remain on parole until February 12, 1946.

BOARD OF PARDONS

In re application of Bonifacio Martinez, A-14300, No. 272, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life Imprisonment sentence of Bonifacio Martinez, convicted of

murder in the first degree in the Court of Oyer and Terminer of Washington County on August 24, 1925 be commuted from Life Imprisonment to 16 years and 5 months, expiring on January 24, 1942-to be returned to Mexico.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Washington County on the 24th day of August, 1925 to Indictment No. 205 February Term, 1925 charging murder in the first degree, and was sentenced by the Honorable James L. Brownson, Judge, to imprisonment in the Western State Penitentiary for life.

The applicant had no prior criminal record and has now served almost sixteen and a half years.

The Board of Trustees of the Western State Penitentiary in its report to the Board of Pardons states that his institutional record has been excellent.

The district attorney of Washington County, in a letter to the Board of Pardons writes: ". . . In connection with the application of Bonifacio Martinez for commutation we believe that his application should receive every consideration by your Honorable Board, in view of the fact that he will return to Mexico."

The crime committed by the applicant might have been committed in the heat of passion and has been expiated by the long years he has spent in prison.

If released from confinement, the applicant plans to return to Mexico of which country he is a native and the Mexican Consul of Pittsburgh, has agreed to act in the capacity of sponsoring the applicant's release if clemency is granted, and would be personally responsible for securing a passport for petitioner's return to Mexico.

If released, the applicant would be on parole for the rest of his life and his return from Mexico would constitute a parole violation.

The Board of Pardons is of the opinion that his removal to Mexico would be of benefit to the applicant and to the Commonwealth and, it would therefore, recommend, subject to the condition that he returns to Mexico and remains there, that the sentence of imprisonment for the term of his natural life be commuted to a minimum term of 16 years and 5 months, expiring on January 24, 1942, and that the applicant remain on parole the balance of his natural life. (to be returned to Mexico).

BOARD OF PARDONS

In re application of Paul McCallion, B-5703, No. 4157, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Paul McCallion, convicted of assault, being armed with an offensive weapon, robbery in the Court of Oyer and Terminer of McKean County on August 31, 1937, to be computed from August 11, 1937, be commuted from 5 years to 4 years and 6 months, expiring on February 11, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of McKean County on the 31st day of August, 1937, to Indictment No. 2 October Term, 1937, charging assault, being armed with an offensive weapon and robbery, and was sentenced by the Honorable Charles C. Hubbard, Judge, to imprisonment in the Western State Penitentiary for a term of not less than five nor more than ten years. Sentence to be computed from August 11, 1937.

Before this offense was committed the applicant had never been in any trouble with the law. He has now served more than four and one-half years for a crime which he claims was inspired solely by the needs of a sick wife and an infant child.

The Board of Trustees of the Western State Penitentiary in its report to the Board of Pardons states that if eligible for parole, they would recommend the applicant for commutation on account of his satisfactory institutional record and the fact that this was his first offense and first conviction.

C. W. Shattuck, Esquire, District Attorney of McKean County, in a letter to the Board states that without hesitation he recommends that the applicant be extended clemency and released on parole because he has been sufficiently punished.

Employment has been provided for the applicant and an adequate parole plan has been arranged.

The Board of Pardons is of the opinion that this applicant should be afforded an opportunity to live a useful life and undertake the support of his wife and child. His previous record and his institutional conduct give no evidence of criminal tendencies and he should succeed in completely rehabilitating himself. The Board, therefore, recommends that the minimum sentence of 5 years be commuted to a new minimum term of 4 years and 6 months, expiring on February 11, 1942, and that the applicant remain on parole until August 11, 1947.

BOARD OF PARDONS

In re application of Frank Joseph McClain, B-7746, D-3513 No. 5016, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Frank Joseph McClain, convicted of entering with intent to steal in the Court of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 20, 1938, to be computed from September 21, 1938, be commuted from 5 years to 3 years and 4 months, expiring on January 21, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Courts of Oyer and Terminer and Quarter Sessions of Philadelphia County on October 20, 1938, to Indictment No. 1162 September Term, 1938, charg-

ing entering with intent to steal, and was sentenced by the Honorable Harry S. McDevitt, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than five nor more than ten years, sentence to be computed from September 21, 1938.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: " . . . While at the Eastern State Penitentiary, this man maintained a good prison record. He was transferred to Rockview on July 10, 1941, and the authorities of that institution report that his record there has been good. He is employed as a tin and sheet metal worker and he is considered to be a good worker. He has maintained a co-operative attitude and he associates with the better type of inmates. He corresponds with and received visits from his wife. This man seems to be seriously concerned about the welfare of his family and is anxious to return to society so that he can support them. Rockview officials state that they would probably recommend favorable consideration."

The Honorable Harry S. McDevitt, Judge, who sentenced the applicant, in a letter to the Board states: " . . . He managed to stay out of trouble between 1930 and 1938, which was probably due to the fact he married in 1931 and now has a wife and four children. While he sends most of his earnings to his family, they are on relief. He is employed as a tin and sheet metal worker, and is regarded as dependable. He cooperates with the authorities and associates with the better type of inmates. He has at all times been very much concerned about the welfare of his family, and the officials at Rockview where he is now quartered give him a favorable recommendation. This will probably be opposed by the district attorney, but I would be more inclined to take the recommendation of the officials in daily touch with this man as to his reformation, than opinion based on the stenographic record of the case."

The recommendations of the Board of Trustees and the trial judge have considerable weight with the Board of Pardons and is convincing evidence of the desire of the applicant to live a useful and an honest life. His concern for the welfare of his family should keep him safe from any temptation to repeat his wrong doing of the past.

Satisfactory employment and an adequate parole plan have been provided for the applicant.

The Board of Pardons, therefore, recommends that the minimum sentence of 5 years be commuted to a new minimum term of 3 years and 4 months, expiring on January 21, 1942, and that the applicant remain on parole until September 21, 1948.

BOARD OF PARDONS

In re application of William V. McKeon, No. 5591, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that William V. McKeon, convicted of setting up and maintaining illegal lottery on the public highway in the Court of Quarter Sessions of Philadelphia County, on March 3, 1931 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of nolle contendere in the Court of Quarter Sessions of Philadelphia County on the 3rd day of March, 1931 to Indictment No. 923 January Term, 1931 charging the setting up and maintaining illegal lottery on the public highway. He was adjudged guilty by the Honorable Francis Shunk Brown, Jr., Judge. and on the same day sentence was suspended and he was discharged.

The applicant had been arrested twice before but was discharged in each instance.

The action of Judge Brown in suspending sentence is evidence of the small degree of gravity attached to the crime by the Court and the fact that sentence was not subsequently imposed is evidence of the good conduct of the applicant thereafter.

The applicant is a steady worker and bears a very good reputation in the community in which he resides. He is now employed as a fireman by the Pennsylvania Railroad Company but the record of this adjudgment of guilt retards his advancement.

The Board of Pardons is of the opinion that the record of this slight infraction of the law should not be allowed to interfere with one who for ten years has succeeded in living a blameless life, and it would, therefore, recommend that a full and absolute pardon be granted to William V. McKeon, the applicant.

In re application of Thomas Mihalich, B-2457, No. 1400, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the Life Imprisonment sentence of Thomas Mihalich, convicted of murder in the first degree in the Court of Oyer and Terminer of Beaver County on January 31, 1931 be commuted from Life Imprisonment to 11 years, expiring on January 31, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted on the 31st day of January, 1931 in the Court of Oyer and Terminer of Beaver County under Indictment No. 24 June Term, 1930 charging murder and was sentenced by the Honorable William A. McConnell, Judge, to imprisonment for life in the Western State Penitentiary.

The applicant is now over sixty-four years of age, he has been imprisoned for more than eleven years and when convicted had no prior criminal record.

The killing for which the applicant is confined was the result of a fight in which he was badly injured and which easily could have so confused him as to make him irresponsible.

The Board of Trustees of the Western State Penitentiary

reports to the Board of Pardons that the applicant has had a satisfactory institutional record.

The trial judge, the Honorable William A. McConnell, in a letter to the Board of Pardons states: ". . . In my opinion, he ught to be released from any further imprisonment."

A. B. DeCastrique, Esquire, who was the District Attorney when the applicant was convicted in a letter to the Board of Pardons writes: ". . . It is my firm belief that he is not a criminal at heart. Before this crime he bore an excellent reputation for peace and good order and to my knowledge never had committed any offense in the slightest degree. Although the offense for which he is now imprisoned was of a grave nature, I am of the opinion that he never would be heard of in the criminal courts. Much of his downfall was due to the madness of his wife who constantly nagged him to evict his victim from the premises owned by her.

A parole plan has been arranged for the applicant and his income is sufficient to keep him from becoming a public charge.

The Board of Pardons, in view of the recommendations of those in his home county who conducted the trial of the applicant, and his record during the long years of his confinement, is of the opinion that the ends of justice have been well satisfied and that the applicant should be given an opportunity to spend the remaining years of his life in living freely among his fellow men. The Board of Pardons, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of eleven years, expiring on January 31, 1942, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.

The above recommendation is approved:

BOARD OF PARDONS

In re application of John Patterson, No. 5565, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that John Patterson, convicted of (1) robbery and (2) assault and battery in the Court of Oyer and Terminer of Delaware County, on February 16, 1935, to be computed from January 21, 1935, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Courts of Oyer and Terminer of Delaware County on the 16th day of February, 1935, to Indictments Nos. 91 and 92 March Sessions, 1935, containing five counts charging robbery and three counts charging assault and battery, and was sentenced by the Honorable Roger Fronefield, Judge, to undergo imprisonment at Broad Meadows Prison Farm for a term of not less than one nor more than five years and pay a fine of $100.00, sentence to be computed from January 21, 1935. He was released on parole on December 20, 1935.

The applicant was nineteen years old when the crimes for which he now seeks a pardon were committed, and before that time, had maintained a good record which he has also done since his release.

He is now employed on an oil tanker and desires a pardon in order to have a better chance to advance himself in his employment.

The district attorney of Delaware County informed the Board of Pardons that there has been no misconduct on the part of the applicant since his release and that he does not oppose the application.

The Board of Pardons is of the opinion that the conduct of the applicant during the past six years is evidence of his rehabilitation and his desire to lead an honest and law-abiding life. He has earned the benefits of a clean record and, the Board, therefore, recommends that a full and absolute pardon be granted to John Patterson, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Vincent Powers, D-361, No. 3434, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Vincent Powers, convicted of robbery, being armed with an offensive weapon, in the Oyer and Terminer Court of Philadelphia County, on the 15th day of February, 1935, be commuted from a minimum term of 7½ years imposed on Bill No. 347 February Term, 1935 to a minimum term of 7 years, expiring on February 15, 1942, and on Bill No. 348 from a minimum term of 2½ years to a minimum term of 1 day, expiring on February 16, 1942, and that the applicant remain on parole until February 15, 1950.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Philadelphia County on the 15th day of February, 1935 to Indictments Nos. 347 to 355 inclusive February Term, 1935 charging robbery, being armed with an offensive weapon, and was sentenced to imprisonment in the Eastern State Penitentiary by the Honorable Howard A. Davis, Judge, for a term of not less than seven and one-half nor more than fifteen years on Bill No. 347 and on Indictment No. 348, to not less than two and one-half nor more than five years, sentences to run consecutively.

The applicant had no prior criminal record and has now been confined in the penitentiary for almost seven years. At the time of his commitment he was only nineteen years of age.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . His institutional record has been satisfactory. He has been employed in the bake shop since 1937 and performs very satisfactorily. His attitude is good and he has demonstrated habits of industry. He has shown considerable improvement since coming to the prison and with proper guidance and steady employment there is a possibility he will make an honest attempt to refrain from further criminal activities."

Honorable Harry S. McDevitt, Judge, in a letter to the

Board writes: ". . . He has a satisfactory institutional record and since 1937 he has been satisfactorily employed in the bake shop. His attitude is good, and he has developed habits of industry. He has shown considerable improvement, and I am inclined to think he is making a conscientious effort to lead an entirely different life. While his application will probably be opposed by the district attorney's office, they have neither talked to him nor inquired about him since his commitment."

Assistant District Attorney James W. Tracey, Jr., Esquire, representing the office of the district attorney, stated that they had no objection to the granting of clemency.

An adequate parole plan has been provided and satisfactory employment will be available about March 15, 1942.

The Board of Pardons in view of the recommendation of Judge McDevitt and the Board of Trustees, feels that the rehabilitation of the applicant has progressed sufficiently to justify it in giving him an opportunity to demonstrate his fitness to resume life outside of prison walls. It would, therefore, recommend that the minimum sentences be commuted, and that the applicant remain on parole until February 15, 1950.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.

BOARD OF PARDONS

In re application of Joseph Walter Reed, No. 5566, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Joseph Walter Reed, convicted of larceny, receiving stolen goods in the Court of Quarter Sessions of Philadelphia County on October 20, 1939, be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon entered his plea of guilty in the Court of Quarter Sessions of Philadelphia County on the 20th day of October, 1939, to Indictment No. 964 October Term, 1938, charging larceny, receiving stolen goods, and was placed on probation for five years by the Honorable Harry S. McDevitt, Judge, conditioned on restitution along with three accomplices.

Since being placed on probation the record of the applicant has been good. He is now holding a responsible position and is living happily with his wife, mother, brother, and sister-in-law.

The office of the District Attorney advised the Board of Pardons that it had no objection to the granting of clemency and the Judge who placed him on probation in a letter to the Board calls its attention to the lucrative nature of his employment and makes no objection to the granting of a pardon.

The applicant who is a British subject desires to become a citizen of the United States and in order to realize that ambition this one infraction of the law must be stricken from his record.

The Board of Pardons is of the opinion that his conduct since he was placed on parole justifies it in assisting the applicant in the realization of his ambition, and it would, therefore, recommend that a full and absolute pardon be granted to Joseph Walter Reed, the applicant.

Respectfully submitted,
S. S. LEWIS,
Lieutenant Governor.

BOARD OF PARDONS

In re application of Chester Robinson, D-4216, No. 5581, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Chester Robinson, convicted of breaking and escaping penitentiary and larceny of automobile, in the Oyer and Terminer and Quarter Sessions Court of Centre County, on the 7th day of December, 1935, be commuted on Bill No. 31 February Term, 1936 from a minimum term of 2 years to a minimum term of 5 months and 9 days, expiring on February 15, 1942, sentence to be computed from September 6, 1939. (Bill No. 32 to run concurrently with Bill No. 31 is also commuted).

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence plead guilty in the Court of Oyer and Terminer and Quarter Sessions of Centre County on December 7, 1935 to Indictments Nos. 28, 31, and 32 February Term, 1936 charging breaking and escaping penitentiary and larceny of automobile, and was sentenced by the Honorable M. Ward Fleming, Judge, to imprisonment in the Eastern State Penitentiary for from two to four years on Indictment No. 28, sentence to begin September 6, 1939 and on Indictment No. 31 for a term of not less than two nor more than four years to begin at the expiration of the sentence imposed on Indictment No. 28. Sentence on Bill No. 32 to run concurrently with Bill No. 31.

The minimum sentence imposed on Indictment No. 28 expired September 6, 1941 but parole was not granted at that time.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . This inmate has maintained a good record of prison performance. He is clean about his person and cell and he associates with the average type of inmate. He has been employed in the weave shop since September 9, 1939 and at the present time is working as a loomfixer. He has learned that trade while he has been in the institution. He corresponds and receives visits from his parents and he has sent some money home to his mother. This man served 2 years or the balance of his maximum sentence on his original charge before he started serving the present sentence. At the time his original minmum expired, he was denied the right of parole in accordance with the ruling of the Attorney General. Since he has been continually incarcerated with the exception of one day since September 4, 1935, it is felt that this case deserves some consideration."

The trial judge, the Honorable M. Ward Fleming, in a letter to the Board of Pardons stated that he had no

objection to the granting of clemency if the present District Attorney of Centre County did not object. The District Attorney has filed no objection.

The applicant is offered employment and will in the event of his release be sponsored by Honorable Edwin C. Smith, a former Judge of the Supreme Court of New York.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished and that his prison record for conduct, industry and self-improvement shows such evidence of rehabilitation as to justify his release in order that he might try again to lead an honest life.

The Board of Pardons, therefore, recommends that the minimum sentence imposed on Bill No. 31 February Term, 1936 be commuted to a new minimum term of 5 months and 9 days, expiring on February 15, 1942, and that the applicant remain on parole until September 6, 1945. (Bill No. 32 to run concurrently with Bill No. 31 is also commuted.)

BOARD OF PARDONS

In re application of Clement Henry Schaffer, D-2232, No. 3985, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Clement Henry Schaffer, convicted of statutory rape in the Court of Quarter Sessions of Luzerne County on May 24, 1937 be commuted from 7½ years to 4 years and 8 months, expiring on January 24, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Quarter Sessions of Luzerne County on the 24th day of May, 1937 to Indictment No. 320 June Term, 1937 charging statutory rape, and was sentenced by the Honorable John S. Fine, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than seven and one-half nor more than fifteen years.

The applicant has now served more than four years and eight months of the sentence and the Board of Trustees of the Eastern State Penitentiary reports to the Board of Pardons: ". . . While at the Penitentiary, this man demonstrated an interest in self-improvement by completing a course and earned his International Correspondence School Diploma in Poultry husbandry. He also studied a course in weaving. He was transferred to the Luzerne County Prison on July 11, 1939. The Warden of that institution reports that he has a very good record of prison performance. He has maintained an excellent attitude and he associates with the better type of inmates. He is employed as a storekeeper and is considered to be a good worker. The authorities of the Luzerne County Jail recommend favorable consideration on this man's case."

The representative of the office of the district attorney of Luzerne County, appeared before the Board at the hearing of this application and stated: ". . . We have investigated the case further and believe it is a proper case for parole"

John Plantarich, the father of the victim, in an affidavit filed with the Board of Pardons stated that he felt that the applicant had been sufficiently punished and should be released for the good of his wife and children.

The Warden of the Luzerne County Prison in a letter to the Board of Pardons states: ". . . I believe the applicant to be worthy for commutation of sentence because he has had a perfect prison record—both here and at New Graterford—and because his wife and children need his support and he is intelligent enough and ambitious enough to obtain an honest job for their support. I believe that society will benefit by his re-entry into its company."

This applicant has been in prison for almost five years and the Board of Trustees of the Eastern State Penitentiary and the prosecuting authorities of the County of Luzerne are convinced that he could safely be paroled.

A wife and six children left behind when he was imprisoned still wait for his help in providing them with the essentials of life.

The Board of Pardons is convinced that the ends of justice have been satisfied, that the applicant has been sufficiently punished, and that he should be released, so that his efforts can be directed toward the proper support of his family. The Board, therefore, recommends that the minimum sentence of 7½ years be commuted to a new minimum term of 4 years and 8 months, expiring on January 24, 1942, and that the applicant remain on parole until May 24, 1952

BOARD OF PARDONS

In re application of Joseph Scully, B-3840, No. 4632, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Joseph Scully, convicted of assault and battery, aggravated assault and battery, being armed with an offensive weapon with intent to rob in the Court of Quarter Sessions of McKean County on October 7, 1933 be commuted from 10 years to 8 years and 4 months, expiring on February 7, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted in the Court of Quarter Sessions of McKean County on the 7th day of October, 1933 under Indictment No. 92 October Sessions, 1933 charging assault and battery, aggravated assault and battery, being armed with an offensive weapon with intent to rob, and was sentenced by the Honorable J. W. Bouton, Judge, to imprisonment in the Western State Penitentiary for a term of not less than ten nor more than twenty years.

His prior criminal record consisted of one conviction and he has now served almost eight and a half years of the sentence imposed on October 7, 1933, and the sentences

of three accomplices convicted with him have been commuted.

The Board of Trustees of the Western State Penitentiary in its report to the Board of Pardons states that on account of his long term of service and the fact that his accomplices have been released, it would recommend parole.

The district attorney of McKean County in a letter to the Board states that he would recommend clemency for the reason that the applicant has been sufficiently punished.

Employment in the State of New Jersey has been secured for the applicant and an adequate parole plan has been arranged for him subject to the supervision of the parole authorities of that State.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished, that the ends of justice has been satisfied, and that the applicant should be extended an opportunity to demonstrate his rehabilitation. The Board of Pardons, therefore, recommends that the minimum sentence of ten years be commuted to a new minimum term of 8 years and 4 months, expiring on February 7, 1942, and that the applicant remain on parole until October 7, 1953.

BOARD OF PARDONS

In re application of Charles Ryan Stalnaker, C-5863, No. 5265, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the maximum sentence of Charles Ryan Stalnaker, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Northumberland County, on January 13, 1930, be commuted from 10 years on Bill No. 1 December Term, 1929, to a new minimum term of 9 years, 2 months, and 13 days, expiring on February 15, 1942. (Bills Nos. 2 December Term, 1929 and Bill No. 109 November Term, 1937 to run concurrently with Bill No. 1, is also commuted.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his pleas of guilty in the Court of Quarter Sessions of Montgomery County on the 2d day of December, 1937 to Indictment No. 109 November Term, 1937 charging larceny, and was sentenced by the Honorable George C. Corson, Judge, to imprisonment in the Eastern State Penitentiary for a term of not less than eighteen months nor more than three years to run concurrently with the back parole time on a sentence imposed by the Honorable Albert Lloyd, Judge, in Northumberland County on Indictments Nos. 1 and 2 of December Term, 1929, charging robbery.

The applicant was paroled on January 13, 1935 at the expiration of the minimum sentence imposed in Northumberland County and upon the entry of the plea of guilty in Montgomery County, he was returned to the Eastern State Penitentiary as a parole violator, to serve the remainder of the sentence of the Northumberland County Court.

The applicant has now served over nine years and two months in prison and it is evident that the maximum term of the Montgomery County sentence has already expired and any commutation of sentence necessary to affect his parole must be of the maximum of the Northumberland County sentence.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . This man's institutional performance has been satisfactory. He attended school for a month and a half, made good progress in academic work. He also completed a course in poultry husbandry from International Correspondence School. He is employed as a clerk in the canteen and as radio repairman and is considered to be a willing and industrious worker. He keeps in contact with his wife through visits and correspondence. This inmate's constructive application to the duties assigned him in the institution is a step in the right direction and shows a desire to improve himself."

The Honorable George C. Corson, Judge, in a letter to the Board of Pardons writes: ". . . As to the application of Stalnaker I have no objections to the parole as I feel that he has been amply punished for what he did in connection with the case in Norristown. He was also most helpful in helping to convict the man who was receiving the goods and I feel is entitled to some consideration."

The District Attorney of Montgomery County, in a letter to the Board writes: ". . . The facts set forth in the application are substantially correct as far as the Montgomery County offense is concerned. The sentence has been compiled with since the sentence here was only to serve eighteen months to three years from December of 1937. I presume the defendant is continuing to serve the remainder of his term for violation of his parole. This defendant was very helpful in the prosecution of one Irving Goldenthal, who was also tried here and was an accomplice of the defendant. This office does not oppose the application of this defendant."

Employment and an adequate parole plan have been provided for the applicant in the event of his parole.

The Board of Pardons is of the opinion that the applicant has been sufficiently punished and that his apparent desire to improve himself as reported by the Board of Trustees of the Eastern State Penitentiary should be encouraged by permitting him to continue his improvement in the outside world. The Board of Pardons, therefore, recommends that the maximum sentence imposed on Bill No. 1 December Term, 1929 be commuted, and that the applicant remain on parole until December 2, 1942.

BOARD OF PARDONS

In re application of Stephen Stefanowicz, B-6530, No. 4861, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Stephen Stefanowicz, convicted of statutory rape in the Court of Oyer and Terminer of Allegheny County on May 12, 1938, to be commuted from January 13,

1939 be commuted from 4 years to 3 years and 1 month, expiring on February 13, 1942.

Our reasons for making this recommendation are as follows:

The applicant was convicted by a jury in the Court of Oyer and Terminer of Allegheny County on the 12th day of May, 1938 for the second time under Indictment No. 15 February Term, 1934 charging statutory rape, and was sentenced by the Honorable Robert R. Lewis, Judge, to imprisonment in the Western State Penitentiary for a term of not less than four nor more than eight years. After his first conviction under this Indictment, the applicant appealed the decision of the Court refusing a new trial, and the Superior Court in an opinion reported in 118 Super. Ct. 79, set aside the verdict and granted a new trial which again resulted in a verdict of guilty and the imposition of the above sentence, which he started to serve on January 13, 1939.

The applicant has continued in his protestation of innocence since his arrest, and investigation has tended to partially corroborate his version of the occurrence. He bears a good reputation and many of his negihbors believe in his innocence.

The applicant has now served more than three years of his sentence and his institutional record and conduct have been excellent.

The office of the district attorney of Allegheny County has made no objection to the granting of leniency.

Very attractive and lucrative employment has been arranged for the applicant and an adequate parole plan has been provided.

The Board of Pardons is of the opinion that the applicant has served sufficient time to satisfy the ends of justice, even if guilty of the offense, and that his prison conduct is such as to justify it in affording him an opportunity to demonstrate his rehabilitation. The Board of Pardons, therefore, recommends that the minimum sentence of four years be commuted to a new minimum term of three years and one month, expiring on February 13, 1942, and that the applicant remain on parole until January 13, 1947.

BOARD OF PARDONS

In re application of Roscoe Stouffer, B-6343, No. 5173, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentences of imprisonment imposed on Roscoe Stouffer, convicted of (1) larceny of automobile; (2) felonious entry, breaking and entering; (3) breaking and escaping jail, in the Oyer and Terminer and Quarter Sessions Courts of Bedford County, on the 22nd day of September, 1938, be commuted from a maximum term of 4 years to a maximum term of 3 years and 10 months (adding 2 days escape time), expiring on January 31, 1942; on Bill No. 17 from a maximum term of 4 years to a maximum term of 1 day, expiring on February 1, 1942; on Bill No. 18 from a minimum term of 2 years to a minimum term of 1 day, expiring on February 2, 1942; and on Bill No. 22 December Term, 1939 from a minimum term of 1 year to a minimum term of 1 day, expiring on February 3, 1942, sentence ta be computed from March 29, 1938 on Bills Nos. 16, 17, and 18 May Term, 1938 and on Bill No. 22 December Term, 1938 from February 3, 1939.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer and Quarter Sessions of Bedford County on the 22nd day of September, 1938 under Indictments Nos. 16, 17, and 18 May Sessions, 1938 charging larceny of automobile, felonious entry, breaking and larceny, and was sentenced by the Honorable Harry C. James, Judge, to imprisonment in the Western State Penitentiary for a term of not less than two nor more than four years in each case, the sentences to run consecutively and to be computed from March 29, 1938.

While in the Bedford County Prison awaiting removal to the Western State Penitentiary, the applicant and his accomplice sawed the bars from a window and escaped. Two days later he was apprehended and returned to jail. On February 3, 1939 the applicant entered a plea of guilty to Indictment No. 22 December Sessions, 1938 and was sentenced by the Honorable Harry C. James, Judge, to imprisonment in the Western State Penitentiary for a term of not less than one nor more than two years to begin at the expiration of the sentence imposed on September 22, 1938.

The Board of Trustees of the Western State Penitentiary reports to the Board of Pardons that the applicant has had an excellent institutional record.

The present District Attorney, the Prothonotary, and the Sheriff of Bedford County, and other prominent citizens of that county have written to the Board expressing their belief in the innocence of the applicant and recommending his release.

A very favorable parole plan has been arranged and employment awaits the return of the applicant.

The argument presented to the Board by counsel for the applicant raises a strong doubt as to the guilt of the applicant, especially in view of the fact, that his conviction was probably caused by the evidence of one who could well have been the defendant in the same case.

The Board of Pardons is of the opinion that this doubt coupled with the institutional record of the applicant and the time served, justified it in giving the applicant another opportunity to take his place in society. The Board, therefore, recommends that the sentences of imprisonment be commuted, and that the applicant remain on parole until February 1, 1946.

In re application of Adolph Strockbine, C-3417, No. 5064, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members

of the Board of Pardons recommend that the life sentence of Adolph Strockbine, convicted of Murder in the First Degree in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County on May 17, 1926 be commuted from life imprisonment to 15 years 8 months and 10 days, expiring on January 27, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer and Quarter Sessions of Schuylkill County on the 17th day of May, 1926 under Indictment No. 127 January Term, 1926 charging Murder in the First Degree, and was sentenced by the Honorable Judge Bechtel, to life imprisonment in the Eastern State Penitentiary.

The applicant had no previous criminal record and the killing for which he was sentenced was the result of disillusionment and was committed in a fit of jealous rage. After shooting his wife, the applicant turned the gun on himself and fired again but disfigurement was the only result.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states: ". . . This man has maintained an excellent record of prison performance. He has been employed as a scrubber and runner on the hospital block for approximately 13 years and is considered to be a conscientious worker. He does not associate with any of the inmates. He has maintained a constructive interest in his children and has sent out a large part of his earnings to help in their support and education. He keeps in contact with his brother and children through visits and correspondence. Subject has no known previous criminal record and judging on the basis of his activities prior to incarceration and his behaviour while in the institution, we feel that he would probably attempt to make a successful adjustment."

No objection has been made by the convicting authorities of Schuylkill County to the granting of clemency.

Satisfactory employment has been obtained for the applicant and an adequate parole plan has been provided.

The Board of Pardons feels that the applicant has been sufficiently punished for the crime committed while probably mentally unbalanced and that his prior record and his excellent institutional performance is sufficient to justify it in permitting him to again mingle with his fellow men and lead a useful life. The Board, therefore, recommends that the life sentence of imprisonment be commuted to a minimum term of 15 years, 8 months, and 10 days, expiring on January 27, 1942, and that the applicant remain on parole the balance of his natural life.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA.
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,
Governor.

BOARD OF PARDONS

In re application of Albert Troise, D-741, No. 3670, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Albert Troise, convicted of burglary, in the Oyer and Terminer Court of Philadelphia County, on the 16th day of July, 1935, be commuted on Bill No. 326 July Term, 1935 from a minimum term of 2½ years to a minimum term of 1 year, 6 months and 29 days, expiring on February 15, 1942. (Has been granted parole on Bill No. 196.)

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence entered his plea of guilty in the Court of Oyer and Terminer of Philadelphia County on the 3rd day of July, 1935 to Indictments Nos. 196 and 326 July Term, 1935 charging burglary, and was sentenced by the Honorable Frank Smith, Judge, to imprisonment in the Eastern State Penitentiary on Indictment No. 196 to not less than five nor more than ten years and on Indictment No. 326 to not less than two and one-half nor more than ten years, the sentences to run consecutively and to be computed from July 16, 1935. On Indictments Nos. 327, 328, 329, and 330 July Term, 1935 he was sentenced to a period of five years probation on each bill or a total of twenty years to begin at the expiration of the sentences imposed on Indictments Nos. 196 and 326.

The applicant had never been previously convicted of any crime and has now served more than six and a half years.

The Board of Trustees of the Eastern State Penitentiary in its report to the Board of Pardons states that the applicant's institutional record has been satisfactory and he is considered to be a willing worker.

The trial judge, the Honorable Frank Smith, has not objected to the granting of leniency.

Assistant District Attorney James W. Tracey, Jr., Esquire, appeared before the Board of Pardons and stated that the applicant had served six years and that it was felt that he had been sufficiently punished.

Employment and an adequate parole plan have been arranged for the applicant.

The Board of Pardons feels that the applicant who was but seventeen years old when sentenced has been sufficiently punished by his six years of servitude and should be given an opportunity to lead an honest life in the outside world.

The Board of Pardons, would therefore, recommend that the minimum sentence on Bill No. 326 July Term, 1936 be commuted to a new minimum term of 1 year, 6 months, and 29 days, expiring on February 15, 1942, and that the applicant remain on parole until July 16, 1950. (Has been granted parole on Bill No. 196.)

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

ARTHUR H. JAMES,

BOARD OF PARDONS

In re application of Louis Vernon, C-5250, No. 2828, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Louis Vernon, convicted of robbery in the Court of Oyer and Terminer and Quarter Sessions of Delaware County, on March 19, 1929 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon, when eighteen years of age, entered his plea of guilty in the Court of Oyer and Terminer and Quarter Sessions of Delaware County on the 19th day of March, 1929 to Indictments Nos. 165, 166, and 167 March Term, 1929 charging robbery, and was sentenced by the Honorable Albert D. MacDade, Judge, to not less than thirty nor more than sixty years in the Eastern State Penitentiary.

The applicant was paroled after commutation of his sentence on April 11, 1936, after serving seven years and two months.

The Supervisor of Paroles in a report to the Board of Pardons states that since his release the applicant has demonstrated to the parole authorities, that he has been rehabilitated. He is now gainfully employed and has been so employed since his release.

By reason of the age of this applicant at the time of the commission of the crimes for which he was sentenced and his now thorough rehabilitation, the Board of Pardons is of the opinion that he deserves the benefits that will result from the purging from his record, of the scar thereon made by the error committed in his youth. The Board of Pardons, therefore, recommends that a full and absolute pardon be granted to Louis Vernon, the applicant.

Respectfully submitted,

S. S. LEWIS,
Lieutenant Governor.
S. M. R. O'HARA,
Secretary of the Commonwealth.
CLAUDE T. RENO,
Attorney General.
WILLIAM S. LIVENGOOD, JR.
Secretary of Internal Affairs.

The above recommendation is approved:

BOARD OF PARDONS

In re application of George Wentz, B-6556, No. 5174, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on George Wentz, convicted of (1) larceny of automobile; (2) Felonious entry, breaking, and larceny; (3) breaking and escaping jail, in the Quarter Sessions Court of Bedford County, on the 22nd day of September, 1938 and January 30, 1939, be commuted on Bill No. 16 from a maximum term of 4 years to a maximum term of 3 years and 3 days (adding 4 months, 6 days escape time), expiring on January 31, 1942; on Bill No. 17 from a maximum term of 4 years to a maximum term of 1 day, expiring on February 1, 1942; on Bill No. 18 from a minimum term of 2 years to a minimum term of 1 day, expiring on February 2, 1942; and on Bill No. 22 December Term, 1938, from a minimum term of 2 years to a minimum term of 1 day, expiring on February 3, 1942—sentences were to be computed from January 30, 1939.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Quarter Sessions of Bedford County on the 22d day of September, 1938 under Indictments Nos. 16, 17, and 18 May Sessions, 1938 charging larceny of automobile; felonious entry, breaking, and larceny, and was sentenced by the Honorable Harry C. James, Judge, to imprisonment in the Western State Penitentiary for a term of not less than two nor more than four years in each case, the sentences to run consecutively.

While in the Bedford County Prison awaiting removal to the Western State Penitentiary, the applicant and his accomplice sawed the bars from a window and escaped. Six days later he was apprehended and returned to jail. On January 30, 1939 the applicant entered a plea of guilty to Indictment No. 22 December Sessions, 1938 and was sentenced by the Honorable Harry C. James, Judge, to imprisonment in the Western State Penitentiary for a term of not less than two nor more than four years to begin at the expiration of the sentences imposed on September 22, 1938.

The Board of Trustees of the Western State Penitentiary reports to the Board of Pardons that the applicant has had an excellent institutional record.

Many residents of Blair County, (the home of the applicant) including prominent county officials have written to the Board requesting leniency for the applicant and expressing belief in his innocence.

The argument presented to the Board by counsel for the applicant raises a strong doubt as to the guilt of the applicant, especially in view of the fact, that his conviction was probably caused by the evidence of one who could well have been the defendant in the same case.

The Board of Pardons is of the opinion that this doubt coupled with the institutional record of the applicant and the time served, justifies it in giving the applicant another opportunity to take his place in society. The Board, therefore, recommends that the sentences of imprisonment be commuted and that the applicant remain on parole until February 1, 1946.

Lieutenant Governor.
S. M. R. O'HARA,

BOARD OF PARDONS

In re application of Arthur Whaley, B-2749, No. 1968, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the sentence of imprisonment imposed on Arthur Whaley, convicted of robbery, in the Oyer and Terminer Court of Allegheny County, on June 24, 1931, be commuted on Bill No. 8 June Term, 1931, from a minimum of 5 years to a minimum of 6 months, expiring on December 24, 1941.

Our reasons for making this recommendation are as follows:

The applicant is one of many prisoners whose release on parole has been affected by the opinion of the Supreme Court in the case of Commonwealth of Pennsylvania ex rel. Thomas Lynch v. Stanley P. Ashe, Warden of the Western State Penitentiary, 320 Pa. 341. In this opinion it was held that unless a prisoner, who was serving sentences imposed to run consecutively, was recommended and approved for parole at the expiration of the first minimum sentence, he would be serving the maximum of that sentence, and if no recommendation for parole was made at the expiration of the second and subsequent minimum of sentences imposed to run consecutively, the prisoner would be serving the maximum of the second and subsequent sentences. In other words, a prisoner serving an indeterminate sentence is not automatically paroled at the expiration of the minimum term but is

merely eligible for parole at that time, and if not favorably considered by the Prison Board at any time thereafter, the prisoner is required to serve the full sentence.

It was the custom for a long period of time for the officials of both the Eastern and Western State Penitentiaries to lump consecutive sentences and the Boards of Trustees would only make recommendations for release on parole at the expiration of the period of time equal to the total of the minimum sentences.

Since the Supreme Court held this procedure improper, the applicant and others, whose cases were not considered for parole at the expiration of their minimum sentences, through no fault of their own, will have to serve a much longer period of time than contemplated by the sentencing judge and the prison officials.

The failure of the Board of Trustees to make the necessary recommendations for parole at the expiration of the minimum sentences was an honest mistake, as most, if not all, sentencing judges shared the same view as the prison officials in deeming it to be unnecessary to make recommendations for parole at the expiration of the minimum of every consecutive sentence. Sentencing judges throughout the state have uniformly believed and taken into consideration in passing sentences the Prison Board practice that consecutive sentences would be lumped making a total minimum and a total maximum.

We believe that a great injustice would be done and that it would be most unfair to keep the applicant incarcerated for a longer period of time than recommended by the Board of Trustees of the institution in which the applicant is confined.

S. S. LEWIS,
Lieutenant-Governor.

BOARD OF PARDONS

In re application of Jack Whaumbush, No. 5575, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that Jack Whaumbush, convicted of breaking and entering in the Court of Quarter Sessions of Allegheny County, on October 16. 1923 be pardoned.

Our reasons for making this recommendation are as follows:

The applicant for a full and absolute pardon was convicted in the Court of Quarter Sessions of Allegheny County on the 16th day of October, 1923, when under seventeen years of age, under Indictment No. 980 September Term, 1923 charging breaking and entering, and was sentenced by the Honorable Joseph M. Swearingen, Judge, to the Pennsylvania Industrial School at Huntingdon.

Applicant was paroled from the Huntingdon School on December 12, 1924.

Since his release, the applicant has been continuously and variously employed and has maintained a splendid record of behavior.

The representative of the office of the district attorney of Allegheny County has advised the Board of Pardons that the applicant has lived a good life since his release, and that the office does not oppose the granting of clemency by the Board of Pardons.

The applicant has persisted in his denial of guilt, and his record since his release, is evidence of the absence of any criminal tendencies.

He asks this Board for a clean record for the sake of his wife and daughter.

The Board of Pardons is of the opinion that by his conduct since his release he has earned that kind of a record, and, it therefore, recommends that a full and absolute pardon be granted to the applicant, Jack Whaumbush.

Lieutenant Governor.

BOARD OF PARDONS

In re application of Charles Wright, B-3403, No. 3280, January Session, 1942.

To His Excellency, the Governor of the Commonwealth of Pennsylvania:

Sir: The above application having been heard, upon due public notice, in open session, the undersigned members of the Board of Pardons recommend that the minimum sentence of Charles Wright, convicted of murder in the second degree in the Court of Oyer and Terminer of Westmoreland County on October 5, 1932 be commuted from 10 years to 9 years, 7 months and 18 days, expiring on May 23, 1942.

Our reasons for making this recommendation are as follows:

The applicant for commutation of sentence was convicted by a jury in the Court of Oyer and Terminer of Westmoreland County on the 5th day of October, 1932 under Indictment No. 22 August Sessions, 1932 charging murder in the second degree. He applied for a new trial, which was denied by the Court, and he was sentenced by the Honorable William T. Dom, Judge, to imprisonment in the Western State Penitentiary for a term of not less than ten nor more than twenty years.

The applicant had never been previously convicted of any crime and has now served more than nine years and four months of his sentence. His institutional record has been excellent and the Board of Trustees of the Western State Penitentiary reports that if eligible it would recommend him for parole.

The district attorney of Westmoreland County, in a letter to the Board of Pardons writes: ". . . In-as-much as this man would receive such benefits under present Pennsylvania Law if sentenced at present time we have no objection to your Honorable Board granting this applicant the 4 months, 12 days, jail time asked for if you feel he should have credit therefore."

The Board of Pardons is of the opinion that credit should be allowed for the time mentioned by the District Attorney and would, therefore, recommend that the minimum sentence of ten years be commuted to a new minimum term of nine years, seven months, and eighteen days, expiring on May 23, 1942, and that the applicant remain on parole until October 5, 1952.

To the President and Managers of
The Philadelphia Saving Fund Society

We have examined the appended condensed statement of the assets and liabilities of The Philadelphia Saving Fund Society at the close of business December 31, 1941, and the appended statement listing in detail the bond investments of the Society at that date.

Our examination included a verification by count or confirmation of the cash on hand and in banks and of all investments of the Society in bonds, mortgages, ground rents, and deeds to real estate.

The amounts at which these investments appear in the statement are after the provision of reserves, and the net value shown is less than the total current market value of the bonds and a generally current appraised value of the real estate held for sale and of the mortgaged properties.

We have reviewed the system of internal control and accounting procedure and have examined or tested accounting records and other supporting evidence to the extent and by methods which we deem appropriate .

In our opinion the statements correctly reflect the assets and liabilities and the bond investments of the Society as of December 31, 1941.

LINVILL & PARRY
Certified Public Accountants.

ANNUAL REPORT OF THE DELAWARE RIVER JOINT COMMISSION OF PENNSYLVANIA AND NEW JERSEY

To the Honorable, the Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey.

Stimulated by national defense industries, traffic over the Delaware River Bridge reached a new peak in 1941 with the passage of 15,638,687 vehicles. Receipts of $3,653,611.09 were the greatest in the history of the bridge, surpassing even those of 1930 when $3,517,730.64 was collected at a toll rate of twenty-five cents instead of the present twenty-cent straight fare and fifteen-cent commutation rate. The heaviest month for traffic since the opening of the bridge was recorded in August with the crossing of 1,650,833 vehicles. A new 24-hour traffic mark was set on July 27 with 83,014.

With Government rationing of automobiles and tires, it is difficult to see how these figures will be attained during 1942.

The vital importance of the Delaware River Bridge as the chief military highway between Pennsylvania and New Jersey was recognized by the Commission even before the outbreak of hostilities in December and extraordinary precautions were ordered to protect the structure against sabotage. Additional patrolmen were appointed and radio communication between the Philadelphia and Camden ends of the bridge and our police automobiles was improved by the installation of an additional transmitting station at Fifth Street, Philadelphia. Two radio-equipped cars were added to the two already in service so that a 24-hour patrol could be maintained on the streets beneath the approaches on both sides of the river, supplementing the two cars and three motorcycles on the bridge itself. A constant guard was kept at the bases and tops of the anchorages which were further protected by the installation of floodlights as were the towers in the river.

Close cooperation was maintained with the Federal Bureau of Investigation, the Army and Navy Intelligence Services, Army Engineers, the police bureaus of Philadelphia and Camden and the New Jersey State Police. The area beneath the Camden Approach eastward from the river was enclosed by link and barbed wire fencing. A supplemental power line to illuminate the toll house area and Administration Building was installed. A duplicate feeder of power to the Camden Anchorage was put into service. These were precautions taken against an involuntary black-out.

Two aditional electricians were appointed to inaugurate a 24-hour service in emergencies. Illumination beneath the Philadelphia and Camden Approaches was considerably improved. A supply of structural steel and heavy timber was obtained and stored in the event emergency repairs become necessary.

Insurance expiring April 15, 1942 is carried for indemnification against damage due to sabotage and malicious mischief but war risks are not included.

Since the beginning of 1933 when vehicles numbered 9,886,705, traffic has increased uninterruptedly. The statistics of bridge operation are as follows:

	Traffic	Gross Recipts	Expenses	Net Receipts

Excluded from the traffic count, are vehicles of the United States Army, Navy, Marine Corps, Coast Guard and Post Office which pass without payment of toll.

Without publicizing figures, the Commission is gratified to report that the bridge was of material service to our armed forces on numerous occasions. Even the largest convoys did not interfere with ordinary patronage and the manner in which our men expedited their passage brought commendation from ranking Army officers. It may be remarked that tolls have never been charged on this bridge for Government vehicles carrying troops, mails or munitions of war. The passage of explosives which might wreck havoc on the users of the bridge and the structure itself is rigidly excluded.

As an aid in defense preparation, the Commission, on March 28, increased the permissible load of pneumatic-tired trailers from 80,000 to 150,000 pounds. This was brought about by the substitution of pneumatics for solid tires on trailers carrying machinery and other heavy loads. Subject to the limitations necessarily imposed in the interest of safety, the weight of 150,000 pounds is not excessive.

At the beginning of the year, the Commission was confronted with the problem created by the notice of the Philadelphia Transportation Company that it elected not to renew the rail transit line lease expiring June 30. The Commission received the following letter giving formal notice that it would terminate the lease:

February 5, 1941

The Delaware River Joint Commission,
Administration Building,
Bridge Plaza,
Camden, New Jersey.

Dear Sirs:

Pursuant to the provisions of paragraph 2 (a) of the agreement of lease entered into on February 15, 1935 by and between you and Philadlphia Rapid Transit Company, to which this company is now the party as lessee, as successor of Philadelphia Rapid Transit Company, we hereby give you notice of our election to terminate the said lease upon the expiration on June 30, 1941, of the current term thereof. The said lease shall therefore terminate on June 30, 1941.

Please acknowledge receipt of this notice of termination.

Yours very truly,

PHILADELPHIA TRANSPORTATION COMPANY,
By: R. T. SENTER,
President.

The matter was referred to the Transportation Committee which held a number of conferences with representatives of the Company. The latter took the position that operation of the line had incurred continued losses. The Commission felt the line must be kept in service for the benefit of the public and the investment of nearly $10,000,000 in the system protected. As a result of the

conferences, the Commission and the Company entered into an amended lease for a period of four years which appears in full in the Appendices to this report

The line showed a gratifying increase in patronage during 1941 when 5,102,414 were carried against 4,655,937 in 1940. The increase was particularly heavy in the closing months of the year.

In February, the City of Camden sent tax bills to the Commission based upon an assessment of the bridge, the Administration Building, Maintenance Building and a small property adjacent to the Broadway Station of the rail transit line. The Commission directed counsel and the secretary to take all necessary steps to have the assessment declared invalid. The position of the Commission was set forth in the following letter addressed to the Director of the Department of Revenue and Finance:

February 28, 1941

The Honorable George E. Brunner, Director,
Department of Revenue and Finance,
City Hall,
Camden, New Jersey.

Dear Sir:

The Delaware River Joint Commission is in receipt of tax bills from the City of Camden for the year 1941 aggregating $367,155.81 on property acquired for the building of the Delaware River Bridge and the rail transit line thereon.

One of these bills is for $355,200 on property described in the bill as:

Plan: 1-2 Delaware River Bridge from
Block: A 6th Street to N. J.-Pa. State Bdy.
Lot: A Land, Booths and Bridge Structure.

Title to this property is held by the State of New Jersey.

Another bill for $8,036.40 is the tax on property described as:

Plan: 2 N. W. Linden and 6th Streets.
Block: 133
Lot: 61 48.34′ x 130′ Irregular. SB.

This property, likewise, is owned by the State of New Jersey.

The Revised Statutes of the State of New Jersey provide that "the property of the State of New Jersey * * * shall be exempt from taxation." (R. S. 54:4-3.3).

The third bill for $3,669.66 is the tax on property described as:

Plan: 1 N. W. 4th and Linden Streets.
Block: 129
Lot: 105 150′ x 77.44′. BB.

Title to this property is held by The Delaware River Joint Commission, the public corporate instrumentality of the State of New Jersey and the Commonwealth of Pennsylvania.

The fourth bill for $249.75 is the tax on property described as:

Plan: 9 E. S. Broadway.
Block: 245 41′ 11″ S. of Carman Street.
Lot: 25 11′3″ x 91′11½″ Tri. Lot.

Title to this property is held by The Delaware River Joint Commission, again acting as the public corporate instrumentality of the State of New Jersey and the Commonwealth of Pennsylvania.

Your attention is respectfully called to Chapter No. 391 of the Laws of New Jersey, 1931. This, with Act No. 200, Pennsylvania, 1931, constitutes a compact between the State of New Jersey and the Commonwealth of Pennsylvania duly ratified by the Congress of the United States. Article XI of both these laws is as follows:

"The effectuation of its authorized purposes by the Commission is and will be in all respects for the benefit of the people of the Commonwealth of Pennsylvania and the State of New Jersey, for the increase of their commerce and prosperity and for the improvement of their health and living conditions; and since the Commission will be performing essential governmental functions in effectuating said purposes, the Commission shall not be required to pay any taxes or assessments upon any property acquired or used by it for such purposes, and the bonds or other securities or obligations issued by the Commission, their transfer and the income therefrom (including any profits made on the sale thereof) shall at all times be free from taxation within the Commonwealth of Pennsylvania and the State of New Jersey."

The Delaware River Joint Commission now formally protests that the assessments upon the four parcels of real estate are arbitrarily made without warrant of law and asks that they be declared invalid inasmuch as the laws of New Jersey specifically state that no taxes can be collected upon property owned by the State of New Jersey or by its agency. The Delaware River Joint Commission. Title to these parcels is clearly set forth in the records of the office of the Camden County Register of Deeds.

The Commission, in meeting today, directed Counsel and the Secretary to take any and all necessary steps to have the assessment of the properties in question by the City of Camden declared invalid.

Yours very truly,
JOSEPH K. COSTELLO, Secretary.

The Commission instituted certiorari proceedings in the Supreme Court of New Jersey which were still pending at the end of the year. A bill permitting taxation of property owned by the Commission was passed by the New Jersey Legislature but the necessary concurrent legislation was not adopted in Pennsylvania.

The debt of the Commission totaling $36,745,000 on January 1, 1941, was reduced $471,000 during the year by the maturity of $281,000 bonds and the acquisition of $190,000 bonds in the open market. All of its own bond purchases, as well as maturities, were canceled and destroyed without delay in furtherance of the Commission policy of reducing its debt as rapidly as possible. The total in bonds acquired to date is $1,846,000. The outstanding debt of the Commission at the end of 1941 was $36,274,000. The five-year controversy with the Federal Emergency Administration of Public Works was concluded by the payment to the Commission of $30,475.24 as part of the Federal grant to the building of the rail transit line. The total grant received by the Commission thereby became $2,302,975.13. Appropriations of income and the last grant payment received on account of the high-speed line were made to the Sinking and Surplus Funds which increased the total security behind the bonds in accordance with the bond indenture and Public Works Administration contract.

During the year, some progress was made in solving the vital problem presented by the inadequacy of Philadelphia streets leading to and from the bridge. On July 10, Governor James of Pennsylvania approved an Act of Assembly providing funds to defray the cost of improving Philadelphia approaches. Mayor Lamberton appointed a committee, on which this Commission was represented, to advise him as to the method of bettering traffic conditions in the City. The Committee recommended the widening of Vine Street by taking the south side from Franklin Street to

the Parkway, the cost of the improvement estimated at $8,000,000 to be borne by the Commonwealth of Pennsylvania. Numerous alternative plans including the building of an elevated highway from the bridge plaza were discussed by the Committee. On November 1, the Department of Public Works of the City of Philadelphia submitted an analysis of all plans suggested with the conclusion that the widening of Vine Street was the most desirable. The proposed improvement is thus described in the report:

Between the bridge and a point west of 15th street a highway having a maximum width of nearly 160 feet is proposed, which will be so subdivided as to provide two main or traffic roadways in the center, supplemented by paralleling service and local roadways on the side. From a point west of 15th street to the Parkway a minimum width of 100 feet will be established and subdivided into a dual roadway system in which each roadway will have sufficient width to accommodate both through and local travel. This wide thoroughfare will serve as:

(a) A collector of travel to the bridge which will pass eastward to Ridge Avenue and thence southward to Race Street and again eastward to the bridge;

(b) A distributor of travel from the bridge which will flow directly westward on Vine Street;

(c) A highly efficient addition to the crosstown highway system in providing ample facilities for normal daily traffic and business, with minimum confliction with bridge traffic flows.

The cross section adopted for the section of Vine street from the bridge to west of 15th street will provide, in addition to two footways, two parking lanes and at least eight moving traffic lanes distributed in four roadways. The cross section adopted for Vine street, from a point west of 15th street to the Parkway, will provide the customary two footways combined with one parking lane and five moving traffic lanes. The roadways in these two cross sections will be separated for two-way flows by carefully planned divisors, designed to effectively channelize traffic and afford safe pedestrian crossings.

Both cross sections will be designed to accommodate future elevated structures between the bridge and 11th street, and between 12th and 15th streets, if and when such additional traffic facilities are shown to be essential, or warrant the additional costs. The Vine street project for improving the bridge approaches comprises four principal elements. These are:

1. (a) The widening and improvement of Vine street from Franklin Square to the Parkway.
   (b) The reconstruction of the Philadelphia and Reading Railway bridge overpassing the widened Vine street.
   (c) The improvement of the Ridge avenue and Race street connections between 9th and Vine streets and the bridge.
   (d) The improvement of such intersections as may be necessary to satisfactorily complete the project.
2. The construction of an underpass at 6th street in conjunction with ramp connections from the Bridge Plaza to Race and Vine streets through Franklin Square (see 4).
3. (a) The construction of a suitable grade separation at 20th street and Benjamin Franklin Parkway to permit east-bound Parkway-Bridge traffic or local traffic to turn left into the Vine street bridge approach through the underpassing of the west-bound Parkway and 20th street traffic.
   (b) The construction of a direct connection between the intersection of 18th street and Vine street and Logan Circle to accommodate traffic to the bridge which must pass around the said Circle.
4. The future construction of certain sections of an elevated highway for through traffic, if required. It may be desirable to incorporate the 6th street underpass in this step.

The widening of Vine street and the reconstruction of the Philadelphia and Reading Railroad bridge can be undertaken and completed as the first stage of the project. This portion of the improvement could be placed in service to the advantage of normal daily and peak load traffic, without interfering with the objectives of of the more comprehensive project. The remaining elements, i.e., the auxiliary facilities at Logan Circle and Franklin Square, can be programmed at will or indefinitely delayed without seriously interfering with the usefulness of the completed step."

Fulfilment of this plan would be of great benefit to Delaware River Bridge Traffic.

Almost equally necessary, is improvement of the approaches to the bridge on the New Jersey side. The obstacles presented by the circle at the Camden Airport and the intersection of Baird Boulevard with Admiral Wilson Boulevard may be removed if plans now contemplated by the State Highway Department of New Jersey are carried out. In addition, some way should be found to expedite traffic along Penn and Linden Streets in the vicinity of the bridge plaza.

Accidents during the year on the bridge totaled thirty-six; seventy-eight arrests were made; eight hundred and twenty-nine disabled cars towed; twenty-seven fires extinguished and four persons committed suicide by jumping from the structure.

A number of changes occurred in the Commission during 1941. The vacancy caused by the resignation of Commissioner Albert S. Woodruff of Camden County was filled by the appointment of Mr. Bruce A. Wallace, Camden County. Commissioner Edward L. Sturgess of Gloucester County died January 27 and was succeeded by Mr. Hugh L. Mehorter of Woodbury. Mr. Richard Weglein died April 30 and was succeeded by Mr. Edwin R. Cox, Philadelphia, whose appointment was confirmed by the Pennsylvania Senate May 26. Mr. G. Harold Wagner, State Treasurer of Pennsylvania, became a member of the Commission when he was inducted into office in May. Mayor Robert E. Lamberton of Philadelphia died August 22 and was succeeded on the Commission by Acting-Mayor Bernard Samuel. The appointment of Commissioners J. Willison Smith and William H. Folwell by Governor James were confirmed by the Senate of Pennsylvania and Governor James re-appointed Mr. Thomas B. Smith ad interim.

The members of the Legislatures of the Commonwealth of Pennsylvania and the State of New Jersey are cordially invited to inspect the Delaware River Bridge at anytime.

Respectfully submitted,

APPENDICES

LEASE OF RAIL TRANSIT LINE AS AMENDED MAY 28, 1941

This Indenture made this 28th day of May, A. D. 1941, between The Delaware River Joint Commission, a public corporate instrumentality of the Commonwealth of Pennsylvania and of the State of New Jersey (hereinafter called "Commission"), of the first part, lessor, and Philadelphia Transportation Company (successor of Philadelphia Rapid Transit Company), a corporation organized and existing under the laws of the Commonwealth of Pennsylvania (hereinafter called "Company"), of the second part, lessee, Witnesseth:

Whereas, by Contract made February 15, 1935, between the Commission and Philadelphia Rapid Transit Company, the Company's predecessor, the Commission leased to Company's said predecessor its high speed electric rail transit line as therein defined, on the terms and conditions and for the term of years therein set forth; and

Whereas, Company, as the successor to said Philadelphia Rapid Transit Company, did succeed to all of its rights and obligations thereunder; and

Whereas, pursuant to the provisions of paragraph 2 (a)

of said Contract of February 15, 1935, the Company has given to the Commission seasonable notice in writing of its election to terminate the same at the end of the current term thereof on June 30, 1941; and

Whereas, the| parties now desire that the said Contract, with certain modifications, shall be reinstated and continued for a certain additional term or terms, all as agreed between the parties and set forth herein:

Now Therefore, in consideration of the mutual covenants hereinafter contained, it is agreed between the parties hereto as follows.

1. Effective with the year beginning July 1, 1941, paragraph 8 (b) of the aforesaid Contract of February 15, 1935, which now reads as follows:

"(b) The rental payable for the demised property shall be an amount equal to two and one-half (2½) cents for each fare-paying passenger who is carried by Company on the Bridge Line across the bridge."

is amended to read as follows:

"(b) The rental payable for the demised property shall be an amount equal to two and one-half ((2½) cents for each fare-paying passenger who is carried by Company on the Bridge Line across the bridge, provided, however, that in case during any year (i. e. July 1 to June 30) of the extended term or terms hereof beginning with the year commencing July 1, 1941 it shall be determined in the manner hereinafter provided that the operation of 'Bridge Line Service' (viz:—the operation of trains or cars on the Bridge Line and in through service over said Bridge Line and such portions of the Eighth Street and Locust Street Subways of the City of Philadelphia to but not beyond the intersection of Locust and Eighteenth Streets as may from time to time be used in such through operation) shall have resulted in actual loss to the Company, then the Company shall be entitled to reimbursement for such actual loss but only out of the rental moneys arising from said two and one-half (2½) cents per passenger, and in such event the aggregate amount of the rental payable for the year in which such actual loss has been so determined to have occurred shall abate in the amount of such loss."

2. Effective with the year beginning July 1, 1941, paragraph 8 (c) of the aforesaid Contract of February 15, 1935, which now reads as follows:

"(c) Payments of rental shall be made by Company to Commission monthly, on or before the last day of each month, and such payments shall respectively be in an amount equal to two and one-half (2½) cents for each fare-paying passenger who was carried by Company on the Bridge Line across the bridge during the preceding month."

is amended to read as follows:

"(c) Payments of rental shall be made by Company to Commission monthly, on or before the last day of each month, and such payments shall respectively be in an amount equal to two and one-half (2½) cents for each fare-paying passenger who was carried by Company on the Bridge Line across the bridge during the preceding month, provided, however, that from the rental payable for each month beginning with July 1941, the Company may withhold from current payments a portion appropriate to accrue a fund from which its anticipated actual losses shall, if later determined to have actually occurred, be reimbursed. The occurrence or non-occurrence of an actual loss to the Company from its operation of Bridge Line Service as above defined shall be determined in the following manner:

There shall be credited to the operation of Bridge Line Service as the gross receipts thereof all fares collected at Bridg Line and Eighth-Locust Street stations between Carmen Street and Haddon Avenue in Camden, New Jersey, and Eighteenth and Locust Streets in Philadelphia, from passengers using Bridge Line Service. Determination of the number of such passengers entering at stations (such as Eighth and Market Streets as now operated) which accommodate patrons of Bridge Line Service as well as riders not using such service shall be by periodic traffic counts. There shall also be included a reasonably proportionate share of the Company's receipts from station privileges and car card and poster advertising.

There shall be charged to the operation of Bridge Line Service as the operating costs thereof all costs and expenses incurred in connection with operation, maintenance and renewals and all taxes incident to the operation of Bridge Line Service as hereinbefore defined (including two (2) cents per passenger, except those transferring to the Bridge Line from the City-owned subway system, as required to be paid by the Company to the City of Philadelphia pursuant to the Lease of said City-owned subway system dated June 28, 1934 and amended June 12, 1939). The amounts of the expenses so charged shall be determined upon accepted principles of accounting and by the use, where necessary, of appropriate bases of allocation; but there shall not be charged as operating costs of Bridge Line Service any part of rental or expenses of general offices, general corporation or income taxes, interest charges or any like items of a purely corporate or system-wide character and not directly incident to the operation of Bridge Line Service, or any part of salaries of general officers, executive and supervisory officers and employes, or clerks in general offices, departmental offices or storerooms, (not including, however, in the categories just mentioned, service supervisors, clerks in depots or in the collection department or payments); provided, however, that if any person in the foregoing categories shall, during any year of any term hereof, spend, in the course of his regular duties, fifty per cent or more of his time in the said Bridge Line Service, an appropriate allocation of his salary shall be made to said cost of operation.

Traffic counts hereinbefore referred to shall be made at least once each year by Company at its own expense, in such manner, at such reasonable times and for such reasonable period, as is necessary to secure a fair and significant record of the normal current distribution of traffic. The proportion of each of the respective traffic movements using the Bridge Line as determined by such traffic counts shall be applied to the current pertinent traffic records of the Company to determine the respective number of passengers using the Bridge Line for any period following such traffic count until a succeeding traffic count is made and approved in accordance herewith. Traffic counts shall be subject to check and approval by the General Manager of the Commission, including checking by independent traffic counts by the Commission at its own expense if ordered by its General Manager."

Within sixty (60) days after the close on June 30th of any year (commencing with the year ending June 30, 1942) during which this Contract is in effect, the Company shall present to the Commission a certificate, showing (1) gross receipts from the operation of Bridge Line Service for such year as above defined, and (2) the operating costs of Bridge Line Service for such year as above defined and (3) the amount, if any, by which such costs exceed such receipts. Company shall have the right to deduct and retain from the gross rental moneys a sum equal to the amount, if any, by which such costs exceed such receipts. The Company shall remit to the Commission the balance, if any, of the moneys retained for the year, or in case such costs do not exceed such receipts, the entire sum so retained.

The Company will permit the Commission, under reasonable regulations of the Company, to have access to its books and accounts relating to Bridge Line Service for the purpose of verifying the aforesaid certificates of gross receipts and operating costs of said Bridge Line Service.

3. Effective July 1, 1941, paragraph 11 of the aforesaid Contract of February 15, 1935, which now reads as follows:

"11. Commission shall furnish forty-four (44) cars for initial operation. Commission agrees to furnish such additional cars as shall be required by the growth of Bridge Line traffic, the number thereof to be mutually agreed upon between Commission and Company. Commission agrees that cars owned by the City of Philadelphia may, as emergencies of operation may require, be operated by Company on the Bridge Line; the operation thereof shall, however, be without any liability whatever on the part of the City of Philadelphia on account of such operation or any result thereof. Commission agrees that Commission's cars may be operated by Company in through service to Eighteenth and Locust Streets, Philadelphia, on the Bridge Line Connecting Spur, the Eighth Street Subway and the Locust Street Subway; and that Commission's cars may be operated by Company on any other subway lines owned by the City of Philadelphia to such extent as emergencies of operation require."

is amended to read as follows:

"11. Commission shall furnish twenty-six (26) cars for initial operation. Commission agrees to furnish such additional cars as shall be required by the growth of Bridge Line Service, the number thereof to be mutually agreed upon between Commission and Company. Commission agrees that cars owned by the City of Philadelphia may, as emergencies of operation may require, be operated by Company on the Bridge Line; the operation thereof shall, however, be without any liability whatever on the part of the City of Philadelphia on account of such operation or any result thereof. Commission agrees that Commission's cars may be operated by Company in through service to Eighteenth and Locust Streets, Philadelphia, on the Bridge Line Connecting Spur, the Eighth Street Subway and the Locust Street Subway; and that such of the Commission's cars as are not from time to time needed for operation in Bridge Line Service may be operated by Company on the Ridge Avenue-Eighth Street Subway. The Commission shall as promptly as possible cause at least sixteen (16) of its cars to be equipped with such braking devices and other equipment as will permit them safely to be operated in single car operation as distinguished from multi-car train operation."

4. Effective July 1, 1941, paragraph 2 (a) of the aforesaid Contract of February 15, 1935, which now reads as follows:

"2. (a) The Term of the letting and demising under this Indenture shall commence with the first day of Company's operation of the Bridge Line in passenger service on which Company collects fares and shall end on June 30, 1937, and shall extend for additional successive periods of four years, unless and until terminated by either party giving to the other party notice in writing four (4) months prior to June 30, 1937 or four (4) months prior to June 30 of any fourth year following the year 1937; unless the said Term is sooner terminated in accordance with the provisions of this Indenture, and if so terminated the said Term shall end on the date of such termination."

is amended to read as follows:

"2. (a) The term of the letting and demising under this Indenture of February 15, 1935 as amended, effective July 1, 1941, shall commence with July 1, 1941 and extend for a period of four years to and including June 30, 1945, and shall extend for additional successive periods of four years unless and until terminated by either party giving to the other party notice in writing four (4) months prior to June 30, 1945 or four (4) months prior to June 30th of any fourth year following the year 1945; provided, however, that if during the four (4) year term commencing July 1, 1941 or during any subsequent four year term during which this Contract may be in effect, there shall be provided an adequate bus terminal at or near the New Jersey end of the Bridge Line and effective arrangements are made for the transfer there, to and from the Bridge Line, of bus passengers on buses operating locally in Camden and its nearby vicinity and if during the same period the Eighth-Locust Subway of the City of Philadelphia is equipped for operation to Eighteenth and Locust Streets, and if an adequate number of cars is supplied to the Company for the through operation of the Bridge Line and the Eighth-Locust Subway of the City of Philadelphia thus extended, then the Commission shall have the right to elect to extend the term of this Contract, as amended, beyond the termination of the then current four (4) year term to July 1, 1957, the exercise of the said election by the Commission to be evidenced by the delivery to the Company of written notice of such election on or before February 28th of the last year of any such four year term; and further provide that in any event this Contract shall be subject, during any term thereof, to termination by either the Commission or the Company as provided in paragraph 2 (b)."

5. As herein modified, the aforesaid Contract of February 15, 1935 is reinstated and shall be and continue in full force and effect from July 1, 1941 and during and throughout the additional term or terms as herein provided.

6. It is understood and agreed that this Indenture shall, before becoming effective, be approved by an ordinance of Council of the City of Philadelphia.

In Witness Whereof, each of the parties hereto has caused these presents to be duly executed and its corporate seal to be hereto affixed and duly attested, as of the day and year first above written.

"Gross Weight" is the combined weight of the vehicle and its maximum allowable load. Loads in excess of 26,000 pounds (gross weight) on solid tires and 36,000 pounds on pneumatic tires when permitted, shall be charged $0.25 per 2,000 pounds, or portion thereof, of such load in excess of 26,000 pounds or 36,000 pounds, respectively, in addition to the above tolls.

No vehicle and load of a combined weight exceeding 80,000 pounds on solid tires or 150,000 pounds on pneumatic tires permitted to cross the bridge.

No motor truck or tractor with metal tires allowed on the bridge.

REPORT BY THE HONORABLE C. O. WILLIAMS AND MARTIN KENEHAN

on the

COOPERATIVE RESEARCH PROGRAM ON ANTHRACITE AND BITUMINOUS COAL

At Pennsylvania's School of Mineral Industries and Experiment Station
The Pennsylvania State College
Under Act 77-A of the General Assembly of 1941

In recognition of the fact that the coal industry of Pennsylvania, which represents three-quarters of total mineral wealth produced by our great Commonwealth, has for the past two decades suffered an uninterrupted decline; and in recognition of dire effect this decline was producing directly or indirectly in terms of unemployment, relief costs and loss of revenue by the State, declining real estate values and a multitude of social and economic problems; and in the belief that research offered a possible means for the alleviation of the basic cause for this condition of the coal industry, we sponsored to the General Assembly of the Commonwealth in 1941 a bill for the continuation of research work on anthracite and bituminous coal. This bill provided for research to develop new and improved uses for anthracite and bituminous coal to be conducted at the School of Mineral Industries of The Pennsylvania State College under the supervision of the Department of Mines of the Commonwealth. As finally passed and signed by the Honorable Arthur H. James, Governor of the Commonwealth, Act 77-A provided an appropriation of $60,000 for the biennium which sum had to be matched by a sum of $30,000 provided by the coal industry. Both the anthracite and bituminous coal industries have cooperated fully in the program by providing the matching funds and by active participation in the program through Technical Advisory Committees upon which members from labor, industry and the Department of Mines are serving.

In a previous report, which appears in the Legislative Journal—Senate, Vol. 25, No. 13, Monday, February 24, 1941 information was presented showing the progress and accomplishments of the cooperative research program on anthracite and bituminous coal during the first biennium together with details of the problems under investigation and the reasons for the choice of these particular problems. Since that time the United States of America has been forced into war and as with all other activities, the research program on coal has had to be re-evaluated in terms of its immediate applicability to the war effort. Fortunately the judicious choice of problems initially selected by the Advisory Committees of both the anthracite and bituminous coal industries has been of inestimable value in establishing basis information upon which problems of vital war concern are based.

The imminent shortages of both coke and heavy-oil has necessitated immediate information on satisfactory substitute fuels for the gas manfacturing industry in order to release large quantities of these vital materials for other strategic functions. The use of anthracite as the basis fuel for gas manufacture has been one of the primary projects of the cooperative program. As a result of these researches, technical information has been made available to the gas and coal industries and to interested governmental agencies regarding satisfactory anthracites, methods for the most efficient utlization, and operating techniques considered most suitable under the limitations of solid and liquid fuels likely to be imposed as a result of transportation and shortage difficulties. The staff of the gasification project has offered to the gas industry its services as technical advisors on problems relating to operating changes necessitated as a result of these conditions and the use of anthracite and within the past few months several weeks have been devoted to such advisory work.

Another vital industry which in the near future may be expected to feel the effect of the coke shortage is that of the iron melting. With this in mind. the major project during the past six months has been a study of the possible use of anthracite as cupola fuel by the foundry industry. Combined with laboratory studies, plant scale operating tests are underway in a commercial foundry, securing the technical information necessary to insure satisfactory operation with respect to capacity, metal temperature and metal quality. Although the results are as yet incomplete, the work has progressed sufficiently far to show that excellent results can be secured using anthracite in the smaller foundaries with but slight modifications of operating technique. Further technical data are being secured concerning probable changes necessary in foundaries operating large cupolas, prior to instituting full scale plant tests on such equipment.

There is considerable interest in certain governmental agencies on the possible extension of the project to include work on blast furnaces. Whether this extension will be initiated in the near future depends largely upon how acute the coke situation becomes within the next few months.

Now that the country is engaged in war, a problem of prime consideration is the supply of active carbon—the ingredient in gas masks that absorbs the gas. One of the projects of this cooperative anthracite research was the production of active carbon, as initially proposed, primarily for water purification purposes. This will be of great value in connection with elimination of stream pollution by industrial wastes. With the sudden need for large supplies of gas mask carbon, emphasis has been placed upon the possible use of anthracite for this purpose. Considerable progress has been made and gas absorbing carbons have been produced from anthracite which are superior to those used during the last war, although not quite as efficient as some of the highest grades of carbon commercially available in recent years. The abundance of anthracite as raw material and the

simplicity of the process necessary for its conversation to active carbon should prove attractive, however, in view of the necessity for speed and the shortage of the raw materials previously used for this purpose.

Certain dyes developed as a result of the research into new uses for bituminous coal appear to be suitable for use in dying army fabrics and considerable effort has been devoted to perfecting this process and testing the quality of the product. The results of this investigation have been called to the attention of the appropriate authorities.

Further developments have been made on the domestic heating project for the combustion of Pennsylvania bituminous coals in automatic stokers. Modification of existing stokers and test of the modified units in both laboratory and home installations have shown the practicability of the developments. Investigations on methods for the elimination of atmospheric pollution by domestic stokers has resulted in the development of a device which will eliminate virtually all the smoke that may result from the normal stoker operation, and low cost, compact settling chambers have been designed which have proved effective for the reduction of the fly-ash nuisance inherent with all types of stoker operation. Following the war, automatic comfort heating with Pennsylvania bituminous coal will be available.

In summary, it may be stated that substantial progress is being made toward the development of new and improved uses for anthracite and bituminous coal. During recent months emphasis has been placed upon those phases of the program which have a definite bearing upon the war effort and upon the fuel problems facing the country as a result of the nation's changed economy. Technical services and facilities have been offered to various governmental agencies interested in specific problems relating to the use of Pennsylvania coals, and efforts are being made to render the maximum technical service to the coal industry in any problems arising from the war effort.
